Many a Lover H[illegible]s

turned with disgust from an otherwise lovable girl with an offensive breath.

Nothing so easily disturbs the delicate balance of love. A refined girl turns away from a young man with a disgusting breath. [illegible] know [illegible] being more difficult to endure than a bad breath in another. The strangest fact about it is that the person who has it is not aware of it. Foul breath is caused by bad digestion. My friends, you who suffer from indigestion, just realize that your condition is. Your food ferments and decays, filling you up with impurities and noxious gases, which hasten forward age and decay. Any practised eye recognizes your condition by your dull eyes, with their yellowed whites, your muddy skin and pimples, unwholesome lips and fetid breath. Try Karl's Clover Root Tea, and see if you will not feel new life surging in your veins! Your eyes will brighten, the whites clearing up and the iris sparkling; your headache and your pimples disappear—and why? Because you are all clean within!

Messrs. S. C. Wells & Co., 28 Colborne St., Toronto.

GENTLEMEN: I used three packages of Karl's Clover Root Tea with eminent success. My face was covered with red pimples, my complexion was yellow and skin oily, caused, I believe, by being chronic constipation. I entirely recovered, and now have a clear, brilliant complexion.

COMMERCIAL MATTERS.

What is Doing on in the Business World—The Market News.

Private mail advices from the coast state that it is hardly probable that prices on California canned fruits will be made much before the middle of June.

The American electric telephone company has been incorporated under the laws of New Jersey with a capital of $3,000,000, of which $1,000,000 is six per cent. non-cumulative preferred stock.

According to the agreement made with the American linseed company the British linseed company will give one hundred shares each of common and preferred for eighty shares of new stock and $2,000 cash.

Lyle's figures on the government crop report of 367,272,000 bushels winter wheat are generally regarded as the closest to the facts, as his figures are obtained by comparing May conditions and not harvest results with May conditions like the "official" figures.

The Illinois crop report makes ninety per cent. condition of wheat in the northern part of the state, eighty per cent. in central and eighty-three per cent. in the southern, fourteen per cent. of area seeded by winter-killed, leaving 1,700,000 acres, 500,000 more than in 1899.

About the Azusa Valley and Pomona, Cal., the apricot crop is not as uniform as it ought to be. The Downey Champion says: "In some cases the fruit is uneven in size and uneven in distribution. Well-posted reanchers are predicting $30 to $35 a ton for the fruit fresh."

Cheese Markets.

At Utica sales were made at 9⅛c. to 10⅛c. White sold highest.

At Stirling sales made at 10c. to 10⅛c.

At Peterboro 9⅞c to 9¾c. was accepted.

At Picton small lots sold at 9 13-16c.

At Tweed 9 13-16c. was given for 465 boxes.

Matawatchan Matters.

Matawatchan, May 12.—Miss Tailor, our new school teacher, opened school on the 3rd. Those on the sick list are on the mend. William Hunter has returned from Renfrew. A little girl baby has arrived at the home of John Ferguson, jr. William Strong is continuing his studies at Wensley school. W. Wilson lost another horse. Visitors: O. Gorr, at D. Carswell's, jr.; Miss Lizzie McDonald at W. Jackson's; T. Joyce, jr. at A. McLellan's; Mrs. A. McPherson's, sr., at Mr. Carswell. Our cheese maker has arrived. We expect the factory to start soon. Water is very low in the creeks. One drive is stuck.

A Change Agreed Upon.

Lieut.-Col. Montizambert, D.O.C., was seen this afternoon with reference to the proposed change in line of march on queen's birthday. He consented to reverse the parade, so that the troops would leave the market square in a body in the morning, go out King street to Barrie, to Princess street, thence to the fair ground, returning by way of Princess street.

Want Their Wages.

The building committee of St. George's cathedral is again in trouble. At noon to-day all the carpenters employed in restoring the cathedral went out on strike, awaiting payment of two weeks' wages, which they should have received on Saturday last. They had been promised their pay from day to day, but it did not come forth.

FOREIGNERS WITH BOERS.

FIVE HUNDRED FRENCHMEN FIGHTING AGAINST BULLER.

Buller's Forces Are Advancing and May be Now in Newcastle—Handing in Their Arms—Boers Killed or Prisoners at Mafeking.

London, May 17.—A Dane who was captured by the South African horse says that there are 500 Frenchmen with the Boers opposing Gen. Buller, together with many Germans and other foreigners.

The Ladysmith correspondent of the Telegraph says that only one Boer was shot in the movement which resulted in the taking of Helpmakaar.

The war office has received the following despatch from Gen. Buller:

"Dannhauser, May 17.—The second division has reached Dannhauser, and I hope that my advance patrols are at Newcastle. The fifth division is echeloned from Elandslaagte to Glencoe, repairing the railroad. The fourth division is at Sunday River drift on the old Newcastle road. Several Natal farmers are handing over their arms. All reports agree that about 7,000 of the enemy passed north very hurriedly May 14th and 15th.

What Roberts Reports.

