FOR THE

KIDNEYS, LIVER AND URINARY ORGANS

THE BEST BLOOD PURIFIER.

There is only one way in which any disease can be cured, and that is by removing the cause—whatever it may be. The great medical authorities of the day declare that nearly every disease is caused by deranged kidneys or liver. To restore these therefore is the only way by which health can be secured. Here is where WARNER'S SAFE CURE has achieved its great reputation. It acts directly upon the kidneys, liver and bowels, putting them in a healthy condition driven disease and pain from the system. For all Kidney, Liver and Urinary troubles, for the distressing disorders of women, for Malaria, and physical troubles generally, this great remedy has no equal. Beware of impostors, imitations and concoctions said to be just as good.

Hancock's Inspirator

IS THE MOST ECONOMICAL APPLIANCE KNOWN for feeding boilers, requiring no power, no attendance, simple, durable, and cheap. Costs little more than an ordinary injector, requires a small expenditure of steam required for working it. It is intended to take the place of Pumps and Injectors and may be used in their stead to great advantage. It differs materially both in its

Construction & Working Qualities

from the class of boiler feeders known as injectors, inasmuch as it has one set of tubes for heating and another set of tubes for forcing the water, combination entirely new, reliable and efficient. They are simple to operate, always ready for use and altogether a very reliable feed for Boilers.

PAMPHLETS OF INSTRUCTION furnished on application, also testimonials if required. We guarantee every inspirator according to recommendation or its cost.

LOCAL ELECTION.

Has W. R. Meredith Any Claim Upon Office?—Why Should the People Make Him Premier?

To the Editor, British Whig.

SIR,—If the cabin boy were to step to the quarter-deck and demand command of the ship we would be very much surprised. But after a little we should say, "Well, perhaps the ship is in danger and the Captain does not know how to work her."

"On the contrary, the ship is in no danger, while the Captain is known to be an excellent one."

"Then it may be, the cabin boy is himself an excellent navigator."

"Not at all. He has been at sea for a good little time, but he has given no proof of knowledge."

"At least he has been able to give some plausible statement concerning the affair."

"Well, no. That is the strange part of it; he has not."

"Then there is nothing else for it; the cabin boy is out of his wits."

Well, is Mr. Meredith's desire any more reasonable? Are his qualifications any more fit to entitle him to the position he claims? He has been for years posing as the Opposition leader and has been evidently and thoroughly unable to get up any forcible opposition to anything. Talk of the smallness of his following—the impossibility of getting a vote—what has that to do with it? Has he not the restrum all over the Province? Has he not the use of the columns of fifty papers? What has he done to show himself a statesman or even a politician?

In fact the only reason any one can use for anybody's opposing a fresh lease of power to the only men likely not to mismanage the job, is that a section of the community are a clique called out-and-out, hard-and-fast Conservatives, who would do anything to get in somebody who will call himself a Conservative. Now, if these only can persuade enough of the rest of the community to vote with them—and enough more to stay at home—to get a Conservative Administration in for the Local, why, in my opinion there will be a good many people, in a year or two, ready to swear at themselves for the greatest gulls in Christendom.

Here we have people who did as well in charge that The Opposition can find no case against them, who have carried out many excellent plans for the Province, and who have hand others equally or more beneficial; and opposed to them, a set of gentlemen of whom their own party even are rather inclined to be ashamed, who have never manifested any capacity for Government, for policy, system, except to take hold of little corners of each measure Government introduced and declare them bad. And we are actually asked to give the management of the local revenues into such hands? Could audacity go further?

Yes, one thing they can and do do, they obey orders from Ottawa most religiously, so religiously, that I wonder they do not all turn to the east whenever they rise in the House to move an objection, and, another thing, declare themselves national policy men. Now, I was one of the first N. P. men, one of those who worked hard for many years in advocacy of the principle of protection, and I say that these Local Opposition gentlemen, these strong national policyists now, were full grown men then, and I never had nor never knew any assistance given by them in fighting that long battle. But when Sir John had cried it I heard them cry it, and when he had won an election by it they cried most eternally. Look at their leader's London organ, the *Free Press*, under the same proprietor too. Why, it was one which for years and years abused myself and all protectionists till Sir John said, "Turn," and it turned and yelled protection and continually doth yell.

One word as to another matter. It is said Ontario is well represented in the Dominion Cabinet. She is by those who owe their influence to their Quebec backing and might as well sit there for Quebec.—Yours &c.,

A RETURN PROTECTIONIST.

Nerveline Saved My Wife's Life.

