OLD PEOPLE

Find Spring a very trying season of the year.

They can preserve their health and strength by using Milburn's Heart and Nerve Pills.

The breaking up of the winter and the advent of spring usually comes hard on the old. Their health seems to suffer severely at this time and many are hurried into their graves. But people advanced in years can prevent sickness and keep themselves hale and strong and in the enjoyment of good health by using Milburn's Heart and Nerve Pills.

This remedy makes the blood rich, the nerves vigorous, and the heart strong, and should be used promptly on the first sign of declining health or strength.

Mr. Samuel Lane, 31 St. Patrick St., St. John, N.B., writes:

"I am now a man of nearly eighty years of age and enjoyed the best of health until a few years ago, when I began to feel distress after eating, and suffered greatly with indigestion, bad breath, etc.

"My friends recommended numerous remedies, but none of those I tried seemed to do me much good.

"Finally I started using Milburn's Heart and Nerve Pills, and before I had finished the box they brought relief, so that I now can eat anything set before me without the least inconvenience. I was run down and nervous before taking these wonderful pills, but they have regulated my entire system, toned up my nerves, and restored healthy action of the heart, so that I am now feeling vigorous and strong."

The steamer Pierrepont made a successful trip to the Cape on Monday, leaving at nine o'clock in the morning and arriving at her destination at noon. She returned to Kingston before four o'clock.

The tug Maggie May and barge Dandy, owned by Capt Randalls, left this morning for Prescott to load oats for Richardson's elevator. This is the first trip of the season down the river from Kingston.

Capt. Wheeler, Cleveland, Ohio, owner of the steamer Elphinmere, is in the city superintending the fitting out of his boat for the coming season. Capt. Wheeler is owner of the largest dry dock at Cleveland.

The schooner Fahiola is loading lumber at the spile wharf for Oswego. She has her crew, is fully provisioned and will clear just as soon as she can get through Cataraqui bridge, which will be when the ice disappears.

The steamer Pierrepont brought a large crowd from the islands this morning. At nine o'clock she left again for Cape Vincent with a large freight and passenger list. On returning from the Cape this afternoon the Pierrepont will return to the islands.

A friend in the city has received a letter from Capt. Glass, Owen Sound. It will be remembered that Capt. Glass last summer took the steamer Armenia from this port to the upper lakes where she was engaged in the timber trade during the season. The captain is now fitting out his boat at Owen Sound, having chartered her till September to engage in the same trade. He writes that, although the ice is all out of Georgian Bay, there has not been a warm day so far this spring. The weather there is keeping remarkably cold.

A MIDNIGHT ALARM.

There is no Cause for Alarm When That Croupy Cough is Heard if You Have Griffiths' Menthol Liniment Handy. It Relieves Croup in One Minute, You Can Always Depend Upon It.

Mrs. Gillroy, 353 Johnston street, Kingston, says: My little boy, aged three, has been subject to croup during the winter seasons since his birth. We have had doctors' medicine and all other croup remedies for him, but nothing ever gave him such quick relief as Griffith's Menthol Liniment, it always seems to touch the spot at once. I have always found it superior to any other remedy for croups and colds. I believe a bottle should be kept in every home where there are children. Sold by J. B. McLeod, Kingston. 25c. and 75c.

The Son Of A Rebel.

Detroit, Mich., April 17.—There has just died at Detroit Thomas A. Parker, a well-known merchant of that city. He was born Nov. 28th, 1821, in Sackett's Harbor, N.Y., being the son of John G. Parker, formerly a merchant in Kingston, Ont., and prominent in Canadian politics. The father became involved in the rebellion of 1837, and was sentenced to deportation to Van Dieman's Land, but through the efforts of the United States government was released at Liverpool, and removed to Rochester, N.Y. Mr. Parker was married in Quebec in 1853 to Elizabeth J. Maxwell, who survives him.

The Were Released.

The trial of Hugh and Henry Smith, Portsmouth, for resisting arrest by county constables Donaldson and Purdy, was continued on Monday afternoon before D. J. Walker, J.P. A. B. Cunningham appeared for the prisoners. The evidence submitted was not sufficient to secure conviction, and the Smiths were therefore released.

COFFEE ARGUMENT.

New Evidence of the Effect.

