ARTILLERY IN TRAINING

INSTRUCTIONS ISSUED FOR ANNUAL ENCAMPMENT.

Officers of Batteries Will Have Actual Military Maps of Grounds on Which Tactical Exercises Will be Executed.

Lieut.-Col. F. G. Stone, inspector-general of artillery, has issued instructions respecting encampment and a programme for the training of the field batteries this year, which will take place under the brigade system at Deseronto artillery ranges. An elaborate typographical map of the ranges has been prepared by the staff and copies have been distributed to commanding officers in advance for their information. The map is prepared from actual military surveys made on the grounds, and shows contours of elevations at five-foot in width, streams, bridges and natural characteristics of a section of country about six miles in length by two miles in width, and has been most creditably executed. The syllabus is prepared on a basis of nine working days for each battery (one Sunday and dates of arrival and departure omitted); the 7th, 8th and 9th days being arranged for the advanced tactical training to be practised on the Deseronto ranges, and thus a great saving of expense will be affected as well as better results obtained by having this part of the work executed during the period of annual training, with whole batteries present driven by their own horses and drivers instead of being done by representative squads of twelve men each in a special September camp and under difficulties too numerous too mention.

The camp at Deseronto will be standing for four weeks or longer, with a specially selected staff, and during that period two brigades from Ontario will be trained, and, if possible, several maritime province batteries.

During the encampment of each brigade special excursion boats will run to the Thousand Islands, Belleville and the Murray canal.

Camp standing orders of efficiency, examination questions for officers and non-commissioned officers are being printed and issued from headquarters at Ottawa.

Go At Once To The Root

Of the evil; doing by halves makes waste, half the energy expended by mankind. Why should you trifle with disease? When indications are given that something has gone wrong, make the restoration of normal conditions the real, not incidental business of life. Few curative agents have equalled Hamilton's Pills of Mandrake and Butternut, compounded of purely vegetable substances, on scientific principles and beautifully sugar-coated. They constitute the most certain, safe and pleasant family medicine in existence. Try Hamilton's Pills of Mandrake and Butternut. Sold by all dealers in medicine.

Senator Clark Doesn't Buy A Duke.

New York, May 30.— Miss Katherine Stauffer Clark, daughter of ex-senator Clark, of Montana, was married Monday, in St. Thomas' church, to Dr. Louis Rutherford Morris. Miss Clark surprised society by the simplicity of her trousseau. Dr. Morris and his bride go to Paris. Miss Clark already has a fortune of $60,000,000 in her own right.

A number of flags are floating at half mast at Collins' Bay, out of respect of mayor Minnes' father and William M. Drennan, Both were very popular and had many friends in the Bay, who mourn the sad loss.

Two Cases Of Piles.

That Defied Every Treatment and Caused Intense Misery Until Permanently Cured By

Dr. Chase's Ointment.

A worse case of piles than the one recorded here would be difficult to imagine. In vain was the search for a cure, and the victim endured intense misery from the terrible itching and burning.

Mrs. James Brown, of Hintonburgh, a suburb of Ottawa, states: "I have been a constant sufferer from nearly every form of piles for the last 20 years, and during that time both here and in the old country have tried almost every remedy.

"I am only doing justice to Dr. Chase's Ointment, when I say, I believe it to be the best remedy obtainable for bleeding, protruding piles.

"I strongly recommend Dr. Chase's Ointment to mothers or, indeed, to any person suffering that dread torment—piles."

Besides absolutely curing any form of piles, Dr. Chase's Ointment is a quick and lasting relief for the itching to which women are subject and positively cures eczema, salt rheum, and all kinds of itching skin diseases. It is of simply incalculable worth in every home.

Another interesting case was that of Mr. Joseph Jackson, of the Laurie Spool Co., St. Alexis des Monts, Que. Here is a copy of the letter received the other day from Mr. Jackson, wherein he gratefully acknowledges the unusual merit of Dr. Chase's Ointment. Mr. Jackson says:

"You can put my name to any praise you can give to Dr. Chase's Ointment for it has done me the most good of any medicine I ever used. I have been troubled for two years with bleeding piles, and after using Dr. Chase's Ointment I can say that I am entirely rid of this miserable disease. I must say that Dr. Chase's Ointment is a treasure for all persons suffering with piles."

False modesty prevents many from seeking advice or submitting to a local examination by a physician. Then, besides, there is the dread of the surgeon's knife, the only means which many doctors use to cure piles.

Before the discovery of Dr. Chase's Ointment there was no reliable cure for piles, no cure that would absolutely cure any case of piles, whether itching or protruding piles.

