It is Mere Chicago Wind.

NEW YORK, Oct. 30.—Geo. Slosson said yesterday that he hoped to play Jacob Schaefer here for the world's championship early in December. "I expect to challenge him for a game to come off at that time," he said. "Frank Ives has got the same privilege as I have, he has beaten Carter easily. Now why does he not challenge the champion as Carter did." Slosson says that he will not change his opinion that an 800 point game is a sufficient test of superiority and that that will be the extent of the game for the world's championship. The report that Frank Ives had posted a forfeit to play Slosson at Balkline made the latter smile. 'That is mere Chicago wind; Ives is a great bluffer."

John L. Sullivan Back From Australia.

NEW YORK, Oct. 30.—James Wakely last night received a telegram from San Francisco, announcing the arrival of Sullivan, late Wednesday night. "I have no the remotest idea what John intends doing," said Mr. Wakely, but I will say that if he cares to arrange a match with Slavin or Corbett, Charley Johnston, and I will back him for from ten to twenty thousand dollars a side. I am sorry the big fellow did not make a barrel of money in Australia, but still that makes no difference, he is still Sullivan and I am still ready to bet a lot of money that he is the best man in the world at the games of loads and counters.

He Left a Fortune.

ASHLAND, Pa., Oct. 30.—Robt. Lawrence, an aged man employed as a car inspector for the Philadelphia & Reading railway company at the foot of Gordon Plane, met with an accident on Friday night which resulted in his death. While going about the car in discharge of his duties he was caught between the buffers and crushed in a horrible manner, dying a few hours later. His body was taken to Brooklyn, N.Y., where his only relative, a sister, lives. It has since been learned that the old man has left a fortune estimated at $30,000.

Toronto Only $2 by G.T.R.

The Queen's college football club will run a cheap excursion to Toronto and return. Tickets good to go on Friday afternoon (Oct. 30th) and Saturday morning trains; good to return till Tuesday, Nov. 3rd.

Too Long for Publication.

New York Morning Journal

The pastor of Mt Olivet Presbyterian church, Brooklyn, who went to Florida to enquire into the truth of Samuel Thornton's and Eva Jewell's statements about their trip on a log, made a report of his investigations Wednesday.

The report is very voluminous and would, if printed in full, occupy three columns of the *Journal's* valuable space; the oft-told story is told again and bears, according to the pastor, both internal and external evidence of truth.

Change of Time Table.

Kingston, Smith's Falls, Ottawa and Montreal. The steamer Rideau Belle, the finest and fastest passenger steamer on the Rideau, will leave Swift's wharf every Monday and Thursday morning at 7 a.m., calling at all intermediate ports, thus giving passengers a chance to view the magnificent scenery of the Rideau lakes by daylight making close connections at Smith's Falls every trip with steamer Ida for Ottawa and Montreal.

At a New Location.

Miss Richardson has removed her hair store and corset business to the shop next seven cent store, Princess street. She has all kinds of wigs, waves, switches, hair dyes, shoulder braces, etc.; also general registry for lady clerks, sewing girls, nurses and servants generally. Open 8 a.m. to 10 p.m. Order your corsets, as this is a special agency for one of the best factories.

Next Year's Fair.

Mr. Meek has received a letter from the secretary of the agricultural and arts association announcing that on the 6th of Nov. there will be a meeting of the world's fair committee, "and," says Mr. Wade, "the resolutions of the Kingston council and of the two agricultural associations be read, and no doubt some action will be taken."

After the Badges.

The grand lodge of the A.O.U.W. gives several sets of badges for competition among lodges of the order in member-getting. Kingston lodge (the new one) hopes to get a set since the grand master rules that all members initiated since Oct. 1st (whether on the charter list or otherwise) count in the competition. The boys are hustling.

The Boys Got Left There.

Next Saturday night will be Hallowe'en. The usual door banging and fence breaking will probably be the result. There is one way in which the town gets ahead of the boys, there are few planks or any other kind of sidewalks to tear up.—Dundas Banner.

