The Old Reliable Remedy for Diarrhœa and Dysentery.

DR. FOWLER'S EXT. OF WILD STRAWBERRY

Grandma Used It. Mrs. Thos. Sherlock, Arnprior, Ont., recently wrote: "My little girl, three years of age, was taken very bad with diarrhœa, and we thought we were going to lose her, when I remembered that my grandmother always used Dr. Fowler's Extact of Wild Strawberry, and often said that it saved her life. I got a bottle and gave it to my child, and after the third dose she began to get better and slept well that night. She improved right along and was soon completely cured."

Mrs. C. L. Bailey, wife of a wealthy Cleveland, Ohio, contractor, disappeared from her home in 1895, since when no trace of her was found until this week, when she regained her senses and found herself in an insane asylum. She has been restored to her family.

The British steamer Maryland, which arrived at Philadelphia from London, had on board Capt. Baxter, his daughter and eight of the crew of the British schooner Nelly, who were picked up at sea on June 11th. The Nelly was owned in St. John's, Nfld., and was bound from Barbadoes. She was abandoned in a water logged condition.

The steamer Dirigo has arrived at Seattle from Lynn canal having on board eighty-five passengers, who brought down about $300,000 in gold dust. The passengers all declare that this summer's output from the Klondyke will be much larger than last, and estimates are made all the way from $25,000,000 to $40,000,000.

Dr. J. R. Macnamara, who had charge of the Irish ambulance corps which left Chicago some time ago to render aid to the Boer wounded, has returned to that city and acknowledges that members of the corps took up arms and fought against the British. He says this was due to the inability of the party to carry out the work which took them there, on account of the loose way in which the Boers fight.

Lumberman Had Piles

And Suffered For Two Years—Prompt Relief and Cure the Result of Using

DR. CHASE'S OINTMENT.

J. E. Bowman, well-known lumberman and saw mill owner of Canton Bowman, Ottawa county, was for two years a great sufferer with itching piles. In spite of various remedies used the the itching and burning was not relieved, but seemed at times to be worse than ever before. Recommended to try Dr. Chase's Ointment, he procured a box and now gratefully tells of a complete cure.

Mr. Bowman writes as follows: "It is with greatest pleasure that I recommend Dr. Chase's Ointment for piles. Two boxes completely cured me of that distressing disease from which I had suffered for two years."

Dr. Chase's Ointment is the standard remedy for piles the world over. It is the only remedy that is guaranteed to cure. Among those who endorse it are scores and hundreds of prominent business and professional men. One box will cure any ordinary case and two will cure the most severe form of piles.

Another well-known man who has been cured of piles by using Dr. Chase's Ointment, is Joseph Kidd, of Enterprise, Ont., who writes as follows: "I am now sixty-four years of age, and for 25 years I was troubled with itching piles. At night it was sometimes almost impossible to endure the terrible itching. I had every preparation I could hear of and without obtaining relief.

"Finally, I was told of Dr. Chase's Ointment and found in it a positive cure. I am willing to answer all enquiries as it has completely cured me."

Dr. Chase's Ointment is the only preparation that has never been known to fail to cure piles. It is the only preparation that is guaranteed to cure piles of every form. 60 cents a box, at all dealers or Edmanson Bates & Co., Toronto.

THOUSAND ISLANDS NEWS.

A Colony of Beavers at Work—Splendid Bass Fishing.

Tourists are coming to the river in large numbers.

Black bass fishing is splendid these days and the disciples of old "Ike" made some large catches during the past week.

The steamer St. Lawrence is now running on the Clayton-Alexandria Bay route.

The state rooms put in the Empire State for the Montreal service have been taken out, thus making more room for the passengers. She is now in the hands of painters, but will soon be ready to accommodate the travelling public. The State is counted the best excursion steamer on the river.

Rev. Dr. J. F. Sawyer, of Syracuse, and editor of the Northern Christian Advocate, has been engaged as director of tabernacle service at Thousand Island park for the season. Among the divines who will preach at the tabernacle is Rev. Dr. Manly Benson, of Gananoque, Ont.

The club house looms up in grand style on Bartlett point. It is rapidly nearing completion and will be one of the most imposing structures on the river.

