North King and Columbian to Rochester Saturday and Sunday.

Tenders for improvements to a building on Wellington street received by E. M. Storey up to 5 p.m., Tuesday.

The provinces were united under the name of the dominion of Canada on July 1st, 1867. Lord Monck was the first governor-general.

This date: 1520, Montezuma died; 1685, Earl of Argyle beheaded; 1690, battle of Beachy Head; 1696, Greenwich hospital founded; 1857, Cawnpore massacre; 1885, North West rebellion was suppressed; 1890, Halifax and Bermuda cable completed.

They're Broken.

No use to cry over broken Chinaware. You are in luck to have a stock like ours from which to choose new pieces.

We Break Them Too,

And you get the advantage of broken sets here. Some of our prettiest sets are short a few pieces, and you can get them right.

Robertson Bros.

MARINE INTELLIGENCE.

Notes Regarding the Movements of Vessels.

The tug Bronson arrived to-day with six light barges from Montreal.

The steamer Alexandria, from Montreal, called at Craig's wharf last night.

The schooner Lydon was expected to clear from Swift's wharf for Oswego to-day.

The steamer New York took an excursion from Gananoque to Clayton last night.

The schooner Two Brothers arrived from Oswego last night with coal for Anglin & Co.

Arrivals at Swift's wharf to-day: Steamers Spartan, from Toronto; Corsican, from Montreal.

The schooner Mowat arrived this morning at the M.T. company elevator with 9,000 bushels of wheat from lake ports.

The steamer North King left Kingston twenty-five minutes later than the steamer Argyle and arrived at Charlotte five minutes ahead.

The steamer America arrived from Gananoque late last night after returning the 8th gold battery from the camp at Deseronto. The steamer left this morning for Prescott with the 56th regiment aboard.

J. E. McGlade, Brockville, a passenger on the steamer Rideau Queen from Kingston to Westport, is loud in his praises of Capt. Noonan's new craft. One could not ask for anything better in the line of a passenger steamer.

The steamer Columbian arrived back from Oswego this morning at half past nine o'clock. It took her six hours to reach that port with the Oswego excursionists who had a terribly rough trip. Several of the Columbian's crew picked up their traps this morning and left the steamer. They could not stand such rough weather.

Severe Cold Spells.

A great many comments have been made regarding the cold spell which settled down yesterday over this part of the country. Many of the younger generation expressed surprise at the temperature, the like had never before occurred within their recollection. However, some of the older inhabitants give assurance that much colder weather was experienced in the good old times. S. N. Watts, Portsmouth, remembers that on June 16th, 1861, there was a heavy visitation of frost. So severe was it that all garden vegetables, fruit, etc., were destroyed. Another old resident remembers attending an Orange picnic on July 12th, 1865, when the weather was so cold that over coats were used and everybody looked for a flurry of snow. The present cold snap is not quite as bad as the two recorded in the foregoing.

Sunday Services.

Queen street Methodist church—Rev. James Elliott, B.A., pastor. Fellowship service at 10 a.m.; sacrament after morning service. 7 p.m., "Christian Patriotism."

Sydenham street Methodist church, Rev. E. B. Ketchey, pastor—11 a.m., "From Manna to Corn;" 7 p.m., "Whose Image is This?" Music, morning, "The City of God;" "Give Your Heart to Jesus." Solo and chorus, F. Spence. Evening, "I Sought the Lord" (Stevenson); Master Willie Orr will sing "Just Be To-day" (Abbott). Everybody welcome to all the services.

Summer Shoes.

All our $2 Oxford shoes, size 2½, 3, 3½, we will sell for $1.25. A. Abernethy.

Last Chance To-Night.

THE ADMIRAL'S REPORT

He Tells Of His Fights With Boxers.

MANY OF CHINESE SLAIN.

RAILWAY DEMOLISHED AND STOPPED ADVANCE.

Supplies Were Cut Off and a Return to Tien Tsin Was Made Necessary—A Galling Fire Continually Kept Up on the International Force.

London, June 30.—The admiralty has received the following despatch from admiral Seymour, sent by way of Chefoo yesterday:

"I have returned to Tien Tsin with the forces. I was unable to reach Pekin by rail. On June 13th two attacks on the advanced guard by Boxers were repulsed with considerable loss to the Boxers and none to our force.

