## A FARMER'S DISCOVERY.

Tom L. Johnson says "the people have not started in to hunt the robbing system with bird shot; they are loaded for bear." One of these "hunters," a Frontenac farmer and whilom N.P. man, turned up on the market yesterday and was loaded for bear sure enough. He had the "Empire" in one hand and the Montreal "Trade Bulletin" in the other, and to a knot of interested marketers he held forth. "See here," he cried, "they insult the intelligence of farmers claiming to give us 3c per lb. protection on meat, but the facts show that the tariff wall they have built only serves to pen us in, the helpless victims of greedy monopolists. Not only are we not protected, but we are shut in from the benefits of free trade and have to take whatever the ring arranges to pay us. Look at these figures:

"CHICAGO, Feb. 10.—Live hogs sold to-day for $8.60 per 100 lbs., which means $11 for dressed hogs; 13c. for lard and $22 per cwt. for barrelled pork.—'Trade Bulletin.'

"MONTREAL, Feb. 10.—Live hogs have been sold on this market as high as $7 per 100 lbs.; hog products generally firm, but consumption curtailed by high prices. —'Trade Bulletin.'

"No doubt," he continued, "the consumers have to pay the 3c. per lb. protection to the ring, but the farmers who raise hogs do not get it, in fact, as these figures show; they do not get even free trade prices so much are they under the thumb of the ringsters, and these same ringsters have the privilege of bringing in any quantity of Chicago live hogs free of duty when the market is favorable and are allowed to kill them in what is called 'in bond,' they undertaking to export an equivalent amount of cured pork. By this precious arrangement they have year after year kept our prices down to, or lower than Chicago prices, notwithstanding we are a thousand miles nearer the English market, and then when they sell to Canadian consumers they clap on the protection themselves."

Then producing the "Empire" he contrasted the Buffalo and Toronto market reports for barley, cattle, sheep, hay, potatoes, etc., in a manner that seemed conclusive to his listeners. If Mr. Foster now thinks these men can be thrown off the hunt by a nibble at binder twine and a wink at the oil ring, he will be a wiser man when next the ballots of Frontenac farmers are counted.

## THE TARIFF QUESTION.

The people are not disappointed in the failure of the government to revise the tariff and lower it to any extent. The intimation was given out previously that coal oil and binder twine would be somewhat affected, and so they have, but the interests of the combines have been consulted and the combines are satisfied with the order of things. That is evidence enough that the tariff reduction is a farce. The reductions in duty are confined to coal oil and binder twine. In the one case the reduction is equal to 2½c per gallon, but the oil must be brought in in bulk, and as the business cannot be successfully conducted except by wealthy men and syndicates there is the prospect of new monopolies and a continuation of the imposition from which the people have suffered too long. In regard to binder twine the relief will not be felt by the farmers. The existing protection will be sufficient to guard the present monopoly in all its gross and oppressive enormities. The only effect will be a lessening of the profits, which have been so great as to warrant the Americans in bribing the Canadians to close their mills and fatten upon the public plunder. The disposition of bounties controlled by the Yankees will be less generous, but they will still be lavish and alluring. A hope is held out that in time, at some period in the near or remote future, the government will be moved to amend the tariff so far as it affects mining machinery, but not the glimmer of a hope is held out that agricultural machinery will be made cheaper by lowering the tariff that now permits a large monopoly to sell the machinery they make in Ontario to the Australians for less than they are sold by the yeomen of this province. The extent to which the farmers' interests have thus been studied is made clear at a glance. Metaphorically the monopolists have the government by the throat, and will not permit it to do as the people demand. The promise is made that in a year hence or sooner the tariff will be given a complete revision, that tariff reform will be decided upon as an election cry, and that parliament will be dissolved. And on a flimsy promise of better things the people are expected to endorse the administration. Perhaps they will, but the last campaign was conducted upon promises that have not been fulfilled, and one experience of the kind is enough. The elector who is befooled once is deserving of some sympathy, but if he be caught napping a second time he is deserving of the penalty folly involves. The Thompson government is duplicating the exploits of the Harrison government, and their records will eventually end very much the same.

Parasols at less than half price, kid gloves, the very best, reduced 50 per cent., at R. McFaul's great removal sale.