A South Dakota man, W. A. Dawley, Sturgis, explains the condition some men get into from coffee drinking. Let it be understood that coffee seems to agree with some people well enough, but when a person finds it does not agree, it is better to leave it off. He says: "I used coffee about twenty years, and quit it September 30th, 1898. I had become almost a complete wreck, thin in flesh and emaciated, dyspepsia and indigestion of the worst order, nerves shattered, no appetite, slept very little and my blood was so thin that the slightest breeze chilled me through.

"Medicines gave no relief. I had about given up when I finally concluded to investigate and see if it was really true, as I had read in a number of your statements that coffee acted like a poison to some people. It was an easy matter to leave off coffee when I took Postum Food Coffee, for the food coffee tasted as good as the other, and to my surprise, it set good on my weak stomach.

"I have been buying the Postum through my grocer, James Meyer, and always have followed directions carefully. I liked it from the first and have drank Postum three times a day ever since. Have gained twenty pounds in weight, my appetite is better than ever before, my sleep perfect, dyspepsia is a thing of the past and my nerves are what they should be. I can vouch for the statement that Postum Food Coffee 'makes red blood' and plenty of it. My son, Amos Dawley, of this city, has been completely cured of dyspepsia in three months by quitting coffee and using Postum Food Coffee. This is given you as an honest testimonial of the priceless value of your (to me) life-saving food drink. You are welcome to use my name if you want." Respectfully.

To Open May 1st.

The Frontenac hotel will be opened on May 1st, and the opening of this hostelry will mark the closing of the British-American. The office of the last named will be kept open and nothing more, but, of course, as usual, the bed rooms will continue to be used.

To Meet Wednesday.

There will be a joint meeting of the property committees of the city and county councils in the city council chamber Wednesday night to consider ways and means of providing a safe passage across the G.T.R. tracks on Montreal street, near the lower depot.

Cab Drivers Annoyed.

Of late cab drivers, in driving to the lower Grand Trunk depot to connect with night trains, have been greatly annoyed by tramps or would-be highway robbers, who attempt to hold them up, but seldom do the cabbies allow themselves to be caught, and more than one of those who attempted to stop a cab have paid sorely for their rashness.

Prisoners Did The Work.

The tearing down, by the prisoners, of of part of the jail wall, which is to be re-built, saved the county a little money. C. H. Corbett, jailer, suggested to the county property committee that the work be done by the prisoners, who might well be utilized for the work. On Thursday the committee will award the contract for the re-building of the wall, which was in a dangerous condition.

A Great Mistake.

The old idea of taking blood thinning compounds in order to purify the blood is an error, as the system is thus left in vitiated condition. Merrill's System Tonic not only purifies the blood in a thorough manner but the iron contained in it again enriches the blood, leaving one with lot of good rich red blood. Fifty pleasant-to-take doses 50c. at J. B. McLeod's drug store.

Aged Eighty-Seven Years.

Mrs. Eliza Allen died on Sunday at the residence of her daughter, Mrs. Harry Ruttan, Brock street. She was born in Ireland, coming out to this country when a young girl. The deceased had attained the venerable age of eighty-seven years. She was an attendant at St. Paul's Anglican church. Her only child is Mrs. Harry Ruttan, at whose home she resided. The funeral will take place this afternoon, interment being at Cataraqui cemetery.

Squandered a Fortune.

How often we hear the expression, notwithstanding the fact that those who use it are spending their money foolishly in medicines which only give relief without removing the cause. Merrill's System Tonic cures heart, stomach, kidney, nerve and liver troubles—because by purifying the blood, regulating the bowels and toning each of these organs the cause of disease is removed. Price 50c. per bottle at J. B. McLeod's drug store. Descriptive pamphlet free.

Duty Of Firemen.

The rector of St. Paul's church would not allow the firemen to run the hose through the front door of the building on Sunday morning when the brigade was called out. He ordered the firefighters out when they attempted this, and told them to bring in a Babcock extinguisher. Had the fire been of large dimensions, such action might have resulted seriously. Firemen are not expected to think about the damage to property through water. Their work is to fight the fire and to run no risk by dealing lightly with property.

A Priceless Gift.

What is the good of a fortune without health to enjoy it? Why go about half sick when Merrill's System Tonic will give you back your health? This wonerful medicine purifies the blood, builds up the system, strengthens the nerves and regulates the bowels. Its no use to you if you're well, but invaluable if you're sick. A fifty cent bottle lasts three weeks. Sold at J. B. McLeod's drug store. Descriptive pamphlet free.