"On June 14th the Boxers attacked a train at Langfang in large numbers and with great determination, but were repulsed with about one hundred killed. Our loss was five Italians.

"The same afternoon the Boxers attacked the British guard that was left to protect the Lofa station. Reinforcements were sent back, and the enemy were driven off. One hundred of them were killed. Two of our seamen were wounded.

"The guards pushed forward to Anting and engaged the enemy on June 13th and 14th, inflicting a loss of 175. There were no casualties on our side.

"The extensive destruction of the railway on our front having made further advance by rail impossible, I decided on June 16th to return to Yang Tsun, where I proposed to organize an advance by the river on Pekin.

"After my departure from Lang Fang, two trains which had been left to follow were attacked on June 18th by the Boxers and imperial troops from Pekin, who lost from 400 to 500 killed. Our loss was six killed and forty-eight wounded. These trains joined me at Yang Tsun, the same evening. The railway at Yang Tsun was found to be entirely demolished and the train was unmovable.

"The Boxers were short of provisions, and we were hampered by our wounded, which forced us to withdraw on Tien Tsin, with which we had not been in communication for six days, and our supplies were cut off.

"On June 19th the wounded and necessaries for them started by boat, the forces marching alongside of the river. Opposition was experienced during the whole course of the river from nearly every village. The rebels, when defeated in one village, retired to the next and skilfully retarded our advance by occupying well selected positions, from which they had to be forced, often at the point of the bayonet in face of a galling fire that was difficult to locate.

"On June 23rd we made a night march, arriving at daylight opposite the imperial troops armoury, above Tien Tsin, where after friendly advances, a heavy fire was opened, while our men were exposed on the opposite river bank. The enemy were kept in check by rifle fire in front while their position was turned by a party of marines and seamen under Maj. Johnston, who rushed and occupied one of the salient points, seizing a gun. The Germans lower down silenced two guns, and then crossed the river and captured them. The armoury was then occupied by the combined forces.

"Determined attempts to retake the armoury were made the same and following days but were unsuccessful. We found immense stores of guns, arms and ammunition of the latest pattern. Several of the guns were mounted for our defence and we shelled the Chinese forts lower down.

"Having found ammunition and rice we could have held out for some days, but being hampered by the large number of wounded I sent to Tien Tsin to ask for a relieving force, which arrived on the morning of June 25th. The armoury was then evacuated and the forces arrived at Tien Tsin on June 26th. On leaving the armoury I destroyed it with fire."

Admiral Seymour's despatch is practically the only news of consequence received from China. Ignorance regarding the condition and whereabouts of the ministers and others who were in Pekin is complete. Chinese reports again say that they left the capital under a Chinese escort, but this cannot be confirmed. It is stated that the Taotai of Shanghai has reiterated to the consuls the government's intention to protect them at all costs. There is no inkling from any source of the steps the powers propose to take in their behalf.

The government here gives no sign of any present policy other than contained in a brief utterance of colonial secretary Chamberlain, in the course of a speech in London last evening. He declared that it was incumbent on Great Britain to rescue British subjects in China who were in danger, and to exact sufficient reparation for the injury done them.

It is stated from a Shanghai "official source" that admiral Alexieff, of the navy, will take command of the allied forces in the north, but no hint is given as to how the force will be used.

A Shanghai correspondent claims to have authentic and reliable authority for stating that a secret imperial decree has been sent to all the viceroys, praising the Boxers for their patriotism in opposing the foreigners and expressing the government's desire to encourage all others to do likewise.

A despatch to the Times from Shanghai says that the American battleship Oregon ran ashore in a fog off Haki island, thirty-five miles north of Chefoo. Messrs. Jardine are sending assistance to the stranded vessel.

PITH OF THE NEWS.

The Very Latest News Culled From All Over The World.

Hiram Lilly, Kincardine, dropped dead while walking in the field.

It is said that the trackmen on the C.P.R. are contemplating a strike.

J. D. Hogarth has been appointed a sub-collector of customs at Norwich.

William Weir, Montreal, ex-president of the Banque Ville Marie, has assigned.

Next meeting of grand lodge, I.O. G.T., will be held in Toronto next June.

Crispin E. Smith, of Calgary, has been appointed a police magistrate in the northwest territories.

A Hull lineman, Edward Tremblay, was instantly killed by coming in contact with a live wire.