## A LODGE ORGANIZED.

**The Chosen Friends Have Started a Council in Odessa.**

ODESSA, Feb. 15.—A lodge of the Canadian Order of Chosen Friends was instituted here on Friday night, under the most auspicious circumstances. Grand trustee Bell, of Kingston, had charge of the proceedings and remarked that he never organized a lodge at which so much enthusiasm was displayed. The following are the officers for the first term: P.C., Dr. J. E. Mabee; C.C., H. S. Davy; V.C., G. W. Montgomery; recorder, P. A. Mabee; treasurer, Amos Shaver; prelate, Mrs. S. Bond; marshal, B. Toomey; warden, Miss F. Cairns; sentry, W. Frink; physician, Dr. Mabee; trustees, H. S. Davy, G. W. Montgomery, Miles Snider; grand lodge representative, Dr. J. E. Mabee. An adjourned meeting will be held at the residence of P. A. Mabee on Friday night to complete organization.

The anniversary service of the Y. P. S. C. E. on Sunday evening was a pleasing event. There was a good attendance of young people. The pastor delivered an appropriate address from the text: "Fight the good fight of faith, lay hold on eternal life." A social at S. D. Clark's on Tuesday evening contributed another to the series of pleasant pastimes provided by the L. A. S. W. T. Hodge, ventriloquist, and F. L. Tooker, comedian, were the attraction at the town hall on Saturday night. Mr. Hodge is a favorite here, and his clever tricks at legerdemain pleased the large audience that filled the hall. Mr. Hodge has few, if any, equals in the art of ventriloquism; his Punch and Judy scenes were immense. Mr. Tooker gave abundant satisfaction by his rendering of comic songs. The inauguration of the Lenten period was appropriately observed in St. Alban's church on Wednesday by public service at 10 a.m. The Rev. Mr. Dibb conducted the service.

## HORNER AND HOLINESS.

**How Matters Are Progressing at Battersea—Called to Merrickville.**

BATTERSEA, Feb. 16.—Old Mr. and Mrs. Christopher Lake, who have spent the winter with friends in Sydenham, have returned home. The sports expect a fine time on the 16th and 17th. A good many have for some time been training their trotters. Robert Abernethy evidently thinks that marriage is not a failure, for he has again duplicated his existence, the third time. Rev. F. Sproule, Inverary, is officially asked to be the next pastor of Battersea Methodist circuit. The revival services, conducted by the Rev. Ralph Horner, are nightly attended by great crowds; a wonderful interest is taken in them; a great many have professed the blessing of holiness. Sabbath last was exclusively for the children, a large number of whom surrounded the altar, from six years old and upwards, seeking for the blessing of conversion and holiness. To-day (Wednesday) Mr. Horner set apart for all who had received holiness to receive the anointing of the Holy Ghost. On Sabbath a union sacramental meeting will be held.

Yesterday Rev. and Mrs. Watts left for Merrickville, having received word that the latter's uncle was dead. William Keeler, living on the Carrying Place, continues very ill. Some of the sports had a lively chase this morning. Hearing that three foxes were sporting themselves on the ice they started with three hounds. Beyond seeing a lively race, in which it was said it was nip and tuck with the foxes and hounds they had their journey for nothing. Miss M. King, teacher in the public school, Opinicon, is home, having closed her school for the time being on account of measles. Visitors: F. Sears, J. B. Cook, Miss Denman, Kingston; F. W. Wakefield, Tamworth.

**To Prevent the Grip.**

Or any other similar epidemic, the blood and the whole system should be kept in healthy condition. If you feel worn out or have "that tired feeling" in the morning, do not be guilty of neglect. Give immediate attention to yourself. Take Hood's Sarsaparilla to give strength, purify the blood and prevent disease.

Hood's Pills cure liver ills, jaundice, biliousness, sick headache, constipation.

**What James Said and Looked.**

Toronto Star.

J. H. Metcalfe, M.P. for Kingston, is an unlucky man these days. He seems to have a faculty for getting into hot water. A few days ago the Kingston city council passed a resolution favoring free trade with Britain. Mr. Metcalfe is an orthodox conservative, and this evidentally worried him. He has, as yet, received no official information as to this action and he does not propose doing anything in the matter until he has to. Yesterday brought the news that the conservative association of Kingston, has protested against his appointments. I sought him out last evening. He was in the famous No. 16, the conservative caucus room. Mr. Moncrieff was in the full tide of his eloquence, and there were rather more conservatives in the caucus room than in the house. Mr. Metcalfe talked to me while he held a pen between his lips—a difficult feat.

