YEARS OF AGONY.

RESULTING FROM SCIATICA IN AN AGGRAVATED FORM.

Many Nights the Sufferer Could Not Lie in Bed, and His Leg Was Swollen to Twice Its Natural Size.

From the Journal, St. Catharines.

John T. Benson, stationary engineer at the Ridley college, St. Catharines, is known by most of the residents of the city. For years Mr. Benson suffered acute agony from sciatica, and notwithstanding numerous forms of treatment, found little or no relief, until he began the use of Dr. Williams' Pink Pills. These pills speedily restored his health, as they have done that of thousands of others who have given them a fair trial. To the reporter who interviewed him, Mr. Benson said: "I certainly owe a debt of gratitude to Dr. Williams' Pink Pills, for they have released me from a form of torture that had afflicted me almost continuously for twenty years. The pain began first in my back, then shifted to my hip, and thence down my leg. It became so severe that it seemed as though the very marrow in my bones was being scalded, and at times I could scarcely repress crying aloud from the agony I endured. I tried all sorts of liniments and lotions, but got no relief. I doctored with several physicians, even going to Buffalo for treatment by a specialist there, but in no case did I ever receive more than temporary relief. It may be easily imagined that the pain I endured told upon me in other ways and I became almost a physical wreck. At times my right leg would swell to nearly twice its normal size. Then the pain and swelling would shift to my left leg, and the agony was something awful. I suppose that during the period I was afflicted I have hundreds of times had on my back on the floor with my foot and leg elevated on a chair in order to obtain slight ease from the pain I endured. The muscles and sinews in my legs looked as though they had twisted and tied in knots. The trouble went on in this way until finally nothing but opiates would deaden the pain. A few years ago I read of a cure in a similar case through the use of Dr. Williams' Pink Pills and decided to try them. For some time after I began their use, I could not see that they were helping me, but I decided that I would give them a fair trial. By the time I had used a half dozen boxes, there was a decided improvement in my case, and I continued the use of the pills until I had taken twelve boxes, when I felt my cure was complete. Several years have since passed and I have had no return of the trouble, so that I feel safe in saying that the cure has been permanent.

I may also add that my wife has used the pills for indigestion, headaches and dizziness, and has found great benefit from them. Words cannot express the great benefit Dr. Williams' Pink Pills have been to me, and I hope similar sufferers will profit by my experience."

Dr. Williams' Pink Pills cure by going to the root of the disease. They renew and build up the blood, and strengthen the nerves, thus driving disease from the system. If your dealer does not keep them, they will be sent postpaid at 50 cents a box, or six boxes for $2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

A TORONTO DRUGGIST

Cured of Catarrh by Japanese Catarrh Cure After Scores of Remedies and Physicians Failed, Says Japanese Catarrh Cure is The Only True Specific.

John Wylie, who has been for a number of years the well-known senior clerk for George Marshall, the leading east-end druggist, corner Queen and Berkeley streets, Toronto, writes: "When I say I believe Japanese Catarrh Cure the only cure for catarrh on the market, I believe I know just what I am talking about. I have been very badly troubled with nasal catarrh for a number of years. I have tried every remedy which I thought would do me good and also several doctors, but only received little temporary relief. After hearing several of our customers who had used Japanese Catarrh Cure speak so highly of it, I tried it. From the very first it gave me much relief, soon the dropping in my throat ceased, and now, after using in all four boxes of Japanese Catarrh Cure, find myself completely cured of this most disagreeable disease after suffering for years. Since being cured by Japanese Catarrh Cure, I have recommended it to some of our customers and know of several of them whom it has cured."

If you have catarrh don't go on experimenting until the disease has reached the lungs, get a box of Japanese Catarrh Cure and cure it now. Price 50c. Sold by J. B. McLeod, druggist, Kingston.

LETTERS TO THE EDITOR.

He Owns The Burial Ground.

Parham, June 15.—(To the Editor).—In your issue of June 7th regarding Parham cemetery, it was stated in correspondence that a writ was issued on David Goodfellow for not allowing interments. I never prevented anyone burying; there is a small gate for anyone to enter grounds at any time. I claimed the property and it was never vested in the municipal council, nor did I, as caretaker, ever bury a corpse in their name. As they refused to pay me as per agreement I fenced it and sold plots ever since in my own right and title. What the trouble was about recently was this: I enlarged the ground and built a wire fence around it, and have always kept it clean and neat. John Hamilton and George A. Smith came and locked me in the burying ground with my horses and men. I told them not to do so, but they persisted and locked me in. I smashed the lock. I told them I never knew a man's deeded property to be taken from him in that way before. It became vested right after twenty-six or more years peacable possession. No other man sold or did any business or work except under my supervision. The council did not have any jurisdiction. The township purchased land to bury individuals and paid me for it. I hold no claim on plots purchased from me, but I claim the right to keep the ground clean and right which has been my agreement and rule with the public. I have published letters heretofore which give full information.—DAVID GOODFELLOW, caretaker.

NAPANEE NOTES.

Surprised His Parents—Stricken With Paralysis.

Napanee, June 16.—John Webster had a stroke of paralysis on Thursday night, and his left side is paralysed. Thursday was his seventy-seventh birthday. The steamer Ella Ross carried a full load of pleasure-seekers yesterday on her second Friday excursion of the season. Mrs. William Hawley, Robert street, was agreeably surprised on Friday morning, when her son, William F., and his bride of Hamiota, Manitoba, walked in. "Willie," as he was familiarly called, kept the matter a profound secret since New Year's, and surprised and delighted his friends. He will spend a month with his mother and then return to his western home.

