THE

PACIFIC NORTHWEST!

Oregon, Washington & Idaho

Offers the best field for the investor; a mild climate, and healthy climate; cheap lands of great fertility, unsurpassed varieties of Grain, Fruit, and Vegetables in wonderful abundance; an inexhaustible supply of timber; vast Coal fields and other mineral deposits; cheap and quick transportation by railroads and river navigation; direct communication with all parts of the world, owing to its proximity to the Pacific Ocean.

NO DROUTH, NO INSECT PESTS, NO BLIZZARDS, WHIRLWINDS, OR OTHER DESTRUCTIVE PHENOMENA.

The lands of the Pacific Northwest show an average yield of wheat per acre superior to an equal area of any other section of the United States.

No failure of crops has ever occurred.

Oregon wheat commands a higher price than that of any other country on the Liverpool market.

An immense area of very fertile Railroad and Government Lands within easy reach of the main lines of the North to Pacific, the Oregon Railway & Navigation, and the Oregon & California R.R. Co. and they are now open for settlement in the great Valleys of the Columbia and its tributaries, are now offered for sale at low prices, on long credit, to Industrious Farmers, or open to pre-emption and Homestead.

The great movement of population to the Columbia region now in progress will be materially increased by the completion of the Northern Pacific R.R. and the Oregon Railway & Navigation Co.'s systems. This will secure a great increase in the value of lands in open market, free to entry under the United States Land Laws.
