A Dressmaker's Duties

Are Such as to Cause Backache

A Toronto Dressmaker has Found a Positive Cure and Gladly Tells About it.

Those who follow the arduous occupation of dressmaking or sewing have troubles of their own.

Running sewing machines all day long, bending over work that requires the greatest of care, these are the things that have made many a woman exclaim, "every time I take a stitch with my needle it seems as though I am piercing my own back."

But those who suffer from backache, headache, pain in the side or any derangement of the kidneys will be glad to know that there is a remedy that never fails even in the worst cases.

It is Doan's Kidney Pills.

Mrs. P. Coyler, the well-known dressmaker, 224 Bathurst St., Toronto, Ont., gave the following statement of her experience with it:

"For some time I suffered a good deal from weak back, a tired feeling, and pains and aches in various parts of my body. Since I have used Doan's Kidney Pills the pains have left me, my back has got stronger and the kidney troubles have been corrected.

"That tired, dull, drowsy feeling that used to come on me has now gone, and I am happy to say I have not felt so well in years as at present."

Doan's Kidney Pills cure backache, lame or weak back, Bright's disease, diabetes, dropsy, mist before the eyes, loss of memory, rheumatism, gravel and urinary troubles of young or old. The Doan Kidney Pill Co., Toronto, Ont.

THE AWFUL SIDE OF WAR.

DR. BARRIE'S WORK AMONG WOUNDED AND DYING.

He Was Not Allowed to Accompany the Canadians When They Left Belmont — Doing Noble Work as a Physician—His Tender Care of Canadians.

On the Y.M.C.A. bulletin board will be posted to-night a letter from Dr. H. G. Barrie, Y.M.C.A. representative with the first Canadian contingent. The letter is dated Orange River, S.A., Feb. 17th, and was written under great disadvantages. The rain was pouring down, the wind had already blown down several tents and the writer's tent was flooded.

"We have learned to-day," he says, "of the Canadian casualties. The list is large when you consider that only half the battalion was engaged, i.e., the right half. To-night 200 wounded men arrived and before noon to-morrow 800 or 900 will have come here. Some of these will go to hospitals farther down. Talk about opportunities for christian work! Fifty men at this point would have their hands full in doing personal work. Our poor fellows are lying out there in the pelting rain in the English style of couch, unable to lie down many of them, and those on the end seats wet and shivering; scores without blankets. Then imagine them riding a whole day without refreshments. To-night the P.M.O. has ordered them brandy and beef-tea.

"The Red Cross society, with its one or two stations along the line, keeps them from worse suffering. These shortcomings cannot be laid upon anyone in particular they seem to be the concomitants of war. The hundreds of sick and dying lying upon the battlefield to-night will be in a pitiable condition. Dr. Rverson is here, and is doing all that he can for his society. I have exhausted every means of processing to the country that lies in my power . . . . Much of our Canadian writing material is being used at this point." Dr. Barrie it will be observed from the letter, was not permitted to accompany the troops across country. He was given a position as physician in the field hospital, at Orange River, being placed upon pay and having permission to drop out whenever the good of his special work demanded it. This appointment has given him splendid opportunities of having personal work among the sick and wounded. Two Y. M. C. A. portfolios with writing paper and envelopes were by him placed in the transport waggons when the Canadian left Belmont. Dr. Barrie's work has earned the gratitude, not only of Y. M. C. A. members, but of the entire Canadian people.

Muster and Campfire.

Washington, April 4. The Gen. Guy V. Henry garrison, No. 13, regular and volunteer army and navy union, will hold a general muster and camp fire at garrison hall this evening.

NEW ROWING CLUB WANTED

A CITIZEN SUGGESTS THE FORMATION HERE OF ONE.

Says It Would be a Paying Investment—Lacrosse and Baseball All the Talk Among the Athletes—What the Pugilists Are Doing—Officers Recently Elected.

