W. J. FAIR, Special Agent, King St., Ontario Bank.

# TO PRESERVE THE SABBATH

## IS THE EFFORT OF THE LORD'S DAY ALLIANCE.

**Rev. J. G. Shearer, Field Secretary, Delivers a Good Address—The Rest on the Seventh Day Required For Many Reasons—Messrs. McIntyre and Smythe Speak.**

A meeting under the auspices of the local Lord's day alliance was held in the city hall last night. There was a fair attendance, and among those present were many workingmen to whom the preservation of the Sabbath means so much. The mayor occupied the chair, and in a few well-put words introduced the principal speaker of the evening, Rev. J. G. Shearer, B.A., field secretary of the Ontario Lord's day alliance.

He spoke on the preservation of the Sabbath. God has given to this province he declared, a well-kept Sabbath, and we ought to spend that time wisely. We are raising the voice of alarm because an enemy is entrenching and establishing himself upon this territory of the King of Kings. There is a necessity for everyone banding together to resist this enemy that would destroy our Sabbath. The Americans have, to a great extent, allowed the enemy to entrench itself, and now they are combining to get back the territory where the enemy is established. The American Sunday is marked by characteristics that, happily, do not pertain to the Ontario Sunday. The speaker would not interfere with individual liberty; no one had a right to coerce any man to spend the Sabbath in some certain way.

The various ways in which the Americans desecrated the Sabbath were next outlined. They have the Sabbath newspaper, and the newspaper is the greatest enemy when turned to a wrong use. It is to be hoped that the day will never come when the Sunday paper will be established in Canada. (Applause.) "Do we want," asked the speaker, "the American public Sunday? There are mighty forces working against our Sabbath." These forces were enumerated as: 1st, the force of irreligion, that hates everything; 2nd, a force of religion, comprising the Seventh Day Adventists; 3rd, the force of the greed of gold; 4th, the lust of pleasure. This was an age of commercialism, to which nothing was sacred. The cry is, "More gold, more gold." Nothing but the ruling of the toiling masses of the country and the aid of church people will resist these inroads upon the observance of the Lord's day. There were works of charity and necessity that no one would object to have carried out on Sunday. The Sunday car was a convenience, but it encroaches upon the rest day, but makes unnecessary labor. If we are to have a convenience anywhere, why not have a Sunday mail delivery, a Sunday newspaper, Sunday whiskey, etc.? Where were admit something as a convenience we must soon admit other things. The plea of commercial necessity was a plea to make more money than could be made in six days. The highest interest of the workingman is bound up in this battle against encroachment. All the alliance asks of the law is the privilege of a day of rest. During the last year the alliance increased its branches from twenty-four to sixty-seven. It will be the fault of the christian electors of the province if the alliance does not get all it asks; it will not be their representatives' fault.

The speaker concluded by asking for additional members to join the local alliance. Napanee had undertaken to secure 100 new names; surely Kingston could be expected to raise 400.

Rev. D. Laing presented a resolution that "we heartily approve of the work of the Lord's day alliance, and will support it as much as possible." G. M. Macdonnell seconded the resolution, which was carried by a standing vote.

John McIntyre, Q.C., also spoke on the same subject as the previous speaker. He introduced a second resolution, to the effect, that "the day of rest is the birthright of every citizen and its integrity should be guarded against all encroachments, whether by corporations or individuals." The legislation laid down on Sinai, Mr. McIntyre said, was "Remember the Sabbath day to keep it holy." When God rested from His labors on the seventh day, and hallowed that day, should man in this or any century not use it as a day of rest? He made an eloquent appeal for the preservation of the holy day.

Dr. Smythe, Q.C., seconded the resolution in a brief and pithy speech. The work of the alliance was one, said he, that every christian in the province, no matter of what denomination, should endorse.

Rev. J. G. Shearer addressed a large audience in Western Methodist church, Napanee, in the interest of Sabbath observance. A branch of the Lord's day alliance was formed with these officers: President, M. S. Madole; vice-presidents, the pastors of the town churches; secretary, A. Andrews; treasurer, M. C. Bogart; executive, H. V. Fralick, F. Hooper, Mrs. (Dr.) Edwards, T. Johnson, W. Templeton, Dr. Symington, N. McKim, D. B. Wilson, Mrs. S. Gibson. Representatives of the Episcopalian and Roman Catholic churches will be appointed later.