"I have heard nothing officially," he said, "I think it is only a WHIG story." The WHIG, it must be remembered, is the Kingston liberal paper.

"Anyway, who has the patronage, the association or me?" said Mr. Metcalfe, looking very determined. And that was all he had to say upon the subject.

Mr. Metcalfe's remark, "Anyway, who has the patronage, the association or me?" isn't grammar and is in a line with the late Mr. Vanderbilt's declaration regarding the public. Perhaps he'll find out who holds the patronage about next nomination day.

**Prudent and Wise Mothers!**

Prudent, wise and thoughtful mothers always use the popular Lactated Food. They use it because it is superior to all other makes, in that it promotes a healthy and vigorous digestion, and gives the infant a glow of health that no other agency can bestow.

Mothers who now use Lactated Food are praising it highly and recommending it to their lady friends who have weak and sickly children. It is a most remarkable agent as a preventive of dysentery and diarrhœa. It makes the cross and peevish baby happy, bright and cheerful, and nothing else in the world can make baby sleep so comfortably and serenely.

Every weary and worn-out mother should give this great food a trial at once. When it is used for one week, it invariably becomes a family friend.

The manufacturers of Lactated Food are always pleased to send a full sized package free, to any mother who wishes to give it a fair trial. Send your full address to the Wells & Richardson Co., Montreal, P.Q.

**Healthy John Cooke.**

WESTBROOK, Feb. 15.—(To the Editor): I read in the WHIG that Mr. Gordon has only spent $10 in doctor's bills in forty years. That's good, but I can beat him. I will be fifty-six years of age on the 22nd and I do not remember ever paying more than $5 for sickness. That was about thirty-four years ago. I have worked on the shoe bench, at my trade for thirty-five years, and am as straight as a ramrod and tip the scales at 200 lbs. in my shirt sleeves.—JOHN COOKE.

**Firewood In Plenty.**

Queen's anti-hairine, a new discovery by accident, removes hair from the face, neck and arms, permanently, without pain or injury. So simple any child can use it. A boon to those who dislike shaving. A relief to ladies annoyed by hair on the face. At Wade's drug store, Kingston.

# FROM THE COUNTRY SIDE.

## A RATTLING CARNIVAL.

**Yarker Has a Skating Craze—A Ball For Fancy Dresses.**

YARKER, Feb. 15.—Long will the residents of Yarker remember the carnival held here on the evening of St. Valentine's day. To say it was a success is not putting it strong enough for it was more than a success. The rink was black with spectators and skaters, and skaters were kept moving like a swarm of bees. Shortly before the opening of the rink it began to sprinkle rain and it looked doubtful if the carnival would go on, but the ardor of the masqueraders was not dampened by the threatening aspect of the weather for they flocked to the rink and the fun commenced, the clowns, of course, acting their parts well to the amusement of the spectators. Visitors were present from about every village in the counties as well as farmers and their families. The costumes were very fine and would have done justice to a city carnival. The names of all were not handed in, and what few were we give below: Miss Minnie Jackson, Spanish girl; F. J. Atkins, Dude, though he looked like a tramp dude; Jessie Winter, Black Diamond; Fred M. Lee, of Allinston; Snowshoer; N. W. Purdy, Murvale, Japanese Fisherman; Violet Ewart, Queen of the Fairies; Clarence, Ewart, Five Year Old Clown; Edith Baxter, Little Bopeep; R. Woodhouse, Sailor Boy; T. Castiday, Forepaugh's Clown; Edith Dear, Summer; Velma Wartman, Morning Star; Amelia Winter, Magic Queen; Annie Baxter, Dolly Varden; E. Woodcock, clown; P. Dunn and C. Sly, Oriental Bros.; Wm. Jones, of Odessa, Suit of Armour; Chas. Jones, Indian Chief; Delbert Cassidy, Country Girl; Mabel Montgomery, The Press; John Ewarts, Scotch Highlander; S. Winter, French Clown; Zelda Wartman, Canada; Derwood Castiday, Topsy; Maggie Lake, Rob Roy Lassie; Mrs. Cheevers, Congregational Nun; Mabel Cross, Summer; Elsie Dear, Eva St. Clair, Mrs. F. E. Benjamin, Black Diamond; A. McArthur and Mr. Garrison, Negroes.

