A POPULAR MISTAKE

Regarding Remedies For Dyspepsia and Indigestion.

The national disease of Americans is indigestion or in its chronic form, dyspepsia, and for the very reason that it is so common many people neglect taking proper treatment for what they consider trifling stomach trouble, when as a matter of fact, indigestion lays the foundation for many incurable diseases. No person with a vigorous, healthy stomach will fall a victim to consumption. Many kidney diseases and heart troubles date their beginning from poor digestion; thin, nervous people are really so because their stomachs are out of gear; weary, languid, faded out women owe their condition to imperfect digestion.

When nearly every person you meet is afflicted with weak digestion it is not surprising that nearly every secret patent medicine on the market claims to be a cure for dyspepsia, as well as a score of other troubles, when in fact, as Dr. Werther says, there is but one genuine dyspepsia cure which is perfectly safe and reliable, and moreover, this remedy is not a patent medicine, but it is a scientific combination of pure pepsin (free from animal matter), vegetable essences, fruit salts and bismuth. It is sold by druggists under name of Stuart's Dyspepsia Tablets. No extravagant claims are made for them, but for indigestion or any stomach trouble, Stuart's Dyspepsia Tablets are far ahead of any remedy yet discovered. They act on the food eaten, no dieting is necessary, simply eat all the wholesome food you want and these tablets will digest it. A cure results, because all the stomach needs is a rest, which Stuart's Dyspepsia Tablets give by doing the work of digestion.

Lincoln's Tablets

Are Not a Patent Medicine.

These Tablets are the latest production of modern medical science. They are the only reliable medicine known for the treatment and cure of all diseases of the Stomach, Bowels, Liver and Kidneys. They are infinitely superior to all pills or similar preparations containing gummy matter and chocolate compounds.

They are a positive cure for Indigestion, Heart Disease, Bright's Disease, Nervous Prostration and General Weakness; are a magnificent tonic, purifying the blood and give a good healthy appetite. To nervous and delicate women these tablets will prove a positive blessing if taken strictly according to directions.

Formula and samples sent free to any registered physician on application. Price, 50c. per box. If you cannot get them from your druggist, do not waste your money upon a substitute. The tablets will be mailed free to any address on receipt of price by H. F. Macarthy, Druggist, Wellington street, Ottawa, or from the company's office. Prepared only by

Keep The Food Pure.

The purest of food, if not properly cared for and preserved from contamination, instead of ministering to life, may minister to death. The moral is plain. Use the "Model" Refrigerator.

Easily cleaned and kept clean—a convenience and an economy. Large size, $12.50; small sizes, $7.50.

THE SQUIRE COMPANY,

335 King Street.

Elmer J. Lake, M.D., C.M.

Dispensary Physician at Pittsburgh, Pa., From 1884 to 1897 in the Treatment of Eye, Ear, Nose, Throat and Skin Blemishes.

Will continue the practice of these specialties in Kingston.

Special attention will be given to diseases of the Eye and Restoration of Sight by Glasses, Medicine or Surgery as may be necessary; to Ear Diseases and Restoration of Hearing; to Removal of Nasal Discharges, Deformities and Obstructions; to Hoarseness, Cough and Throat Affections; and to Permanent and Safe Removal of Hair, Moles, Birth Marks and all Skin and Face Blemishes.

Surgery and Consultation Rooms, 258 Bagot Street, Corner Princess Street.

Hours—9 to 12. 1:30 to 4.

Cook's Cotton Root Compound

Is successfully used monthly by over 10,000 Ladies. Safe, effectual. Ladies ask your druggist for Cook's Cotton Root Compound. Take no other, as all Mixtures, pills and imitations are dangerous. Price, No. 1, $1 per box; No. 2, 10 degrees stronger, $3 per box; No. 3 or 3, mailed on receipt of price and two 2-cent stamps. The Cook Company Windsor, Ont. No. 1 and 2 sold and recommended by all responsible Druggists in Canada.

No. 1 and No. 2. Sold in Kingston by Henry Wade and W. H. Medley, druggists.

A HAPPY SOCIAL EVENT

MARRIAGE OF MISS HAMILTON TO MR. PENSE.

The Service Was Quiet and Occurred at One O'clock at the Residence of the Bride—Left For the Eastern Provinces.