$13 or Two For $25.

For one week only Prevost will make to order an overcoat of beaver, melton or heavy kaapp for $13 or two for $25, and guarantees a first-class fit.

QUEEN'S SECOND TEAM

WINS AGAINST THE COLLEGIATE INSTITUTE KICKERS.

First Match of the Season For Either Teams—A Splendid Game and Some Good Playing—The K. C. I. Boys Did Well—Their Opponents Heavier Men—Several Accidents.

An interesting match was played yesterday afternoon between the K.C.I. team and the junior team of Queen's. The game proved exciting throughout and was hotly contested from start to finish. A strong breeze was blowing from the south which materially aided the K.C.I. boys in the first half of the game and Queen's during the last half. It was the first regular match of the season for either teams and there was considerable brilliant playing done on both sides. The following are the men who composed the competing teams:

QUEEN'S		K. C. I.
Burton	Backs	Walkem
Dyde	Halves	McRae
Richardson		Harty
Irving		Johns
Ford	Quarters	Rowe
Johnson	Wings	McDonald
Rayside		Sutherland
Asselstine		Shaw
Young		Walker
Tudhope		Elliott
MacDougall		Mooney
Hunter		Robinson
Mowat	Forwards	Paine
Moffatt		McIlroy
Baker		Newman
Referee		Wm. Nickle
Touch line umpires		H. R. Grant, Thos. Goss

Queen's gave the K.C.I. team the choice of position and they elected to kick up the field. Richardson took the kick off for Queen's and the ball was caught by Walker, passed to Ford who was declared off side by the referee. A free kick was then awarded to the collegiates which was taken by McRae who kicked it into touch. Robinson threw in to Harty who passed to McRae and the ball again went into touch. A scrimmage followed in which J. M. Mowat was disabled and compelled to retire. McRae then got the leather and kicked behind Queen's goal when Burton being hotly pursued by Walker, was compelled to rouge, thus scoring the first point for the K.C.I. Richardson then kicked off from Queen's 25, the sphere being caught by Elliott, who ran into touch. Robinson threw in and another scrimmage followed. Owing to the persistent falling of the collegiate forwards in the scrimmage a free kick was awarded to Queen's. Dyde kicked behind the collegiate goal and Walkem rouged; score 1 each. McKay kicked off, Richardson returning. McDonald caught the rubber and made a good run down the field and, being tackled, he passed to Walker, who ran into touch. On the throw in McRae secured the pig-skin and kicked well into Queen's territory. Rowe followed and secured the ball, but was checked by McDougall. A scrimmage ensued when another free kick was awarded to Queen's, Richardson kicking into touch. Mooney threw in to McDonald who passed to Harty, the latter punting into Queen's 25. Dyde obtained the sphere, but was collared by Walker. Most of the work up to this was done by the collegiate team, the ball being kept well up into the Queen's bounds. McDonald encircled the rubber and made a grand dash up the field. Another swarm around the ball when Ford attempted to pass. Sutherland who was in the way, intercepted the sphere when McRae kicked into touch. During the throw in W. McDonald collided with his opponent and injuring his elbow was compelled to retire. Irving then kicked behind the K.C.I. goal and Walkem rouged. McRae kicked off, the ball being secured by Irving, who was collared by Sutherland. Dyde came to his assistance and ran into touch. Rayside threw to Richardson who punted behind collegiate goal when McRae ran into touch, the score now standing three to one in Queen's favor.