A prominent citizen, a graduate of both Queen's and Columbia universities, holds the opinion that if merchants would subscribe sufficient money to support a rowing club in this city, the investment would prove a paying one. He suggests that the club be connected with Queen's university, because, he points out, that institution is known all over America through its athletic clubs. If a club were in existence here, not only could races be arranged between other Canadian clubs, but annual meetings could also be counted on with leading American clubs, and these races would attract thousands of visitors to the city, one such race more than paying interest on money which merchants might invest in sustaining the club. Queen's university is not only better known in American seats of learning, but students from it are placed on a higher plane than those of other Canadian colleges who go across the border and enter American seats of learning. What football does for the city in the fall would not be a patch on the crowds which rowing races would attract in mid-summer when people are out holidaying, looking for vacation trips and something to amuse them. If the scheme is taken up, properly arranged and managed there will result a pot of money for city merchants. At present there is nothing to attract people here in summer except the natural beauty of the place.

Sporting Notes.

Efforts are making in Chatham to organize a professional baseball team.

The Toronto Athletic lacrosse club has joined forces with the Tecumseh-Elms.

The Capitals of Ottawa will apply to the C.W.A. for the dominion meet, formerly held on Labor day.

George Orton and Alexander Grant, the Canadian runners, are in active training at the university of Pennsylvania.

The most important game of baseball to be played in New York this year will be that between Yale and Columbia on May 5th.

Lacrosse is again booming in Ottawa, and the promise is given that the teams of the capital will be particularly strong.

Fully eight thousand enthusiasts witnessed the defeat of the Rochester baseball club at St. Louis Sunday. The score was 13 to 0.

It is likely an amateur baseball club will be organized to embrace Port Hope, Lindsay, Cobourg, Oshawa, Peterboro, Bowmanville, and Whitby.

The Crescent lacrosse club, Perth, at its annual meeting Saturday appointed these officers: President, Mayor Stewart; secretary, M. J. Cameron; treasurer, N. Nichol.

Our own George Little has been elected president of the Lindsay football club. B. Parker is manager. President Little is a Kingstonian and played here with the old Park nine club.

John O'Neill has been re-elected president of the Don rowing club, Toronto, with J. Coady, and Alexander Boyd, secretaries, and John Thompson treasurer. James Hedley is captain.

Chicago patrons of the boxing game will see champion Jeffries after all, as arrangements have been made for his appearance in a six-round bout in May. Rühlin, Choynski or Maher will be secured to meet the champion.

As the result of an injury to an eye received in a hockey match two weeks ago, Frank McGee, the dashing forward of the Ottawa Aberdeens and a crack half-back on the Rough Riders football team, will not be able to play again.

Francis Wilson, sporting editor of the Globe, will likely be a candidate for the presidency of the C. L. A., at the approaching annual meeting of that organization. The other candidates are Peter McMillan, Beaverton, and Howard Clewes, Port Perry.

At the annual meeting of the Shamrock lacrosse club the financial report showed that the club had cleared over $1,000 for the season. These officers were elected: President, T. O'Connell, first vice-president, H. Tribey, second vice-president, C. F. Smith, secretary, T. Slattery.

George McFadden has $1,000 posted as a forfeit to bind a match with champion Frank Erne, who agreed to meet McFadden, providing the champion defeated Gans. No attention has been paid to the defy of McFadden and his manager will claim the championship and make a match with Jack O'Brien if Erne does not accept.

The Philadelphia cricket club propose visiting Toronto and Hamilton during the summer, playing also with Parkdale. The committee of the cricket association of the United States wants the annual match between United States and Canada played on July 4th and following days. It is a bit early for Canadians, but as the match has to be played in the States this year, it would be graceful for the Canadians to accede.

Secretary McMurrich, of the O.R.F.U., claims to have not received the two last letters sent him by manager Elliott, of the Granites, hence the non-fulfilment of the request to call the executive together. While his word must be accepted, at the same time it is passing strange that the letters have not been returned to the writer, especially as the firm's name and request to return undelivered letters appears in plain black print on the envelopes containing the missives.