Prizes were awarded to P. Dunn, as best straight away gentleman skater; Mrs. Ewart, best lady skater; Zelda Wartman, best lady's costume; W. Jones, best gent's costume; Derwood Castiday, best negro; Elsie Dear, best girl skater; M. Vanluven, best clown. The barrel race was declared off. Everybody seemed to be pleased and went home glad that they were there.

## THEY HAVE ONE TOO.

**A Lady Sabbath School Superintendent—News From Harrowsmith.**

HARROWSMITH, Feb. 14.—The United Workmen held a public meeting in the town hall last Thursday evening; C. Godfrey, of Hinchinbrooke, very ably filled the chair. Addresses were given by Dr. Spankie, Dr. Tovell, and the chairman, after which they adjourned to the Queen's hotel to partake of an oyster supper. A pleasant time is reported. Several of our young people attending Sydenham high school spent Friday and Saturday evening at the residences of their teachers, Mr. Johnston and Mr. Harvey. They speak very highly of the manner in which they were entertained.

Quarterly meeting was held in the Methodist church last Sabbath. The quarterly board met on Monday. A student from Queen's occupied the pulpit of the Presbyterian church. He announced that the Rev. Mr. Russell could not preach here until some time in March. English church service in the hall next Sabbath evening. Alex. Charlton was taken ill on Sabbath; medical aid was promptly procured. Mr. Storms, father of Mrs. James Forsythe, is also very feeble. Mr. Blackhurst, sr., is a little better than he was last week.

Mr. Cross, section foreman on the branch railroad between Yarker and Harrowsmith, has rented a house from S. Stewart, sr., situated on Sydenham street. Elias Jackson and family will again be residents of our village. Our public school trustees are talking of erecting an addition to the school house. It is much needed. A large number attended the conservative convention today. B. and M. Sprole received by mail to-day two very handsome books, as prizes for stories written for the "Ladies' Home Journal," Toronto.

We can compete with Kingston regarding a lady Sabbath school superintendent. Mrs. Shorey, wife of the Rev. Mr. Shorey, is superintendent of the Methodist Sabbath school here. Visitors: Miss Kate Forsythe at L. Baker's; Jas. Hamilton, at his mother's; Mr. and Mrs. C. Godfrey, at W. J. Sprole's.

**Death of Miss Flynn.**

MOUNTAIN GROVE, Feb. 13.—Deep gloom has been cast over the community by the death of Miss Saphronia Flynn, daughter of Robert Flynn. She was taken very ill last Wednesday night and died on Friday morning. She had been attending the Dominion business college for several months. Mr. Flynn and family have the deep sympathy of the community in their sore trial. The funeral service was held in the Methodist church on Sunday morning by Rev. G. F. Byam, and was very largely attended. Mr. Byam preached a touching sermon from 1 Cor. xv. 32. The quarterly service was postponed till the 26th at 2.30. The E.L.C.E. meeting last night, led by Miss Byam, was one of deep interest. Rev. L. B. Dupuis, (Wells) of Michigan, gave a very interesting talk on the subject, "God's Method in Conversion." He also explained the motto of the Epworth League "Look up, lift up." Mr. Dupuis is visiting his sister, Mrs. J. E. Price. To-morrow he will visit Avonmore, a former station. Other visitors: Mr. and Mrs. Geo. Hagen, Tweed; Mr. and Mrs. Wm. Green and Miss Green, Perth; Dr. Kilborn, Oso. We learn with regret of the death of Mrs. Joseph Cox, of Harlowe, formerly of Mountain Grove. Her brother, W. Thompson, attended her funeral last week.

The Anglican concert and tea, in the town hall, last night, was a success. Over $10 were realized, thus fully providing for the debt on the organ. A large number from Parham and Arden were present. Thos. Andrew, Arden, presided over the meeting. An interesting programme of songs, recitations, readings and dialogues was provided by the young people of St. John's church and of Arden. A christening at L. L. Price's yesterday evening by Rev. L. B. Dupuis, of Michigan. J. W. Sanderson is in Kingston studying music. Our school is unusually large this winter, and is progressing favorably under the management of Miss Nellie Gates, of Westbrook. William Coulter visits Sydenham and Kingston this week.

