Kingston Yachtsmen Are Hospitable—Are Canadian Yachtsmen Going to Allow a Splendid Opportunity to Display Pluck to Pass?—Association Football Clubs Forming.

"Eddie" Durnan, the Toronto oarsman, and nephew of Edward Hanlan, has written the Ottawa rowing club offering his services as coach.

The international cricket match between Canada and the United Sates will take place on Friday and Saturday, September 21st and 22nd.

At the Toronto bench show in the fox terrier, wire hair, class, Otterburn Candidate, owned by C. Y. Ford, got first prize. The same dog also got first place in the winners class.

The Canadian amateur athletic union, at meeting at Montreal Saturday, ratified the report of the committee which recommended the expulsion of fifteen members of the Toronto lacrosse club of the season of 1897 for professionalism. The vote was practically unanimous for expulsion.

The International cyclists union will be the name of the successor of the International cycling association. The new body came into existence at New York Saturday. The result upholds the decision of the I.C.U. The new condition of affairs is likely to prove embarrassing to the C.W.A.

The eastern football association, in session at Cornwall Friday, elected these officers: President, Edwyn Smith, Cornwall; vice-president, C. F. Mackinnon, Vankleek Hill; secretary-treasurer, B. W. Collison, Valleyfield, Point St. Charles, Vankleek Hill, Cornwall, Finch and Iroquois are in the schedule.

The peninsular association football league was formed at Windsor Saturday with two divisions: A division, Windsor, Walkerville and Detroit; B. division, Chatham, Glencoe and Ridgetown. The officers elected are: President, Dr. Hoar, Walkerville; vice-president, J. C. Elliot, Glencoe; secretary and treasurer, William McDonald, Detroit.

A meeting of the Canadian amateur hockey league was held in Montreal Saturday to consider the default of the Ottawa hockey club, which, under the by-laws, owes the league a penalty of $100. The matter was laid over until the annual meeting, with a recommendation that the Shamrocks and Ottawas should discuss the question of expenses between them and submit their decision.

In the automobile race at New York Saturday the winner drove an automobile specially built to compete in the Paris races. Fifty miles was the course over the Merrick road. A. L. Riker, driving the only electric motor car in the list of fifteen entries, easily outspeeded gasolene and steam and covered the half century in 2 h. 3 m. 30s., or nearly a quarter of an hour in advance of his nearest competitor.

Toronto Star: "Hospitality" seems to be the motto of every yacht club on Lake Ontario, but nowhere do cruising yachtsmen receive better treatment than in Kingston. Though the Kingston yacht club is not a member of the lake sailing skiff association, the members do not let that stand in the way. Every accredited member of a yacht club has the freedom of the clubhouse, and the members do all in their power to make the visitors' stay agreeable.

A special meeting of the regatta committee of the national association of amateur oarsmen was held in New York Saturday. It was decided to hold a three-days' regatta, July 19th, 20th and 21st. Two days will be devoted to association championship events, and one day to the special Paris events, open to the United States. They are the same distances as rowed at the Paris exposition and are held with a view to selecting candidates for the events in Paris.

Toronto city council is made up of sporty aldermen. Within a week or two several of them have been elected to leading offices in the sporting organizations. Alderman Ward is honorary president of the Toronto league of amateur baseball clubs and chairman of the rules and regulations committee of the C. W. A. Alderman Louden is president of the Queen City yacht club, alderman Sheppard president of the Toronto driving horse association, alderman Foster auditor of the Ramblers' bicycle club, and alderman Denison is the vice-president of the Argonauts.

In discussing the coming sailing yacht regatta to be held at Chicago in July, the Toronto Star expresses the opinion that if Canadians intend sending representatives to the regatta it is time some action was taken, so that craft will be selected that will uphold the honor of Lake Ontario. If the matter is left to individual yachtsmen it is not likely that Canadian clubs will be represented. The regatta promises to be the most important yachting event ever held on the great lakes, and Lake Ontario should be represented by the fastest boats in each class. Lake Ontario yachts are second to none in speed, and their sailors are as skilful a class of amateur sportsmen as ever entered competition, but it looks as if they were going to let slip a magnificent chance to impress this upon their neighbors on the south side of the lakes.