### A Wonderful Lad.

Johnny Lunman, the thirteen-year-old son of Albert Lunman, Cushendall, is a lad possessing wonderful business ability, as the butchers of Kingston can testify. Johnny took control of his father's cattle business two years ago when the latter was an invalid. And the lad has proved himself more than equal to the task which he undertook. No butcher or trader in this district or any other district can get the best of Johnny in any deal whatever. The lad is too keen and quick-sighted to be fooled. He kills the cattle on the farm to be sold, and makes exceptionally good bargains. When purchasing he can tell at a glance the slightest defect in an animal, which only a veterinary could point out. Another wonderful trait about the boy is his ability to tell the age of cattle. A Kingston doctor several times tested Johnny's accuracy at this, and the boy invariably told correctly the exact age of animals he had never before seen.

### Worse Than Being Sandbagged.

A person who feels a clutch on his throat and chest is in a bad condition. A few doses of Four T's, the great guaranteed cough cure relieves this "grip" and loosens the cough. In two days the patient is well. Get a bottle today from J. B. McLeod's drug store and avoid congestion.

## CITY AND VICINITY.

### Spring, 1900.

Our importation of woollens for the coming season is now complete. It comprises the newest designs and colorings and an early look at them will both interest and repay you. C. Livingston & Bro., fine clothiers, 75 and 77 Brock street.

### The Probabilities

Are that your temper will improve and you will enjoy walking and skating in real earnest once that sore corn is removed. Putnam's Painless Corn Extractor never fails, gives no pain and will relieve you in twenty-four hours. Give Putnam's Corn Extractor a trial and be happy.

### To Go On A Lecture Tour.

A. Hoppins intends, as soon as he disposes of his stock of bicycles, to undertake a lecture tour westward, speaking upon single tax, higher criticism and oriental archaeology. Judging Mr. Hoppins from his past record at the workingmen's meetings, there is no doubt that he can handle those subjects interestingly.

### Wise Men From The East.

The wise men of scriptural times came from the east, and it has been from this quarter that they have come ever since. On dit, that the new secretary of the Y.M.C.A. will turn his back to the rising sun when he starts to travel toward Kingston. The board of directors is said to have its eye on a man who lives down by the sea.

### Doctors Agreed.

Every doctor who has been shown the formula of Merrill's System Tonic has expressed great admiration for its scientific and medical ingenuity. It is a thorough blood purifier, a great muscle, blood and tissue builder, and an excellent and permanent cure for constipation. Fifty pleasant-to-take doses 50c. Sold at J. B. McLeod's drug store, Kingston.

### An Electrical Union.

P. H. Wissinger, Rochester, N.Y., grand treasurer of the international brotherhood of electrical workers, is in the city endeavoring to form a union of the Kingston electricians. The field here is small, as there are only about twelve electrical men to form such a union. However, there can be no doubt but what some kind of an electrical organization would meet with good results.

### Has His Approval.

Rev. J. G. Shearer, field secretary of the Lord's day alliance, in his strong appeal last night for the sanctity of the Sabbath, said that as far as he was personally concerned he would not and could not be opposed to the establishment of a smelter in Kingston, as it was a work of absolute necessity and required incessant operation day and night, week day and Sunday all the year around.

### From Dawson City.

George Calvert, in the employment of the government gold commissioner's office at Dawson City, has sent to Kingston friends photographs of the largest mail ever taken into Dawson over the ice by dog train. The sacks weighed 1,200 pounds. The train, two dog sleds, was met by large crowds. The photographs were taken in front of the Dawson postoffice. George's "phiz" is prominent among the group of onlookers. The train arrived on Feb. 10th.

### A Boon to Business Men.

The man who, from business pressure has to bolt his food, suffer mental worry over business and then lose his sleep, will find Merrill's System Tonic a pearl of great price. This medicine purifies the blood, builds up the system, strengthens the nerves and is the greatest bowel regulator known. One bottle is worth fifty dollars to an over-worked man. Fifty pleasant-to-take doses 50c. Sold at J. B. McLeod's drug store, Kingston.

