Ayer's Sarsaparilla!

FOR PURIFYING THE BLOOD.

This compound of the vegetable alteratives, Sarsaparilla, Dock, Stillingia, and Mandrake, combined with the iodides of Potash and Iron, makes a most efficient cure of a certain class of complaints which are very prevalent and afflicting. It purifies the blood, purges out the lurking humors in the system, that undermine health and settle into troublesome disorders. Eruptions of the skin are the appropriate outlet of such humors that should be expelled from the blood. Several derangements are the determinations of these same humors to some internal organ, or region, whose action they disorder, and of which they become an additional cause. AYER'S SARSAPARILLA expels these humors from the blood. When they are gone, the disorders they produce disappear, such as Dyspepsia or Liver, Stomach, Bowel, Kidney, Urinary and Rheumatic Complaints, Dropsy, Pimples, Pustules, Blotches, Boils, Tumors and Salt Rheum, Scald Head, Ringworm, Tetter and Scrofula, Neuralgia, Headache, Pain in the Side and Back, Female Weakness, Sterility, Leucorrhœa arising from Internal Ulceration and Uterine Disease, Dropsy, Dyspepsia, Constipation and General Debility. With their departure health returns.

THE

PACIFIC NORTHWEST!

Oregon, Washington & Idaho

Offers the best field for Emigrants—as a mild, equable, and healthy climate; cheap lands of great fertility, producing all varieties of Grain, Fruit, and Grasses in wonderful abundance; an inexhaustible supply of Timber; vast Coal fields, and other mineral deposits; cheap and quick transportation by railroad and river navigation; direct connection with all parts of the world, owing to its proximity to the Pacific Ocean.

NO LOCUSTS, NO INSECT PESTS, NO BLIGHTS, WHIRLWINDS OR OTHER DESTRUCTIVE PHENOMENA.

The lands of the Pacific Northwest show an average yield of wheat per acre larger, in all, than that of any other section of the United States.

No failure of crops has ever occurred.

Oregon wheat commands a higher price than that of any other country on the European markets.

An immense tract of very fertile land and Government Lands within easy reach of the trunk lines of the North-to-Pacific R.R., the Oregon Railway & Navigation, and the Oregon & California R.R. Cars and steamboats on branches in the great Valleys of the Columbia and its tributaries are now offered for sale at Low Prices, and on easy terms, on open to pre-emption and Homestead Entry.

The great development of population in the Columbia region now in progress will be more greatly increased by the completion of the Northern Pacific R.R. and the Oregon Railway & Navigation Co's systems. This renders certain a rapid increase in the value of lands now open to purchasers or to entry under the United States Land Laws.

PUBLIC INSTITUTIONS.

Fair Dispensation of Favours to Religious Parties—Proportion of Office-holders.

At Hamilton Hon. C. F. Fraser made the following reference to the appointments of the Local Government:

There are twelve public institutions in the Province, Asylums, Reformatories, Central Prison, Brantford and Belleville institutions and two Normal Schools. Fashioned upon exact proportion to our numbers we would be entitled to two of the principal posts in these. The fact is we have three. (Cheers.) Mr. McCrimon is Superintendent of the Reformatory at Penetanguishene; Mrs. O'Reilly, widow of the late James O'Reilly, is Chief of the Mercer Reformatory; and Mr. McCabe is Principal of the Normal School at Ottawa—all appointed by the Mowat Administration. (Cheers.) One-sixth of twelve would be two, but you see we have a quarter of them. (Cheers.) Now I don't ask a single Catholic to vote against his political convictions because the Liberals have given us fair play. (Cheers.) Our people in this respect have only got what they are entitled to. My purpose now is but to prove that the accusations made against the Government are false. Proceeding with this return, it shows that the total salaries or wages paid in 1881 for all the services which it covers, and of which I am now speaking, amount to $426,684, and out of this total the Catholics in the service received $60,526. (Cheers.) This is within $500 of $70,000. If then we divide the total of $426,000 by 6, we have as nearly as may be $70,000 and this is what we get. (Cheers.) This is as nearly absolute fair play in the matter of money as reasonable men may ask for. (Cheers.) Yet these facts are deliberately suppressed in this honest document that has been so freely circulated. (Cheers.) You would have thought that we had neglected you entirely; you would have thought that I had gone into the Administration only to turn my back upon you. (Cheers.) We have been accustomed to be told that the Scotch "Grits" have been carrying away all the plums. (Laughter.) It has been the hue and cry that those canny Scotch Presbyterians have taken all that is worth having. What does this return show? That the Church of England has carried off prizes to the greatest number. There are 304 superior offices. Out of that 304 our Church of England friends get 114, or more than an entire third. It is a strange answer to the accusations made against the Scotch Grits, who only get 67. (Hear, hear.) We get 42 and the largest body, the Methodists, 46 of these superior positions. Now in all frankness if there is any complaint of plums being carried away it might come from our Methodist friends. (Laughter.) If you take the total you find that we get as nearly as may be one-seventh of the number, and we are, as I have said, one-sixth of the population. Coming to the inferior offices, I find the Methodists get 86, Presbyterians, 176, Church of England, 147, and Roman Catholics, 153, or about one fourth, and when you take the money value of superior and inferior posts together we have, as I have stated, one-sixth. (Cheers.) I say money value, because that, in my opinion, is a fair, if not indeed the best test, having regard to all the circumstances. I think Sir, I have answered to the satisfaction of every reasonable mind these electioneering falsehoods. (Cheers.) I don't propose to deal with this any further; I leave it with the remark that those of my Catholic friends who have hitherto given the Administration their support because they thought they were getting fair dealing at our hands have no need to resort to arguments because of anything this campaign document has alleged. I ask them for a renewed support. Much more I might have said, but less than that I could not say. (Hear, hear.)