The Royal Canadian yacht club some time ago suggested holding trial races at Toronto, the idea being to secure the co-operation of the Kingston yacht club, the Royal Hamilton yacht club, the Victoria yacht club of Hamilton, the four Toronto clubs, and probably the Rochester yacht club, and offer substantial prizes for the winners of each class, providing the owners would undertake to go to Chicago. A Lake Ontario fleet, consisting of Kestrel, of Kingston, or Veronia, of Rochester, Genesisee, Rochester, or Beaver, or Minota of Toronto, Canada, of Toronto, Clorita, George H. Gooderham's schooner, the new Weir, forty-footer, from Hamilton, and Gloria, H. C. McLeod's English importation, would gladden any true yachtsman's eye. If such a fleet couldn't pull out a few first prize flags then Lake Ontario yachtsmen will have to revolutionize all previously-conceived ideas in designing and building.

Hebrews in the British Army.

St. Louis Republic.

It is interesting to note that among the troops mustered into the service by the British war office are several companies composed exclusively of Hebrews. In Bombay there are two companies of Hebrew soldiers, and the army register shows that thousands of Hebrews have enlisted in the British army in recent years, most of them being now with the army in South Africa.

Werner's Dictionary of Synonyms & Antonyms, Mythology and Familiar Phrases.

A book that should be in the vest pocket of every person, because it tells you the right word to use. No Two Words in the English Language Have Exactly the Same Significance. To express the precise meaning that one intends to convey a dictionary of Synonyms is needed to avoid repetition. The strongest figure of speech is antithesis. In this dictionary the appended Antonyms will, therefore, be found extremely valuable. Contains many other features such as Mythology, Familiar Allusions and Foreign Phrases, Prof. Loisette's Memory System, "The Art of Never Forgetting," etc., etc. This wonderful little book bound in a neat cloth binding and sent postpaid for $0.25. Full Leather, gilt edge, $0.40, postpaid. Order at once. Send for our large book catalogue, free.

He Longed For The Fish.

A young Jewish pupil of the public schools presented secretary Macdonald, of the board of education, with a pair of very fine unleavened bread, which served in admirable manner to assist him in celebrating the Passover. He was very much pleased at the thoughtfulness of his unknown friend.

Dr. W. F. Marshall, Buffalo, N.Y., who was spending Easter holidays with his sisters, Mrs. Oliver Chown and Mrs. T. F. Harrison, returned home yesterday. He is one of Buffalo's successful dentists.

WILL SELECT TERRITORY.

IN ALBERTA FOR THE PROPOSED SETTLEMENT.

Of Ohio Farmers—The New Colony to Consist of About 3,000 Persons—Lies One Hundred Miles East of Calgary.

Detroit, Mich., April 17.—A despatch from Toledo, Ohio, says that four well-known Toledo men have been selected to go to Alberta, Canada, to select territory for the proposed settlement of western farmers. They are W. T. S. O'Hara, John Pheils, E. B. Wheeler, Henry Richost.

"The movement," the despatch adds, "is an assured fact, and as soon as the delegates return to make their report, the colonists will leave for their far north-western homes. In Toledo and vicinity 132 heads of families have signified their intention of going, making in all about 600 people, who will emigrate from north-western Ohio. The new colony will consist altogether of about 2,500 or 3,000 persons from eastern Indiana, southern Michigan, western Pennsylvania, Kentucky, Tennessee, and from several different parts of Ohio. George A. Whitney, jr., and W. V. McInnes, Detroit, representing the Canadian government and Canadian Pacific railway, are in charge of the movement. Associated with them is D. L. Cavan, of Columbus, who is also a representative of the dominion government, which, after all, is the real instigator of the movement. The part of Alberta chosen by the delegates is Buffalo Lake district, situated about 400 miles north of Montana state line, and about 100 miles north-east of Calgary, the capital of Alberta, and east of Red Deer. The colony will receive free a large tract of fine wheat and stock raising land."

NAPANEE NOTICES.

Special Easter Services—People Going Westward.

Napanee, April 17.—Special services were held on Easter Sunday in all the churches, which were tastefully decorated with flowers and palms. The choirs had prepared special music and large congregations rewarded the efforts of the people to please on this glad Easter time. Miss Connor still continues in a very weak state, and her friends feel some anxiety about her continued illness. She is ill of pneumonia.

John B. Scott is down from Toronto for a few days. W. Lochhead, a former teacher in our collegiate institute, but now of Guelph, spent Sunday in town, renewing acquaintances. Maggie Milling left yesterday for California, where, with her brother Robert, she will spend the next six months visiting relatives.