The residence of E. B. Hemstreet, Centre street, was the scene of a very pleasing event on Wednesday evening last, when his eldest daughter, Miss Viola May, was united in marriage to Henry Patchett, of Toronto. The ceremony was performed by Rev. Franklin Wood, uncle of the bride, assisted by Rev. C. Parker, Napanee. The bride was attended by her sister, Miss Lulu, and the groom by Dougall N. Houver, Picton. About forty guests were present and after the ceremony a tempting wedding supper was served. The bride was attired in a handsome gown of embroidered muslin and carried a bouquet of white roses. The presents were numerous and costly. Mr. and Mrs. Patchett will reside in Toronto.

James Bowerman, Toronto, was in town yesterday. He and his family will spend the heated term at Green Point. W. A. Rockwell has been appointed inspector and agent for the Sun Life assurance company for this and adjoining counties. Mrs. Silks, Salt Lake City, Utah, is visiting her brother, Wilson Sharp, Violet, after an absence of eighteen years.

Mr. and Mrs. John Sweeney, New York, are guests of Mr. and Mrs. J. P. Hanley. Mrs. (Dr.) Saunders, Kingston, is the guest of her sister, Mrs. (sheriff) Hawley. Strawberries took a drop yesterday to 10c. a box. The crop in this district promises to be very abundant and probably to-day will see them three boxes for twenty-five cents.

A GRATEFUL CONTRACTOR.

Spent Hundreds of Dollars to Obtain Freedom From Asthma — Was Permanently Cured by Clarke's Kola Compound.

Mr. Albert Dixon, contractor, Nanaimo, B.C., writes: "For nearly nine years I have been a constant sufferer from bronchial asthma, night after night having to sleep sitting up in a chair. I spent hundreds of dollars with doctors and remedies, but got only temporary relief. My druggist, Mr. Stearman, recommended Clarke's Kola Compound. I took in all five bottles of this grand medicine, and am to-day completely cured. I can now sleep well every night, and now play my instrument in the city band once more." This remarkable cure is also certified by Mr. F. C. Stearman, Phm.B., one of Nanaimo's leading druggists. Sold by all druggists, or by the G. & M. Co., Limited, 121 Church street, Toronto.

Inquisitive Dolly.

Dolly—"Do they tell the time by the Black Watch, father?" "Of course not, you silly child."

Dolly—"Father, do they get salt out of Salt Lake?" "Yes, Dolly, in very large quantities."

Dolly—"And ink out of the Black sea?" "Certainly not, miss. Now be quiet."

Dolly—"Yes, dad— are there any women in the Isle of Man?"

Really Brutal.

"These college sports are simply outrageous," exclaimed the good woman, looking up from her paper.

"What's the matter now?" her husband asked.

"Why," said she, "the paper tells that a man from Yale beat McCracken, of Pennsylvania, with the hammer. Isn't it terrible?"

Instruction In Manual Training.

It is learned that, while in England, Prof. Robertson, who has been entrusted with the carrying out of Sir William Macdonald's scheme for establishing schools for instruction in manual training in Canada, secured the services of five competent instructors to come out to this country. Prof. Robertson says that the development of manual training in Britain is the marvel of the century in educational matters. Over four thousand centres for instruction in manual training have been established, and this training is given not only in the large urban centres but throughout the rural districts.

How To Secure Strength.

If you are weak and nervous drop in at my office to-day if possible, and let me tell you some truths about electricity and its application. I will go over your case, giving you, free of charge, the benefit of my 30 years' experience as a specialist. It is always a pleasure to show the Dr. Sanden Electric Belt and demonstrate the current.

Free Book for Weak Men.

To those who live at a distance I shall be pleased to give, by personal letter, the best advice and information, to be secured and I send free by mail for the asking one of my little 80-page illustrated books, "Three Classes of Men," which explains all about the

Dr. Sanden Electric Belt

and tells exactly what may be expected from its use.

I treat, with this appliance, all forms of Rheumatism, Nervous Debility, Kidney Disorders, Lame Back, etc., in either sex, and can cure after other treatments fail. But, as nearly every one knows, the Dr. Sanden Electric Belt is really a specific remedy for those peculiar weaknesses of men which result from youthful indiscretions or excesses. I treat more

WEAK MEN

than any other specialist in America. My Belt generates a pleasant, soothing current of galvanic electricity in precisely the right quantities. Worn at night, you receive the full benefit during the entire time you are asleep. My Belt has been brought down to date with improvements as late as August 15th last, while the new scientific suspensory applies the current directly over the spermatic cord and prostrate gland. Over 7,000 people gave willing testimony the merits of this appliance during 1899.

Furthermore, I guarantee my Belt will not burn or blister, as all Electrodes are covered with a soft material of my own invention.

BEWARE OF IMITATIONS.—I am forced to complain with my patrons of the many worthless imitations of the Dr. Sanden Electric Belt which are constantly cropping up. There is but ONE SANDEN BELT, and that can be had at my office only. There is no new application of electricity other than the one used by me. I will give $1,000 for the production of any Belt superior to mine.

Don't be deceived by the foolish claims of unscrupulous people. Established in 1872, we are the oldest and largest producers of electro-therapeutic appliances in the world.

Dr. D. Sanden, 140 Yonge St., Toronto, Ont. 132 St. James St., Montreal, Que.
