BADEN-POWELL'S FATE

A Despatch From Pretoria Says He Was Killed.

LONDON HAS NO ADVICES.

NEITHER IS THE BOER VICTORY CONFIRMED.

The Defences at Bloemfontein Are Nearly Completed, And a Small Garrison Can Hold The Place—Woollen Uniforms And New Boots Arriving For The Britishers.

London, April 12.—The news from South Africa is again mostly of a minor character, and there is little information t be recorded.

On Tuesday parties of Boers were still trekking southward from Winburg through Thaba N'Chu, but their destination is unknown.

The main Boer position is described in a despatch from Lorenzo Marques as a range of hills between Kroonstadt and Winburg, a distance of sixty miles. It is fortified throughout, and is almost impregnable. Here, it is said, 35,000 Boers with ninety guns are concentrated.

There is no confirmation of the Boer report of a further British disaster near Dewetsdorp, and it is now assumed that the report is baseless. It is hoped that another report from Pretoria, to the effect that Col. Baden-Powell has been killed, is also untrue. Such an event would cause a greater sensation and deeper grief in England than the death of any other officer in South Africa, except lord Roberts.

The British concentration at Bloemfontein continues. The men are receiving new woollen khaki uniforms and new boots. The permanent defences of the place are nearing completion, so that the city can be held by a relatively small garrison. Gen. Chermside has gone to Springfontein to succeed Gen. Gatacre, whose return is still unexplained. An eleventh division, which will be commanded by Gen. Pole-Carew is being formed.

The duke of Marlborough has arrived at Bloemfontein on active service.

Gen. Kitchener was reported to be at Burghersdorp Wednesday. His purpose is unknown, but it is doubtless in connection with the defending of the frontier against another possible invasion by the Boers. The Times correspondent at Bloemfontein quotes, in connection with Gen. Gatacre's retirement, an official announcement that he has been ordered to England.

The correspondent of the Times at Mafeking, under date of March 30th, comments upon the fluctuation of the spirits in the garrison as to the chances of relief since Tuesday's terrible bombardment and upon the variety of rumors regarding the location of relief forces.

Roberts' Latest Word.

London, April 12.—The war office has received the following despatch from lord Roberts:

"Bloemfontein, April 11.—Methuen reports that the party of Boers he defeated April 5th made a good resistance for four hours, and only gave in when our troops, with fixed bayonets, were within fifteen yards of them. Seven of the enemy were killed, eleven wounded and fifty-one made prisoners. Besides Lieuts. Boyle and Williams, Sergt. Patrick Campbell was killed, and ten of our men were wounded. Williams was killed deliberately, after the white flag had been held up. The perpetrator of the crime was at once shot.

"Methuen speaks in high terms of the intelligent manner in which the imperial yeomanry and the Kimberley mounted corps behaved.

"Buller reports that the enemy attacked his right flank yesterday while he was engaged in changing his position, but our artillery silenced their guns, and they did not press the attack. Our losses were four men killed and eight men wounded.

"There is no further news yet from Wepener."

Treating Prisoners Shamefully.

Cape Town, April 11.—A lady who left Pretoria on March 20th, and who has arrived here, reports that the manner in which the Boers are treating their prisoners is shameful, and that dysentery and typhoid fever are rife among the captives. The prisoners, who are confined at Waterval, had no tents, and the sick, as well as those whose health has not yet been affected, were obliged to sleep on straw.

The medical comforts are scanty. Dr. Hazlitt, the medical officer, resigned owing to the fact that it was impossible for him to obtain medicines, and he was succeeded by Dr. Van Grelot, a Russian physician. The latter, when he fully learned the condition of affairs, also threatened to resign unless medicines and tents were furnished for the sick. The Boers then partly remedied the evils complained of. The colonial prisoners are treated as common malefactors, some of them working on the streets, rather than to remain in jail. The lady has sent a written report to the intelligence department here.

Treated Generously.

London, April 12.—In a despatch to the war office lord Roberts says telegrams, books, clothing and luxuries are freely distributed to the Boer prisoners in his hands, that small sums of money are given direct, that larger amounts are given to the commandant for distribution, and that clothing is being issued to prisoners in need of it.