### Medal Contest.

The W.C.T.U. medal contest, consisting of temperance songs and recitations, by pupils of the city public schools, will take place in the city hall to-morrow evening, March 23rd. Two silver medals will be awarded as first prizes, second prizes will also be given. While the judges are preparing their decisions, music by contestants and others, and five minute addresses from several resident ministers will occupy the time. Chair to be taken at 8 p.m. sharp. Don't fail to be present. A rousing time is expected.

### The Reporter Wonders:

If the contributions of the school children of Kingston will not be much smaller than the officials contemplated.

If a society should not be formed in the city for the protection of the young unmarried men.

If the next appointment made by the city council will not be done on straight party lines.

If it is not remarkable that so witty a man as he who wields the pen in the Intelligencer office should flourish in such a decadent village.

If someone will not arise to oppose having a smelter established here.

### A Herb Doctor Disappears.

Last November Dr. William Alonzo Wright, of Desert Lake, a dealer in herbs, disappeared and no trace can be secured of him. He left his house in charge of a boy, saying he would return in a week. He did not come back, and since then his house has been rifled of every article of value. Wright carried considerable money on his person and some people fear he has met with foul play. He was married and had one son, but for some years he had not lived with his wife. The authorities have been notified and an investigation will follow.

### Four New Scenes.

Alexander Grant, Picton, has painted for the opera, "Tommy Atkins," four drop curtains, which are a novelty in the theatrical line. Hitherto such pieces of scenery have been cumbrous affairs, made heavy by liberal use of paint and securely fastened to long batons. In transporting them the length of a baggage car was necessary to contain them. Mr. Grant has revolutionized all this by a simple method. Instead of using paint, he took dyes and used them on light cotton. The result is remarkable. The effect far outshines the old method, while it is possible to fold up the curtains and carry them around in an ordinary trunk, the four not filling such a conveyance.

# INCIDENTS OF THE DAY.

## PARAGRAPHS PICKED UP BY OUR BUSY REPORTERS.

**The Spice of Every Day Life — What The People Are Talking About — Nothing Escapes Attention.**

For to have bright furniture use furniture restorer. James Reid.

Our trouser tables are laden with bargains. Grand Union.

Repairing and mattresses renovated at James Reid's.

A child's muff, picked up on Johnston street, can be had at this office.

Queen's athletic committee spent nearly $500 on the upper campus during the past year.

Miller's Kidney and Bladder Pills are sold at 25c. per box. Sold by E. C. Mitchell.

Boys' and children's suits of Sanford's manufacture, only here. Grand Union Clothing Co.

The members of the Knockers' club have subscribed $5 towards the mascot fund. The money will be handed in this week.

A local "songster" has been appointed leader of the choir at Grimsby park and will take up his duties as soon as that popular resort opens.

If price is an object your objective point is the Grand Union, for that new spring suit.

Miller's Kidney and Bladder Pills cleanse the system and purify the blood. Sold by E. C. Mitchell.

The St. Patrick's day edition of the Canadian Freeman was cleared out yesterday and the proprietors had to issue 4,000 extra copies to meet the demand.

Only two weeks remain before the arts and science examinations at Queen's begin. Quietude prevails at the college. The students are now all working.

In low prices we find strength and make business hum. Grand Union.

Capt. Macnee has presented to the 14th club and 14th band beautifully framed photographs of the bandsmen, taken in their comfortable club rooms.

It is likely the 14th battalion will purchase a half dozen new instruments for the band. This will enable the strength of the band to be increased to fifty men.

"They are better than any cathartic I could prescribe." A doctor's good word for Laxa-Cara Tablets. All druggists, 25c. per box.

The nominations for officers of the Kingston bicycle club will take place on Monday night. Already many names have been posted on the bulletin boards at the club rooms.

Ladies are very much pleased with the display of blouse waists at Spence & Co's., it is so easy to make a selection, and there is such an immense assortment to choose from, the opening continues on Friday and Saturday.

W. H. Godwin, agent for the British American insurance company, has settled with Sidney Clark, Odessa, for his claim through fire which recently destroyed his place of business. Mr. Clark's claim was for $400.

Prevost, Brock street, has received his spring stock of English and Scotch tweeds, latest designs; also spring overcoatings and serge of all kinds. These goods made to order at very low figures and a first class fit guaranteed.

For all kidney and bladder troubles, try Miller's Kidney and Bladder Pills. Sold by E. C. Mitchell.

Workmen are engaged in fitting out the steamer North King. Improvements will be made in the boat's accommodation, beauty and speed, and she will begin the season as one of the finest lake and river boats that enter port.

