Paint! Paint! Paint!

That is the question, whether it is better in the end to suffer the sorrow and disappointments that poor paint will bring, or at the start provide the best that can be bought and end it there. There is but one best, and that is Ramsay's Union Paint. With paint you will need Brushes, and perhaps Varnishes. These and all painters' supplies are to be had at

FACTS.

It is a well known fact that most patent medicine "ads" are fakes, but since introducing

DR. HALL'S RHEUMATIC CURE the proprietors have adhered strictly to the rule of publishing none but genuine testimonials.

MR. CHAS. SUDDS.

"You are at perfect liberty to use my name if it will be of any benefit to rheumatic sufferers," writes Mr. Charles Sudds (farmer), Simcoe Island. Mr. Sudds says that he suffered untold agony with rheumatism for eight years. The disease affected him in the back, hip, and down the sciatic nerve. The pain and loss of sleep he experienced made life not worth the living He might as well have taken so much water as the various other rheumatic remedies he tried. The truthful aspect of the testimonials in favor of DR. HALL'S RHEUMATIC CURE induced him to try a bottle, and he felt the effects of the first dose. He used half a bottle, and has not had a pain or ache since, although he had been a sufferer for eight years.

DR. Hall's Rheumatic Cure is put up in 50 cent bottles containing ten days' treatment. For sale by all druggists and dealers in medicine. The Dr. Hall Medicine Co., Kingston, Ont.

For sale at Wade's Drug Store.

COMMERCIAL MATTERS.

What is Going on in the Business World—The Market News.

Almonds have advanced about 2c. per lb. in New York.

The coal trade in the Lackawanna Valley is reported dull.

The New York post office did a business of $143,200,000 in 1899.

One of the big trust companies of New York will build a $300,000 sky-scraper at Havana.

The fishing industry of North Carolina yielded $1,000,0000 last year with no cost to the state.

The crop of Sicily almonds is not as badly damaged as at first reported. The yield will be fully up to last year's.

Secretary Gage, of the treasury department at Washington, reports that there will be a surplus of $70,000,000 for 1900.

A steamship is loading coal at Philadelphia for Genoa, Italy. This is the first coal ever shipped to Italy from America.

Cables from Constantinople state that owing to the continued unfavorable weather sowings of canary seed promise to be very light, and a very small crop appears to be certain.

Cable advices state no supplies of cloves in Zanzibar and no further pickings of this crop. The Dutch syndicate alone has bought 10,000 bales of the 1900 crop, of which picking will begin about September 1st.

Wholesalers report that the demand for canned vegetables, such as corn, peas and tomatoes, is, if anything, a little better than it was a week ago, although the quantities wanted are not large. The market appears to be still somewhat unsettled in regard to the future, and wholesalers are still refusing to place orders, notwithstanding that the association guarantees prices.

A Quiet Wedding.

Toronto Globe.

The death of Miss Michie, the bride's aunt, a few days ago, made of the wedding at "Westholme" yesterday, when Herbert Mowat, Q.C., and Miss Mary Skeaff were married, a very quiet family affair, instead of a church ceremony. Only the immediate friends and relatives were present. Rev. Armstrong Black, the bride's pastor, performed the ceremony, assisted by the father of the groom, Rev. Prof. Mowat, Queen's university. The bride, who was given away by Jack Skeaff, was attended by Miss Effie Michie, and George Biggar was groomsman. After the wedding breakfast Mr. and Mrs. Mowat left on a tour of the southern states.

A wire fence, with gate, has been placed at the foot of the stairs in the court house, leading to the judge's and barristers' rooms. This staircase has been for years used as a thoroughfare, and when justice Rose was here last month he suggested to sheriff Dawson that it be made more private.

Sumptuous is the only word to apply to the second cabin accommodation of the "Bavarian" and "Tunisian." Gilder-sleeve agent.

The Canadian chorus can now be heard in every pond and marsh. The croak of the frog is not unmusical at times.

GEN. WARREN IS RECALLED

THE WAR OFFICE WILL MAKE NO STATEMENT.

Boer Force Sent to Intercept a British Command—Statements Made Concerning Destruction of Johannesburg Mines—Little or no News From the Seat of War.

London, April 19.—It is said that a peremptory order for the return of Lieut.-Gen. Sir Charles Warren, the commander of the fifth division of the South African field forces, was cabled to South Africa this morning.

The war office declines to give any information in regard to the current reports that Gen. Warren has been recalled.

The Boers Disconcerted.

London, April 19.—The Bloemfontein despatches remain full of the trivial details, but are absolutely silent as to the future.

According to a despatch from Ladysmith, dated to-day, the Boers are much disconcerted by the present condition of affairs. Their fortifications and forces, numbering about 15,000 men, are spread over ridges in contemplation of a British advance through the Waschbank valley, north of Ladysmith, which has not been occupied.

The Boer patrols are very active and are constantly laying traps.

To Intercept The British.

London, April 19.—The report that a Boer force has been sent to intercept Gen. Carrington, who has arrived at Beria, Portuguese East Africa, is not thought to be of sufficient strength to cause anxiety. Weeks, however, must elapse before Gen. Carrington will be able to concentrate his force on the borders of the Transvaal or to approach Mafeking.

The Natal Mercury is responsible for renewed fears concerning the Johannesburg mines, printing accounts from newly-arrived refugees saying elaborate preparations for the destruction of all the Johannesburg shafts have been carried on under the supervision of the state mining engineer, who is alleged to have revisitioned all the copper wire in the town for the purpose of making connections.

Two Germans Punished.

London, April 19.—A proclamation issued at Cape Town to-day allows trading between Cape Colony and the occupied portions of the Orange Free State to be resumed.

A patrol of Cape police near Boshof yesterday captured two Boers, some oxen, waggons and two hundred head of cattle.

Two Germans, who recently arrived at Cape Town, have been sentenced to a year's imprisonment for having suspicious possession of one hundred rifles and six hundred cordite cartridges.

THE ANCIENT CAPITAL.

Prominent Business Man Missing—Leather Firm Gone Under.

Quebec, Que., April 19.—Another business man has gone wrong in the city and the whereabouts of a well-known agent in St. Roch's is unknown. The agent in question was secretary-treasurer of some benevolent societies and it is asserted that he has gone away with about $3,000.

Otta Ronaldo, the German heavy lifting champion, defeated E. Rosseau, of this city, by four points to two.

Messrs. F. Gourdeau & Frere, leather merchants of this city, have assigned. The assets are placed at $84,537, including the factory which is valued at $25,000, upon which there is a mortgage of $18,000, and stock in trade valued at $35,190, upon which the banque Nationale has collateral security for $33,000. The balance of the assets consist of two life insurance policies of $5,000 each and one of $1,000, and machinery, $4,758. The liabilities amount to $27,645, not including amounts which are guaranteed by collateral securities.

It was decided to sell the metropolitan grounds which have been run at an annual loss of $800.

Railway Should Pay It All.

The subway committee of the city council conferred last night with a committee of the county council. There were present aldermen McLeod, Toye and Craig, and county councillors Toner, Reynolds, Avery, Fair, Miller, Wright and Spoor. Alderman McLeod presided. After some discussion it was decided that, as the members of the county council were already in correspondence with the railway committee of the privy council, that they had better keep in touch with said privy council, and appoint a deputation to go to Ottawa in the matter; and that the committee of city council recommend to that body the advisibility of appointing a deputation to accompany the county council deputation, and urge that the G.T.R. be obliged to build the subway at its own expense.