Upwards of seventy guests, including only the intimate friends and relatives of the bride and the immediate relatives of the groom, assembled at the home of the bride's parents, King street, at one o'clock to-day, to witness the marriage of Elizabeth Haines, daughter of Clark Hamilton, collector of customs, and granddaughter of the late Hon. John Hamilton, to Edward J. B. Pense, of the British Whig. The drawing room was artistically decorated with flowers and plants. The mantel was draped with willowy vines, dotted throughout with syringa blossoms, and the fire place was massed with graceful ferns and brightened with touches of white blossoms. One corner of the room was transformed into a floral bower with a background of palms, ferns and potted plants interspersed with roses, carnations and other choice cut flowers. A floral bell was suspended from the ceiling immediately above the spot where the bride and groom stood while the marriage was being solemnized. The bell was formed of asparagus fern, the inside dotted closely with single daisies and the outside covered with delicate sprays of the modest snow tipped, yellow centred flowers, while the tongue was a graduated coil of lovely pink wagelia blossoms. The bell was caught up with thick ropes of daisies, and before the arrival of the bride's party another long rope of daisies was stretched diagonally across the room from the doorway to the floral bower, where the Rev. John Mackie, of St. Andrew's church, performed the ceremony. The groom was attended by H. H. Gilderslceve.

The bride's gown was of pale gray Viola de Paris over old rose taffeta, the bodice trimmed with quantities of narrow black velvet bebe ribbon and the yoke of ivory satin, covered with handsome cream lace; the same lace over ivory satin was inserted V shaped in the upper part of the sleeves. The pointed over skirt was outlined with a band of cream lace insertion over old rose satin ribbon. The diaphonous fabric of the gown but slightly veiled the bright silk lining and the combination of silver, ivory and rose was particularly becoming to Miss Hamilton, who was the personification of a sweet and winsome bride as she entered the room accompanied by her father, who gave her away.

Miss Gertrude Strange was bridesmaid, becomingly gowned in cream cloth with satin and moire striped bodice trimmed with rose pink velvet. She wore a black jet picture hat, trimmed with black chiffon, black ostrich plumes, and pink chrysanthemums.

The two little maids of honor were Miss Anita Fenwick, niece of the bride, and Miss Helen Gordon, niece of the groom. Both little girls wore white muslin frocks, and with them was a smart little page, Master Jack Hammford, the bride's nephew, in a Fauntleroy suit.

After the ceremony, dejeuner was served in the dining room where the decorations were white roses and carnations. Bright speeches were made bearing testimony to the many excellencies of the bride and groom whose health and long continued happiness was proposed. The wedding gifts were arranged upon long tables at either side and across the end of the hall. The gifts were exceptionally beautiful, and, being nearly two hundred in number, were an expression of the esteem in which the bride and groom are held. Amongst them were two that call for special mention, because of the associations connected therewith, namely, a very massive and elegant silver punch bowl from the employees of the British Whig with which Mr. Pense has been so long connected, and a solid silver berry dish and spoon publicly presented by the Kingston board of trade, of which he is president.

The groom's gift to the bride was a star of diamonds and olivines; to the bridesmaid, a gold crown brooch set with pearls; to the groomsman a pair of gold cuff-links; and to each of the maids of honor and the page, a silver watch.

The bride's travelling toilette was a tailor-made suit of dull blue camel's hair cloth, with scolloped revers of black moire on the Eton jacket, and a tucked white taffeta blouse. Her tuscan hat was trimmed with black velvet ribbon and flowers. As the bride and groom left the house they were followed by a shower of rice, emblematic of the good luck which their friends hope may attend their path. Mr. and Mrs. Pense left by the Cape Vincent boat to spend their honeymoon in New York state and the lower provinces.

$2. Rochester, Dominion Day. $2.

Spend Dominion day in Rochester, "Columbian" and "North King," excursions Saturday and Sunday next.

The river excursions to Kingston, by the White Squadron steamers, commence on July 5th.

MR. J. D. ROBINSON,

DUNDAS, ONT.,

Gives His Honest Opinion of Milburn's Heart and Nerve Pills.

Mr. J. D. Robinson, a resident of Dundas, Ont., has found these pills to do all that is claimed for them and made the following statement of his case:

"Some time ago I obtained a box of Milburn's Heart and Nerve Pills, and I can now without hesitation say that they have been beneficial in relieving me of an obstinate and long standing complaint affecting my heart and nerves.

