READ THE FOLLOWING:

Messrs. Puttner Emulsion Co., Halifax, N.S.

GENTLEMEN—We have pleasure in stating that our sales of your EMULSION OF COD LIVER OIL are steadily increasing, amounting now to about 1 doz. (one dozen) bottles monthly, and that it seems to give very general satisfaction. Dating our long experience (over 20y years) in the Drug business, we have seldom met with any preparation of similar character which has obtained so large a sale or so wide a popularity, not only with the general public, but amongst Medical Men. These results, we believe, are largely due to the merits of your specialty, as well as to the skill with which it is prepared, and the moderate price at which it is supplied to the consumer.

Yours respectfully,

BROWN & WEBB,

Wholesale Druggists, &c.

N.B.—The physicians of Ontario inform our agent, who has lately interviewed them that our great advantage PUTTNER'S EMULSION holds over all others in that it is so easily digested, and thus delicate patients after rejecting all other Emulsions can retain PUTTNER'S with ease.

The trade can be supplied in Kingston by E. SKINNER, Wholesale Druggist.

SOUL KEEPING THEORY.

"U. S." Hits a Reply to "G. H. H." —Getting Far Away From the Point at Issue.

The Editor, British Whig.

SIR,—If my time and your patience would permit it would be an easy matter to answer the letter of "G. H. H." I have dealt with these theories before. The communication of "G. H. H." has the Christadelphian ring about it, a real graveyard requiem. "G. H. H." must have read my letter through a glass darkly or he would never have said that it taught the transmigration of soul and spirit, that is if he understands the transmigration theory. His explanation of the parable of the rich man and Lazarus is his own, original and beyond doubt, and I am sure no bible student will envy the position he takes. If any reader has a desire to examine critically into this soul sleeping theory I would recommend him to read a work entitled "Immortality of the soul and final condition of the wicked," by Robert W Landis, published by Carlton & Porter, New York. There he will find material enough to dispose of much more power in opposition than "G H H." Perhaps I had better render a few passages of Scripture in true Christadelphian style. The word spirit in the word of God has several significations, as there are words in the English language that have more than one meaning. In the communication of "G H H" the word spirit is called breath. "Spirit or breath," says he. Now for the passages of Scripture referred as "G.H.H." would have them considered. What man knoweth the things of a man save the breath (spirit) of man which is in him." 1 Cor. ii. 11. "Ought we not to bow down and worship at the shrine of such scholarship? Intellectual life in breath. Never heard of that before. What an age we live in! We will now give a quotation from the apostle of John iv 1, "Beloved, believe not every breath (spirit), but try the breaths (spirits) whether they are of God." "Handle me and see a breath (spirit) hath not flesh and bones as ye see me have." "And there appeared unto him a breath, and Elias talking with him." Matt. xvii. 3. When Moses breath (or his body was in the grave) and Elias appeared to Christ on the Mountain was there no personality about Moses, or was it a breath that appeared and talked with the Saviour? What a most marvellous theory this breathology is. Talk about heathen mythology! It cannot begin to compete with it. One thing is certain that the Christadelphian requiem a soul very near has stamped. "G.H.N's" letter is no reply to my last communication, but a mere parade of his own views. Yours &c.,

Extremes of Temperature

Is a never failing cause of disease. At this season of the year Neuralgia, Tooth-ache, and a host of similar diseases are rampant. The great question, then, is to find the quickest, surest and most economical remedy. Nervoline exactly fills these requirements. It is prompt, efficient, and most economical, for it exceeds in power every known remedy and as cheap as inferior articles. A 10c sample bottle will give every person a chance to test it. Large bottles, only 25c. Both at Polson's Drug Store.

Personal, to Men Only.

The Voltaic Belt Co., Marshall, Mich., will send Dr. Dye's Celebrated Electro-Voltaic Belts and Electric Appliances on trial for thirty days to men (young or old) who are afflicted with nervous debility, lost vitality and manhood, and kindred troubles, guaranteeing speedy and complete restoration of health and manly vigor. Address as above. N.B.—No risk is incurred, as thirty days' trial is allowed.

Joy in Every Drop.

This may be truly said of Nervoline, the greatest pain remedy of the age. It brings comfort to the weary sufferer when failure has attended the use of every known remedy. Nervoline is an absolute cure for all kinds of pain, internal, external or local. Procure a 10c sample bottle and try this great remedy. Nervoline, nerve pain cure. Don't forget the name at Polson's Drug Store.

Answer this Question.