London, May 17, (2:18 p.m.)—The war office has received from lord Roberts the following despatch, dated Kroonstadt, Wednesday, May 16th:

"Rundle yesterday occupied Mequatling's Nek and Modder Poort without opposition. Hunter has entered the Transvaal, and has advanced within ten miles of Christiana. Methuen has reached a point twelve miles on the Hoopstad road without seeing the enemy. Natives and local whites have confirmed the previous reports of the disorganization of the Free Staters. The situation here is unchanged."

Puffing The Americans.

London, May 17.—A despatch from Vredefortweg without date, via Lorenzo Marques, May 16th, says: "Some American scouts before leaving Kroonstadt Sunday morning set fire to the goods sheds after having had trouble with the British residents.

Hazell's American scouts have suffered more heavily than any other corps during the war. In the past six weeks out of a force 100 strong they have lost eighty-seven killed, wounded or captured. Their storming of the British position at Tobaberg was grand. They simply wiped out the detachment, holding the post and captured Capt. Cheyne and six men.

"Melan's cavalry added to their laurels last week, but lost heavily in proportion to the burghers. It is believed that Blake's Irish corps, captured at Kroonstadt, were ordered to retreat, but remained drinking the rum left by the commissariat."

Killed Or Prisoners.

Cape Town, May 17.—A despatch from Lorenzo Marques, dated to-day, says that commandant Eloff, a grandson of president Kruger, with a patrol, entered Mafeking. Col. Baden-Powell opened fire on the burghers, killing twelve of them and taking Eloff and ninety of his men prisoners.

Officially Announced.

London, May 17.—It is officially announced that Gen. Hunter has occupied Christiania, on the Vaal river, in Transvaal territory, without opposition.

Full Of Dramatic Interest.

London, May 17, (3 p.m.)—The closing days of the drama at Mafeking have been marked by intensity of dramatic interest as unexpected as it is out of proportion to the forces engaged. The news that the half famished garrison was able not only to repel an attack, but also to inflict such heavy loss in killed and prisoners, as reported in the despatch from Cape Town, announcing the capture of commandant Eloff, the grandson of president Kruger, and ninety of his men, makes Great Britain more than ever proud of Col. Baden-Powell's little band and increases to a fever pitch the national desire for their relief. Lord Roberts and his large army at Kroonstadt and Gen. Buller's thousands forging over the Biggarsberg range are almost entirely forgotten. Every one is thinking or talking of Mafeking and the latest exploits of its defenders.

There was considerable speculation as to what Col. Baden-Powell would do with his ninety prisoners, and whether the victory has not so depleted his force as to render him open to annihilation in the event of another attack by the superior Boer numbers. But Lorenzo Marques already hears rumors that they have cut off the relieving column. According to general opinion news of the termination of the desperate struggle between the besieged and besegers must reach England before to-morrow.

Gen. Buller is making great progress in recapturing the railway and driving the Boers out of Natal. His occupation of Dannhauser shows that he is meeting with little resistance on the part of the burghers.

Lord Roberts is still gathering his forces to strike the Vall river.

Asking For Advice.

London, May 17, (3.33 p.m.)—The war office has received the following despatch from lord Roberts:

"Kroonstadt, May 17.—Hunter has occupied Christiana without opposition, the enemy having retired to Klerksdorp under the impression that the latter was threatened by a portion of this force from Parys.

"Rundle's force was close to Clocolan, south-west of Ficksburg, yesterday evening. The country was cleared of the enemy. The resident commander in Basutoland reports that a number of Boers living in the Ficksburg and Bethlehem districts have applied to him for advice and as to the conditions of surrender. This is very satisfactory."

The son of the duke and duchess of York, born March 31st last, was christened Patrick, in the private chapel of Windsor castle to-day, in the presence of queen Victoria, the prince and princess of Wales and other members of the Royal family.

This morning a K. & P. train struck a cart on the track near Anglin's crossing. The obstruction was smashed to pieces, and the horse knocked down, but not injured. A freight car was derailed by the collision.

Sir Wilfrid Laurier may run against Mr. Lariviere in St. Boniface at the next election.

THE DISTRICT MEETING.

The Laymen in Attendance—Increase in Membership.

The adjourned Methodist district meeting opened in the Queen street Methodist church this morning with prayer by Rev. George Rogers and Abraham Shaw, and a scriptural reading (Romans XIII.) by Rev. E. B. Lanceley. Rev. W. T. Brown was appointed statistical secretary. These lay delegates from the various charges reported, only three or four others being absent: Sydenham street church, A. Cunningham and A. Shaw; Queen street church, R. Meek and R. Crawford; Brock street church, T. R. Carnovsky; Princess street church, J. J. Gardiner; Portsmouth, R. D. Anglin; Stella, S. K. Uglow; Wolfe Island, E. E. Woodman; Cataraqui, Thomas Sprole and P. E. Ward; Inverary, A. Ritchie; Battersea, W. J. Anglin; Gananoque East, R. Wilson; Pittsburg, N. W. Darling; Harrowsmith, Alfred Hunter; Sydenham, F. M. Lawson; Seeley's Bay, John Willoughby; Verona, E. M. York; Sharbot Lake, T. B. Campbell; Tichborne, G. H. Pearson; Opinicon, Ira Darling.

