Painters' Kidneys.

The worst thing a painter has to contend with is the turpentine.

The lead, of course, is bad too.

But the turpentine cuts the kidneys, inflames and weakens them, makes the painter's life a dangerous and troublesome one. When a painter's backaches, its time for him to begin treating the kidneys.

DOAN'S KIDNEY PILLS

will fix them up—take out the inflammation and congestion, give ease to the aching back.

Mr. J. Evanson, the well-known painter and decorator, 50 Oxford St., Toronto, Ont., said: About eight weeks ago I was taken with an excruciating pain in my back over the kidneys. It was so bad that my wife had to apply hot cloths till the doctor came and gave me morphine.

He said the trouble was due to a stone passing from the kidney to the bladder.

My water was loaded with a brick dust deposit and scalded on passing.

While in this condition I heard of Doan's Kidney Pills and started taking them.

It was not long before I got relief from pain and have been improving in health ever since. My urine is now clear and does not smart me, and I feel better than in years.

Reports Of Committees.

The finance committee reported that they had examined and recommended the payment of the following accounts:

S. E. Hentig, postage stamps, $6; Emanuel Sturgess, carting, 75c.; Thomas Howland, cab fare, 50c.; J. McCammon, conveying prisoner, 25c.; A. McIlquham, conveying prisoner, $1; C. Livingston & Bro., police clothing, $14; A. O'Brien, do., $29; T. Lambert, do., $8.50; G.N.W. telegraph company, $1.83; C.P.R. telegraph company, $73.; W. Bailey & Co., brooms for markets, $3.50; G. A. Payne, repairs to fence and grand stand, fair grounds, $5; E. J. B. Pense, printing auditors' report, $110; Campbell Bros., straw hats, fire department, $10.50; W. C. Slater, clothing, fire department, $180; C. W. Kellar, carpenter work, etc., $124; A. Strachan, hose, $240; J. Franklin, hay, oats, etc., $35.13; Simmons Bros., fitting in closet at No. 2 fire station, as per contract, $11; J. Franklin, lawn seed, parks, $1.50; S. Anglin & Co., lumber, parks, $1.50; pay roll ending June 13th, $64.06; W. S. Shuttlebotham, rubble, flags, etc., $3.29; Simmons Bros., tile account, $180.61; E. McFadden, carting, $101.38; W. A. Mitchell, hardware, etc., $58.81; general pay roll, streets, $768.84; A. E. Smythe, collecting street watering taxes, $18.46; J. S. R. McCann, refund of dog tax paid in error, $3; F. C. Marshall estate, cleaning carpet and paper, $2.06; R. Crawford, soft coal, water works department, $5; J. W. Oldfin, service cocks, $72.75; labor pay list, ending June 13th, $122.56.

The committee further recommended: That the report of the collector of taxes, dated June 4th, be fyled.

Upon the communication of Messrs. George Richardson and John Hewton, liquidators of the Kingston vehicle company, re taxes for 1898 and 1899, no action.

That the communication of J. P. Oram re assessment for local improvement walk, be referred to the board of works.

That the dog taxes paid by J. S. R. McCann, in error for W. Gossage and J. S. Lynn, be refunded.

That the treasurer be instructed to audit the books of the police court.

That the communication of the tax collector, re office expenses in 1898, be referred to the city treasurer to report. Moved by Ald. Shaw, seconded by Ald. Craig, that the report be adopted.—Carried.

The report of the board of works, published in the Whig, was, on motion of Alds. Donnelly and McFarlane, received and adopted.

A motion of Ald. Kent, seconded by Ald. Toye, that the report of the waterworks committee, already published, be adopted, evoked a long and uninteresting discussion, re the Victoria street main. Ald. Graham thought it was unreasonable to make the residents of Pembroke street pay a double rate when there was no stone cutting to do.

Ald. Farrell thought it was a bad precedent to let people have water at a rate that could not pay interest on the investment.

Ald. Taylor moved in amendment that this part of the report be refered back to the water works committee. The amendment carried, and the motion, as amended, then passed.

Ald. Shaw presented the report of the fire and light committee, which was adopted without discussion.

Ald. McLeod presented the report of the property committee.—Adopted.

Ald. Craig asked if any system of watering city parks had been thought of.

Ald. Walkem, chairman of parks, said the rings were watered twice a day. Caretaker Phillips looked after whatever other watering was required.

Ald. Shaw claimed there were many residents of Barrie street who objected to any religious bodies erecting tents on the cricket field. It interfered with the boys playing ball there.