A Juvenile Cantata.

A juvenile cantata was given in the Sunday school room of Brock street Methodist church last evening. Rev. T. C. Brown, pastor, presided, and there was an unusually large attendance. Owing to the absence of several of the children taking part, some portions of the cantata had to be omitted. The children were carefully trained by Miss Emma McVety, to whom much of the success of the entertainment is due. Misses Spray McVety and Edith Goodwin sang a pretty duet.

Left For The Sunny South.

Miss Helen Henderson, daughter of George H. Henderson, engineer, Bagot street, left this morning via Cape Vincent, for San Jose, South America. At New Orleans she will be wedded to J. A. Fairburn, who will meet her there. The newly-married couple will then proceed to San Jose where Mr. Fairburn is superintendent of a construction company. The latter is a former Kingston boy, his parents residing at the outer depot. A number of Miss Henderson's friends assembled at the ferry wharf to say farewell.

Two Narrow Escapes.

An old man had a narrow escape from being struck by a street car at Portsmouth last evening. He stood on the track for a while, regardless of the warning going, and when he stepped away from the rails the car came along and grazed his coat tail. Another narrow escape was that of a child at the corner of King and West streets yesterday afternoon. A careless nurse allowed a little one to wander on ahead, and as a car rounded the curve it stepped out from behind a tree towards the track. The motorman felt a cold chill running down his back for an instant, as the car grazed past the little tot.

NEWS FROM BLOEMFONTEIN

THE MARCHES HE REPORTS TO HAVE BEEN EXHAUSTING.

Helped to Bury Three Hundred Boers—Almost in Bare Feet Straggling Along—Suffering Agony But Too Plucky to Fall Out.

The latest letter from Sergt. Bruce Carruthers to his relatives is dated Bloemfontein, March 16th. His previous letter of the 8th had been finished when the bullets began to fly and he adds: "Our troops advanced to the Boer position and forced them to retreat twelve miles. We captured their guns, fortunately for us, without the loss of a man killed or wounded. The day was very hot and clouds of dust filled the air. We were glad when night came on and we could get a rest for a few hours. Next day we began our famous march on Bloemfontein. We crossed the river March 10th at Poplar Grove and next morning marched under a broiling sun twenty-two miles. One forgets these dreadful marches after a night's rest, but they are very exhausting for we carry so much on our backs. We reached Dreifontein in the evening and on the 11th of March, twelve miles, fighting our way. That evening we helped to bury over 300 Boers. On the 12th we marched to Verty Valley, fully eighteen miles. You would be indeed sad if you saw our brave boys, staggering along under a broiling sun, almost in bare feet, suffering agony; still too plucky to fall out. Our three columns are 40,000 strong, a victorious army that nothing can resist. On 13th we marched to Feriera siding and once more struck a railway, six miles from Bloemfontein. We will soon put it in shape for use. We knew yesterday that Bloemfontein had surrendered, and now we are camped just outside the city. It is a very pretty place. The British flag flies from the parliament building. We will get a well deserved rest."

THE LAST TESTIMONY.

Received for Dr. Agnew's Cure for the Heart had it in These Words—"I Thought I was Dying and it Cured me."

"All signs fail" but those of heart disease, and it is never safe to dally a minute with them. Have you palpitation or fluttering, shortness of breath, chilly sensations, fainting spells, dizziness, pains about the heart? All these indicate derangement. The record of lives saved by Dr. Agnew's Cure for the Heart is a long one, and the almost incredible cures it makes is proof that the days of miracles are not past. It gives relief in thirty minutes. It acts like magic. Sold by E. C. Mitchell.

Kingston Must Have One.

An automatic switchboard has been placed in the central office of the Bell telephone company, Ottawa. Instead of ringing the bell all the subscriber has to do is to put the "phone" to his ear. The mere art of taking it off the hook flashes a signal lamp at central and a prompt response is made. When through talking it is not necessary to ring off. The replacing of the "phone" gives another signal which notifies central that the conversation is ended. What's the the matter with getting one in Kingston?

Take This In.

It is not at all surprising that many people complain of nervous exhaustion, general debility, sleeplessness, etc. Being always on the go, the system requires invigorating at times. Wade's Iron Tonic Pills contain the tonics that build up the system by making new rich blood. Fifty pills in a box for 25c. at Wade's drug store.