"I was troubled with sleeplessness, dizziness, palpitation and neuralgia for such a long time that I had really given up hope of a cure. Now, that others may learn of the virtues of this remedy, I give my unsolicited testimony.

"My honest opinion is that there is no cure so good for heart and nerve troubles as Milburn's Heart and Nerve Pills."

Milburn's Heart and Nerve Pills are 50c. a box or 3 for $1.25, at all druggists.

CITY AND VICINITY.

Peter Nugent Sent To Ottawa.

Peter Nugent, packer at the office of the local customs appraiser, has been ordered to report for duty at Ottawa on Tuesday morning next. James Hanley is to remain here.

To Attend The Funeral.

Thomas Lonergan, Rockwood hospital staff, left on Friday by steamer Toronto, for Rochester, N.Y., to attend the funeral of his brother-in-law, Sylvester J. Sullivan, killed at Byron Centre, N. Y.

To Run Over This Section.

The G.T.R. company is having constructed twenty-four new engines of the mogul type, twenty of which will be used on the sixth and seventh districts, which lie between Brockville and Toronto. The first will be out in July.

Man In Distress.

A whole family suffering. A dull aching of nerve or muscle, or the acuter pangs of neuralgia, toothache, or lumbago makes life a misery. But Nerviline—nerve-pain cure—will relieve all these. Nerviline is powerful, penetrating, and effectual.

A Bicycle Stolen.

Last evening Adam Harley left his bicycle standing outside the residence of L. Clements, King street. Though the owner was absent only a few minutes, yet it was long enough to give a thief time to take it away. The police have been notified of the loss.

Appointed Superintendent.

Miss C. Vanderwater, formerly superintendent of Western hospital, Toronto, has been appointed to the position of superintendent in the home for incurables, South Parkdale, over 132 applicants. Miss Vanderwater is formerly of this city, and is a sister of Pte. Vanderwater, of the first Canadian contingent, wounded at Paardeberg. Kingstonians are pleased to hear of her success.

Contracts Awarded.

Owing to the absence from the city of B. W. Robertson the tenders for the reconstruction of offices on Ontario street were not opened until this morning. The following contracts have been awarded: Masonry, Watts & Morley; carpentering, Hunter & Harold; plumbing, sheeting, hot water heating, etc., Nugent & Taylor; painting and glazing, T. W. Milo; architect, Arthur Ellis. The work will be commenced at once.

Waterworks Pump Busy.

To show the surprising increase in the consumption of water in the city, superintendent Hewitt, of the water works department, gives the following result of Tuesday's pumping: The pump was started at 6.20 a.m., and was stopped for half an hour at noon; it commenced again and continued till five o'clock before the tank was full. Thus the pump was in operation for ten hours. The usual time of pumping is eight hours.

Insufficient Food Supply.

Bobs, the noted pussy-cat with the bob-tail, which sojourns every summer at Swift & Co's wharf, has left that encampment and gone back to its winter quarters in a wholesale grocery house. The reason Bobs left was because of the insufficient food supply. Another tabby, named Kitchener, now occupies the position at the wharf, having been commissioned by Bobs to establish means of getting better food supplies. As soon as this is done, Bobs will return, and resume duty.

Death In The Blood.

The essential requisites for a sound body and clear mind are few, for, given a liver that will properly perform its functions and a stomach with tone and vigor unimpaired, and good health is assured. To retain so desirable a blessing resort should occasionally be made to Hamilton's Pills of Mandrake and Butternut. They stimulate the liver into a healthy action, give tone to the blood by expelling all poisonous germs, and thereby remove death from the blood. Hamilton's Pills are purely vegetable. Sold by all dealers everywhere.

The Charge Was Refuted.

In parliament on Monday, George Taylor read a letter from George Kidd, Kingston, alleging partizanship in the awarding of the meat contract at the camp.

Hon. Dr. Borden replied that every contract for the camps had been awarded to the lowest tenderer. Con. Millan, who received the contract at Kingston, was, he had been informed, a conservative. His statement absolutely refuted the allegations in the letter.

Mr. Britton further disposed of whip Taylor's Kingston camp allegations.

Shattered By Lightning.