Windy City Force on Hand.

London, April 12.—H. J. Whigham, the Daily Mail correspondent at Lorenzo Marques, telegraphing on Tuesday, says: "The Chicago ambulance corps landed to-day from the French ship Carvallas and will proceed by special train to Pretoria to-morrow. The corps consists of about sixty healthy Irish-Americans who are rabidly pro-Boer. They are nearly all armed with revolvers and a few undoubtedly intend to fight. Included in their company are two escaped Scandinavian prisoners from Simons Bay, who buried themselves alive on shore during bathing hours."

Col. Hughes' Good Work.

Cape Town, April 11.—A Drachoender correspondent states that Gen. Settle's column reached Upington on March 30th. Col. Hughes, the Canadian M.P., and chief of Gen. Settle's staff, with two city volunteer cyclists, two Canadians and two other colonials, seized the pont. The rebel rear guard evacuated the town hastily, after firing one shot, under the impression that a large force was upon them. Rev. Mr. Shroeder, a member of the Cape legislative assembly, was captured seventy-five miles west of Upington and brought in. The rebels are surrendering their arms.

BOERS PROTEST.

Entry of British Troops Through Beira a Hostile Act.

London, April 12.—It is learned that the Boer governments have formally notified Portugal that they consider the shipping of British troops and ammunitions of war to Rhodesia by way of Beira, Portuguese East Africa, to be tantamount to hostile action.

This, however, will not stop Gen. Sir Frederick Carrington's forces from entering Rhodesia. Whether or not the Boers will make reprisals upon Portugal remains to be seen, though the best informed opinion here inclines to the belief that the Boers are not likely to back up their protest with action that would would bring them into hostilities with still another power.

No Change in Convention Plans.

Washington, April 12.—The democratic convention will be held in Kansas city in spite of the burning of the convention hall. The expressions of dissatisfaction with the Missouri town, growing out of excessive hotel rates and other indications of an intention on the part of the residents to "squeeze" the visitors on July 4th, led to suggestions in some quarters that the democratic leaders might take advantage of the fire as an excuse for changing the location of the convention. Nothing of the kind will be done.

Canadians Ill With Fever.

Toronto, April 12.—Dr. Hodgetts, secretary of the Canadian Red Cross society, received a cable from Dr. Ryerson yesterday, dated at Bloemfontein. Dr. Ryerson's message stated that eighty Canadians were in hospital suffering from a mild attack of fever. The patients include Lieut. Macdonell and Asst.-Surgeon Fisett. Pte. Wallace, son of Hon. N. Clarke Wallace, recently reported to be seriously ill, is improving. Dr. Ryerson adds that he is providing necessary comforts for the patients.

The Cause of The Deaths.

Montreal, April 12.—The Monterey sailed from Halifax, on St. Patrick's day, for Cape Town, making the voyage in twenty-five days.

The large mortality among the horses was not expected. The horses were half wild, not used to constraint, and a voyage of seven thousand miles, cooped up in the small space allowed them was certain to be fatal to many of them. But when they get on the open veldt they will show their hardihood as on their native plains.

Newspaper Postage.

Ottawa, April 12.—In parliament, replying to Mr. Bergeron, Mr. Mulock stated that the amount collected for newspaper postage at a quarter cent per pound for the three months ending March 31st, 1899, was $10,332.39. The amount at half a cent per pound for the two months ending February 28th last was $17,982.39. The returns for March are not yet complete.

Democratic Press Association.

Raleigh, N.C., April 12.—The meeting of the North Carolina democratic press association opened here to-day. Many editors of democratic papers throughout the state are present. This meeting was called at the request of chairman Simmons, of the state democratic executive committee, for consultation regarding the campaign for white supremacy in North Carolina, which is being vigorously discussed.

The Queen's Thanks.

London, April 12.—The queen through the Court Circular, acknowledges the receipt, "from all parts of the world of congratulations from those who share in her majesty's deepest thankfulness for the merciful protection granted her beloved children, the prince and princess of Wales, from the great danger to which they were recently exposed."

