Real Estate and Insurance Exchange,
382 King Street.

Lincoln's Tablets

Are Not a Patent Medicine.

These Tablets are the latest production of modern medical science. They are the only reliable medicine known for the treatment and cure of all diseases of the Stomach, Bowls, Liver and Kidneys. They are infinitely superior to all pills or similar preparations containing gummy matter and chocolate compounds.

They are a positive cure for Indigestion, Heart Disease, Bright's Disease, Nervous Prostration and General Weakness; are a magnificent tonic, purifying the blood and give a good healthy appetite. To nervous and delicate women these tablets will prove a positive blessing if taken strictly according to directions.

Formula and samples sent free to any registered physician on application. Price, 50c. per box. If you cannot get them from your druggist, do not waste your money upon a substitute. The tablets will be mailed free to any address on receipt of price by H. F. Macarthy, Druggist, Wellington street, Ottawa, or from the company's office. Prepared only by

—THE—
Lincoln Medicine Co.,
50 Queen St., Toronto.

LOOK AT THE LABEL.

Before you place confidence in an untried remedy, look at the label. Any one remedy advertised to cure both constipation and diarrhœa, two directly opposite conditions, you may be sure is good for neither, and you can safely brand it as catch-penny goods. Dr. Hammond-Hall's English Toothing Syrup is advised for but one condition, viz: to Comfort Crying Children during the painful process of teething. It does not purge, gripe, nor sicken; contains no narcotic, no opiate, no alcohol, sugar nor hurtful drug. It cures wind colic, teething rash, fever, diarrhœa and irritation, inflammation, and restlessness of infants while cutting teeth. Do not be without a bottle of ENGLISH TEETHING SYRUP. The safest and most reliable. Price, 25 cents, OF ANY DRUGGIST. (42 520)

WATER WORKS COMMITTEE

MORE CLAIMS MADE FOR DAMAGES.

To Lay New Water Mains—One Petition Withdrawn and No Action Taken on Another—Want Three Year Contract Signed.

Chairman Kent convened a meeting of the civic committee on water works yesterday. Those assembling were: Chairman Kent, Alds. Toye, Cunningham, Walkem and McCartney.

Margaret Brophy informed the committee by letter that she would not accept $120 in settlement of her claim for $150 for damages caused by the recent bursting of a water main in Wellington street; she must have $150. She further billed the committee for $12 for the digging of a sewer.

Chief Youlden, of the fire department, informed the committee that a tenant moved out of petitioner's dwelling on account of its dampness, caused by the flooding through bursting of water main, and refused to pay rent for the month of April. He wanted the committee to settle the amount, $10.

The Bell telephone Co. sent the committee a blank form to fill in, guaranteeing to use telephones now in use for three years.

All these three communications were sent on to the council to be first dealt with there.

P. A. Moucrief and others petitioned for water service in Pembroke street. The signers agreed to pay one rate and one-half towards cost of the improvement. Ald. Cunningham, acting for owners of Roselawn, agreed to pay double rate to have the service extended to that dwelling. The total cost of the work, to reach Union street, will be $1,090. Chairman Kent stated that if all the property owners had signed the petition only the usual rate would have been charged.

The petition was granted on motion of Alds. Walkem and Cunningham.

A petition for a water service in Roselawn was withdrawn at the request of Ald. Cunningham.

Robert Smith agreed to pay $8 per annum for water service in Lansdowne avenue; the cost of the work will be $100; Mr. Smith is the only citizen benefitted. Granted on motion of Alds. Toye and McCartney.

It was decided to recommend no action on the petition of Nance Glover and others, asking for construction of water service in Victoria street, between Princess and Johnston streets. The outlay to put in such service would be $1,350 and the guaranteed income for three years was only $41.80.

New Hose Tests Well.