McRae again lifted the sphere into space when Burton returned and Walkem was compelled to rouge. The rubber was again elevated into ethereal regions. A scrimmage followed in Queen's latitude when half time was called, the score then standing 4 to 1 in favor of Queen's. In order to hasten the game through before darkness approached, the men after changing positions, immediately resumed operations. McIlroy then opened the game by taking the kick off for the K.C.I., the ball being returned by Tudhope Harty replied by making a long kick. Richardson then got the ball but was pounced upon by Walker. A long scrimmage followed from which the ball was taken by Rowe, who passed to McRae. The latter in his attempt to punt the sphere up the campus, kicked the ball by mistake over his own goal thus donating five points to his opponents. John's kicked off when Irving obtained the sphere. He ran boldly up the field, passing several of his competitors and was on the verge of the goal line when he was brought by Walker to the earth. From the scrimmage Ford passed to Dyde who kicked into touch behind collegiate goal. Harty kicked off to Irving who passed to Richardson, he returning the ball to Rowe who ran into touch. Walker threw to Robinson who dashed behind Queen's goal line obtaining a touch down. McRae converted the try into a beautiful goal. Richardson kicked the ball from Queen's twenty-five, the leather being rapidly followed by Queen's rushers. Moffat grabbed the rubber and dashing across K. C. I. line secured another touch down. Burton failed to make a goal. Harty kicked off when Newman ran into touch. Irving threw in to Ford who passed to Dyde, he kicking behind the collegiate's line. Walkem accidentally ran into touch, adding another point to Queen's score. Johns then sent the ball reeling through space. Asselstine secured the pig-skin and kicked to Harty, the latter making a fine run. McRae gained possession of the rubber and kicked it behind Queen's goal when Burton, being hotly pursued by Robinson and Walker, was forced to rouge. Time was now called, the score standing 15 to 8 in Queen's favor. The playing on both sides was fast and extremely scientific for junior teams. Those worthy of special mention among the K.C.I. boys are Messrs. McIlroy, Harty, Walker and Rowe, while Rayside, Richardson, Ford, Johnston and Hunter were conspicuous for Queen's.

MARINE INTELLIGENCE.

General Items of Interest to Shippers and Others.

Arrivals: Schr. Pilot, Deseronto, lumber; sloop Murray, Deseronto, slabs; tug Thompson with three barges, Oswego, light.

Clearances: Schr. B. W. Folger, Gananoque, to load barley; steambarge Freemason and two barges, with stone and coal for Rideau canal; tug Thompson and barges Alberta and Cornwall, Oswego, light, to load coal for Montreal; steambarge R. Anglin, Cape Vincent, railroad ties; str. Traveller, Ogdensburg, light; prop. Argonaut, Oswego, light, to load coal for Duluth; steambarge Khartoum, Consecon, light, to load peas.

His Embrace Too Fond.

A new terror of courtship has been developed in Anderson, Ind., in the case of Miss Emma Bowers, a winsome brunette. For some days she has suffered from a supposed attack of pleurisy, but when Dr. S. F. Bordshan was called in he found that one of the young lady's ribs was broken. After much questioning, the girl blushingly admitted that her best beau, George Garrick, had inflicted the injury while giving her his usual tender embrace before parting last Friday night.

Were Placed in the Cooler.

Antwerp narrowly missed a wedding on Sunday. Two Gouverneur youths went to the village on Saturday night with the intention of carrying away one of the Antwerp girls as his wife, but on the minister's arrival he refused to perform the ceremony on account of their youth. At this the would-be-bridegroom became enraged, and the police were summoned to settle the dispute and placed the youths in the cooler.

Will Start a Medical Journal.

Dr. Herald is endeavoring to establish a medical journal in Kingston, to be the medium of the medical fraternity of eastern Ontario. If the move is favorable to the physicians living in this district the paper will be started.

CITY AND VICINITY.

Good Prospects.

G. W. Dawson, M.P. for Addington, says the prospects are good for the finding of gold in paying quantities at Beaver Creek, near Lavant.

Six Trains in Service.

There are six gravel trains employed in carrying gravel from Foxboro for the double track between Ballantyne and Gananoque. The track will be completed in about four weeks time.

New Switches.

There are about 150 men employed at the G.T.R. junction building new switches and sidings in connection with the double track. Ten switches have already been put in and fifteen more will be erected.

An Interesting Race.

The second contest for the silver medal and championship of Kingston will take place in the roller rink on Saturday night. The distance covered will be three miles, or seventy-five times around the rink.