The storm which came up about seven o'clock last night was threatening for a time, but passed over without doing much damage, or leaving much moisture behind. People thought a good rain would fall upon the thirsty ground, but unfortunately this did not come. There were several vivid flashes of lightning, followed by loud crashes of thunder. One of these flashes struck the house of Alexander Newlands, about eight o'clock. It completely shattered the chimney which fell over on the verandah. Mr. Newlands was sitting in the verandah at the time and had a narrow escape. The falling chimney broke two rafters of the verandah and part of it crashed down beside Mr. Newlands. The shingles on another portion of the house were ripped up.

Presentation To Alderman Farrell.

A pleasant affair took place last night in the office of mayor Minnes when the members of the city council assembled to do honor to one of their colleagues, alderman J. M. Farrell, who is about to join the ever increasing ranks of benedicts. Mayor Minnes, in a short address presented alderman Farrell with a beautiful oak settee and oak chair, wishing himself and bride-to-be long life and happiness. Alderman Farrell replied in suitable terms. Toasts followed, that of the queen coming first, alderman Farrell's health being next toasted. Songs were rendered by alderman Cunningham and city clerk Shannon. The balance of the evening was given over to festivities. To-morrow alderman Farrell and Miss Leonora Macgillivray are to be married.

The officers of the 14th regiment, in which Mr. Farrell is a lieutenant, presented their brother officer with a handsome clock.

COL. AYLMER VISITS CAMP.

INSPECTED THE LINES YESTERDAY AND TO-DAY.

Cavalry Have a Reconnaissance To-Day—Few Sick Men in Camp—Concerts Each Night — Good Work of No. 2 Hospital Corp—Notes That Are Not From the Bands.

Yesterday was a very busy and important day in the great military camp at Barriefield. Col. Aylmer, representing the general officer commanding the Canadian militia, arrived from the Desoronto artillery camp the night before, and yesterday he inspected the lines here. He found everything in first-class order, except the clothing of the men. This, he said, was the government's fault, and not theirs. In the afternoon he put the men through some brigade movements. Notwithstanding that it was the hottest day yet experienced at this camp, the regiments showed up well. The 3rd Dragoons and the 4th Hussars were given sword practise yesterday afternoon. In many cases they doffed their coats, which, besides being cooler, gave freedom to their sword arm. The infantry were longing to be allowed to drill sans coat, sans shirt, sans everything except a rifle.

Surgeon-major Curtis has the greatest curiosity in camp. It is an old "fusee," commonly called a "Queen Ann."

Sergt. E. Benn, of the bicycle corps of the 47th regiment, is training at the fair grounds for the bicycle races at Gananoque on July 2nd. He is riding a seventeen-pound Yale racer.

Several members of the 47th regiment fainted in the ranks on Tuesday on account of the heat.

The officers and band of the 16th regiment gave a fine concert on Monday night. Col. Macpherson surprised his friends by his excellent singing, and they made him do it again. Warden Platt, of the penitentiary, late surgeon of this regiment, was present, and gave a short address to the boys. Of course, he warned them to lead an upright life while in camp so that he would not be called upon to enrole them in his regiment at the guard-house on the lake. Music filled the air all evening. The concert was much enjoyed by the boys in camp.

Col. Hunter, late commanding officer of the 47th, is a frequent visitor at camp where everybody is glad to look upon his genial countenance. His great diversion, when he has grown tired of watching the field manoeuvres, is to seek out the 47th band tent, and there their champion checker player, H. Bird, frequently falls after a long and brilliant defence.

W. J. Jacobs, instructor of the 47th regimental band has been appointed brigade band master, and will have charge of all the bands on review day.

The 47th regimental band, twenty-one strong, gave an impromptu concert on Monday night. James Angrove, of the band is gaining a great reputation as a hypnotist. It requires only a look from him to start some of the men on the run.

The Ottawa bearer company is expected to reach camp to-day to undergo instruction until Saturday, when the camp breaks up.

All the regiments in camp, together with their bands, will likely have a route march through the city on Friday forenoon. The men will gladly do so, if permission is granted.

Only thirteen or fourteen men were in hospital yesterday, which, considering the size of camp, is a remarkably good showing. The excessive heat was responsible for the cases reported.

The A.M.C. members have a baseball team, and were last night to play a team from the 47th regiment.

J. W. Ridgeway, secretary of the Brockville Y.M.C.A. association, has arrived, and is added to the staff at the camp. He received a warm welcome as he triumphantly marched into camp and prepared for action.