Ald. Walkem thought the residents would be glad to have the boys away from there. He saw no harm in having the tents there, and had given permission to the Salvation army to erect a tent there.

Ald. White did not think the parks should be used by any religious bodies. He read the agreement by which the city received the parks from the government.

Ald. Webster said tents were erected in parks in other cities.

Ald. Graham did not think the objections amounted to much. There was no reason why the Salvation army should not be allowed to erect a tent there during Miss Booth's visit to the city.

The matter dropped here.

Ald. Donnelly moved, seconded by Ald. Farrell, "that this council hearing with deep regret of the death of Alex. Horn, an ex-alderman of this council, and for so many years a sterling, honest citizen, wish to put on record our sincere regret at his decease. Resolved that the mayor, city solicitor and city clerk be a committee to draft a suitable letter of condolence, giving expression to our regret, such letter to be forwarded to the wife and family of our deceased friend, as early as possible.—Carried unanimously.

An Ancient Building.

One of the landmarks of Kingston is being demolished. The aged building being so treated is the old cabinet shop of the late Adam Main, on Wellington street, near Union street. This frame plastered building was built in 1792, on the present site of the Whig office, and was then St. George's Anglican church. It was later moved to Clarence street, and finally to where it stands at present. The building in course of demolition is thus 108 years old, and has given splendid service as a place of worship and a place of trade.

MILITARY CAMP OPENED.

THERE ARE 3,300 MEN UNDER CANVAS.

Regiments Present From Iroquois to Peterboro—The Staff and the Strength of the Camp—To Drill For Two Weeks.

The military camp at Barriefield has opened, and by this evening there will be 3,300 men on the tented field. It will be probably the largest mobilization of volunteers witnessed here at one time for a great many years. The camp consists of the fifth and sixth brigades representing the military districts from Iroquois to Peterboro. On Monday advance parties from the various regiments arrived in the city to make necessary preparations for the arrival to-day of the great army of volunteers who will remain in camp until the 30th inst. The time is short for a great advance in drill manoeuvres, but still much can be done in two weeks towards getting even raw recruits in fair condition.

The divisional commanders are: Chief staff officer, Lieut.-Col. Montizambert, D.O.C., 3 and 4; assistant adjutant of general artillery, Lieut.-Col. Cotton; deputy assistant adjutant-general for cavalry, major R. Brown, of the Princess Louise Dragoon Guards; principal medical officer, Lieut.-Col. Jones, of the Halifax bearer company; paymaster, Capt. F. Strange, 14th P.W.O. rifles; inspector of musketry, Capt. W. J. B. White, 14th P.W.O. rifles; orderly officer, cadet Hughes, R.M.C.

The brigade staff is thus composed: Brigade major, Lieut.-Col. Hodgins; brigade major, 57th regiment, major Edwards, brigade majors, Lieut.-Col. Mathieson, R.L., and major Helmer, 43rd rifles.

The fifth brigade is thus composed: 3rd Dragoons, Peterboro, in command of major Sutton; total strength, 227 men, 206 horses.

4th Hussars, Frontenac, in command of Col. Clyde; total strength, 227 men and 206 horses.

16th regiment, Picton, in command of Lieut.-Col. McDonnell; six companies, two from Picton, one from Milford, one from Consecon, one from Rossmore, and one from North Part; total strength, 278 men.

40th regiment, Cobourg, in command of Lieut.-Col. Greer; eight companies, made up of two from Cobourg, one from Campbellford, one from Hastings, one from Brighton, one from Grafton, one from Colborne, one from Castleton, strength, 367 all ranks.

45th regiment, Lindsay, in command of major Sylvester; six companies, from Cameron, Lindsay, Omemee, Fenelon Falls and Woodville; total strength, all ranks, 277.

46th regiment, Port Hope, in command of Lieut.-Col. John Hughes; seven companies, from Port Hope, Bowmanville, Milbrook, Burton, Springville, Janetville; total strength, 322 men.

The sixth brigade is composed of the following:

47th regiment, Kingston, Lieut.-Col. Cox; seven companies, from Inverary, Sydenham, Moscow, Napanee, Harrowsmith, Enterprise, Odessa; total strength 322 men.

49th regiment, Stirling, Lieut.-Col. Harrison, six companies, from Belleville, Stirling, Sidney, Madoc, Tyendinaga, Trenton; total strength, 277 men.

56th regiment, Prescott, Lieut.-Col. Sheckley; seven companies, from Prescott, Iroquois, Manotick, Kemptville, North Augusta, Spencerville, Metcalfe; total strength, 322 men.