Miss Maggie Coxall left yesterday for Montreal to enter Victoria hospital as a nurse-in-training. On Saturday evening after choir practice Miss Coxall was presented with a purse of some $22 by the members of the Presbyterian church, as a slight recognition of her services in the choir of which she has been a member for the past ten years.

Mrs. Claringbold left yesterday to join her husband at Elva, Man. Mrs. Osborne and daughter left on the same date for Ninga, Man., whither Mr. Osborne had gone a few weeks ago. E. W. Grange is visiting his parents, Mr. and Mrs. A. W. Grange, John street.

Our streets are undergoing their spring cleaning. A force of men are at work scraping the winter's accumulation of dirt into piles, whence waggons remove it. It was remarkable that there never was seen at one time so many new tailor-made suits and chic new hats as made their appearance on Sunday. The gentlemen should not be left out either, for they made a good showing with light spring overcoats and hats to match.

To Plant Fifty Maples.

Secretary Macdonald visited the collegiate Victoria school grounds yesterday to see how many trees would require to be planted there by this year's committee. He found that about fifty young trees were needed. The chairman, W. Kelly and the secretary are considering samples. They do not know whether to plant Manitoba maples, soft maples or mountain ash—so it is said.

If the Drain Pipe in Your Kitchen Clogs

up, what is the result? You must remove the stuff or it will decay and fill your house with evil odors of putrefaction. That's precisely what happens in your own body when you become constipated, and the poisonous matter is taken up by the blood and carried back into your system, only it is much worse, because you are unconscious of the effects, but every one who comes near you literally smells you. I know, slightly, two ladies, both of them amiable and attractive women otherwise, who are veritable walking *charnel houses!* Could I use a more expressive or truthful term? These ladies are so saturated with the poisonous effluvia from their internal economy that they are habituated to it; their sense of smell is blunted. I wonder how their husbands endure them! Both of these women suffer from Constipation; their complexions are muddy and their breaths nauseating to sensitive people. I wish I knew them intimately enough to advise them to try Karl's Clover Root Tea, the most wonderful medicine I have ever known for the regulation of the bowels, purifying of the blood and sweetening of the breath.

My dear sisters, I wish to tell you that your health depends entirely on the state of your blood. Your blood makes you whatever you are, for through the blood every organ in your body is kept in repair. If your blood is poisoned by the waste material that is retained in your body because of your constipation, you are not being built up as you should be.

Karl's Clover Root Tea is a truly wonderful tissue builder. It produces healthy digestive organs, allowing your food to nourish you, and induces sound, refreshing sleep.

Ask your druggist for a sample, or write to S. C. Wells & Co., 52 Colburn Street, Toronto, Ont., who will mail you one. Sold in the United States and Canada at 25c. and 50c., and in England at 1s. 6d. and 2s. 3d.

HAPPINESS AND HEALTH.

When a man has the truth to tell he finds no end of hearers. When his story is a gladsome one, and he is able to bring news of health and strength to those who are weak and broken down, he finds millions ready to listen. Such is my story. It is full of truth and overflowing with tidings of New Strength, New Manhood for Men.

DR. SANDEN METHOD.

The Grand Invigorating electric current is given to the weakened nerves and parts, and fills them with youthful energy

DR. SANDEN ELECTRIC BELT

does this naturally. I know that the foundation of all manly strength is Electricity, and that electricity at once will renew the Vigor of Youth. I have applied it for the past thirty years and have cured over 7 000 in 1899. Every town and city knows my cures. My illustrated book, "Three Classes of Men," which I will send free of charge, sealed, in a plain envelope, tells of many grateful men who were cured by my Belt after everything else had failed.

These Belts cure at once and for ever, Nervous and Sexual weakness, Pains in the Back and Limbs, Rheumatism, Kidney and Stomach troubles, Varicocele, Losses and Drains of Vitality. To any one living in or nearby the city, I solicit a personal call. I will be found in my office during hours, where I offer Free Consultation. I am pleased to give any man as much time as he asks for.

It is a pleasure to show a genuine article like the Dr. Sanden Electric Belt. It isn't necessary for you to buy. Do that only after you are thoroughly convinced as to what the Belt will do. I am willing for my appliance to stand solely upon its merit, upon that which it has done and is doing to-day. To those who live at a distance write for my free book—it explains all. I answer all letters personally, diagnosing accurately by mail. Write or call to-day.