Some idea of the good work the Y.M.C.A. does may be gained from the fact that it has handled over 400 letters, written by the men, since the tent was erected on Saturday night last. At 4 p.m. yesterday 156 letters had been posted by the secretaries on that one day, and there was still another mail to go out. Most of these letters are written on Y.M.C.A. paper, posted in Y.M.C.A. envelopes and it is in the association's tent that they are written.

A well attended meeting was held in the Y.M.C.A. tent on Monday night. G. H. Williamson opened the meeting and Mr. Crombie gave an address on "Whosoever." This was the second of a series of addresses on this subject, the last of which was given last night. The meetings are all well attended.

Baldwin, of the 47th band, is said to be the highest kicker in camp. He stands six feet, two inches high and can kick five or six inches over his head, or kick backward one inch over his head. He out-kicked all competitors at a contest the other night.

Several footballs are owned in camp and the boys practice each evening.

The buglers in camp have a grievance. They say that an instructor is sent up from Quebec, when there are boys in camp just as capable of doing the work. Buglers Burns, Minafee, Allen, Culhene, etc., are fully as proficient, and the boys feel sore at the slight.

No. 2 field hospital corp is much in evidence in the Barriefield camp, and is doing excellent work. The company is a new one, most of the men being novices in military life, but the rapidity with which they have got into training is amazing. At the church parade on Sunday two men fainted, and the facility with which Sergt.-Maj. O'Hagan and two of the company got on the scene, and the methodical manner in which they did their work, was admirable. The boys are enthused by the vigor and ability which this gentleman displays as an instructor. The officers have the good will and respect of the men, and it is partly owing to this that the corp has made such good progress. Surgeon-major Abbott performs his duties with much proficiency. The hospital has at present twelve or fifteen patients who are being well cared for under the practical guidance of Drs. Mundell and Kilborn. "Public" Ferguson says he would rather chase a football than peel potatoes. Sergt.-Maj. McCarthy, stone mason and white washer, says that he has a great liking for his work.

The duty band for to-day was furnished by the 5th infantry brigade.

On the 27th the cavalry brigade will be exercised in cavalry drill upon the following general and special ideas:

General idea—An enemy moving westward from Brockville, his advanced troops having reached Gananoque.

Special idea— From C. S. O., Kingston, to O. C. cavalry brigade, Barriefield: "You will be good enough to occupy with a cavalry screen the zone A-B-C, Pine Hill. By order, C.S.O."

Officers' patrols will be absent as follows: No. 1 right patrol to point A. on map on Gananoque road; No. 2 right central patrol to point B.; No. 3 left central patrol to point C. on map, No. 4 left patrol to Pine Hill. The screen will be in position at 10 a.m., at which hour the G. O. C. will be at the cross roads, one-half mile east of Cunningham's corners, marked D. on map, and will at this point expect to receive reports from the officers commanding regiments and any information gained by the officers' patrols re movements of the enemy. Troops will be withdrawn at 11.30 a.m., unless otherwise ordered. Maps are issued for the guidance of all concerned.

The infantry brigade will be inspected by the commandant on Wednesday, at 10 a.m. The 6th infantry brigade will be inspected at 2.30 p.m.

The cavalry brigade will be exercised at a tactical manoeuvre exercise to-day, and the 5th and 6th infantry brigades on Thursday.

At 11.30 a.m. on Thursday a board will assemble for the examination of the following medical officers in equitation: Surgeon-Maj. Gravely, 59th regiment; surgeon-Lieut. Alger, 49th regiment; Lieut. Kilborn and Lieut. Mundell, A. M. C. The president of the board will be Lieut.-Col Rogers, commanding cavalry brigade: members, Lieut.-Col. Clyde 4th Hussars, and Capt. Johnson, 3rd Dragoons.

Pte. Duncan is attached to the 46th regiment for pay and rations from 19th inst.

One thing those of the cavalry brigade miss somewhat by their camp not being situated father up the hill is the music of the bands. This is to a great extent made up for by the musical talent that exists in the cavalry ranks, as the violin and other string instruments are heard on every side.

One noticeable feature about this year's camp is the number of wheels that are being used to great advantage. The number of wheels that are on the grounds is surprisingly large.