59th regiment, Cornwall, Lieut.-Col. Baker; eight companies, from Cornwall, Alexandria, Finch, Farran's, Williamstown and Roxboro'; total strength, 367 men.

The greater part of the regiments came by the G. T. R. this afternoon. The 16th regiment, Picton, arrived on the steamer Merritt, and the 56th of Prescott and a squadron of the 4th Hussars, on the steamer America. Part of the 47th came by K. & P. railway. On account of small-pox at Carleton Place, the 42nd regiment of that district, was not allowed to come to camp.

Four By-Laws Passed.

Several by-laws were introduced and carried at last night's meeting of the city council. The first one before the meeting was alderman Craig's by-law to amend the dog by-law, changing the date when it comes into effect from July 1st to January 31st. Carried.

A by-law to construct a sewer on Chestnut street was passed. A by-law to the same effect was passed on May 21st, but owing to the demise of the late city clerk, it was never recorded in the minutes.

A third by-law, to construct asphalt walks on Clergy street west, was carried.

The fourth, a by-law to make provision for street watering, defining a radius in which it shall be done, was also passed.

COFFEE COMPLEXION.

Many Ladies Have Poor Complexions From Coffee.

"Coffee caused dark colored blotches on my face and body. I had been drinking it for a long while and these blotches gradually appeared, until finally they became permanent and were about as dark as coffee itself.

"I formerly had as fine a complexion as one could ask for.

"When I became convinced that coffee was the cause of my trouble, I changed and took to using Postum Cereal Food Coffee, and as I made it well, according to directions, I liked it very much, and have since that time used it entirely in place of coffee.

"I am thankful to say I am not nervous any more, as I was when I was drinking coffee, and my complexion is now as fair and good as it was years ago. It is very plain that the coffee caused the trouble. Please omit my name from public print." Mrs. ——, 2,081 Ogden avenue, Chicago, Ill. The name of this lady can be given by the Postum Cereal Co., limited, Battle Creek, Mich.

Most bad complexions are caused by some disturbance of the stomach and coffee is the greatest disturber of digestion known. Almost any woman can have a fair complexion if she will leave off coffee and use Postum Food Coffee and nutritious, healthy food in proper quantity. The food coffee furnishes certain parts of the natural grains from the field that nature uses to rebuild the nervous system and when that is in good condition, one can depend upon a good complexion as well as a general healthy condition of the body.

CAPT. McKEE DEAD.

An Esteemed Octogenarian Gone After Long and Useful Life.

Another of Kingston's old and much esteemed residents, Capt. William McKee, University avenue, passed, shortly after six o'clock yesterday, to that bourne whence no traveller returns. He was an octogenarian, having only on May 27th, last, celebrated the eightieth anniversary of his birthday. He was born in county Armagh, Ireland. In 1852, he came to Kingston, where he had ever since made his home. All his long and useful life he devoted to the calling of the sailor, for which he had a special liking and a special adaptation. He purchased many vessels, navigating them for a time and then disposing of them. He captained the schooners Richardson, Singapore, Falconer and many others well known on the lakes and the St. Lawrence. He traded at all points between Lake Superior and Kingston. Several of his vessels were wrecked, but no fatalities ever happened to any of his crew. The schooner Richardson was lost near Oswego, fifteen or sixteen years ago, but no lives were lost. Five or six years later he gave up sailing, and from then led a quiet retired life.

His wife preceded him to the other shore by about seven years. Two sons and two daughters survive. They are: Joseph and Andrew, at home; Mrs. Daniel Doran, Toronto, and Mrs. A. J. Johnston, University avenue.

The deceased gentleman was a member of Cooke's Presbyterian church, and a life-long conservative. The funeral will take place to-morrow at 2.30 o'clock, to Cataraqui cemetery. Rev. Alexander Laird will conduct the funeral services.

NON-JURY SITTINGS

Of the High Court—The Cases For Trial.

The non-jury sittings of the high court opened at the court house on Monday afternoon before justice McMahon. The first case tried was that of the Fenton mining company, of Sydenham, vs. the Hamilton iron and steel company, limited. Plaintiffs sued to recover payment of money for phosphate ore delivered, the defendants contending that the contract had not been fully carried out. Mudie & Mowat for plaintiffs; Staunton & O'Meara for defendants. This case occupied all afternoon. Judgment will not be given until further argument has been made by counsel in Toronto.

