THE CELEBRATED COOK'S FRIEND BAKING POWDER

Is a Pure Fruit ACID POWDER

It contains neither alum, lime, nor ammonia and may be used by the most delicate constitutions with perfect safety. Its great success arising from its being intrinsically THE BEST VALUE IN THE MARKET, as well as thoroughly adapted to the wants of the kitchen, has excited envious imitations of its name and appearance. Beware of such.

No addition to or variation from the simple name

COOK'S FRIEND, IS GENUINE.

Wolfe Island Notes.

There has been a boom in the weddings here during the past week.

Mrs. Richard Charles, after spending two weeks with her friends here, returned to her home in Muskegon on Wednesday.

Batters a Scraps.

Battersea has a fair prospect o having the Township Council meetings held in its midst.

Samuel Arthur left on Wednesday last for Sydenham to attend the High School.

It has been decided to hold the M. E. tea meeting on Wednesday, Jan. 30th.

William Keeler has moved here for the purpose of starting a store. His business ways cannot help but bring him success.

On Saturday the funeral of the late Mrs. J. H. Bennett occurred, Rev. W. Miller preaching the funeral sermon from 1 Cor vii-31. The family have the sympathy of the community.

There was no service in the C. M. Church last Sunday. Scarcity of wood was the case assigned.

Joyceville Gleanings.

Between the high wind and the great weight of snow on the roof, the shed of the Brewers's Mills Church fell and became a total wreck.

The roads continue blocked up with snow. They are no sooner opened than the drifts of snow again fill them.

Mr. Murphy, of the Joyceville Hotel, will have a social gathering on the 19th February.

Mr. McLaughlin purchased a splendid young team of horses at Mr. Lyons' sale.

Some of our bachelor friends are having their eyes opened to the fact that leap year has come with all its responsibilities. They can hardly realize the position in which they are placed. Often in the last four years they have been trying to see how near they could come to asking the momentous question without doing it. Now the other side is to be heard from.

Our post master is kept very busy in attending to those receiving mail at this post office. The number of papers handled is far in advance of last year's record.

Harrowsmith Correspondence.

The regular annual meeting of Portland Agricultural Society was held at the Albion Hotel here on Tuesday evening here last. The following gentlemen were appointed offices:

President—Jas. Forsythe.
Vice-President—Wm. Griffith.
Sec.-Treas.—W. Bertram.
Directors—Richard Ellerbick, Joseph Orr, Jas. Murton, Jno. Clow, J. B. Shibley, Wm. Thompson, D. McDonald and Alex. Charlton.

Our old friend, N. P. Joyner, paid us a visit last week. During the past 18 months he has been Principal of Eganville Public School, in the county of Renfrew. On the evening prior to his departure from that place his many friends there honored him with an oyster supper, and in the course of the evening he was presented with a beautiful silver watch. At the close of the school examination he was the recipient of a magnificent writing desk from his pupils as a token of their appreciation of his service. Mr. Joyner succeeded in passing eleven out of twelve pupils sent up for the Entrance examination. According to this he must have been a worker and a jolly good fellow.

SCRIPSIT.

Blessed Manufactures.

When a board of eminent physicians and chemists announced the discovery that by combining some well known valuable remedies, the most wonderful medicine was produced, which would cure such a wide range of diseases that most all other remedies could be dispensed with, many were skeptical; but proof of its merits by actual trial has dispelled all doubt, and to-day the discoverers of that great medicine, Hop Bitters, are honored and blessed by all as benefactors. These Bitters are compounded from Hops, Buchu, Malt, Mandrake and Dandelion and other oldest, best, and most valuable medicines in the world, and contain all the best and most curative properties of all other medicines, being the greatest Blood Purifier, Kidney and Liver Regulator, and Life and Health Restoring Agent on earth. No disease or ill health can possibly long exist where these Bitters are used, so varied and perfect are their operations.

They give new life and vigor to the aged and infirm. To all whose employments cause irregularity of the bowels or urinary organs, or who require an Appetizer, Tonic and mild Stimulant, these Bitters are invaluable, being highly curative, tonic and stimulating, without intoxicating.

No matter what your feelings or symptoms are, what the disease or ailment is, use Hop Bitters. Don't wait until you are sick but if you only feel bad or miserable, use the Bitters at once. It may save your life. Hundreds have been saved by so doing. ☞ $500 will be paid for a case they will not cure or help.

Do not suffer yourself or let your friends suffer, but use and urge them to use Hop Bitters. Remember, Hop Bitters is the purest and best medicine ever made; the "Invalid's Friend and Hope." No person or family should be without them.