He Will Bore For Oil.

Mr. Grant, who was boring for natural gas in Belleville and vicinity, was in the city to-day. He left some fine specimens of limestone and shale, the result of his borings at Massassaga Park, with Mr. Kidd, who has added them to his collection of minerals. Mr. Grant leaves to-night for Kootenay Pass, in the Rocky Mountains, where he will bore for oil.

A Narrow Escape.

Dr. T. M. Fenwick tells of a visit he paid one of his patients on Wednesday last which proved somewhat providential. Two children were playing in front of the stove when one lit a paper and threw it on the other's lap. The doctor was just entering the house when he discovered the little child in flames. Rushing to the scene he tore the burning garments away and saved the child's life.

A Beautiful Medal.

The gold medal, presented to Sergeant-Major Morgans, yesterday afternoon, upon his departure for England, was about the size of an American half-dollar, beautifully flowered. On the band were engraved the words: "Won by Sergt. Major Morgans, 1889," while the medal proper bore the inscription: "Championship of America." Engraved in the centre were the sword, sabre and rifle.

The Hotel Arrivals.

Arrivals at the British American hotel—H. B. McDonald, Wolfe Island; J. C. Butterfield and wife, Belmont, Iowa; Alex. Drew, Smith's Falls; R. W. Weisenborn, New York; W. J. Muldrew, J. J. Battershy, F. A. Anderson, J. A. Pitt, W. Bradshaw, G. H. Parkes, Toronto; G. A. Mann, J. P. LeSueur, N. Prowse, W. D. McLaren, jr., J. L. Eaves, H. Upton, A. E. Williams, Montreal.

A Thousand Barrels a Day.

The Belleville mineral well is flowing at the rate of a thousand barrels a day. The force of the water shows no signs of giving out and still ascends to a height of twenty feet with an inch and a quarter pipe. Although the water has never been analyzed by any authority on the matter it is known beyond doubt that it contains valuable medicinal properties and is highly spoken of by local medical men.

Police Court—Friday.

Eugene Maoris, drunk, sentence reserved. Another young man, for same offence, did not appear, and the magistrate fined him $3 and $2 costs or one month in jail. John Nolan, larceny of underclothing from in front of Ald. Dunlop's store on Tuesday, 27th inst. His brother, Patrick, pleaded prisoner's case, and claimed that John had taken the goods without knowledge of what he was doing. He was dismissed.

Palmerston Township Board of Health.

On Saturday, 24th, there were present Col. J. Walsh, John Allen, Robert Woods, the reeve, and W. J. Donaldson, chairman. The medical health officer reported upon two cases of typhoid fever showing that isolation had been enforced, disinfectants employed and sanitary arrangements complied with. The report was accepted with the thanks of the board to Dr. Elkington, medical health officer. The inhabitants of the infected districts have been earnestly appealed to to assist the board by taking every precaution to prevent the spread of the disease.

Failed to Lower the Record.

On Oct. 28th, J. Ivens, Rochester, made the attempt on a pneumatic wheel to beat P. J. Duckelow's record of 4 hrs. 51 secs. in the run from Buffalo to Rochester, made Oct. 11. Ivens left Buffalo at 9:01 in the morning and arrived in Rochester at 2-23. He said he had failed to lower the record. He arrived at Batavia six minutes ahead of the best previous time. Four miles this side of Batavia his strength gave out, and he tumbled from the wheel. He rested a few minutes at a farm house and resumed his journey, but the time lost he could not recover, and therefore gave up the attempt.

The Barley Market.

Gaylord, Downey & Co., Oswego, N.Y., report, under date, Oct. 29th, the total receipts of Canadian barley at that port to date foot up to 465,109 bushels against 1,777,600 in 1890; 806,900 in 1889; 968,900 in 1888; 1,168,100 in 1887. The export demand has been taking Canada grain as fast as it was offered. Prices obtainable via Montreal have been relatively better than New York, and the receipts are small. The malting demand for Canada barley is checked by low prices at which barley is offering at the west. If the export demand continues maltsters will have to advance their offers if they get Canada barley.