At the meeting of the fire and light committee, held yesterday afternoon, in the city engineer's office, the following were present: Chairman Shaw, Messrs. Cunningham, McLeod, Webster and chief Youlden. Several accounts were considered and passed. The only other business before the committee was the supervision of the testing of the new Peerless hose, manufactured by the gutta percha rubber company, of Toronto. The new hose is 300 feet long, costs eighty cents per foot and is guaranteed to stand a pressure of 450 pounds. It was tested up to 400 pounds by chief Youlden, at the lower station, and stood the pressure exceedingly well. It did not leak a drop, either in couplings or elsewhere. The general pressure on hose during use at a fire is from forty to eighty pounds. When the fire engines are put to work the pressure goes up to 350 or 380 pounds. The chief and members of the committee were well pleased with the result of the test.

Extend Hospitalities.

No move has yet been taken towards an excursion for the entertainment of the officers of the militia camp. Kingston will have to redeem itself on this occasion and since individuals are slow in acting why cannot the 24th of May committee take action and appropriate a portion of the surplus, say $75, and engage a steamer for an excursion. The citizens could do the rest of the entertaining on board. The hospitalities of the city are serious obligations and have an important influence. Detroit and Buffalo make them one of their first considerations and these cities have friends all over America as a consequence.

Harsh, purgative remedies are fast giving way to the gentle action and mild effects of Carter's Little Liver Pills. If you try them, they will certainly please you.

WOMAN'S PLUCK WINS.

A Lady Who Cured Her Husband of the Liquor Habit Writes a Pathetic Letter.

She writes: "I had for a long time been thinking of trying the Samaria Prescription treatment on my husband for his drinking habits, but I was afraid he would discover that I was giving him medicine, and the thought unnerved me. I hesitated for nearly a week, but one day when he came home very much intoxicated and his week's salary nearly all spent, I threw off all fear and determined to make an effort to save our home from the ruin I saw coming, at all hazards. I sent for your Samaria Prescription and put it in his coffee as directed next morning, and watched and prayed for the result. At noon I gave him more, and also at supper. He never suspected a thing, and I then boldly kept right on giving it regularly, as I had discovered something that set every nerve in my body tingling with hope and happiness, and I could see a bright future spread out before me—a peaceful, happy home, a share in the good things of life, an attentive, loving husband, comforts, and everything else dear to a woman's heart, for my husband had told me that whiskey was vile stuff, and he was taking a dislike to it. It was only too true, for before I had given him the full course he had stopped drinking altogether, but I kept giving the medicine till it was gone, and then sent for another lot to have on hand if he should relapse, as he had done from his promises before. He never has, and I am writing you this letter to tell you how thankful I am. I honestly believe it will cure the worst cases."

A pamphlet in plain, sealed envelope sent free, giving testimonials and full information, with directions how to take or administer Samaria Prescription. Correspondence considered sacredly confidential. Address The Samaria Remedy Co., 28 Jordan street, Toronto, Ont.

Also for sale at Wade's Drug Store, corner of King and Brock Streets, Kingston.

A TERRIBLE AFFLICTION.

Tortured James Pethick, of Toronto, Until Timely Help Came.

In the Form of Dr. Arnold's English Toxin Pills—His Affliction Was Diabetes — Dr. Arnold's English Toxin Pills Cured Him After All Other Medicines Failed.

82 Duke St., Toronto, Dec. 16th, 1899.
Arnold Chemical Co., Limited.

Toronto,

Gentlemen:— For several years I have been a victim of that terrible affliction, Diabetes. All the special symptoms of the disease were present: Urination caused severe cutting pain; the urine was unnaturally dark colored; I suffered with intense headaches and with twitching of the nerves. The quantity of urine discharged was greatly increased; my lips were always dry; I was tortured by a perpetual and intense thirst; carbunckles broke out on my body, and I wasted to a mere skeleton, in spite of all the doctors could do. In despair I resorted to patent medicines, and tried one after another—to be disappointed by each.