"I was troubled for many years with nervous kidney and liver complaint, gravel, etc.; my blood became thin; I was dull and inactive, could hardly crawl about, and was an old worn out man all over, and could get nothing to help me, until I got Hop Bitters, and now I am a boy again. My blood is pure, kidneys are all right, and I am as active as a man of 30, although I am 72.—FATHER.

"For ten years my wife was confined to her bed with such a complication of ailments that no doctor could tell what was the matter or cure her, and I used up a small fortune in humbug stuff. Six months ago I saw a U.S. flag with Hop Bitters on it, and I thought I would be a fool once more, and I tried it, but my folly proved to be wisdom, and two bottles cured her, she is now as well and strong as any man's wife, and it cost me only $2. How to Treat Weak Lungs.

Always breathe through the nose, keeping the mouth closed as much as possible. Walk and sit erect, exercise in the open air, keep the skin scrupulously clean, and take Hagyard's Pectoral Balsam for coughs, colds, and bronchial troubles.

Highly Agreeable.

One very valuable feature of Dr. Low's Pleasant Worm Syrup is, that it is highly agreeable to take, and all varieties of worms, tape worm included, can be safely expelled by it, without recourse to harsh and sickening drugs.

"Hub" Cough Cure, 25 Cents.

Prescription of a Boston physician, dispensed years by a Boston druggist. One dose will cure any ordinary cough. It was almost magically. Ask H. Skinner for a 25 cent bottle of "Hub" Cough Cure.

Salt Rheum Cured.

Are you troubled with Salt Rheum, Rough Skin, Pimples or Canker Sores; if so go at once to A. E. Chown's Drug Store and get a package of McGregor & Parks's Carbolic Cerate. Price 25c. It was never known to fail.

Coming Colors.

THE DEER SLAUGHTER.

LETTER NO. 2.

The Editor, British Whig.

Sir,—Various hunting parties, within a small radius, come to an understanding. Dogs are sent out at various points within a few miles of one another.

From 25 to 40 men take up allotted positions on sunways, ridges, hills and so forth, cutting off all possible chance for deer to escape. Many of the deer chased as above described are good for nothing, neither their skin nor their carcasses. Allow me to picture a still hunt, which I think will show to any person which is the more manly and beneficial to the country. Let us say it is about Dec. 1st, and we have had a light fall of snow. It appears to be a good morning for a hunt and off we start. No hounding having been done we find that the deer are easily approached. The fattest are selected for the first shots; they are captured and properly bled, then dressed. The carcass is hung up, to allow it to become frozen or stiff, so that it can be removed without soiling the meat. Thus the hunts goes for days and sometimes for a couple of weeks. The venison captured is superior in every respect. It is true the still hunter sometimes misses his mark deer escape badly wounded and die afterwards. Some he captures are badly bled and butchered, but the precentage so treated are not to be compared with that destroyed by dogs. The more hounding done the less successful the still hunter is, and the poorer the venison. What would be the result in a few years if hounding was done away with? We would have large and fatter deer and more of them. Many of the well settled townships would have deer also. If hounding is allowed there will be very few deer in this section of Canada and a very poor kind if any at all.

Again, what would be the probable result if the hounding of deer was stopped? We would very likely get rid of a class of our dogs that are good for nothing except to chase deer and kill sheep. I do not know that the full blood deer hound is given to the chasing and killing of sheep, but other dogs, crossed with the hound, make the best deer dogs after a little training. They are the kind mostly used for chasing deer, and are likely to kill sheep at all seasons of the year. The deer have another enemy. Say there is a deep snow in March and a light crust sufficient to carry a light weight dog and not sufficient to carry a deer. The dogs often kill deer in hundreds. Some say the wolf kills deer that way, but the wolf only kills what he can devour, but the dog will kill, taking a lap of blood or two from every deer killed till he is completely exhausted and obliged to lay down and rest. Once refreshed the dog is up and at the chase again, till the dog or dogs pass through a belt of country from 10 to 20 miles, and as long as the crust lasts and the dogs last I have found dogs dead at that season of the year with their frames wore to the the bone running on the crust. It is true there are some setters who make it a habit of hunting at all seasons of the year when venison is fit to eat, and sometimes when the venison is not fit to eat, but what they kill is nothing to be compared with that destroyed by disowned dogs and large hunting parties. The loss to the country amounts to thousands annually. The kind of a law we should have is: Allow no hounding or chasing deer with dogs of any description. Still hunting to commence on Dec. 1st and to end the 15th, or, better still, allow no killing of deer for two or three years.

Yours, etc.,
ROBERT FLYNN.

Tp. Olden, Dec. 24.