The national association of master plumbers, meeting in Montreal, has elected W. H. Meredith, Toronto, president.

The reports sent abroad that Sir Wilfrid Laurier is going to Paris at the end of the session are without foundation.

A lighted bomb charged with powder and pieces of lead was found in front of the entrance door of the residence of M. Bulot, procurator of the republic at Paris.

A telegram from St. Petersburg reports great activity among the Boxers in Manchuria. The Russian railroad has been attacked, and the telegraph wires have been cut.

It is believed the government will increase the pay of Strathcona's Horse from the rate enjoyed by the imperial mounted troops to that established for the Canadian mounted rifles.

The congress of chambers of commerce meeting in London adopted the Montreal resolution recommending an improved service with the far east and Australia, via Canada, the establishment of steamer lines to Canadian ports, and protesting against the discrimination in marine insurance rates.

A young Indian named Joseph Oaks, aged twenty years, of the St. Regis reservation near Cornwall, met with a terrible accident near Prescott, Thursday night, by falling from the midnight express. He was found lying on the track in an unconscious condition, terribly mangled. His recovery is doubtful.

POST OFFICE ESTIMATES.

Mr. Mulock's Statement of the Workings of His Department.

Ottawa, June 29.—In the house of commons this morning, upon motion of Mr. Monk, the report of the committee on the purchase of emergency food for the Canadian troops in South Africa, together with all the evidence, was ordered to be printed. Mr. Belcourt suggested that the adoption of the report be fixed for Monday evening, but Sir Wilfrid Laurier suggested that the date for discussion be not definitely fixed until the report is in print.

The estimates of the post-office department were before the house, and Hon. William Mulock had the agreeable task of announcing to the people's representatives that the gloomy predictions indulged in by conservative orators as to the huge deficit that would follow the reduction to the two cents in the domestic postal rate and the adoption of inter-imperial penny-postage had not been realized. But what has the actual result been? The Canadian public have been given the benefits of reduced postal rates for the half year at an expenditure in excess of revenue of only $298,717. If the deficit were doubled it would still be much less than that which annually prevailed under the date government.

A Very Rough Trip.

The Syracuse excursionists who arrived here on Friday afternoon on the steamer Columbian were not favored with pleasant weather. At noon the wind commenced to blow with fury, and the sea rolled high. Many on board were very sick and very glad to reach the limestone city and set foot on a solid foundation. The Columbian left on the return trip to Oswego at a quarter past three o'clock, but many of the excursionists would not venture across the lake, preferring to wait till to-day, when the storm would be over.

It took the Columbian twenty-five minutes to reach the Bateau passage at Channel Grove, so fierce was the wind. Those on board must have had a sad time in crossing the lake, and were not envied by their friends on shore.

Baseball Yesterday.

American league.—At Milwaukee, 2, Minneapolis, 1. At Kansas City, 5; Chicago, 1. At Indianapolis, 3; Cleveland, 3. Darkness stopped game. At Buffalo, 4; Detroit, 12.

Eastern league.—At Hartford, 1; Montreal, 4. At Worcester, 12; Syracuse, 7.

National league.—At St. Louis, 4; New York, 3. At Pittsburg, 2; Philadelphia, 4. At Chicago, 1; Brooklyn, 0. At Cincinnati, 3; Boston, 2.

Excursion Bulletin.

Saturday, June 30, New York, thousand Islands 3 p.m. 35c.

Dominion day, Monday, June 2nd, Alcerica for Gananoque demonstration 10 a.m. (14th band on board) and 2 p.m. (including tour of islands) 35c.

Dominion day excursion to Watertown 5 a.m. $1.25.

July 4th Empire State for Alexandria Bay and Ogdensburg demonstrations 7 a.m. 50c.

Technical Classes For Girls.

The closing of the technical classes already in existence in Kingston will take place on Tuesday, July 3rd, from half past three to six. The pupils in domestic science will give a food exhibition of articles, showing their skill in carrying out the instructions received and a class will be given a lesson. All are cordially invited.

Last Chance To-Night

To see the Waragraph at Lake Ontario Park.

Tickets for the Rochester excursions to-day and to-morrow to be obtained at Gildersleeve's office.

FIGHTS WITH THE FOE

Engagements With Boers At Several Points.

THE KILLED AND WOUNDED.

CAPTURE OF MANY SHEEP AND CATTLE.