My wife persuaded me, much against my will, to try Dr. Arnold's English Toxin Pills. I thank God, now, that she did so, for this wonderful, Heaven-sent medicine has cured me completely. I am to-day enjoying perfect health, and every organ does its duty thoroughly, as a result of my use of Dr. Arnold's English Toxin Pills.—James Pethick, (barber.)

The thousands of persons in Canada, who suffer with this frightful disease, Diabetes, will read Mr. Pethick's letter with genuine pleasure, for heretofore, every remedy has failed to cure it. Dr. Arnold's English Toxin Pills have proved themselves to be the one—the only medicine that will cure it. They cure it in the only possible way—by killing the germs that cause it. They are a positive cure—have never yet failed—cannot fail, because they remove the cause of the disease. A trial will convince.

Dr. Arnold's English Toxin Pills for weak people are sold by all druggists, large box, 75c., small box, 25c., or sent post-paid on receipt of price by The Arnold Chemical Co., Limited, Canada Life Building, 44 King street, west, Toronto.

PERSONAL MENTION.

Movements of the People — What They Are Saying and Doing.

Lieut. W. S. Hughes has been appointed in command of "B" company, 14th P.W.O. rifles.

Rev. Dr. Richardson was summoned to Montreal yesterday on account of the illness of his mother.

Canon Spencer left for Ottawa Thursday to attend a meeting of the executive of Anglican missions.

Superintendent Patrick Daley was called to Ottawa Thursday in connection with his duties on the Rideau canal.

Police constable Graham spent to-day at Collins Bay fishing. There will be some "tall" fish stories told next week.

"Chaucer" Elliott left this morning for Port Hope to catch for the baseball team of that city against the Lindsay team in a league schedule match.

The directors of the Kingston fair appointed the mayor, Edw. J. B. Pense and B. W. Folger to interview the county council for a grant, but these gentlemen declined the undertaking, feeling its utter uselessness.

The ladies of the Anglican auxiliary returned from Brockville yesterday, reporting a very successful annual session. Miss Smith and Miss Hamaguche, the welcome arrivals from Japan, came with them, and are guests of Miss Gildersleeve.

Capt. Lesslie is at Bombay, India, and Capt. Twining has been sent into the famine districts. These royal engineer officers, lately from Kingston military college, have been called upon for active and useful service at a critical and trying time.

SHOULD BE INSPECTION.

Sickness Caused by Diseased Meat —An Alderman's Views.

Regarding the claim of butchers that all meat exposed for sale within the city limits should be properly inspected by a paid official, an alderman points out, in support of this contention, that owners of many corner grocery stores and small butcher shops in the outlying districts purchase their meat supply from farmers. These small dealers are not expert judges of meat and are not in a position to select suitable meat to offer to the public. If there was a system of civic meat inspection or a license fee imposed for the privilege of selling meat, then the public would in a measure be protected. Not long ago he was in a house at noon when dinner was served and the family found it necessary to bury the meat that had been prepared for the meal; it was rotten and created an awful stench. Only a day or two afterwards a similar instance came under his notice; there was sickness in this house and bad meat was held accountable for it. In both these cases the meat was purchased from corner stores. This alderman is strongly in favor of the inspection of all meat, and also the licensing for the sale of it. Only by this means can the health of the public be protected.

MARINE INTELLIGENCE.

Notes Regarding the Movements of Vessels.

The schooner Pilot cleared for Deseronto.

The schooner Kate, from Oswego, is unloading coal at Sowards'.

The tug Thomson arrived from Oswego with two barges, coal laden.

The tug Maggie May and laden barge, cleared this morning for Seeley's Bay.

The schooner Acacia arrived this morning from Oswego with coal for Crawford & Co.

The steamer Alexandria, from Montreal, touched at Craig's wharf last night.

The schooner, Monitor, from Amherst Island, unloaded oats at Richardson's elevator this morning.

Accommodation Inadequate.