Court was resumed Tuesday morning at half-past nine o'clock. The case of Ritter vs. Fairfield was to determine the validity of a judgment made in the state of Pennsylvania about 1880. The defendant was a resident of Oil City, Penn., but now resides near Parrott's Bay, in the township of Ernesttown. He claimed that the money advanced by the plaintiff was to indulge in a partnership business, and the money was lost. Judgment had been entered against defendant in the United States. Judge McMahon decided in favor of the plaintiff, fixing the amount at $3,192.92. Smythe & Lyon, assisted by J. M. Osmer Franklin, for plaintiff; Mr. Preston, Napanee, for defendant.

Will Not Entertain Them.

Ald. Craig moved at last night's meeting of the council that fifty dollars be voted toward entertaining the Armour cadets, who will arrive here on the 30th inst. The motion was lost on the following division:

Yeas—Craig, Donnelly, McLeod, McMahon, Toye, Walkem—6.

Nays—Minnes, Cunningham, Graham, Kent, Knapp, McFarlane, Shaw, Taylor, Webster, White, Wright—11.

Collector Thompson's Report.

At last night's meeting of the city council George Thompson reported the following tax collections to date:

For 1898—Total taxes, $149,308.48; collected, $135,105.75; remitted, $8,106.67; balance, $5,796.06.

For 1899—Total taxes, $153,652.29; collected, $122,667.72; remitted, $9,558.82; balance, $21,425.75.

Street watering, 1899—Total, $1,917.54; collected, $1,694.08; balance, $223.46.

Suing For Damages.

G. S. Johnson, high county constable, Belleville, collected $20 from the county for the arrest of an alleged horse thief. It turned out that the fellow was not a horse thief, and the county council called upon Johnson to refund the $20. He failed to do so and the council dismissed him. Now he has issued a writ for damages against each member of the council who voted to put him out of office.

A Brave Lad.

A letter from South Africa contains this favorable mention of Pte. Phillips, Belleville, member of the first Canadian contingent: "Pte. George Phillips, D company, R. C. regiment, despatch carrier to lord Kitchener, is looked upon as the gamiest man that came out from Canada—a good horseman and fast rider. His bravery has been mentioned in the general despatches, riding through the Boer lines without fear."

In Favor Of Early Closing.

There is a movement on foot among the grocers and their clerks looking toward the early closing of all the grocery stores on every night except Saturday night. This is being done in other towns and cities. A couple of gentlemen, engaged in this business, will circulate a petition, asking that council pass a by-law requiring stores to close at 6 p.m. It no doubt will meet with approval.

Belleville Is Recommended.

If Paul Kruger really wants a quiet retreat for the balance of his life; a place wherein he will never again be heard of by the civilized world, and where he can enjoy the solicitude and quietude of the South African veldt, why let him settle in Belleville; it is the best place we know of to suit his peculiar case.

Have Rosy Cheeks.

That wretched "used up" feeling and pale face can be easily got rid of. Wade's Iron Tonic Pills make the cheeks rosy, the nerves strong and appetite good. They make rich, red blood, and strengthen the whole system. Fifty pills in a box for 25c. at Wade's drug store.

Why Is It Flower Sunday?

A citizen, who attended the "flower" Sunday exercises in Queen street Methodist church, wants some one to inform him why the day is so named. He thinks it would be more proper to call it "Flag" Sunday.

The Whig Was Dense.

Toronto Star.

We supposed that everybody knew of the feud between Clarke Wallace and E. N. Clarke. Among the innumerable animosities that burn on all sides of Sir Charles Tupper at Ottawa this is one of the strongest. It is generally understood that Mr. Clarke thinks it about time he got the position of grand master of the Orange order, while Mr. Wallace is supposed to think that he is entitled to keep it until he has got what he wants out of politics. This may not be the correct explanation, but the attempt to bury Mr. Clarke, at the Toronto mayoralty election, in January last seems to bear out the theory.

Lieut. Hughes In Command.

After drill last evening the command of "B" company, which has been in the hands of Capt. Cunninghion since 1894, was handed over to Lieut. W. S. Hughes, who will shortly receive promotion to a captaincy. Short addresses were made by the retiring officer and his successor. Lieut. Hughes was highly commended to the company by Capt. Cunningham, who took pleasure in handing over to him the premier company of the regiment, an honor which had been sustained on inspection day for years past. Lieut. Hughes promised to do his best. The company had the largest turnout on parade last evening, numbering twenty-six men. This is by far the largest attendance that any company has had so far this season.