The Hamilton Herald sizes up the situation in the heavyweight boxing circles by intimating that the big lighters are doing more side stepping now, than they have ever done in the ring. Fitzimmons and Sharkey were matched, and Sharkey failed to put up his money. Then Fitz took on McCoy and the money was not forthcoming, and now McCoy and Sharkey are matched, but they are apt to declare it off any minute. On top of all this Jeffries says he has not faith in the match with Corbett, as the arrangements have not been carried out satisfactorily. One thing is certain: Since the death knell of the fighting law has been sounded, the heavies better call in the press agents and start fighting as Sept. 1st will come around sooner than they think.

Miller's Kidney and Bladder Pills cure headache, indigestion, rheumatism, and all ailments caused by affected kidneys and bladder. Sold by E. C. Mitchell.

MOUSE IN APRIL FOOL EGG.

Practical Joke Gives a Young Woman a Dangerous Fright.

Binghamton, N.Y., April 4.—As the result of an April fool joke, Edith Walrach, of Camden, who is visiting friends here, is said to be dying. Miss Walrach is nineteen years of age, and a sprightly young lady of very nervous temperament. She came to this city a week ago to visit friends, and in the family where she is stopping is a young man very fond of practical joking. He and Miss Walrach were fast friends, and he determined to have some sport at her expense at the breakfast table. Procuring a small live mouse he fastened it in an egg, covering the opening with plaster of Paris. This was brought in with the breakfast, and when Miss Walrach broke the shell the liberated mouse made its escape. She gave a scream and fainted away. On being restored a spasm occurred, and during the day she had three nervous fits. The physician who was called pronounced the case one of acute hysteria brought on by the sudden fright.

A Great 1900 Circus.

New York, April 4.—The Adam Forepaugh and Sells Bros.' combined circus, menageries and hippodromes, will inaugurate their season at Madison square garden to-night. The engagement will continue for sixteen days. The performances to be given will be on a larger scale than ever before seen at the garden. Several European performers will be seen for the first time. These performers have been secured by James A. Bailey, part owner of the big show, who is now in Europe with his own aggregation.

Wrestling Tournament.

New York, April 4.—The boxing and wrestling tournament under the auspices of the Metropolitan association of the amateur athletic union will be held to-night, to-morrow and Saturday nights at the Broadway A. C. The die medal, emblematic of the championships of the Metropolitan association will be given to the winner in each event and a silver medal to the second man.

Cheaper and Better Than Doctors.

Don't take one physician's advice but take Merrill's System Tonic, which is compounded after the suggestions of three of the most eminent doctors in America. It purifies the blood, builds up the system, strengthens the nerves and regulates the bowels. A fifty cent bottle lasts three weeks. Sold at J. B. McLeod's drug store, Kingston.

Good Roads Convention.

Abilene, Kan., April 4.—A good road convention of the local road overseers opened here to-day. Barney Sheridan, of Paola, delivered the principal address. The county spends $25,000 annually on its roads, of which $20,000 it is claimed, is wasted. This is the foundation of a lively row.

Cannot Recommend It Highly Enough.

Miss Ethel Hildman, of West Lake, Ont., says: "I am pleased to say that Catarrhozone has given me the best of satisfaction. No other remedy has been able to do as much for me as Catarrhozone has done. It has cured a hacking cough—the result of pneumonia—and I feel I cannot say too much in its praise. It is everything you guarantee it to be." Catarrh-o-zone is warranted to cure Catarrh, Asthma, Bronchitis and irritable throat. Sold everywhere.

M.E. Conference Meets.

Westminster, Md., April 4.—The session of the Methodist Episcopal conference of Maryland, opened here to-day. Delegates to the general conference to be held in Chicago, in June, will be selected. An interesting programme is being carried out.

Every day somebody is in town, offering somebody a bargain.

It Costs so Little to Get Well

Our Native Herbs is not only the surest remedy for all diseases caused by impure blood or derangement of liver, stomach or kidneys, but it is the best preventive ever offered. It is only necessary to take one tablet a day (at bedtime) to cure chronic diseases in a short time. Although in ordinary cases Our Native Herbs will effect a cure in a short time, each box contains enough tablets for 200 days' treatment. The price of Our Native Herbs is $1.00 a box, and in any case where it fails to benefit the purchaser, his money will be returned. Every box is covered by a registered guarantee.

Sold by druggists in both tablet and powder form, or box mailed on receipt of price.