There is inadequate household accommodation at the county jail for turnkeys, and this is one reason why the second turnkey used the court house in which to sleep. It has been suggested that the county council build a residence for the jailor on the grounds fronting on Barrie street, and that the present house which the jailer occupies be used for the turnkeys.

Stower's lemon squash at Redden's.

INCIDENTS OF THE DAY.

PARAGRAPHS PICKED UP BY OUR BUSY REPORTERS.

The Spice of Every Day Life — What The People Are Talking About — Nothing Escapes Attention.

Stower's lime juice at Redden's.

H. Cunningham, piano tuner from Chickering's, New York,—Leave orders at McAuley's bookstore.

Next week Maj. Kent will likely take the 14th regiment for a route march to Lake Ontario park where refreshments will be served and fireworks set off.

The Barriefield golf links will suffer somewhat next week through their occupancy by the 3rd Dragoons and 4th Hussars.

The new hose is guaranteed to stand a pressure of 450 pounds, but there is no way of testing it above 400 pounds, at the local stations.

Prevost, Brock street, has the most up-to-date goods of English and Scotch tweed suitings, venetian, clay, worsteds, serges and spring overcoatings. A first class fit guaranteed.

The police say that the crowd which assembled in Macdonald park Thursday night to hear the 14th regimental band was the largest assemblage that ever gathered in a local park.

The most popular tea in town and deservedly so is our "Special Blend." It is a good tea at a low price. Jas. Redden & Co.

Quite a number of people went to Odessa to-day to hear the addresses at the Catholic picnic by Sir Charles Tupper and others. Dr. Walkem was chairman of the deliberations.

The new milk by-law was to-day put into the hands of dairymen. The by-law is much shorter and more concise than the old one was. Commissioner Gordon distributed the copies.

The chilly atmosphere of last evening drove the people home from Lake Ontario park at an early hour. Many private picnicking parties were out there in the afternoon and early evening.

That tired, languid feeling, and indisposition to effort of any sort will be rapidly removed by the use of Miller's Compound Iron Pills. Sold by E. C. Mitchell.

It is likely that the city council at its next meeting will formally adjourn for the customary summer holidays. A special meeting will be summoned if necessary, to put through the smelter by-law.

Thursday afternoon a Jersey cow became "mired" in a mud hole at the corner of College and Union streets. A number of penitentiary guards assisted by other citizens rescued the poor beast. It was buried to its lips.

"Your friend, Mrs. ———, is looking much improved in health. Yes, we persuaded her to try Miller's Compound Iron Pills with the result you observe. Sold by E. C. Mitchell.

The members of the local carpenters' and masons' unions will complete repairs to the house occupied by William Maiden, who was injured a night or two ago by falling from the roof while engaged in shingling.

"North King" leaves Swift's wharf, Sunday, 9 a.m., for Gananoque, Rockport and Alexandria Bay. Returning, leaves Kingston 6:30 p.m. for Charlotte and bay ports. J. P. Hanley, agent.

The insurance press of New York states that in 1899 payments of insurance claims in Kingston reached $76,188; Napanee, $15,700; Belleville, $8,195; Brockville, $13,080; Odessa, $8000, a total of $12,077,790 was paid in Canada.

Pain-Killer cures all sorts of cuts, bruises, burns and strains. Taken internally it cures diarrhœa and dysentery. Avoid substitutes, there is but one Pain-Killer, Perry Davis', 25c. and 50c.

The Trusts and Guarantee Company, Limited, 14 King street west, Toronto, have been appointed trustees of the estate of the late Senator John Simpson, of Bowmanville, who died some time ago, having left a will appointing David Fisher of the same town his executor. There is considerable real estate in Bowmanville and vicinity yet to be administered, and Mr. Fisher has requested the company to complete the administration of the estate.

Are you not well? Are you pale, weakly, depressed in spirits, melancholy, tired, nervous and irritable? Try Miller's Compound Iron Pills. Sold by E. C. Mitchell.