An Attack on a Convoy Was Successfully Met—The Canadians in One Attack But Beat Off the Enemy and Without Any Loss—Lieut. North Taken Prisoner.

London, June 30.—The war office has received the following from lord Roberts:

"Pretoria, June 29.—Col. Paget reports from Lindley that he was engaged on June 26th, with a body of the enemy who were strongly reinforced during the day. A convoy of stores for the Lindley garrison was also attacked on June 26th, but after a heavy rear guard action, the convoy reached Lindley in safety. Our casualties were ten killed and four officers and about fifty wounded.

"The fight reported yesterday was under Lieut.-Col. Grenfell, not Dreiper. Gen. Brabant came up during the engagement. Total casualties of the columns, three killed and twenty-three wounded."

On the previous day, near Ficksburg, Gen. Boyes' brigade was in action with a body of the enemy. Our casualties were two officers killed, four men wounded, and one man missing.

Gen. lord Methuen found yesterday that the Boer laager near Vachkop and Spitzkop had been hastily removed in the direction of Lindley. He followed the enemy twelve miles and captured 8,000 sheep and 500 head of cattle, which the enemy had seized in that neighborhood. Our casualties were four men wounded.

Gen. Hunter continued his march yesterday toward the Vaal river unopposed. A few farmers along the route have surrendered.

Springs, the terminus of the railway from Johannesburg, due east, was attacked early yesterday morning. The Canadian regiment, which garrisons the place, beat off the enemy. No casualties are reported.

Lieut. North, reported missing after the attack on the construction train, is a prisoner of the Boers.

To Report On The Matter.

London, June 30.—The government gave the house of commons an opportunity yesterday to debate the question of the treatment of sick soldiers in South Africa in view of the statement made in the Times by Mr. Burdett-Coutts, that "we lack an efficient staff and medical comforts, and attention to the soldiers in South Africa, especially at Bloemfontein." This statement has created a sensation throughout the country. It was stated that lord Roberts courted the fullest and most complete enquiry, and the government suggested that a small committee of medical men and other experts be sent to South Africa to study and report on the matter.

Killed At Standerton.

Ottawa, June 30.—A cable from Col. Steele, Strathcona's Horse, dated at Standerton, June 29th, reports: Pte. E. M. Banks killed, and Pte. W. W. Woodward and Pte. P. R. Hayes, invalided. Pte. B. Niblock is about to be sent to England.

SPORTING PARAGRAPHS.

The Various Events Which Have Created Interest.

The Toronto baseball team has lost seventeen games this season by the narrow margin of one run.

Ruhlin, who won from Sharkey this week, is to be matched for a mill with Jeffries. The last named is willing to meet the "Akron giant."

Thomas O'Connor returned yesterday from New York, where he witnessed the Ruhlin-Sharkey fight. He thinks it was a give away on the part of Sharkey. "Tommy" has been engaged to play the piano at the pavilion in Lake Ontario park during concerts this season.

Like the proverbial cat, "Mike" Young came back. He was employed in a factory at Lindsay and engaged to play with the baseball team of that place, but the distance between him and his autor, "Chancer" Elliott, was too great, so he quit the job and came back to Kingston.

Yale won the big four-oar race from Harvard by 18 2-5 seconds. The distance was two miles. Harvard won the two preliminary but less important races. Harvard lost because of the collapse of Harding, stroke oar, who was not in training, having taken the place of a disabled member of the crew.

The barbers were trimmed by the cigar makers yesterday, and lost their baseball match by a close shave. At the close of the contest it was found that the cigar men had tallied up twenty-six runs, while the barbers had one less. For the cigar makers the battery was composed of F. Guy and J. Bennett, while the barbers were represented by F. Elmer and J. Bulger. Another meeting will take place at an early date. Alfred Pierce umpired in a satisfactory manner.

The Girl Liberated.

An order arrived this morning for the release of the young girl recently sentenced by police magistrate Daly to one year in the Mercer reformatory for an escapade in the city park. It was expected she would be liberated this afternoon. The young man was freed some days ago.

Men's Lace Boots.

See our men's $3 lace boots that we are selling for $2. A. Abernethy.

Several deer were seen grazing in A. Miller's field, in Fitzroy township, on Wednesday. They were splendid animals.

FALLING INTO OLD MINE.