**Holloway's Ointment And Pills.**

For the cure of burns, scalds, wounds and ulcers this justly celebrated ointment stands unrivalled. Its balsamic virtues, immediately on application, lull the pain and smarting, protect the exposed nerves from the air, give to the vessels the vigor necessary to heal the sore, and confer on the blood a purity which permits it only to lay down healthy flesh in place of that destroyed. Holloway's Pills, simultaneously taken, must assist the ointment's purifying and soothing power. Together these medicines act like a charm; no invalid, after a fair trial, has found them fail to relieve his pain, or completely cure his disease. The combined action of the ointment and pills, in all disorders, is too irresistible to be withstood.

Trautwein, Pittsburg, Pa., U.S.A., who writes February 7, 1890, viz: "I suffered intense pains for sixty days from rheumatism in the shoulder; could not stir, and was declared incurable by eminent medical men. St Jacobs Oil cured me." The most acute agony is promptly relieved.

The charm of the credit system was exhibited last week. The WHIG had about fifty letters fyled away of subscribers who asked for a little time for payment of arrears and pleaded for the paper to be continued. A request for payment now was sent to each one. The first three answers brought orders to stop the paper. Such is the gratitude the credit system fosters.

## SEVEN WONDERS OF THE WORLD!

**A Greater One in Our Own Land!—Thousands Have Found it.**

The seven wonders of the world, which are the Egyptian Pyramids, the Mausoleum erected by Artemisia, the temple of Diana at Ephesus, the walls and hanging gardens of Babylon, the Colossus at Rhodes, the statue of Jupiter Olympus, and the Pharos or watchtower of Alexandria never created the wonder, surprise and admiration which Paine's Celery Compound has occasioned.

Many of the old time wonders are crumbling away owing to age and decay; Paine's Celery Compound will ever stand while suffering exists in the world. The old-time wonders never benefited diseased men and women; Paine's Celery Compound is ever with us to heal and renew life.

Reader, this remedy is a truly wonderful blessing; it will bless your life if you are a sufferer from disease; it can make you whole and sound. Have you tried its mighty curative powers? If not, decide at once; do not delay its use if you value your life.

## TO BUILD A FACTORY.

**And it Will be Run on the Co-operative System.**

PETWORTH, Feb. 13.—Rev. Mr. Marsh preached a most impressive sermon in the Methodist church yesterday. On Saturday evening a very large meeting of the farmers of this neighborhood was held in the Orange hall. They were most enthusiastic over the erection of a cheese factory in the village. The factory is to be established on the co-operative principle. C. F. Adair was chosen as chairman and Arlington Benn secretary. At seven o'clock the meeting was called to order. After a thorough discussion of the different methods of conducting cheese factories, the following were named as trustees to apply for an act of incorporation, and will at once arrange for the opening of a factory on the co-operative plan, where each patron will be a stockholder and have equal powers in confirming or disputing the acts of the president and board of directors. The trustees are: Wellington Carscallen, Thomas Bradford, William Ashley, W. W. Asselstine, A. Benn, Alex. Manson, Wesley Potter, Charles Darling and George Lampkins. The cheese are to be manufactured at a cost of 1½c per lb.

Our roads are again open and in good condition for traffic. Visitors: John Ansley, Newburg, at Mrs. Youmans'; Mr. and Mrs. Wales, Napanee, at W. Clarke's. Mrs. James German is still confined to her home through illness.

**He Wears a Cod Fish.**

A gentleman who was given up to die with consumption happened to receive a visit from a friend, who recommended "Miller's Emulsion of Cod Liver Oil." Although having little faith he bought a bottle, and before he was through taking it, found he was gaining flesh. He continued taking the emulsion until he regained nearly fifty pounds. He is the heartiest man in town to-day. To commemorate his restoration to health he has had a beautiful golden cod fish manufactured, which he wears as a charm upon his watch chain. That is pretty good testimony for "Miller's Emulsion of Cod Liver Oil." Everybody is sounding its praises. In big bottles, 50c and $1, at Wade's drug store.