Charles G. Emery, of New York, for the past few years a well known figure on the river, arrived in Clayton Saturday and will occupy his mansion on Calumut Isle until about August 1st, when he will leave for Paris to size up the wonders of the world's fair. Of all the wealthy men who annually visit this far-famed summer resort, Mr. Emery is without question the most liberal and popular.

In his office at Clayton deputy collector Frank D. Lowe takes pleasure in showing callers quite a curiosity, in the shape of a stump of a poplar tree, about one and one-half feet in length and three inches in diameter, on which beavers have left marks by which a person may get an inkling as to how they fell trees. The stump was presented to Mr. Lowe by a friend living near Crooked creek, about six miles east of Alexandria Bay, where a colony of beavers have established themselves. For a time it was a mystery where the animals came from, for they have long been extinct in this part of the country. But it appears that some time ago George Boldt, of Heart Island, bought a couple of beavers and after a few weeks' confinement on the island they one night took French leave. It is supposed that they and their progeny are the ones now holding forth at Crooked creek.

The 19th and 20th will be red letter days in Clayton as the Jefferson county firemen's convention will be held there on the above date.

PLOW WORKS TO START.

A Credit to Smith's Falls—A Baptist Convention.

Smith's Falls, June 18.—Chief McGowan started on the 15th for a trip across the Atlantic. We have three sections of sewers running here just now, and the streets are terrible in some places. Mrs. Kemp and Miss Anderson, Kingston, are visiting at M. J. Wilson's. Capt. Foster's new boat will soon be ready for business. The Perrin plow works will start here in a few weeks and will be a credit to the town. An Ottawa man is here buying horses for South Africa. Three carloads of horses were shipped this spring and summer. The Baptists are holding their association here, and a number from a distance are attending. Alexander McDonald, dealer in gents' furnishings, has made an assignment. Rev. S. Bland, Methodist minister, preached his farewell sermon on Sunday night to a large congregation. Mr. Davison has just come to town with his merry-go-round and expects to do a rushing business. Mr. Karley, livery man, has bought a very fine horse at Athens. The C. P. R. company is making many improvements here this summer.

Campaign Literature Flowing On.

There are hundreds of electors in this city who daily receive large packets of political campaigning matter and house debates from George Taylor, the tory whip. A conservative merchant showed a Whig representative a big bundle this morning.

"Look at that," he exclaimed. We get the same every day. The mails carry it free and we have to pay for it. Here are 'Binder Twine Steal,' 'Yukon Deal,' 'Grits and Tariff,' 'Grits and Preferential Trade,' 'Debt Expenditure,' and so forth and so on and et cetera! Here's what I do with it," and the merchant tore it up and threw it into the waste paper basket. That's where most of it goes, Mr. Taylor. Too bad, isn't it, that you are not appreciated?"

A Poor Hay Crop.

The hay crop throughout the province, especially in Frontenac and Leeds counties, will be very poor this year. Owing to insufficient rain in the spring, the hay did not get a chance to grow. The result is that it is now heading out when only a few inches above the ground. Some fields will not be worth cutting at all. The want of rain has also seriously affected the grain crops. Oats, barley and other grains have the appearance of being stunted, while much of the ground sown still remains bare. The prices of hay and grain will no doubt be high this fall. On low lying lands the crop is much better.

Russian Princess Robbed.

London, June 20.—Princess Radiziwill, of Russia, was robbed of jewellery worth £10,000 at her hotel. Among the jewellery was her historic rope of one hundred and fifty pearls, each weighing twenty-two grains, and a bracelet of emeralds, the gift of the ameer of Afghanistan. The princess was about to start for Paris, but while at luncheon she left her jewellery in their cases, locked in a wardrobe. On her return she found them missing. Fortunately most of her diamonds were in a safe at Counts' bank.

Represents Canada.

Buffalo, June 20.—George D. Cameron, London Ont. has been appointed special commissioner to represent the pan-American exposition in the dominion of Canada. His selection was recommended by Canadian government officials and scores of prominent business men. His work will consist of missionary labor among agriculturists, manufacturers and mine owners.