Raise Your Hat to Her.

Lift your hat reverently when you pass the teacher of the primary school. She is the great angel of the nation. She takes the bantling fresh from the home nest, full of pouts and passions—an ungovernable little wretch, whose own mother honestly admits that she sends him to school to get rid of him. This lady, who knows her business, takes a whole carload of these little anarchists, one of whom, single-handed and alone, is more than a match for his parents, and at once puts them in a way of being useful and upright citizens. At what expense of toil and patience and soul weariness! Lift your hat to her!

Week of Self-Denial.

On Nov. 8th the Salvation army begin what it calls the week of self-denial. It is the season when the faithful soldier is expected to make sacrifices and subscribe to help swell the home funds. It consists in foregoing some expenditure and contributing the amount to the coffers of the army for good works. For instance a woman who was bent upon a new bonnet, mantle or dress, would decide to go on wearing the old one and give what the same would have cost to the army's funds; a man will walk his morning and nightly two miles instead of taking the usual car, and this will swell the sum, etc. It is a universal matter, every officer, from the highest in rank to the lowest, joins in the undertaking; some give up their week's salary, while others make sundry other sacrifices. The very poorest contribute their mite and nothing is despised.

The Water Works Pipes.

Whether the city succeeds or not in the case with contractor Rousseau every citizen must feel indebted to Alderman Polson, chairman of water works, for good intentions. There is no doubt of his sincere desire alone to obtain a good service for the city. Such men should be backed up and encouraged more heartily, especially when citizens both within and without the committee are doing their level best to discountenance and discourage him. His advisers have been at fault, in one or two particulars, but that is an exigency common to all litigants. In the interest of public fair play we ask city taxpayers to visit Doran's wharf and inspect the rivetting for themselves; then cross over a few steps to the Kingston foundry and see rivetting there. The tearing of the joints will speak for itself without comparison.

THE NEWS IN SMALL LOTS

THE DONGS OF THE DAY IN SHORT METRE.

Paragraphic Information That is Worth Reading—Good Reading in Homoeopathic Doses for Busy Readers—The Goings on in and About This Good Town.

Mr. Rousseau is in Ottawa.

Hay is sold at $15 per ton in Guelph.

A prospective view of the proposed new $42,000 school, prepared by Mr. Newlands, will be printed in a Toronto magazine.

In the absence of the chairman the meeting to organize a glee club in connection with the Y.M.C.A. was postponed last night.

A dinner will be held next month at Peterboro by the officers of the 57th batt. Lt.-Col. Straubenzie, D.A.G., will be asked to attend.

Fred R. Sills, of the Belleville carriage works, left for Montreal to-day to have an operation performed on him by a nasal specialist.

The members of branch 44, C.M.B.A., at Arnprior, presented H. A. Devine with a gold-headed cane last week after his return from his wedding tour.

Capt. Newton and family left yesterday for their winter residence in Montreal. The captain's handsome yacht Ingomar is housed for the winter in the harbor.

The billiard match between Eugene Carter and Frank Ives for $500 a side resulted in an ingloious defeat for Carter. The totals were: Ives, 600; Carter, 188.

Probably 125,000 bushels of potatoes will be manufactured into starch at Chateauguay this season. The amount consumed in this industry already exceeds 60,000 bushels.

Watertown's new afternoon penny daily, *The News*, will make its appearance about the middle of November. It will contain the press despatches and latest market reports.

'Tis the season when soda no longer seems good,
When the coal man gets all your money;
When the girl wouldn't order ice cream if she could,
And the stovepipe joke doesn't seem funny

Mr. Noxon, of the firm of Noxon & Rockwell, left yesterday for Picton. He may visit the Lake Superior region before returning for the purpose of examining mining lands.

An order for bail was granted yesterday in the high court in case of Benjamin Sanford, lying in Belleville jail charged with rape on Jane Keller. Purse $500 of two securities in $250 each.