Why do so many people we see around us seem to prefer to suffer and be made miserable by Indigestion, Constipation, Dyspepsia, Loss of Appetite, Coming up of Food, Yellow Skin, when for 75 cts., we will sell them Shiloh's Vitalizer, guaranteed to cure them. J. G. King, Wholesale and Retail Agent.

Dr. J. Corlis, St. Thomas, writes: "During ten years active practice I have had occasion to prescribe Cod Liver Oil and Hypophosphites. Since Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda came under my notice I have tried it, and take great pleasure in saying that it has giving great satisfaction, and is to be preferred to any I have ever used or recommended. I have used it in my own family almost as a beverage during heavy colds, and in every instance a happy result has followed. I cheerfully recommend its use in all cases of debility arising from weakness of the muscular or nervous system."

Do no Violence to the Liver and general system by repeated doses of mercury in the shape of calomel and blue pills. Many persons thus dose themselves even without the advice of a physician. The best substitute for such pernicious drugs and the use of which is never followed by disastrous effects upon the general health is Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, which permanently tones the stomach, regulates the bowels, purifies the blood, and gives a healthful glow to the cheek.

People Who Read and Reason, after reading, upon the many published testimonials regarding Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, can scarcely fail to perceive that evidence so positive and conscientious could not be adduced in behalf of a remedy of doubtful efficacy. The facts proven by such evidence are that it restores the impurities of the blood, restores digestion, enriches the circulation, and regulates the bowels and liver.

Jacob H. Bloomer, of Virgil, N.Y., writes: "Dr. Thomas' Electric Oil cured a badly swelled neck and sore throat on my son in forty-eight hours; one application also removed the pain from a sore toe (my wife's foot was also much inflamed—so much so that she could not walk about the house); she applied the Oil, and in twenty-four hours was entirely cured."

Our one of our best citizens would say to the public that he has tried Hall's Catarrh Cure and it is all that is claimed, for it. Price 75 cents per bottle. Sold by J. G. King.

Do not scream from sick headache a moment longer. It is not necessary. Carter's little Liver Pills will cure you. Down with little pill. All druggists sell them.

Nervous Neuralgia, of no matter how long standing or how severe, will readily yield to the curative power of Dr. E. C. West's Nerve and Brain Treatment. Sold by W. J. Wilson, Drug Store.

FAMOUS WOMEN.

Patti, Nilsson, Modjeska, and Langtry, and Their Salaries—Very High Priced Talent.

There are four ladies to-day in the United States, all foreigners, who are making large sums of money. They are Patti, Nilsson, Modjeska and Langtry. Miss Patti, as is already well known, receives $4,000 a night. Of this she pays $400 a night to M. Francis, her agent. This gives her $8,000 a week. Sometimes she sang in New York three times a week, and her pay then was $12,000. She will, during her stay here, sing altogether thirty times under the management of Mapleson, for which she will receive, net, $120,000. She will, therefore, carry away with her about $100,000. Signor Nicolini, in addition, gets $6,400 a month, or $800 each time he sings. On a basis of thirty times he will take away with him $24,000.

We do not know precisely what Miss Nilsson gets for her services, but it amounts on the average to $4,000 a week for two concerts. She has no expense whatever as Mr. Abbey pays everything. On a basis of fifty concerts she will make, therefore, about $200,000, not much less than Patti, though she rather sings fewer times.

Miss Modjeska is doing exceedingly well this season. She terms with Mr. Stetson are to reserve to her individual services 50 per cent. of the gross receipts nightly. Supposing her to play nightly to $1,000, this would give her $500, or $2,500 weekly. But this is a usual average, because the receipts of late exceed that. During her recent engagement at Booth's, as a regular person, she did much better. Her best week came up to $4,000, very nearly. Say $3,000, and her individual share would be $1,500. She is to play thirty weeks, and on an average of $2,000a week she would make $60,000. Allowing the expense, profit for expenses, that is about the net sum she will make in the season. But Mr. Stetson is doing very well, too. He pays on an average 25 per cent. to play in theatres outside of New York. This would leave him, after paying Modjeska 50 per cent. of the gross, or say on a business of $7,000, which is not an exaggerated one, $5,150. He can run the business for $1,500 easily, which would leave him a profit on the grand average of $2,000 per week, or for thirty weeks $60,000. From this must be deducted the $8,000 it cost to get Sargent's contracts, so that all things being equal he will come out $52,000 ahead, besides which is the added profit of playing some twelve weeks in his own theatres in New York and Boston, for Modjeska returns in the spring to the Fifth avenue theater.

