## THE DIEGO FIRED ON BY AMERICANS BUT ESCAPED.

**The Vessels Reached the Port of Cardenas Safely—Another American Attempt At Landing Falls Short—Hobson and His Men Were in Morro Castle During The Bombardment—Have Been Removed to the City—Troops On Way to Santiago.**

HAVANA, Cuba, June 22.—The United States battleship Texas and a cruiser attempted to land some marines at Punta Cabrea, Santiago de Cuba, on last Friday at daybreak. The Spanish troops on the shore under Col. Aldea prevented the landing, repelling the Americans with considerable loss.

A guerilla band under Peral had a fight with some insurgents lodged along the railroad line near Digame, in Havana province. The rebels tried to blow up the tracks with a bomb. The Spanish troops went out in a train from Alguizar and dislodged another bomb before it exploded. The rebels withdrew with some losses. The Spaniards had three men wounded.

The steamer Diego sailed at daybreak yesterday on a scouting expedition to Cayo Piedra. She seized some provisions, a table, kitchen utensils, a can of petroleum, some lamp tubes and other articles. The Diego was pursued by the Americans, but succeeded in reaching the port of Cardenas after being hit by a single rifle bullet.

SANTIAGO DE CUBA, June 22.—Hobson and his seven companions were prisoners in Morro castle during the bombardment by the American fleet on June 6th. None of them were injured. They were locked in the Morro after their capture and were kept there while lodgings for them were being prepared in the barracks which are in the city. These were not ready for them until June 7th, when they were moved. (Signed) Ramsden, British consul.

LONDON, June 22.—A despatch to the Times from Havana says that captain-general Blanco is selecting six battalions to protect the coast of Santiago. There is great enthusiasm among the troops. Havana is quiet. The health of the city is good. There is no yellow fever there.

MADRID, June 22.—Capt.-Gen. Blanco, under date of yesterday, has cabled to Gen. Correa, minister of war, as follows: "A warship to day bombarded Casilda for three hours, firing 150 rounds. The troops made a brilliant defence, assisted by the gunboat Fernando El Catolico. There was great enthusiasm. The attackers withdrew after inflicting slight damage on a house and shop."

Gen. Linares, the military commander at Santiago, has cabled to Gen. Correa announcing the arrival of the military expedition under Gen. Shafter.

OFF SANTIAGO, June 22.—The anxiously looked for American army of invasion has at last arrived off this place, after a comparatively uneventful voyage. The troops are eager to get ashore, it now being seven days since they left Egmont Key, off the coast of Florida.

### Queen Regent's Jewels At Vienna.

LONDON, June 22.—The Vienna correspondent of the Daily Telegraph says: The Spanish queen regent's jewels and valuables were brought to Vienna, but it is declared in official quarters here that though the situation is precarious she will remain in Spain till her post becomes untenable. Rumors of abdication are quite baseless. It is said, however, that emperor Francis Joseph has recently written the pope on the subject of intervention.

The Madrid government announces that Spanish troops may occupy the coast line at Santiago and declare that they are able to repulse the Americans. The governor of Corruna is vainly trying to arrest an alleged American spy, who, it is stated, arrived there on the British steamer Hornac.

### British Embassy Moved.

WASHINGTON, June 22. — The British ambassador, Sir Julian Pauncefote, was at the state department yesterday and gave notice that the embassy would be removed for the summer to Pequot, near New London, Conn. The shift will be made next Saturday and the ambassador and his staff will be away about three months. The British government has not formally ratified the plans for a commission to settle all Canadian border controversies. The ratification is expected before long and at that time, the date and place when the commission will meet and its personnel will be determined.

### Crushed In An Ice Floe.

ST. JOHN'S, Nfld, June 22.—The British steamer Pare, captain Ganeden, Dunkirk for Tilt Cove, to load copper for Swansea, encountered an ice floe off the mouth of Notre Dame bay on Saturday, and was crushed, sinking within two hours. Her crew of twenty-one launched the boats and pushed their way through and over the floes to land, a tedious work, taking all night, and arrived at Tilt Cove Sunday afternoon, after many hair-breadth escapes during the darkness.

### Another Election Protest.

TORONTO, June 22.—Another, and likely the last election cross petition, has been fyled by the liberals of South Perth, who ask for the disqualification of Nelson Monteith, conservative candidate, elected on a recount by a majority of four. The cross petition contains, in addition to the usual charges, the allegation of an election fund, which the conservative candidate is said to have made use of.

### Struck By Lightning.

RAT PORTAGE, Ont., June 22.—The Rat Portage lumber company's sash and door factory was struck by lightning about midnight and set on fire. The building was destroyed, with about 10,000 feet of lumber. The other buildings on the mill property were saved. The loss will be about $5,000; insured.

### Thirty-Four Bodies Recovered.

LONDON, June 22.—The bodies of five men, eighteen women and eleven children have been recovered at Blackwell, the scene of the disaster that followed the launching of the British first-class battleship Albion, yesterday, by the duchess of York.