Tailor-made spring suits, $8, $10. Grand Union Clothing Co.

The regular fortnightly quadrille party was held last night at Tete de Pont barracks. A large number of civilians were present and enjoyed themselves. Music was supported by T. O'Connor. At midnight choice refreshments were served.

Miller's Grip Powders Cure. Sold by E. C. Mitchell.

Writing from Hamilton, Bermuda, Archibald Abernethy intimates that the weather there is balmy and summer-like. The tropical foliage is beautiful. Mr. and Mrs. Abernethy have greatly improved in health and hope to return home on or about April 10th.

A sleigh load of sand, while being drawn in front of the new stores in the opera house block, got too near the edge of the snow embankment this morning. One runner slipped off and the sleigh was overturned, dumping all the sand out upon the pavement.

The men sent out yesterday to commence the re-opening of the depot street railway line had to cease work in a very short time. The road was so thickly covered with ice that it was found impossible to make much progress. When a good thaw sets in the road will be opened up.

Children take to them—Laxa-Cara Tablets—they have a piquant, pleasing flavor. But that is nothing to the good they do in the system—flush it clean and pure. Invaluable as a spring medicine. Druggists, 25c. per box.

The Kingston skating rink still stands with open doors and a good sheet of ice to its patrons. Since the rink opened about the end of December, it has been closed only one day. Open house will be kept until ice can no longer be kept, which may be in a very few days. Last year the rink closed on Feb. 28th.

A citizen who drove to Odessa yesterday was unable to eat any breakfast this morning. His journey was a very rough one and the sleigh seemed to be ploughing over heavy seas. Inside of one mile no less than seventy-five pitch holes were encountered. That was why the citizen was not feeling well to-day.

## MAKER OF "ENERGY."

### The Analysis of Postum Food Coffee.

"Since I left off drinking coffee and began using Postum Food Coffee, my digestion has so improved that I can eat eggs and drink milk, which I have been unable to do for years.

"I find by inquiry that numbers of my friends have been helped by using Postum instead of ordinary coffee. It is evident that coffee has been a poison to me. I was only induced to break off by the order of my physician." Mrs. F. H. Moning, 55 E. Newton street, Boston, Mass.

There is a reason why Postum Food Coffee restores the chronic coffee drinker to good health again. The analysis by Dr. B. F. Davenport, of Boston, New England's famous analytical chemist, is: Moisture, 5.85 per cent.; bone forming substance, 4.61 per cent.; cellulose, 8.70 per cent.; fat and flesh forming substances, 14.73 per cent.; energy producing substances, 66.11 per cent.

## PERSONAL MENTION.

**Movements of the People — What They Are Saying And Doing.**

Miss Mamie Tunnis, Williamsville, is visiting friends in Elginburg.

Mrs. W. Robertson and son, Port Huron, are visiting friends in the city.

Mrs. (Rev.) E. B. Lanceley, so very ill for a time, is now improving in health.

T. L. Trousdale, a prominent business man of Welland, Ont., is spending a few days in the city.

F. W. VanDusen, Napanee, has been elected grand marshal of the Canadian order of Home Circle.

B. B. Osler, Q.C., will conduct the case for the prosecution in the Fralick suit at the high court next week.

Henry Polson, son of N. C. Polson, University avenue, is now at Houston, Texas, employed with James Bute.

Miss Georgie Boyd, Gananoque, the guest of Miss Bella Wilmot, Colborne street, for the past week, returned home to-day.

Rev. Robert Laird, M.A., Brockville, will deliver a short course of lectures to Queen's divinity students before the session closes.

It is believed major MacDougall, Toronto, will not go to the front again for some time. He received a sunstroke, from which he has not fully recovered.

Miss Wilson, of Cape Vincent, N.Y., is the guest of Mrs. W. Carson, Princess street. She will return home on Saturday, after having made many friends in the city.

To-night at Gananoque Miss Shaw, organist of Sydenham street Methodist church, and Miss Ethel Armstrong will take part in a concert in the Presbyterian church.

Rev. Dr. Lindsay, of Kilmarnock, Scotland, has completed a very interesting course of lectures on church history to the divinity students of Queen's. Dr. Lindsay will sail shortly for his native land.