The Houses of Duryea, Pa., Settle Several Feet.

Wilkesbarre, Pa., June 30.—The town of Duryea was aroused at midnight when a part of the lower end of the town, near the Lehigh Valley railroad tracks, settled several feet because of a cave-in in the abandoned Columbia colliery of the old Forge coal company.

Six houses on the surface affected settled, and while the occupants fled for their lives the plastering fell and doors and window sashes were destroyed. The houses are ruined, being twisted and displaced from the foundations. They are owned by the company.

The large twenty-six-inch water main of the Spring Brook water company, which supplies the village, was broken in eight places, and the town was without water to-day. The tracks of the Lehigh Valley and Delaware, Lackawanna & Western railroads have sunk two feet.

ANY OLD THING WON'T DO.

New Regulation For Official Uniform of Customs Officers.

Ottawa, June 30.—Hon. William Paterson, minister of customs, is going to remedy the defect of the customs service in having the examining officials dressed in any old nondescript garb at all.

Henceforth the customs officers must wear an official uniform to consist of: Dark woollen pants, dark blue woollen vests, dark blue woollen double-breasted sacque coat with brass buttons and dark blue cloth cap of approved pattern with customs insignia thereon, a crown surrounded by a wreath of maple leaves between the words "Canada customs" on a movable band forming the insignia.

The department of customs will contribute the brass buttons and cups with insignia, and contribute $7 yearly towards the rest of the uniform.

HEAD-ON COLLISION.

Fireman Killed, Engineer Seriously Injured, Passengers Bruised.

Worcester, Mass., June 30.—Joseph Stone of Fitchburg, twenty-three years old, fireman on the Fitchburg railroad was killed in a head-on collision last night. Engineer Arthur S. Plummer of Fitchburg was internally injured and his left leg broken. The men were members of the train crew in charge of a church picnic excursion train bearing 500 people to Worcester from Gardiner. An engine blocked the main track. The men on the stalled engine jumped and were uninjured. Fireman Stone remained in the cab and applied the air brakes. Twenty excursionists were bruised and nine of them were severely shaken up.

X Rays On Mail Matter.

London, June 30.—Those who would take any improper advantages of her majesty's mails must reckon with the Roentgen rays. According to a member of the Roentgen society, the officials are making great use of the rays in looking into the contents of parcels sent through the post. The examination can be made with lightning rapidity. Some time ago watches were sent into these countries inside bibles. The rays have done away with that profitable source of income.

Will Visit British Columbia.

Toronto, June 30.—Hon. J. R. Stratton, the provincial secretary, left to-day on a trip to the Pacific coast. Mr. Stratton will spend Monday and Tuesday at Sault Ste. Marie, and will stop over for a day at Port Arthur, Fort William and Rat Portage. He will then go by way of the Crow's Nest Pass to British Columbia, where he will visit the mining centres and the principal cities.

Schooner Held Up.

Buffalo, June 30.—The Canadian schooner, Volunteer, lying at Charlotte, has been libelled by J. C. Barney for $300, which, he says, he loaned the captain in 1893 to repair the vessel when she went aground in a storm near Charlotte. The Volunteer was formerly the L. D. Bullock, and was owned in Port Hope, but has since changed hands.

The Canadian The Quickest.

Peterboro, Ont., June 30.—Gerald Hayward writes on May 14th, on the way to Pretoria, that at Kroonstadt he got at his first Boer with his revolver. "I let him have it," he writes, "and he was just ready to fire when I let him have the charge. I took his spurs and have them as a keepsake."

Discontinuing Trading Stamps.

Brockville, Ont., June 30.—The grocers of Brockville have organized what will be known as the retail grocers' association of Brockville. The members have unanimously adopted a resolution agreeing to discontinue the giving of trading stamps or discounts after July 15th.

Made A Surrender.

Manila, June 30, (9 a.m.)—Gen. Grant reports the unconditional surrender of Gen. Aquino at Angeles with 640 rifles. Gen. Aquino promises that his officers and men will surrender later. The secret service officers captured Gen. Estrella in Manila yesterday.

"SATISFACTION."

We don't charge for "satisfaction." Our work is worth all you pay for it. "Satisfaction" is thrown in to retain your good will and patronage.

There is big satisfaction in having your work done here.

BAKER'S LAUNDRY, 260 Princess Street.