To-day nearly everybody in Canada and the United States, and very many in Europe, know of Dr. Chase's Ointment as a cure for piles.

It is a wonder of medical science, which has been frequently imitated, but never successfully. 60 cts. a box at all dealers or Edmanson, Bates & Co., Toronto.

WAYSIDE NOTES.

Seen At A Distance.

Washburn, May 25.— The worm plague is very bad on fruit trees now. Nearly every one went to Kingston yesterday to see the grand sights. Those who stayed at home did not miss it all, as the sky rockets could be seen quite plainly. A number attended the funeral of Mrs. Todd, Pine Hill, last week. Miss Weir, teacher, returned to her Kingston home on her wheel, Wednesday. J. Weir lost a valuable cow last week. Joseph Hitchcock is getting better. Hugh Scullion is on the sick list; he is stopping with friends in Kingston.

Accident To A Lad.

Calabogie, May 29.—Carswell's mill began work on Monday. We are all glad to hear the whistle blowing once again. A few of our young people spent the 24th in Kingston. Little Rossie Steele had the misfortune to cut his foot badly while playing with an axe. Miss Mary Brydges is very low with inflammation. We hope to hear of her speedy recovery. Dr. Spankie has visited our school and reports it in a prosperous condition. There is some talk of building a new school at the village. The afternoon of Empire day was devoted to patriotic work in the school. In honor of our great and noble queen's birthday a large crowd assembled at the station, and boarded the train for Kingston, where they enjoyed the day very much. Another crowd, conducted by Messrs. Campbell and J. Kirkham, spent the day most enjoyably upon Crutch lake. Isaac Laffiner is on the sick list. Miss C. Laffiner leaves to-day to visit friends across the line. Visitors: Miss Maggie Campbell, Kingston; Mr. St. Denis and Mrs. Kirkham, Mississippi.

Gave A Concert.

Morton, May 29.— Rev. Mr. Bryan and Mr. Cummings, appointed to visit our people re century fund, were with us on the 14th and 15th. They were very successful, realizing more than they anticipated. The Hornerites are expected here this week. J. C. Judd is in Toronto. The 24th passed quietly, many going to Jones' Falls. Miss McLean and pupils treated the villagers to a concert on Empire day. The teacher and scholars acquitted themselves very creditably, rendering patriotic recitations, songs and music in fine style. A. Scott and daughter are to leave to-morrow morning for Manitoba. We sincerely hope that Miss Lizzie will soon be restored to her usual health. Mr. Gibson, Methodist student, paid us a short visit on the 24th. Mrs. Bolton and Mrs. Forster were visiting at Mrs. Manual's, last week. James Somerville, jr., who had his collar bone broken last week, is progressing favorably under the care of Dr. Gardiner.

Westport Waftings.

The Merchants' bank are refitting the Webster block preparatory to removing their offices there. Mrs. Elias Myers, of Pelosky, Mich., is visiting her father, Thomas Sawdon. A. Charbonneau is making extensive improvements to this residence on Concession street. It was with feelings of deep regret that the citizens heard to-day of the sudden death of P. Curtis, of Kingston township, for many years a resident of this place. Mica mining in this district is enjoying a decided boom this season, among the richest finds being those made by Clark Bros. E. G. Adams is improving his residence. Dr. A. Tinkess, of New York, is in town, the guest of Dr. Berry.

The Methodist church, Dulcemaine, is being repainted and services are being held in the Presbyterian church, Sand Bay.

Kepler Happenings.

Kepler May 29.—A large number from this neighborhood spent the 24th in Kingston and were well pleased with the day's attractions. The military parade, in the morning, was especially worthy of note. The local volunteers are preparing for annual training at Barriefield the last of June. Farmers are busy planting corn and a very large quantity is being sown. Both our cheese factories are filled to their utmost capacity just now, as the rush of milk is very great. On Sunday Rev. C. Freeman, of Elginburg, preached in the Methodist church here. The young ladies of the Kepler bicycle club had their weekly run on Saturday evening. Bicycle agents, S. Knight and F. Aykroyds are doing a flourishing business just now. Joseph Lawson and family, Elginburg, are preparing to move to Kepler in a short time. We are pleased to note that Miss Lillie Guess is gradually recovering her health again. That WHOLE WHEAT BREAD is the grandest article for human health that the present age has produced. It nourishes the blood, nerves and muscle, tickles the palate, pleases the senses, and sickness is unknown in the home which it enters, and the beauty of it all is that it is just as cheap as the inferior forms of bread.