"Dr. Benson's Skin Cure eradicated my pimples. They used to break out continually. Steve T. Harrison, Rochester, N.Y. $1, at druggists.

Dyspepsia & Liver Complaint.

How to Cure a Cold.

Upon the first feeling of chill or shivering remain indoors if possible, bathe the feet in tepid water, gradually increasing the heat as long as it can be comfortably borne, drink freely of warm ginger tea or sage tea, to induce perspiration, and take Hagyard's Pectoral Balsam according to directions on the bottle. Hagyard's Balsam cures coughs, asthma, and bronchitis.

Mrs. W. J. Lang, Bethany, Ont., writes: I was one of the greatest sufferers for about fifteen months, with a disease of my ear similar to chronic, causing entire deafness. I tried everything that could be done through medical skill, but without relief. At a last resort, I tried Dr. Thomas' Electric Oil, and in ten minutes found relief. I continued using it, and in a short time my ear was cured and hearing completely restored. I have used this wonderful healer successfully in cases of inflammation of the lungs, sore throat, coughs and colds, cuts and bruises, &c., in fact it is our family medicine.

ONTARIO'S FINANCES.

A Well Governed Province—The Large Expenditure and the Money in Hand.

During the last eleven years not only has the Reform Government carried on its regular legislative and executive functions, but it has distributed to the people over $35,000,000. To assist the education of this people it has given $4,344,558 68; to assist the counties to administer justice it has given $1,697,050.70; to assist the vicious and afflicted which otherwise would have been cared for by private or municipal benevolence, it has contributed $4,481,602.94; whilst to build the institutions in which to accommodate them it has spent $2,608,808.51. To encourage the great agricultural industry there has been spent $1,063,794.21, and in adding half a million acres to the Province there has been used $659,409.07. In building roads opening up the newest lands there has been spent $1,079,211.84; and in getting settlers to fill them there has been used $725,080.44. To wipe out a municipal loan debt of $12,000,000 some $8,389,928.64 was paid the municipalities towards building roads, jails, schools and hundreds of other local improvements; and in assisting the building of twenty-six railways, extending like a network through the Province there has been distributed $8,362,970.57. And yet there is a surplus of $4,823,586 in the treasury. And no charge of corruption has yet been made in the vast expenditure of all these monies. All has been spent wisely, judiciously and economically. There is no other Province in the Dominion, and no State in the American Union, that can show so grand a record in its financial department.

New Life For Functions Weakened by Disease, Debility and Dissipation.

Sold by all druggists. Sent on receipt of price, postage paid, by F. J. Cheney, Toledo, Ohio, sole agent for United States. Circulars and testimonials sent free. J. G. King, agent, Kingston.

Oh, What a Cough!

Will you heed the warning. The signal perhaps of the sure approach of that more terrible disease consumption. Ask yourselves if you can afford for the sake of saving 50 cts., to run the risk and do nothing for it. We know from experience that Shiloh's Cure will cure your cough. It never fails. This explains why more than a million bottles were sold the past year. It relieves croup and whooping cough at once. Mothers, do not be without it. The poorer inhabitants of large cities will find these remedies to be their best friend when any pestilence rages, or when from unknown causes eruption boils, abscesses or ulcerations betoken the presence of taints or impurities within the system and call for instant and effective curative medicine.

Mr. Abraham Gibbs, Vaughan, writes: "I have been troubled with Asthma since I was ten years of age, and have taken hundreds of bottles of different kinds of medicine, with no relief. I saw the advertisement of Northrop & Lyman's Emulsion of Cod Liver Oil with Lime and Soda, and determined to try it. I have taken one bottle, and it has given me more relief than anything I have ever tried before, and I have great pleasure in recommending it to those similarly affected.