The Story Denied.

Ottawa, April 12.—The following telegram was received to-day by the minister of militia from Halifax, N. S.: "No truth is report in Star, of 9th, as to friction with imperial authorities; everything working smoothly and regiment getting nicely into condition.—Col. Vidal."

Canadian Whist League Congress.

Toronto, April 12.—The congress of the Canadian whist league opened here to-day, and will continue until the 14th. The contests include championship fours, pairs and mixed pairs as well as compass games. Women are eligible for all matches. A large number of Americans are participating.

In Excess of Previous Years.

Toronto, April 12.—Entries for the Canadian horse show to be held in Toronto on April 26th, 27th and 28th close on Saturday. Judging from those already received the quantity and quality will even be in excess of previous years.

Increased Coal Shipments.

Pittsburg, April 12.—Increased foreign demand has been the cause of increasing coal shipments to the east of about 2,000,000 tons for the past year.

Two Regiments Have Embarked At Durban.

SICKNESS IS NOW ABATING

AMONG THE CAPTURED BURGHERS AT SIMONSTOWN.

Prisoners Will All Be Sent at Once to St. Helena—French Minister of War Thanks British Officers For Honors Paid to Col. De Villebois Mareuil's Body.

London, April 12.—A despatch dated Bloemfontein yesterday says that a strong party of Boers has been located across the river at Donkers Hoek, where Dickson's cavalry is quartered. There has been considerable sniping. Two British soldiers were shot from a point near a farm house from which a white flag was flying. It is reported thirty Boers were hiding in the farm house, and that a man named Richter, who holds a British pass, was one of them. When the British searched the place Richter's daughter said he was not at home.

According to the Standard's Dublin correspondent, the brigade which has been withdrawn from Gen. Buller's army will be commanded by Gen. Hunter. Two regiments have already embarked at Durban, and the Dublin Fusiliers and Connaught Rangers are now embarking. All will join Gen. Roberts.

The Boer attack on Gen. Buller's camp did not develop into an attack of importance. It is surmised that the inovement was designed to ascertain the British strength. The Boer artillery fire was extremely accurate. Most of the troops were absent drilling, but they had to return and strike some of the tents. The artillery combat lasted for hours and there was some rifle firing.

To Ship Them All.

Simonstown, April 11.—Owing to the unfavorable conditions for keeping the Boer prisoners here, the authorities have decided to ship them all to St. Helena with the least possible delay. The sickness among the captured burghers is abating.

Naples, April 11.—The Boer envoys left here to-day, going by way of St. Gothard pass.

The Order Cancelled.

London, April 12.—The Lorenzo Marques correspondent of the Times, telegraphing Wednesday, says: "Epler, an Austrian financier, who is acting as captain of the Rand mines' police, in order to frustrate the destruction of the mines, sent a remonstrance to Pretoria against boring, with the result that state engineer Munnike's order for boring was cancelled."

Regret The Death.

Paris April 12.—In the chamber of deputies yesterday afternoon Gen. De Gallifet, minister of war, paid a tribute to honors paid by the British officers to the body of Col. De Villebois Mareuil, the French chief-of-staff of the Boer army, killed near Boshof.

The brother of the late Gen. De Villebois Mareuil received a cable message yesterday from state secretary Reitz at Pretoria, communicating to the former the death of his brother. The telegram concludes: "In offering you my sincere condolences, I assure you that we deplore his death, which is a great loss to our country and cause."

In the chamber of deputies at Brussels the premier read a communication from king Leopold, in which his majesty presented to the nation the whole of his real estate.

The Montreal municipal scandals are growing worse. Two city officials are under arrest and there is evidence pointing to gross corruption in several departments.

At Brantford switchman Frederick Barche attempted to jump from the freight shed upon a moving car. He fell and struck a rail with his head and was instantly killed.

At Odessa the trial of the first batch of persons accused of taking part in last year's disturbances at Nikolaeff was concluded. Twenty were sentenced to various terms of imprisonment and ten were acquitted.