The assessor will soon be engaged in his yearly rounds taking the census of the city, and a big increase should be reported. But it is quite possible that the returns will not show this increase for the summer is the wrong time in which to take the census. The city council should consider this matter, and order the assessor to do this work, commencing on May 1st.

FOOD CURE.

Results in Change of Diet Are Wonderful.

"Good food, properly selected, will in my opinion, cure almost any ordinary disease. I want to tell you my experience and of my recovery by the selection of the proper diet. I am a business woman, very closely confined indoors, with considerable care and anxiety. Some time ago, I had a severe case of the grippe and after recovering from it, had a serious time following, as many people do.

"I was unable to get well until I changed my diet, leaving off Mocha and Java coffee and using the Postum Food Coffee in its place, and taking up Grape-Nuts breakfast food. This winter I have given both a fair and continued trial and the results are superb. I am restored to perfect health and strength, and as you claim, I have a 'reserve force,' bodily and mentally, that carries me through many hard places.

"I cannot praise the food too much, for it will, if used steadily, cure all disturbances of the system caused by the congestions la grippe is answerable for. A dish that contains the most powerful rebuilding elements, can be made as follows: hot milk brought to a boil, break in two fresh eggs and as soon as the eggs set, pour the boiling milk and eggs over some Grape-Nuts in a soup dish. No breakfast of meat can be so good.

"I use Grape Nuts in this way every morning and have no sense of lack of food all day. I have kept well and remarkably free from colds all winter, which I attribute to a fine condition of health, brought about by the use of the famous food and of Postum Food Coffee." (Grape-Nuts are perfectly cooked at factory and are usually served cold, with a little cream or milk.) Mrs. C. S. Woodward, 21 Grenada street, St. Augustine, Fla.

CITY AND VICINITY.

Don't Worry,

Young man because the straw hat season is here to stay. Your wants have been anticipated and as usual the best stock, lowest prices and exclusive styles await your selection at the big hat store of George Mills & Co., Wellington street.

A Resident Physician.

That's what you could rightly call Dr. Von Stan's Pineapple Tablets—for after all how few are the family complaints that cannot be reached and treated directly through the stomach. These wonderful little physicians—sixty of them in a box—35c.—heal all stomach disorders in old or young—incipient cases or chronic cases—they are pure and palatable. Sold by E. C. Mitchell.

'Twas An Interesting Session.

The sittings of the county council, just concluded, have been the longest in some years. On some occasions the council would sit for twenty minutes and then adjourn, but this week all the sittings have been of good length. What was expected to be an exceptionally quiet session, developed into a most interesting one in which the court house officials received some sound criticism and were told that they would have to behave.

County Councillor A Martyr.

On the invitation of warden Miller the members of the Frontenac county council attended the moonlight excursion to Clayton last night. One of the councillors, who wears expensive headgear, was a martyr to the amusement of his confreres. While sitting in a restaurant at Clayton with them, his coat pockets were filled with limberger cheese, and on the homeward trip the councillor wondered why people made wry faces when passing him.

What Should Be Done.

A recent visitor to Kingston in writing back of the pleasure of his visit, says his afternoon here was one of the pleasantest he ever had and the beauties and attractions of Kingston cheered him. He envies so handsome a city so near the doors of the Thousand Islands. If Kingstonians would only have spirit and faith in themselves and make Kingston attractive for strangers by a system of easy back routes and better hotel accommodation it would be a great help to all concerned.

Some Of The Answers.

Some of the young sprouts writing at the examinations for admission to the Royal military college gave some funny answers. One described zone as "a belt in the heavens to which are affixed the signs of the Zodiac." Another warlike writer intimated that the exports of Cape Colony were "Boer prisoners and British wounded!" The lad asked to describe Frontenac was short and sweet in saying he "was an iron-bound man." The Gordon riots were typically set off as "uprisings of Soudanese."

