Municipal Class Environmental Assessment Study Glen Lawson Road / Third Line from the Acton Urban Boundary to Fourth Line

STUDY BACKGROUND

The Glen Lawson Road / Third Line corridor currently serves as a connection between south Acton and Fourth Line. Increased traffic volume along this corridor reinforces the need to consider improvements.

This study will assess current and future transportation demand and develop and evaluate suitable alternative solutions to safely and efficiently accommodate traffic along this corridor. Alternative solutions that may be considered include Glen Lawson Road / Third Line intersection improvements and/or new alignments from the Acton Urban Boundary to Fourth Line.

STUDY AREA

STUDY PROCESS

The Town of Halton Hills has identified the need to undertake a Schedule C Municipal Class Environmental Assessment (MCEA) study, as outlined in the Municipal Engineers Association MCEA (October 2000, as amended in 2007 and 2011). The study process will include the development and evaluation of suitable alternative solutions. Following this, a preferred solution will be selected to safely and efficiently accommodate various modes of transportation along the Glen Lawson Road / Third Line corridor.

PUBLIC INFORMATION CENTRE

External agency and public consultation is a key component of the study. You are invited to attend a **Public Information Centre (PIC)**, at which background information, problem/opportunity statement, alternative

solutions, and evaluation criteria will be presented. The PIC will consist of an open house drop-in centre where you will be able to converse with members of the Project Team and share your concerns and opinions. Details of this event are provided as follows:

Date: Thursday, October 15, 2015
Time: 6:00 P.M. to 8:00 P.M.
Location: Acton Prospect Park Boathouse – 30 Park Avenue, Acton, ON

Please visit: <http://www.haltonhills.ca/EnvironmentalAssessments/GlenLawsonRd.php> to access additional details and keep updated regarding the study.

FEEDBACK

We are interested in hearing any comments or concerns that you may have about this study. Please contact either of the following Project Team members if you have any questions or comments, wish to obtain more information regarding the study, or be added to the study mailing list:

Daniel Ridgway, MCIP, RPP Transportation Planner Town of Halton Hills 1 Halton Hills Drive, Halton Hills, ON L7G 5G2 Tel: 905-873-2601 ext. 2369 Fax: 905-873-3036 Email: danielr@haltonhills.ca	Adam Bell, A.Sc.T. Building Engineer (Mechanical) Posting No. 201525

Note: This job ad contains basic criteria – we strongly suggest applicants visit our website at www.haltonhills.ca/jobs for the full listing of requirements to be considered for this position.

Come join our team! We are looking for a candidate who shares our corporate values of Honesty, Excellence, Team, Fun, Creativity and Respect. These values are second nature for the successful candidate and are demonstrated in their work and interactions with colleagues and the community. To be successful, you are able to work cooperatively with internal and external clients in a busy and demanding work environment while also completing your duties with minimal supervision.

Reporting directly to the Supervisor of Zoning and Plans Review the Building Engineer (Mechanical) is responsible for plans review of HVAC, Plumbing (including Site Services), Fire Protection (including Fire Sprinklers & Standpipe Systems) and On-site Sewage Disposal Systems.

You possess:

- Designation of Professional Engineer, registered in Ontario
- Registration with the Ministry of Municipal Affairs and Housing in the following categories: Building Services, Plumbing All Buildings, Fire Protection, Detection, Lighting & Power and On-Site Sewage Disposal Systems
- Qualification as a Certified Building Code Official (C.B.C.O.)
- Minimum 10 years of experience as Building Engineer/Plans Examiner or related design or construction experience in an engineering environment
- Thorough knowledge of the Building Code Act and the Ontario Building Code requirements of Parts 1, 2, 3, 6, 7, 8, 9, 10, 11, and 12
- Thorough knowledge of all applicable technical standards
- Ability to utilize computer software including Amanda, MS Outlook, Word, and Excel

Qualified candidates may submit a detailed cover letter and resume in confidence to the Town by 4:30 p.m., October 16, 2015. Please quote Posting No. 201525 on your cover letter.

How to Apply:

- 1) Visit the Town website to apply online at www.haltonhills.ca/jobs (preferred)
- 2) Should you wish to apply via Canada Post, please remit your application to:
Attn: HR Department, 1 Halton Hills Drive, Halton Hills, ON L7G 5G2