The officers look upon target practice with the Morris tube in the light of a farce. It is of little use to a man, because when he uses regulation ammunition he meets with new conditions and has to learn all over again; he would have to learn to gauge windage, sun conditions, the action of the rifle upon being discharged, recoil, etc., all of which are unknown features with the Morris tube. Then again, in using regulation ammunition he would be taught to fire prone, kneeling and standing, and would have to fire at discs ganged to different distances, whereas with the Morris tube the one sized disc alone is used. Had regulation ammunition been used the big scores which now stand to the credit of so many of the men in this camp would be reduced at least two-thirds; if many of them made one-third their Morris tube score, with ordinary ammunition, they would be doing good shooting.

Peterboro Examiner: "An agreeable surprise was in store for the Dragoons. The lines of tents just over the bridge on Barriefield were in full view, and it was with delight that the knights of the boots and saddle learned they were to occupy them. The spot is an ideal one for the purpose to which it is now devoted. A refreshing breeze from across the picturesque Rideau fans with delight the sun-burned trooper, whilst the waters of the same stream quench the thirst of the dashing, restless chargers. It does not necessarily require the services now of the trumpeters to warn the men of the approach of their various duties, as the town clock, the cannon at the fort, and even the whistles of the numerous factories are distinctly audible."

A Fine Description.

Richard Harding Davis' "Relief of Ladysmith" in the July Scribner's is a brilliant piece of war correspondence. He gives a vivid impression of the ways of living, the privations, suffering, and the constant danger of the besieged city and of the fine spirit of endurance that enabled its defenders to hold out. He shows, too, how difficult it was for the advancing column under Gen. Buller to make its way through the surrounding hills that afforded the Boers an almost impregnable natural defence and describes the stirring scenes attending the entrance into the city of the relief column.

Pain-Killer cures all sorts of cuts, bruises, burns and strains. Taken internally it cures diarrhoea and dysentery. Avoid substitutes; there is but one Pain-Killer, Perry Davis'. 25c. and 50c.

Wright & Spicer's mill, Newboro, was burned on Monday. The loss is $3,000, with no insurance.

All liver and stomach troubles cured by Miller's Gratnules. Sold by E. C. Mitchell.

Mr. Banta, New York, caught a salmon weighing twenty-five pounds in Canoe lake, West Rideau.

OIL AND GOLD MINES.

Visitors Speak Of The Food Used.

Major Desborough, writing from Fresno, California, says: "I found Grape-Nuts food forty-five miles in the mountains in an old oil camp, where the whole crowd, ten men, eat it for breakfast every day and every Sunday have it in a pudding for dinner."

Gen. E. C. Machen, an old confederate soldier, has just returned from an extended trip through the southwest and along the Mexican border, investigating mining properties. He says: "No matter where I travelled, I always found it possible to get Grape-Nuts and Postum Food Coffee of which I am very fond."

The Grape-Nuts breakfast food is especially valued by campers and frontier people, as it is always cooked and ready for instant service, and being concentrated, furnishes unusual strength and nourishment, in a small quantity. It is believed that a man can travel farther and exercise more continuously, on a few teaspoons of Grape-Nuts than on like quantity of any other food known.

The reason for this is that there are selected elements in Grape-Nuts that furnish direct to the brain and nerve centers, the necessary particles to rebuild the delicate gray matter contained in these parts, therefore, a man continuously fed on Grape-Nuts is absolutely certain of a good condition of the nervous system, which is finally the controller of the entire body.

INCIDENTS OF THE DAY.

PARAGRAPHS PICKED UP BY OUR BUSY REPORTERS.

The Spice of Every Day Life — What The People Are Talking About — Nothing Escapes Attention.

All this week 5 extra trading stamps on every one dollar purchase at Mullin's grocery.

H. Cunningham, piano tuner from Chickering's, New York. Leave orders at McAuley's bookstore.

The lower fire station is being repainted. It is a "scaley" job working at the top and sides of the tower.

Miller's Grip Powders Cure. Sold by E. C. Mitchell.

Dr. Daly has secured some fine photographs of the camp and the soldiers. One in particular is very unique.

Miller's Granules cure constipation. Sold by E. C. Mitchell.

The 1st of July comes on a Sunday this year. Monday, the 2nd, will be observed as a public holiday.

My wife is having the best of health. Miller's Compound Iron Pills did it. Sold by E. C. Mitchell.