Jurors Beheld Themselves.

When the grand jury visited the general hospital Thursday the unlucky number (thirteen) were taken charge of by Dr. Third, superintendent, and the jurors speak in the most complimentary language of his treatment of them. He showed them the X-rays and permitted them to see the bones in their own hands and to see articles within a wooden box. The jurors also speak kindly of the solicitious manner in which they were looked after by the mother superior of Hotel Dieu, while they were visiting that institution.

To Read Sir Charles An Address.

It has been arranged that at the Odessa Roman Catholic picnic this afternoon Phillip Oswald, Regiopolis college, this city, will read an address to Sir Charles Tupper, on behalf of St. Bridget's church, Odessa. Sir Charles is expected to arrive at Ernesttown station at 1 or 1.15 p.m. He will be met by mayor Pruyn, Napanee; Uriah Wilson, M.P., and a committee. They will then drive five miles to the picnic grounds. The Kingston aggregation will leave here on the one o'clock train for Ernesttown, whence they will drive to the grounds.

Dyspepsia.

Much will necessarily depend upon the care exercised in the selection of food, which is all important to the dyspeptic. Hamilton's Pills may be used with the greatest benefit in cases where liver and bowel complications are produced by or are a result of dyspepsia. Commence with one pill every second day immediately after dinner, and reduce the dose gradually until one-quarter of a pill only is taken, which will be found sufficient to stimulate the liver and assist in the more perfect assimilation of food in the stomach. Dyspeptics, try Hamilton's Pills of Mandrake and Butternut.

May Not Be A Celebration.

There are many people averse to a holiday demonstration in the city on dominion day. It is not because they do not want to see the day honored and observed. They want a public holiday, with stores, shops, factories, etc., all closed, giving the employees a holiday. On nearly every holiday for some time now, celebrations have taken place, and clerks and other employees have never had a chance to enjoy the day. They think the merchants should be willing to let them have one day to themselves, and therefore think no demonstration should be made. Many of the merchants as well as other people, coincide with this opinion.

Not A Satisfactory Test.

With reference to the communication of the Kingston bicycle club, regarding the use of crude petroleum on the streets of Westmount, Que., as a dust layer, A. D. Shibley writes that the experiment has not been extensive and results do not point to any definite conclusion. About 200 feet of roadbed was sprinkled two months ago, but four weeks later a cutting was made through the street, which more or less disturbed the roadbed. Previous to that the street looked well and no dust arose from the oiled portion, but the effects of the oil have since almost disappeared. The light sprinkle was not sufficient to give an unclean effect, the oil being apparently absorbed at once; there was a strong smell which some persons found offensive. Westmount wheelmen made no complaint against the use of the oil, "but it must be remembered that most of them ride through the streets of Montreal daily, and, therefore, would be likely to ignore anything less definite than a stone wall across the road."

FROM CANADIAN WARRIOR.

TROOPER CHARLES McKAY WRITES HOME.

Tells of Two Battles He Passed Through—The Canadians Are Clearing Out the Boers—Kingstonians Meet on Field of Battle.

John McKay, leather merchant, has received a short letter from his son, trooper Charles McKay, C.M.R., second contingent on service in South Africa. The writer intimates that he held off sending word home until he had been under fire. The letter is dated at Zand river, May 8th, and proceeds: "We had our first 'go' at the Boers on the 5th inst. We captured their position and took one big gun; their casualties were estimated at eighty, while we had one man wounded only. Yesterday we had another meeting with the enemy, but they had too many big guns for us; we are now in camp waiting for some 'Long Toms' to come up; you may form some idea of the size of these guns when you know that it takes thirty-four oxen to haul each one. We form part of the colonial mounted brigade under command of Gen. Hutton. I came across Fred. Metcalfe a couple of nights ago and also met young Jack Sparks.