Tuesday next Mr. and Mrs. O. F. Telgmann will celebrate the fifth or "wooden" anniversary of their marriage. The event will be marked by the presentation of the opera "Leo, the Royal Cadet."

## IT IS BECOMING HOT.

### The Race For the Engineership of the Waterworks.

The contest for the engineership of the water works department is assuming new phases daily. The contest has about simmered down to three applicants and each has strong backing. Friends of each are using every possible lever to hoist their candidate into office. All manners of schemes are brought to bear upon certain members of the city council with a view to intimidating them to support certain of the applicants. One alderman is threatened with the political guillotine unless he casts his vote for the candidate of what purports to be a strong combination; "We'll take off our coats at the next election and defeat you, unless you consent to support our man." Another alderman has been approached and asked if he would not like to take a trip out of the city next Monday; he is opposed to a candidate whose outside support is the form of a political ring. Another alderman is reported to have said: "If I cannot see my way clear to support your candidate I will absent myself from the council meeting next Monday night." And so the fight goes merrily on.

## A MIDNIGHT ALARM.

**There is no Cause for Alarm When That Croupy Cough is Heard if You Have Griffiths' Menthol Liniment Handy. It Relieves Croup in One Minute, You Can Always Depend Upon It.**

Mrs. Gillroy, 353 Johnston street, Kingston, says: My little boy, aged three, has been subject to croup during the winter seasons since his birth. We have had doctors' medicine and all other croup remedies for him, but nothing ever gave him such quick relief as Griffith's Menthol Liniment, it always seems to touch the spot at once. I have always found it superior to any other remedy for croups and colds. I believe a bottle should be kept in every home where there are children. Sold by J. B. McLeod, Kingston. 25c. and 75c.

### May Become A Regimental Band.

The Sydenham band, the regimental band of the 47th battalion, has been disbanded and the instruments called in. Col. Hunter and several members of the musical committee have invited the City band to share with them the glories of the tented field for twelve days each year. It is probable that this local musical organization will disband and take unto itself the name of the 47th battalion band. To-night bandsman Jacobs and several of his melody-manufacturing followers will wait upon Drs. Curtis and Kilborn, members of the 47th's musical committee, to see what terms can be made. If terms can be arrived at whereby the men will lose nothing by leaving their positions during the days of drill, the offer will likely be accepted.

### The Fralick Case.

The Fralick trial, to be heard at the spring assizes next week, will probably be disposed of in half a day. Some people are of the opinion that a great deal of new evidence will be presented, but this is hardly likely, and the fact that no arrests have been made would go to show that those working on the case have been unable to hit upon a new theory. Crown attorney Whiting does not think the case will be of any length.

### Must Have Stolen Them.

That's what our competitors say when they see the prices we are selling them at. Special for Friday and Saturday only. White dress shirts, regular 75c. and 81 goods, sizes from 14½ to 17, to be cleaned out at 25c. each. Come early and avail yourself of a genuine snap as our quantity of these goods is limited and won't last long. The Glover & Brais bankrupt stock sale. Sinclair's old stand, 342 King street. Bert. Prevost, manager.

The Frontenac reform association is to meet at the Whig hall on Thursday, 29th.

Don't fail to try
BEECHAM'S PILLS
when suffering from any bad condition of the Stomach or Liver.
at all Druggists.

# IN THE FIELD OF SPORT.

## HAPPENINGS IN THE VARIOUS BRANCHES.

**American Baseball Leagues Completed—The Favorite in the Coming Boxing Contest—Hockey Still the Rage in Western Ontario.**

Hamilton may ask to be admitted into the newly organized Ontario athletic association.

"Bobby" Thompson, the Canadian bicyclist boxer, will go a bout with Harry Berger in Philadelphia, Saturday.

At Whitby Tuesday night the home team defeated the St. George's hockey team, of Toronto, by eleven points to six.

No ice yacht races took place to-day. Many yachtsmen, however, have been taking advantage of the ice since Tuesday.

The Stayner hockey team defeated the Collingwoods Tuesday night by a score of 9 to 5. The Stayner team has not been defeated this season.

Within a month Jimmy Michael will have laid before him propositions for cycle races at the various cycle tracks of America which will net him $25,000.

At St. Catharines Friday night an attempt will be made to form a baseball league to include St. Catharines, Merriton, Thoroid, Niagara-on-the-Lake, Welland and perhaps one or two other places.