It is reported at Simla that it is probable that the duke of Connaught, youngest son of the queen, will succeed Gen. Sir W. S. A. Lockhart, who died a short time ago, as commander-in-chief of the British forces in India.

The strength of the Russian garrison at Kushk, north of Herat, is about 3,000 men, and includes a mountain battery. Previous reports greatly exaggerated the amount of the reinforcement sent from the Caucasus district.

His Health Benefited.

Cape Town, April 11.—Rudyard Kipling and Sir John Henry De Villiers, chief justice of Cape Colony, sailed for England to-day on board the Tantallon Castle. Mr. Kipling said he was sorry he was not able to remain longer, as his health had been greatly benefited.

American $3.00 Hats, at the Grand Union Saturday, $1.90.

TO BE RESPITED.

The Hanging Will Not Occur Until Saturday.

Ottawa, April 12.—It is understood that the dominion government will grant a respite of twenty-four hours to murderer Williams, in Toronto, so as to put the execution over until Saturday, as justice Meredith has not done anything in the matter. This will be done in deference to the wishes of the mayor and citizens of Toronto.

The order at 1.30 o'clock, to-day, however, had not reached the state department.

Suffered For His Views.

London, April 12.—David Lloyd-George, M.P. for the Carnvaron district, addressed his constituents at Bangor yesterday, speaking against the war and against the government's intention to annex the Transvaal and the Orange Free State. He was frequently interrupted by opponents within the hall, while a mob outside stoned the building, breaking many windows. As he was leaving the meeting he was attacked and half stunned by a blow on the head. He took refuge in a restaurant, where he was protected by the police from the mob, who besieged the place until a very late hour, vowing vengeance on Mr. Lloyd-George.

Many Deaths Feared.

Pittsburg, Pa., April 12.—A four storey brick building on the corner of Wood street and Third avenue, occupied by Armstrong, McKelvey & Co., wholesale paint dealers, collapsed shortly before ten o'clock. A score or more people were in the building at the time, and many, it is feared, were buried in the ruins.

Dead recovered are: Oscar Bingham, carpenter; Eugene B. Bernhardt, salesman. Noel Casper, an employee, was taken to the hospital. The number still in the ruins is estimated at from ten to twenty-five.

To Look After Vessels.

Hamilton, Ont., April 12.—A. B. McKay sailed from Halifax yesterday for the old country to supervise the furnishing of two vessels being built for the Quebec-Hamilton and Fort William navigation company, at Newcastle-on-Tyne, and at Dundee. The vessels are to be delivered to the company's English agents on June 1st. One of the vessels will be known as the Strathcona and the other as the Winona. The new vessels are 255 feet in length and will have a big carrying capacity.

Are Fighting The Bill.

Toronto, Ont., April 12.—Very strong opposition was developed at the meeting of the municipal committee of the legislature this morning to Mr. Dickenson's bill, to take the power of inspection of dairies from the hands of the boards of health in the cities to which the milk goes and to give the inspection to the township boards of health. The city authorities say this really means no inspection and are fighting the bill vigorously.

The Woman Divorced.

Buffalo, N.Y., April 12.—Justice Lambert this morning handed down a decision divorcing Olive A. Sternaman from her third husband, Frank G. Creutzberg, of Ganner avenue. Mrs. Sternaman was convicted of poisoning George Sternaman, her second husband, but on a new trial she was acquitted by a jury in Cayuga, Canada. The divorce is granted on the ground that Creutzberg has another wife living.

To Fight With Boers.

New York, April 12.—Forty-three Irish-Americans have gone from Jersey City and other Hudson county towns to fight for the Boers and against the British within a few weeks. Justice Murphy, of Jersey City, a steamship ticket agent, says he sold them second-class tickets. Their passages and expenses were sent by an organization of "Irish Nationalists in Paris."

The Action to Be Taken.

Winnipeg, April 12.—The Manitoba hotelkeepers are discussing the attitude they shall take in the event of prohibition becoming law. It is said they have agreed to close all the leading hotels throughtout the province.