Egyptian Rheumatic Oil cures rheumatism. Read testimonial in another column. For sale at Mahood's drug store.

If the children require physic none acts so nice as Miller's Worm Powders; very pleasant to take. Sold by E. C. Mitchell.

The electric lights in the western part of the city were extinguished last night through the circuit being burned out by lightning.

Oh my! how your complexion has improved. Yes, Miller's Compound Iron Pills did it. Sold by E. C. Mitchell.

On July 17th, the Bank street Presbyterian church, Ottawa, run an excursion to Kingston, coming on the steamer New York from Brockville.

Palace steamer "Rideau Queen" every Monday and Thursday at 7 a.m. for Ottawa, through the celebrated Rideau lake by daylight. J. Swift & Co., agents.

Prevost, Brock street, has the most up-to-date goods of English and Scotch tweed suitings, venetian, clay, worsteds, serges and spring overcoatings. A first class fit guaranteed.

The members of the Ki-katorial union leave next Saturday on their steam yacht Tekona, for a trip among the Thousand Islands. They will remain away until the following Tuesday.

The officers of the street railway employees' union, which is affiliated with the international federation are: President, Thomas Timms; vice-president, M. Welch; secretary, W. McCann; treasurer, Walter Carey.

"North King" leaves Swift's wharf, Sunday, Tuesday and Thursday, 9 a.m. for Gananoque, Rockport and Alexandria Bay. Returning, leaves Kingston 6.30 p.m. for Charlotte and Bay of Quinte ports. J. P. Hanley, agent.

Green Ceylon Tea which is now being introduced into Canada, in the well-known packages the "SALADA" Tea Company, has got one great advantage over Japan Tea; and that is, while it is of the same flavor and the same light coloring liquor, it is very much stronger and is absolutely free from adulteration, which practically no Japan Tea is. Ceylon Green Tea is sold in sealed Lead Packets of the "SALADA" Tea Company and is always fresh and fragrant, as well as healthful.

Cataraqui Lodge Officers.

At their regular meeting last night Cataraqui lodge of Oddfellows initiated four candidates into the mysteries of the second and third degrees. Election of officers also took place, resulting as follows: N.G., N. Robinson, V.G., F. Briggs; R.S., A. Singleton; F.S., O. V. Bartells; treasurer, W. H. Warren. The grand lodge representatives were also chosen, viz., Robert Meek, W. H. Warren and James Dennison. The grand lodge will meet in Hamilton in August. The officers will be installed on Tuesday night by district deputy grand master Walker, Harrowsmith.

Go-As-You-Please Plan.

Inspector Kidd is good enough to say that the statement is "untrue" that the teachers are having a go-as-you-please time this week. With promotion examinations over in the junior classes, with holidays to classes not entitled to them, with cramming of entrance candidates (some going to school at 8 a.m.) to the neglect of those not trying, and with a hint to scholars that they can quit school as soon as they like now, the go-as-you-please scheme seems to be well established. Many trustees are sick of the way things are being run just now.

$2. Two Excursions To Rochester. $2.

Saturday and Sunday next, Columbian and North King home early Tuesday morning.

To Bid Adieu To-Night.

Rev. J. H. H. Coleman, curate of St. James' church, preached his farewell sermon on Sunday night, and will, at the close of to-night's services, bid his friends good-bye. Miss Corbett, on behalf of St. James' boys' brigade, will to-night present him with an address and a token of remembrance. His services will be greatly missed, especially by the boys. It is largely owing to his efforts that the brigade has attained its present proficiency.

The Popular Fuel

IS

SWIFT'S SCRANTON COAL

Jas. Swift & Co.

Tried By Time.

If you let us furnish your coal will prove—

That our coal is always as good the last, always clean, always anxious to be burned.

That you always get the right prices.

That you always get prompt careful delivery.

We're always ready to prove all things to you. Now is a good time to begin.

Crawford COAL THAT SUITS.

Foot of Queen St.—'Phone 9.

This is The Place

Where You Can Get What Y Want In

HARD WOOD, SOFT WOOD and KINDLING

P. WALSH.

55-57 Barrack St.

JUST COAL.

Just the right weight to the ton.
Just the right hardness.
Just soft enough to light easily.
Just hard enough to burn long.
Just the same price as is asked for inferior coal.