## FURIOUS CLOUD-BURST.

**Over the Town of Ashcroft, B.C.—Damage to Crops—One Benefit Wrought.**

VANCOUVER, B.C., June 22.—A cloud burst over the town of Ashcroft yesterday out of comparatively clear sky and seemed to carry all the cold and wind from the mountains with it. No lives were lost, but the damage done was great. Huge hailstones, the size of marbles, cracked windows like eggshells. The crops were buried in sand by the embryo river which swept over the land, and in about as much time as it takes to tell it, families were wading through water in their own homes. Bridges were smashed, fences were torn down and bridge approaches were washed away. Some families were so isolated by the fury of the storm that they had to walk in a wide circle of several miles to get to town.

One of the many strange freaks of the cloud-burst was the fact that the water works excavations, ready to be filled up with stone and mud, piled high on the the side, were filled and leveled in ninety-five minutes by the elements, saving the corporation a large amount, as if to make some amends for the devastion wrought everywhere. The cloud-burst is a serious blow to the farmers visited, as the crops promised an abundance this year, and high prices.

## MR. GRENFELL REMEMBERED.

**Congregation and Young People Present Him With Handsome Gifts.**

The congregation of Brock street church assembled last evening to bid farewell to Rev. J. Grenfell. W. H. Godwin occupied the chair, and after a few remarks, called upon R. D. Anglin and Rev. Mr. Short, each giving a brief address. The pastor was there by special invitation and was made the recipient of a study chair and a gold-headed cane, gifts from the congregation, and a fountain pen from the young people's society of christian endeavor. The presentations were made by Mrs. Charles for the congregation, and by Miss Sissons for the young people.

Mrs. Carnovsky read an address of farewell, touching upon the great benefit the church had received during his pastorate and the appreciation which the congregation bore him. They could not allow him to depart without expressing their love and friendship, of which, in but inadequate measure, the tendered gifts gave token.

Rev. Mr. Grenfell replied in touching terms, thanking the members for assistance in his work and for expressions of regard. Refreshments were then served and the remainder of the evening spent in social conversation.

### Patent Of Inventions.

Inventions recently patented by Canadian inventors by the Canadian, United States and English governments, through Marion & Marion, Montreal.

American—E. N. Stevenson, Philipsburg, P. Q., clothes tonge; J. E. Kennedy, Montreal, improvements in shoes; Eugene Godin, Three Rivers, P. Q, acetylene generator; Thomas Benwick, Miami, Kan., game apparatus.

Canadian — Emilien Rousse, Weston, Oregon, fanning mill; William Maloney, McLeod, Man., wheel scraper; Napoleon L. Gobeille, St. Hyacinthe, P.Q, drain ditching plough; William F. Williams, Bishop, Cal., improvement in shirt sleeves and drawers legs; Edmond Horoux, Yamachiche, P.Q, shoe; Nelson Green, Radnor, P.Q., shaft attachmente; Eliese Bouchard, Kamouraska, P.Q, cover for cooking and other vessels; Charles Gay, Rockland, Ont., cradle.

### Milk Waggon Wrecked.

This morning the car on the depot branch of the street railway system collided with the milk waggon owned by T. O'Connor, Cataraqui. The car was approaching the city, the driver taking the precaution to ring the warning gong before reaching Ordnance street, up which the milk waggon was proceeding. The driver, a lad named Christopher Smith, aged about fifteen, apparently did not see the car, as he drove across the rails immediately in front of it. The horse was thrown down and considerably cut, while the rig was demolished. The milk cans were broken and the fluid they contained was scattered about the road. Fortunately the boy escaped injury. Police constable Downie was on the car and witnessed the accident. He reports that the motorman was not to blame.

### Organizing Christian Endeavorers.

Last evening the members of the christian endeavor society of Queen street Methodist church were addressed by Mr. Stillman, Victoria university. Mr. Stillman was sent out by Rev. Dr. Sutherland, superintendent of foreign missions, to organize christian endeavor societies into districts with a view to each district supporting a missionary in a foreign field. The plan as disclosed by Mr. Stillman will be considered by the society he addressed last evening.

### Wants A Medal.

This morning the chief of police received a communication from Rev. J. Macalister, Iroquois, asking the chief to make affadavit as a comrade that the writer was in service in 1866 70. He is making application for a medal. Mr. Macalister served as ensign of the 14th battalion, being attached to No. 3 company. He is a son of the late Alexander Macalister, for many years customs surveyer at this port.

Sir Louis Davies, Hon. Mr. Fielding, Hon. R. W. Scott and Hon. C. Sifton assisted in the laying of the first stone of the Iroquois canal at Iroquois on Monday. Hon. Mr. Fielding placed in position the first stone of the lock, and spoke hopefully of the prospect of a fourteen-foot channel at an early date. The new lock at Iroquois when completed will be one of the best in the whole Canadian canal stystem. It is 800 feet long and fifty feet wide, with a drop of seventeen feet. An idea of the magnitude of the work may be gathered from the fact that it is cut out of the solid rock.