This is the report of a Princess Street gentleman, who had the opportunity a few nights since of testing Nerveline, "The Great Pain Cure." Be prepared for any emergency by having a bottle of Nerveline at hand. It only costs 10c. to test it as you can buy test bottles at Polson's drug store. Get a ten or twenty five cent bottle to-day, cure in Rheumatism, Neuralgia, Cramps, Colic, Headache. Nerveline the "Sure" pain cure. At all druggists, 25c. a bottle.

Had Suffered many Physicians.

and grew no better but rather worse. Mr. D. H. Howard, of Geneva, N. Y., after dismissing his physicians, tried nearly half a gross of the various blood and liver remedies advertised, with no benefit; when one bottle of Burdock Blood Bitters cured him of Paralysis and General Debility. At the advanced age of 80, he says he feels young again, and is overjoyed at his wonderful recovery.

Dyspepsia & Liver Complaint.

Is it not worth the small price of 75 cents to free yourself of every symptom of these distressing complaints. If you think so call at our store and get a bottle of Shiloh's Vitalizer, every bottle has a printed guarantee on it, use accordingly and if it does you no good it will cost you nothing. J. G. King, wholesale and retail agent.

How to Cure a Cold.

Upon the first feeling of chill or shivering remain indoors if possible, bathe the feet in tepid water, gradually increasing the heat as long as it can be comfortably borne, drink freely of warm ginger tea or sage tea, to induce perspiration, and take Hagyard's Pectoral Balsam according to directions on the bottle. Hagyard's Balsam cures coughs, asthma, and bronchitis.

Hursford's Acid Phosphate in Dyspepsia.

Francis H Atkins, A. A. Surgeon, U.S.A., says: "For dyspepsia, whether in the lean or corpulent, in nervous debility and in night sweats of consumption, it has commonly given speedy benefit, and some of my army friends are quite enthusiastic about it."

Mrs. W. J. Haag, Bethany, Ont., writes: I was one of the greatest sufferers for about fifteen months with a disease of my ear similar to ulcers, causing entire deafness. I tried everything that could be done through medical skill, but without relief. At a last resort, I tried Dr. Thomas' Electric Oil, and in ten minutes found relief. I continued using it and in a short time my ear was cured and hearing completely restored. I have used this wonderful healer successfully in cases of inflammation of the lungs, sore throat, coughs and colds, cuts and bruises, &c., in fact it is our family medicine.

FATAL PANIC.

In a German Catholic School—Some Sixteen Children Crushed and Many Injured.

A telegram of yesterday announced the burial of sixteen children, killed during a panic in a German Catholic School on Tuesday. The school is in charge of the sisters of Notre Dame, and over 700 children attended. The fire was of a trivial character, starting among sweepings in the closet beneath the stairs. It had been smouldering for some time and had eaten its way through to the center of the partition wall dividing the hall from the class room to front and crept up to the third floor ere it was discovered. At this moment a visitor called at the school to see one of the pupils on the second floor. The door opens almost opposite and within a few feet of the closet in which the sweepings were burning. The visitor knocked at the door, which was opened by one of the sisters, and almost at the same instant flames burst out from under the stairway.

PANIC TERRIBLE.

The sisters hastily shut the door, but not until some of the children caught sight of the smoke, when all efforts to quiet them were in vain. The building is of five stories and has two stairways, one at the east and the other at the west end. These stairways were about three and a half feet wide and opened almost at the doors of the class rooms, but from the play room in the center of the building were approached by a narrow dark passage way. The removal of the children from the fourth floor was progressing quietly and rapidly when the sister in charge of a class of girls fainted. Immediately the class became panic stricken and a rush was made for the hallway. On the stairs already crowded a deadly crush took place. The railing of the stairs broke and the mass of struggling children was precipitated to the floor below.

FALLING IN A MASS

from four to five feet deep. When the girls on the second floor rushed from their class rooms they had barely reached the head of the stairs, when the scholars from the upper floors were upon them. All fought frantically to get to the narrow stairway. The stairs broke and the calamity which occurred on the fourth floor was repeated. The police and firemen already summoned arrived, but their work of rescue was much hampered by the frightened children, continuing to leap from the stairway, those in front being crowded over the the broken balustrade by the children striving to reach the exit.

SCENES ON THE STREET.

Conveyances soon arrived and the remains were taken to the Fifth street police station, followed by a clamoring, shrieking throng of woman. The bodies were promptly identified by and removed to their afflicted homes.

ALL PRECAUTIONS DISREGARDED.