"Yesterday's action was a trap on the part of the Boers, well laid, but poorly carried into effect. They left some of their transports in the river bed and when we went to capture them, the Boers fired on us; luckily we halted to cut a wire fence, and had they not been so eager to fire on us, and allowed us to advance, they could have mowed down the whole force. We have not yet lost a man, although many have been wounded but not seriously. I expect that long before you receive this letter we will have passed through a big battle on our way to Pretoria; we expect that somebody will get hurt.

"I am sending you a little paper called the Pomeranian Sponge, published aboard the transport Pomeranian on our passage from Halifax to Cape Town. It was printed and edited by some of our fellows. Copies sold as high as $5 each and were scarce at that. The proceeds of the sale were devoted to the widows' and orphans' fund. The copy I am sending was published just as we crossed the equator. Our first trip through Cape Colony rather disgusted and discouraged the Canadian boys. There is nothing done there but a little goat and sheep farming. The Orange Free State in which we now are operating is much better."

The Pomeranian Sponge is a little eight by ten inch, four page sheet. The one which trooper McKay sent home was published on February 14th, St. Valentine's day, and contains this skit with reference thereto: "Steamship Pomeranian, carrying 'C' and 'D' squadrons, (northwestern men) of the 2nd battalion, Canadian mounted rifles; crossed the line at 7.15 p.m.; this is the 14th day of February, in the year one thousand, nine hundred. Canada's valentine to Kruger!"

Hockey At Dawson.

In a window of the Whig office is on view a photograph of the Dawson hockey team of 1899-1900, champions of the Yukon district. In the group are several who are well-known in Kingston—George Calvert and Randy McLennan, for instance. While Randy's ability as a hockey player is famous, it is the first intimation his friends have received of George Calvert being able to chase the disc, though he is well posted on the game. Besides these players there are included in the group: W. C. Young, Ottawa; C. G. K. Nourse, Winnipeg; E. E. Tiffin, Stratford; M. Marsden, London, Eng.; and P. C. Stevenson, Toronto. The team claims the championship of the Yukon because of having won from these "celebrities" in Arctic hockey: Alaska commercial company's team, the Alaska exploration company's team, the Yukon field force's team, the around town sports, the west Dawson Acicles, and the Moose hide Siwashes.

Queen's College.

It is probable a discussion may arise in the general assembly at Halifax, says the Toronto News, in connection with the request of the trustees of Queen's university that a committee be appointed to confer with representatives of the college as to the future relations that shall exist between the church and the university. It is understood that the trustees look forward to a constitutional change which would allow the theological faculty to be controlled altogether by a board of the assembly's appointment. This would mean the separation of the arts department from the theological, which naturally suggests that that master of statecraft, principal Grant, may have visions of Queen's college as a provincial university.

Fishers Complain.

Toronto Star.

The Ontario department of fisheries is in receipt of complaints from Kingston that while the Canadian law limits the catch of bass and prevents Canadians from exporting the fish, Americans living in American hotels on the St. Lawrence or on yachts can catch as many as they like and take them away.

Mr. Bastedo replies that these Americans are taxed a license of $5, but if he finds the alleged discrimination exists he will ask that the law be amended.

We like to hear doctors talk about how they treat people, when they get together.

SWIFT'S SCRANTON COAL

Heats best,
Lasts longest.

Jas. Swift & Co.

This is The Place

Where You Can Get What You Want In
HARD WOOD,
SOFT WOOD
and KINDLING.

P. WALSH,
55-57 Barrack St.

JUST COAL.

Just the right weight to the ton.
Just the right hardness.
Just soft enough to light easily.
Just hard enough to burn long.
Just the same price as is asked for inferior coal.

Booth's, FOOT OF WEST ST.

ISSUER MARRIAGE LICENSES.
DISTRICT AGENT OF THE SUN Life Assurance Company of Canada. GEO. A. BATEMAN, office Ontario Chambers, residence, 300 University Ave.