### Russian Indemnity To Britain.

LONDON, June 22.—The Brussels correspondent of the Daily Chronicle says: "Prof. Riverie, of the university of Brussels, has been appointed as arbitrator to fix the amount of indemnity to be paid by Russia to Great Britain for seizure of Canadian vessels in the sealing grounds.

### German Officer Fired Upon.

BERLIN, June 22 —During a military review to-day at Deutsche Eylan, near Oesterode, East Prussia, a soldier in the ranks, whose identity is not yet established, fired at Gen. Von Rob, wounding him in the leg and killing his horse. A searching investigation is proceeding.

### Burned To Death.

John Barns is sergeant-trumpeter for the 4th Hussars, now in camp.

## DEATH OF A YOUNG MAN.

**James Driscoll, Wolford, Passes Away—Newsy Budget from Merrickville.**

MERRICKVILLE, June 22.—Miss Edith Calvert, Ottawa, is the guest of Miss A. Watchorn, Brock street. Miss L. Leevens left last Saturday for Arnprior where she will visit friends. A number of the Foresters went to Jasper Sunday to attend church parade. Miss M. Livingston, Frankville, spent a few days in town with her grandmother, Mrs. Putnam. A very heavy rain storm passed over here Monday afternoon, accompanied by a hail storm which did considerable damage to crops. Mr. Bowes, Clearmont, is filling the position here as night operator at the C. P. R. station. Miss Dell, Burritt's Rapids, is the guest of Miss Katie Lieson, Brock street. Mrs. Bradford and daughter Nellie returned home from Kemptville after spending a week with friends. Frederick Harrison, of the Union bank, wheeled to Ottawa Saturday and returned by train on Sunday. About 160 people from here took advantage of the cheap rates to Ottawa on Thursday, 16th inst. Rev. Mr. Roberts left for Kingston on Tuesday, where he will attend a meeting of the synod.

At the early age of twenty years James Driscoll, jr., died at his father's residence, Wolford, Thursday. The deceased had been in good health until last summer when he contracted a severe cold and it settled on his lungs. He had many warm friends and was well liked by all whom he became acquainted with. The funeral took place Saturday at ten o'clock, and was one of the largest seen in this part for a long time. Rev. Mr. Roberts performed the last sad rites. Maitland Newman and little son, Hamilton, are spending a week in town and vicinity. The masons attended Trinity church in a body last Sunday and were ably addressed by the Rev. Dr. J. Muir. There were a number of brethren present from Bishop's Mills, North Augusta, Kemptville and Smith's Falls. Miss Scott left for her home at Toronto Monday after spending six weeks with her cousin, Miss Holden, St. Lawrence street. Miss Horneybrook, Algonquin, is visiting at the residence of C. W. Postlethwait.

### License Holders' Association Meet.

LONDON, Ont., June 22.—Delegates to the annual convention of the Ontario license holders' protective association continued to arrive on every train yesterday afternoon, and when the evening session began nearly 200 had registered. At last night's session reports were presented by the solicitor, secretary, treasurer, auditor, executive committee and the special committee on resolutions, all of which were adopted. The treasurer's and auditor's statements showed the association to be in a flourishing condition.

### Sufficient To Collect Duty.

WINDSOR, Ont., June 22 —Some days ago H. O. Fleming, druggist, imported from the United States a barrel of coca cola, a summer drink. As all drugs, medicines, etc., have to be analyzed by the government chemist at Ottawa a sample of the coca-cola was taken by the inspector at Windsor and forwarded to the department. The analysis showed that the beverage contained spirits sufficient to justify the customs in collecting twenty-four cents per gallon specific and thirty per cent. ad valorem.

### A Miner Killed.

WINNIPEG, June 22.—Thomas Bell, a well-known miner and prospector of Bell City, lost his life at Mine Centre, Ont., a short distance from Rat Portage, on June 19th. In leaving the house in which he had slept in the morning he missed his footing on the outside landing and fell to the rocks, about nine feet below. His skull was fractured by the fall and he died about four hours afterwards. Bell leaves a wife and family in Montreal.

### Conditions In Accepting It.

OTTAWA, June 22.—At the synod meeting of the Anglican church to-day it was recommended that the synod accept the proffered honor of raising the diocese of Ottawa to the dignity of being the metropolitan see on condition of foregoing the right of election of their bishop, accepting instead of the nominee of the house of bishops. A committee was appointed to consult with the house of bishops.

### Remarkable Shooting.

Toronto Telegram.

The score made by the ten men composing the team of the 14th P.W.O. rifles, of Kingston, at the recent league match, was truly remarkable. That ten men could be found on a team who could make an average of 94 7 points out of a possible 105 reflects great credit on the men, as well as on their splendid weapon, the Lee Enfield rifle.

There can be only one result of this clever marksmanship. The size of the bull's-eye must be reduced, and this, of course, will make the scores largely a matter of accident.

Rev. W. Raney, Carleton Place, was presented with a gold watch last evening by the members of his congregation, on the eve of his departure for a new charge.

The names of Mrs. English and H. M. Tibbey should have appeared in the report of those who assisted in the musicale at Bishopsleigh on Monday evening.