A survey of the building shows that any precautions for the safety of the children in the school have been utterly disregarded. On four floors there are nine class rooms opening into hallways with stairs running east and west reaching either end of the building. Through the class rooms access can be had to either stairway, but the halls and stairs are separated. In nearly every room the doors open inward, and at the top of the highest flight is a steel wooden gate not easily removed. The school was inspected two years ago, but no recommendations were made respecting it.

"I wouldn't be without Dr. Benson's Celery and Chamomile pills if they cost $1, a pill. They cured me of neuralgia, of 9 years, standing." Joseph Snyder, Paxtons, Pa. 50 cts. per box, at druggists.

Why Wait.

Why suffer a single moment, when you can get immediate relief from all internal and external pains by the use of Nerveline, "The Great Pain Cure." Nerveline has never been known to fail in a single case; it cannot fail, for it is a combination of the most powerful pain subduing remedies known. Try a ten cent sample bottle of Nerveline. You will find Nerveline a sure cure for Neuralgia, Toothache, Headache. Buy and try. Large bottles 25c. by all druggists. Sample bottles only at Polson's drug store.

As if by Magic.

This is always the case when Nerveline is applied to any kind of pain, it is sure to disappear as if by magic, stronger, more penetrating, and quicker in action than any pain remedy in the world. Buy a bottle of Nerveline to-day, and try its wonderful power in relieving pain of every description. Pain cannot stay where it is used. It is just the thing to have in a house to meet a sudden attack of illness. Only 25c. a bottle. Sample bottles only 10c. cents at Polson's drug store.

Excited Thousands.

All over the land are going into ecstacy over Dr. King's New Discovery for consumption. Their unbiased for recovery by the timely use of this great life saving remedy, causes them to go nearly wild in its praise. It is guaranteed to positively cure Severe Coughs, Colds, Asthma, Hay-Fever, Bronchitis, Hoarseness, Loss of Voice, or any affection of the Throat and Lungs. Trial Bottle free at J. G. King's Drug Store. Large size $1.00.

A Run on a Drug Store.

Never was such a rush made for any Drug Store as is now at J. G. King's for a trial bottle of Dr. King's New Discovery for Consumption, Coughs and Colds. All persons affected with Asthma, Bronchitis, Hoarseness, Severe Coughs or any affection of the Throat and Lungs, can get a trial bottle of this great remedy free, by calling at above Drug Store. Regular size $1.00.

PEOPLE WHO READ AND REFLECT, after reading, upon the many published testimonials regarding Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, can scarcely fail to perceive that evidence so positive and concurrent could not be adduced in behalf of a remedy of doubtful efficacy. The facts proven by such evidence are that it roots out impurities of the blood, restores digestion, enriches the circulation, and regulates the bowels and liver.

SAYS DAISY:

"She knows her man, and when you want and want,

Can draw you to her with a single hair."

But it must be beautiful hair to have such power; and beautiful hair can be secured by the use of CORNELIUS' HAIR RESTORER. Sold at 50 cts. by Henry Wade.

The finest mayonnaise dressing for all kinds of salads, cold meats, raw tomatoes, pickled salmon, cabbage, etc., is Denzer's Salad Dressing. Better and more economical than home-made.

Plain Truths!

The blood is the foundation of life, it circulates through every part of the body and unless it is pure and rich, good health is impossible, if disease has entered the system the only sure and quick way to drive it out is to purify and enrich the blood.

These simple facts are well known and the highest medical authorities agree that nothing but iron will restore the blood to its natural condition, and also that all the Iron preparations hitherto made blacken the teeth, cause headache, and are otherwise injurious.

SULPHUR AND IRON BITTERS will thoroughly and quickly assimilate with the blood, purifying and strengthening it and thus drive disease from any part of the system, and it will not blacken the teeth, cause headache or constipation and is positively not injurious.

St. Johnsbury, Vermont, Oct. 7th, 1882.

For six years I have been a great sufferer from blood disease, dyspepsia and constipation, and became so much that I could not retain anything on my stomach, in fact it had almost become a burden, and when food had passed off, I was racked in pain. Sulphur and Iron Bitters is the first I ever used, and I am now taking the third bottle and have not left so well for six years as I do at present.

MRS. S. L. MOORE.

SULPHUR AND IRON BITTERS effectually cures dyspepsia, indigestion and weakness, and renders the greatest relief and benefit to persons suffering from such diseases as kidney and liver complaints, dyspepsia, indigestion etc.

I'd marry the Governor's daughter so pert,

And the wedding would be a most jolly affair;

I'd have dinner of MORRISON'S HAMS at the feast,

And lots of his BACON that cannot be beat.