We, the undersigned, concur in the above in every particular. We have experienced that the slaughter and destruction of deer is increasing every year:

Dewey Lewis, 25 years a deer hunter.
Harvey Loyst, 10 years a deer hunter.
John McCarry, 25 years a hunter.
Thomas Cox, 20 years a hunter.
Wm. E. Barr, 18 years a hunter.
William Loyst, 30 years a hunter.

Good News for the Afflicted.

Now is the time to see that your druggist has a full supply of Dr. Wilson's British Cough Balsam and Perkins' Cramp and Pain Alleviator that has saved thousands from sinking into consumption. I now refer you to Sergeant O'Hamen's wife last winter. She told me she was for ten years a great sufferer with bronchitis and asthma, coughing night and day. Now she is in perfect health by the use of the above remedies.

Perkins' Cramp and Pain Alleviator that caused so much talk in Ottawa after curing J. Stratton and W. Gould of rheumatism after all other remedies failed is now to be had. One 25c bottle will satisfy the most credulous. Neuralgia or lumbago cannot stay where it is used.

Perkins' Indian Herb Ointment has been tested for ten years and wherever it has been used for burns or scalds it has taken the medal, as a large number of physicians use it in their practice and find it superior to all other remedies. It will positively cure erysipelas and salt rheum, and for sore nipples it is the boss of the world; it cured Mrs. Smith's child in Montreal, at 557 St Lawrence Street, that had been attended by their physicians for several weeks without relief. It was nearly blind, caused by getting cold after the measles. The above is manufactured by D. H. Perkins, St. John, N.B. W. J. Wilson, sole agent for Kingston.

Science.

To increase the weight of the body, invigorate the system, revitalize the exhausted and depressed, is the true object of medical science. The digestive organs must be in a healthy condition if we wish to secure this desirable result, and no remedy yet discovered has proved so effectual in accomplishing this as FLAX-SEED EMULSION COMP. It contains the Phosphorous to build up the nervous system and all the fat producing properties of Flax-seed to enrich the blood and supply the animal economy with the elements for reconstruction. For sale at Wade's and the Pharmacy, W. J. Wilson.

Important.

The Excelsior Rupture Treatment was introduced to the American people several years ago by furnishing the remedy to those afflicted with Hernia in any of its forms and collecting no pay until permanent cure was effected. In this way the treatment gained a world wide reputation on its own merits, never failing to cure any reducible Hernia. The Company has placed the remedy on sale by all druggists in the United States, Canada and England, in this way bringing it within the reach of all classes at a trifling cost. Ask your druggist for a free book or send six cents for one to the Excelsior Rupture Cure Manufacturing Co., Ogdensburg, N.Y.

Act in Time.

In order to enjoy perfect health it is most essential that a constant watch should be kept upon the actions of our internal organs. From the important part they play in the economy of our nature, the kidneys must not be neglected. A little pain in the small of the back is often the beginning of kidney disease, and the only way to relieve it and thus ward off the serious complications that generally follow is to take at once Dr. Van Buren's Kidney Cure.

Railway Accident.

Frank Spink, Wilton Avenue, Toronto, some time ago received a bad injury by an accident on the G.T.R. The severe contusions were quickly healed by the use of Hagyard's Yellow Oil.

Almost every pill contains calomel and other mineral compounds. Dr. Carson's Stomach Bitters is purely vegetable and takes the place of all other purgatives. In large bottles at 50 cents.

"Hub" Cough Cure. Do not take any other. 25 cents. Ask H. Skinner.

ONTARIO GAZETTEER AND DIRECTORY.

1884-85.

WE have commenced the canvass of the PROVINCE OF ONTARIO for a GAZETTEER AND DIRECTORY, to be issued in 1884. The work will contain a complete list of Business Houses of the Province, arranged alphabetically by Cities, Villages, etc., giving the street and number of each firm, with full and complete descriptions of each place, showing the Shipping Points, Township and County, also Railway Connections and Water Communication, Manufacturing interests, and any information calculated to be of benefit to the Business Community.

The whole will be followed by a complete Classified Directory, giving every business arranged under its special heading, thus enabling our subscribers to obtain at a glance a list of all Houses manufacturing or dealing in a certain line of goods. Names of Postmasters, Post Offices, County Officials, etc., will also be given. The work generally will be compiled to meet the wants of the business community and will be so thorough as to deserve thir liberal patronage.

We are permanently located in Toronto at the below address. Respectfully,

R. L. POLK & CO.

Montreal, Dec. 5th 1883.

Messrs. R. L. POLK & Co., Toronto, Ont.

Gentlemen.—

In answer to your enquiry, we have to say that we have no intention of publishing an Ontario Directory for 1884-5, and should you do so, we shall be glad to render you all the assistance in our power, and hope you will meet with a large support to compensate for the imm