Mrs. Langtry's contract with Mr. Henry E. Abbey is to receive 65 per cent. of the gross receipts each night. Mr. Abbey pays the company and all other expenses. Supposing a business of $1,500 a night, and then for the receipts have exceeded that, as Mrs. Langtry plays to higher prices than other dramatic stars she would be receiving $9,900 a week. Whether the business will keep up when curiosity is satisfied is questionable, but even then for Mrs. Langtry has received her fair share in New York, Boston, Brooklyn, Philadelphia and Chicago some 30,000; that sum will probably be trebled before she leaves here. Mr. Abbey, on the other hand, has 67 per cent. or $3,200 a week, supposing he pays an average of 27 per cent. for theatres this would leave him 40 per cent., or $4,200 a week. He can run the company and his other expenses easily on $1,200, which would give him a profit of $3,000 a week. But there are large offers where he has to pay more, say 30 to 35 per cent. of the gross for theatres. Even then, on a season of thirty weeks, supposing business to fall off, he can come out winner of from $30,000 to $60,000 at the end of the season on the contract. These are large sums. It is interesting to note that four stars will carry with them out of the country $650,000 by the time this season ends.

Home Testimony.

Many hundred recommendations similar in character to the one given below have been received, and give proof of the great value of Nervoline as a pain remedy; try it.

Avoca, Feb. 20, 1873.

We hereby certify that we have used "Nervoline" in our families, and have found it a most reliable remedy for cramps in the stomach, also for headache, and externally for rheumatic pains. No house should be without this invaluable remedy.

LICENSE BUSINESS.

Opinions of Eminent Men Against Again Returning it to the Municipalities.

The following are the answers of many well known men to the question, Do you favour the return of the license business to the municipalities

Rev. Father Stafford—Most decidedly not; such a change would be a curse.

Rev. John Wood, Ottawa.—No! a thousand times, no! Our Municipal Councils are too much under the control of corner groceries and tavern keepers of all to be entrusted with the licensing power. The taking away of the licensing power from the Municipal Councils is one of the crowning excellences of the Crooks Act.

W. H. Howland, Toronto—No.

W. R. McMurrich, Toronto—In the light of past experience I have no hesitation in saying it would be an unpalatable pill to go back to the old system of affairs, nor do I think the Municipal Councils wish to have any more to do with them.

Rev. W. Herridge, London—I think it would be a great mistake.

Rev. E. H. Walsh, Toronto—No; it would bring them too much under the influence of the traffic.

Rev. W. A. McKay, Woodstock—I would regret very much to see the reign of licensing again placed in the hands of the Municipal Councils. The history of the past very clearly shows that the Councils have no the moral strength sufficient to use such a power aright. But the Crooks Act does not go far enough. Crime should be prohibited, not regulated.

Mr. Park Irish, Toronto—I would never allow the issuing of licenses to be in the power of the municipalities.

Rev. Manly Benson—No; but would like to see great care shown in the selecting of the license commissioners. They should be men of unmixed integrity.

Rev. Dr. Cochrane, Stratford—No.

Dr. Oldright, Toronto—An emphatic no.

Rev. W. Pirritte, Hamilton—By no means; I think it would be unwise and dangerous.

Rev. L. Gaetz, London—Certainly not; matters are bad enough as they are.

Rev. Dr. Wild, Toronto—I do not; the Crook License Act I think to be a good one. It is a great and wholesome advance on all others so far. It is, I think, also fully abreast of the age. It is as much as temperance men can reasonably ask and most certainly as much as they can carry out. It should remain in force, for I regard it as honourable, fair, and equitable to all. It might, perhaps, be improved in some of its details. I cannot say; but this I do say, that public sentiment needs improvement more than the Act.

Rev. Principal Caven, Toronto—No; neither on general grounds nor in view of results would I desire this to be done.

Rev. M. D. Hunter—No, never; but license commissioners should be selected as nearly as may be evenly from both political parties.

Rev. Dr. Sanderson, London—The license commissioners should not be appointed for political party purposes, and a change without introducing our responding evils would undoubtedly be an improvement.

Rev. W. R. Parker—My answer to questions 1 and 8 you have already published in the resolution of the General Conference Committee on Temperance.

Rev. W. Williams—No, nor in any other hands.

D. B. Chisholm, Hamilton—I do not approve of placing the licensing power back into the hands of the Municipal Councils, because it would be jumping out of the frying pan into the fire.