The reports of the receipts and expenditure of each circuit and mission in the district were presented, but as the financial returns have not yet been tabulated no statement can be given. A considerable increase in membership during the past year, was reported.

The Delegates Chosen.

This afternoon's session commenced at two o'clock, and the election of delegates to the standing committees of the conference was immediately proceeded with. The following delegates were chosen: Stationing committee, Rev. George Rogers, Sydenham; Sunday school committee, Rev. Thomas Brown, Seeley's Bay, and Robert Meek, Kingston; Epworth league committee, Rev. E. R. Kelly, Harrowsmith, and A. Shaw, Kingston; sustentation committee, Rev. Manley Benson, D.D., Gananoque, and F. M. Lawson, Sydenham.

Shortly before four o'clock the laymen proceeded to elect their delegates to the Montreal conference which meets in Gananoque the first week in June. They will elect as many delegates as there are ministers. No other business of importance was before the district meeting this afternoon.

F. J. Scott, at 9 13-16c.—Glenvale, Collins' Bay, Cornflower.

Inspector Bensley reported having visited five factories.

Superintendent Hart, of the dairy school, offered to test the thermometers in use in every local factory.

Several members asked to have the report of the auditors brought down.

The board will meet next Thursday, at twelve o'clock sharp, for transaction of routine business.

Scarlet Fever In The Country.

Verona, May 15.—The remains of Mrs. Deyo, relict of the late Sylvanus Deyo were buried on Sunday. She was about eighty years of age. The cheese factory is receiving a good supply of milk this spring; the work is under the direction of John Pennock. The annual meeting of the Epworth league was held last week, when officers were elected for the coming year. Several new members were received. The outlook is very promising. Since the removal of the dam at Petworth, the water has lowered in his vicinity very much. This spring has been quite different from former years in this respect. The weather has been quite favorable for spring work, and farmers are nearly through seeding. Severe frosts have injured the meadows, and may make pasturage short. James McMillen is home from Chapleau, and will likely remain for a month. Several cases of scarlet fever are reported in the village. The doctors are kept busy. Rev. James Elliott, B. A., of Kingston, gave a very profitable address to the young people at the Methodist church on Thursday evening. Several farmers have lost good cows this spring. The celebration at Kingston on May 24th, is likely to attract many from this section. At the quarterly official board meeting of the Methodist church, Rev. George Stafford and J. Moorhouse were unanimously invited to remain in charge of the work for another year. Samuel Irish is erecting a fine addition to his house, and Samuel Revell is at work enlarging his dwelling. Dr. Claxton is painting one of his houses on Main street, and R. A. Jackson, at the new hotel, is improving the outside with paint. Wesley Burly, Edward Fallen and Edward Curl went to Sharbot Lake this week, and may remain some time at work on the railway.

An Old Land Mark Gone.

Ernesttown Station, May 15.—Another old land mark is gone, in the person of Mrs. Rhoda Hamm, relict of the late Benjamin Hamm. She died at the residence of her grandson, near Odessa, where she had gone on a visit. Her funeral occurred last Wednesday at the Union church. The pall-bearers were her two sons, Norman and Frederick, and two grandsons, Arthur and George Hamm. Three sons and two daughters survive: Norman and Frederick, of this place; Charles, of St. Louis; Mrs. Hooper, Toronto; and Mrs. Shaver, Chicago. Housecleaning is all the rage. Rain is very much needed; the showers seem to pass us by. Sunday school is organized for the season at the Union church. B. Hamm, B.A., left last week for Connaught, Ohio. Miss Edith Kilgannon is visiting friends at Newburg. Mr. and Mrs. Frank Smith, Westbrook, spent Sunday at James Doyle's. Mrs. James Woodham's, Napanee, spent a few days at Nicholas Amey's last week.

BOER DELEGATES FOOLED.

SPY OVERHEARD THEIR CONVERSATIONS.

Pretended He Was a Boer Sympathizer—What They Said—American Residents in South Africa Warn the United States.

London, May 17.—The Daily Express publishes a three-column New York special, by Frank O'Connor, who crossed the Atlantic with the Boer delegates, under pretence of being an Irish-American and a Boer sympathizer. Mr. O'Connor understands the Dutch language, and claims to have overheard much private conversation of the delegates. One of them, Mr. Wessels, is reported by O'Connor, to have said that it would never do for the British to know that the Boers were really in the last extremity, or for them to know that the delegates were thinking of staying in America.

Mr. Fischer blamed Cecil Rhodes for bringing on the war, and he held that Sir Alfred Milner was sent to South Africa to prepare for the spoilation of the Boer republic, by force if necessary. The franchise ruse was all humbug. The delegates told O'Connor how disappointed they were that Cape Colony and Natal did not assist the Boers. Schriener had deceived them and was loyal to Britain. Their mission was to get the friendly help of the United States, but if they failed the Boers would still not give in.

A number of influential Americans residing in South Africa are sending an open letter to the American national political conventions, and to the American people. They frown down the pro-Boer agitation in the United States, and urge that their native country assume a strictly neutral stand. These Americans point out that Britain is in the right.