Whitby hockeyists have accepted the challenge sent out by Port Hope to play on neutral ice. The event will likely be pulled off at Toronto, perhaps this week.

F. A. Folger, sr., is owner of the only English imported thoroughbred running horse in the city. The animal is only three years old and was imported by J. Duggan, Toronto.

"Spike" Sullivan is reported to have $50,000 invested in real estate in New York and environs. He has been fighting since 1891, his first appearance being made in Cork, Ireland.

Bob Fitzsimmons appeared at the place agreed upon at New York to sign articles to meet Sharkey, but the sailor failed to show up, whereupon Fitzsimmons declared the fight off.

At New York "Mat." Matthews, New York, won easily from "Eddie" Connolly, St. John, N.B. In the fourteenth round the referee stopped the fight and awarded Matthews the victory.

The Philadelphia Record, commenting upon the recent bout there between Eddie Lenny and Terry McGovern, intimates that Lenny is a quitter, scarcely daring to give McGovern a chance to hit.

Guy Curtis, footballist and hockeyist, left for his home in Delta to-day, having finished this session's course in prospecting at Queen's. Guy will return to his usual summer occupation of fishing and catching frogs.

The secretary of the eastern jockey club has been busy sifting the names claimed for two-year-olds. The Boer war is responsible for such names as Kimberley, Commando, Outlander, Modder, Colenso, Bobs, Bullet, Dum Dum.

Jim Popp and Dan Kelly, two Toronto boxers, will set out this week on an extended trip to the Pacific coast, stopping off at all of the principal cities on the route. Popp is credited with being the best professional fighter ever produced in Toronto.

Did the Toronto "board of control," who were responsible for bringing into existence the Ontario amateur athletic association, not think it worth while inviting Kingston sportsmen to send a representative or identify themselves with the organization?

The San Francisco newspapers are not yet through sounding the praises of J. L. Scholes, the clever Toronto boxer who recently won out in his class in the recent tournament there. Of him one paper says: "J. L. Scholes, the Toronto boxing wonder, was the idol of the tournament. Whenever he appeared in the ring it was the signal for deafening applause. Scholes boxed thrice and beat his men cleverly."

When Frank Erne, of Buffalo, and Joe Gans, of Baltimore, meet at New York, Friday night the title of the lightweight championship of the world will be involved. Erne won the title from "Kid" Lavigne and defended it successfully. Gans has been making rapid progress toward the championship goal and, having vanquished all legitimate obstructions, is in a position to fight for the title. Gans is the favorite at odds of ten to eight.

The plain words of Queen's University Journal regarding the recent Wellington-Queen's final match are not relished by the Toronto sports and some hard things are said of Queen's. But the Journal's criticism is worthy of notice because for years past the college organ has always been noted for the exceeding fair observations it made concerning all athletic matches in which Queen's teams participated. When the Journal raises its voice in protest over a football or a hockey match, it is not to be put down as a sore-head. Something certainly is wrong or the students would not uphold the statements made in their official paper.

The Woodstock hockey club wanted to get a crack at London hockeyists for the Ontario intermediate championship. Woodstock is without the pale of the O. H. A., and rightly the London holders of the O. H. A. intermediate championship refused to accede to the wishes of the Woodstockers. Secretary Mace writes: "The London hockey club claims no championship which it has not won on ice. The cup, which we hold, was won from competitors, representing teams from all portions of the province. Woodstock should have joined the recognized provincial league and taken their chances in the series. We do not propose to travel around subduing teams which may have evaded defeat in the regular course by keeping out of the O. H. A."

The settlement of the trouble between Ban Johnson, president American league, and James A. Hart, Chicago national league club, by which Charles Comiskey is permitted to place another club in the windy city, means that the circuit committee will notify P. T. Powers, president eastern league, that he is entitled to Washington and Baltimore to complete his circuit. Then professional baseball in the United States will thus be controlled under the protection of the national agreement: National league—Boston, Brooklyn, New York, Philadelphia, Chicago, St. Louis, Pittsburg, Cincinnati. Eastern league—Worcester, Providence, Toronto, Montreal, Syracuse, Rochester, Baltimore, Washington. American league—Chicago, Buffalo, Cleveland, Kansas City, Indianapolis, Detroit, Milwaukee, Minneapolis.