The celebrated Pittsburg farmer said we would always have good weather and good crops when Sir John A. was in power. He must be in power somewhere now, for this weather is superb.

A delegation from the Gananoque council consisting of Mayor Byers and Messrs. W. N. Rogers and John S. McMurchy were in Brockville yesterday in connection with the location of a tannery.

Japan has been shaken up by an earthquake. On an average Japan has something like two hundred earthquakes in a year. It must have been a loud one this time, or the people would not have made a fuss about it.

French ladies are fond of cycling, but they don't go in for six-day contests. They would be haunted by the fear that the fashions might change while the race was in progress and they wouldn't be on hand to look at them.

Dick Howells, the English champion bicyclist, stands 6 feet 3 inches tall and weighs over 200 pounds. He is a splendid looking athlete, in perfect condition and constant practice, and is as lithe as a panther and active as a deer.

Lieut. George L. Hough, Picton, who has been attending the Royal school of artillery, at Kingston, taking a short course, succeeded in capturing a first-class grade A, and entitling him to a field officer's position in the military force.

The following item appeared in a Mississippi paper: "Rev. A. Cathy, a Methodist minister, aged seventy years, living in Barnsville, recently eloped with Miss Millie Marlor, aged fifty-one years. The lady's parents objected."

George Barrett heads the list of winning jockeys in England with 115 firsts out of 566 mounts, Mornington Cannon coming second with 113 out of 502, and J. Watts third, with 107 out of 435. Tom Cannon is credited with twenty wins out of eighty-one mounts.

Those whom the gods love—and who drink strong coffee—die young. Wm. Miller, of Virginia, has just illustrated the coffee part of the affair. He would persist in drinking it against the advice of his physicians, and was cut off in the flower of his youth, at the age of 96.

T. C. Singleton, of Newboro, who represents the Singleton combination of five factories on the Brockville cheese board, returned from Montreal Saturday, where he completed a successful deal for the cheese held by the factories. The price received is said to be ten cents a pound.

The ladies of Victoria, B.C., have determined to put their foot down on the iniquitous traffic in Chinese women, carried on so extensively in the capital city. One hundred ladies of all denominations met last Monday in the Methodist church and passed resolutions protesting against the traffic.

The Magazine of American History for November contains as a world's fair topic a charming article, "The Fashion for Learning in Queen Isabella's Reign. Dr. Prosper Bender furnishes an exceptionally readable paper on "The Historic Games of Old Canada." "Journey to New England in 1831," by Hon. Wm. H. Seward; "Memoirs of the Siege of Quebec," by a French officer who participated; "President Harrison on Arbitration," are notable articles.

Whole codfish, boned and skinned, something new, at Henderson's.

WILL HE SUCCEED PARNELL?

Prominent Irishmen Will Follow Redmond's Lead.

JOHN B. REDMOND.

John B. Redmond is spoken of as Parnell's successor, and prominent Irishmen have expressed their willingness to follow the lead of that gentleman. Mr. Redmond was born in 1856, the son of a gentleman at one time member of parliament for Wexford. Trinity college, Dublin, numbers him among her Alumni. In 1881 he won a seat in parliament. Two years afterwards he made a trip to Australia in the interests of the Irish party, then unbroken under the leadership of Mr. Parnell, and took home about $50,000 for the treasury. In 1884 he was present with Thomas Sexton in the Irish convention held at Boston, and he was in this country a second time in 1886, when he attended the Chicago convention of the Irish national league, in company with William O'Brien and John Dillon. Mr. Redmond, then member of parliament for Wexford, was convicted under the crimes act in 1888 and imprisoned without hard labor for five weeks. He is reported to have declared himself "the elected leader of the parliamentary party." Within the next few days it will be decided by the votes of the people of Cork whether he will or will not be at the head of the Parnellite faction.

SECOND EDITION.

PERSONAL PARAGRAPHS.

Caught in the Halls of Queen's University To-day.
