Ayer's Cherry Pectoral

FOR DISEASES OF THROAT AND LUNGS, SUCH AS COUGHS, COLDS, WHOOPING COUGH, BRONCHITIS, ASTHMA AND CONSUMPTION

The few compositions which have won the confidence of mankind and become household words, among not only one but many nations, have attained a world-wide reputation. Of no one can it be said, as of this, that it was ushered in with a reputation, or has maintained its position by the puffing of interested parties. For more than forty years, its unbroken success has been the result of its intrinsic merits, when other preparations have failed, or been found wanting, this has been relied on with the confidence that it will do its work. Hundreds of thousands have testified to the efficacy of this medicine, and the world has pronounced it the best of all medicines for the diseases for which it is recommended. While it will not cure consumption when the lungs are so far gone that there is a large portion of them decayed, it will arrest the disease, and give a feeling of rest to a great extent, and prolong life, while it is such from their palpably efficacious that it will be used, if the patients be taken in season. Every family should keep it in their closet for the ready and prompt relief of the numerous painful ailments incident to our climate. Its extensive sale, its unbroken reputation, its wonderful cures, and its ability to relieve pain, recommend it to the confidence of the community. For the protection of the public against worthless imitations, we have adopted a distinctive name for our Cherry Pectoral, which we believe to be the most perfect medicine for the purpose for which it is intended, that the skill and science of the world can produce. The genuine is manufactured only by

SAFE CURE

FOR THE

KIDNEYS, LIVER AND URINARY ORGANS

THE BEST BLOOD PURIFIER.

There is only one way to avoid the dangers that are to be feared, and that is by removing the cause—whatever it may be. The great medical authorities of the day are agreed that nearly every disease is caused by disordered kidneys or liver. To restore these therefore is the only way to obtain health that can be relied. Here is where WARNER'S SAFE CURE has achieved its great reputation. It acts directly upon the kidneys and liver and by purging them of a healthy condition drives disease and pain from the system. For all Bilious, Liver and Urinary troubles, for the distressing diseases of women, for Malaria, and physical troubles generally, this great remedy has no equal. Beware of impostors, imitations and compounds said to be just as good.

THE HARVEST OF THE AGES.

Across the hoary mountains
Comes the crimson dawn at last,
The dawn our mothers hoped for
Through the midnights of the past.

The dawn through centuries breaking,
Long centuries of gloom,
With God's own light upon it
Fresh from His sapphire throne.

His hand hath broke the shackles
That wrung the dark one earth,
And flung their curse across it
From the cycles of its birth.

His hand hath burst the dungeons
Through the darkness barred
His word hath loosed from bondage
The prisoners of the Lord!

The Northern wilds have seen it
From the mountains to the main,
And the Southern plains have echoed
With gusts of broken rain

And now the mighty edict
Breaks on the listening earth,
"Let the daughters of my people
In their majesty go forth."

Let them heal the wounds that rankle
On the seared oil breast of Time,
And build the wasted places
In this heritage of mine.

Let them rear my flaming standard
Through the citadels of wrong,
Let them echo back the praise
That the Bethlehem angels sang

Let them bring to my oppressed ones
The mandate of release,
And be to my fair vineyards
The harbingers of peace."

We hear Thy wondrous footfalls
In the cloudy skies, O God!
We see the Red Seas open
Where Thy exiled ones have trod

And we wait the solemn fiat,
As it echoes through the land—
"Go forward, and the waters
Shall be walls on either hand."

With rev'rent lips we listen,
As we hear the mandate roll
From the craters of volcanoes
To the icebergs of the pole.

And Thine own right hand shall lead us,
Oh mighty God, and true,
To the harvests of the ages,
For the work Thou hast to do.

FACTS AND FANCIES.

Queen Victoria, on the next anniversary of her birthday, will confer a field marshal's batton on her German son-in-law, the Prince Imperial.

The value of diamonds at the Vanderbilt wedding is estimated at $2,000,000, and the cost of the dresses $1,000,000. This isn't much. Wait till you see our fancy dress ball.

The Liberal Imperial Government is a Government of peace, but last year there was an increase of expenditure on the navy of £302,440, and on the army of £1,187,839; and we have not seen the end of this onward march yet.

Everything seems to move in a circle. While, for instance, the lawyers are looking up the authorities, the authorities are looking up the criminal, and the criminal in his turn has to look up the lawyers.

"When a woman gets frightened at night she pulls the bedclothes over her head, says she is terrified out of her wits and goes to sleep," says one who knows, "but with a man it is different. He says he is not afraid, pushes the clothes down, and lies trembingly awake for two or three hours straining his ears at every second."

Several years ago Mr. Williams, the Globe's space correspondent, directed public attention to the mineral wealth of the Keewatin and Lake of the Woods districts, and to the presence of gold in paying quantities. The effect of his letters was to induce capitalists and others to prospect on a systematic plan, and to-day we are on the eve of a great gold mining boom, which may rival the Matabiba land fever.

No fewer than thirty-seven British peerages, or not very far short of one-tenth of the entire number, became extinct or dormant in the fifteen years 1869-83. The number of deaths of peers during the same period was 309; of peeresses, 204. These figures are exclusive of two Archbishops and eleven Bishops. Altogether the baronetcies which became extinct or dormant during the fifteen years amount to sixty.

The New York Herald a year ago stated that it cost $20,000,000 annually to support the brokers of Wall Street. In city of New York there are at least 10,000 gamblers, who spend on an average $2,000 a year. Add the rents of the gambling hells to the winnings of the gamblers, say $20,000,000 more, or $40,000,000 in all. This money comes from the poor and middle classes. There are at least 100,000 men and boys in the city who gamble, each contributing on an average $400 annually to the support of the vilest and most hardened class of wretches on the face of the earth.

Eternal vigilance is the price of preventing an elopement when the young people are in dead earnest. An elderly uncle was lately observed in altercation with a young man and younger woman on the railroad station at Bodmin, England. He succeeded in detaining them until the train had gone, and then persuaded his niece to return with him to her home in Lostwithiel. The next train for that place was not due for three hours, and uncle and niece went out for a walk. On their return to the station the old gentleman was so fatigued with the arduous labours of the day that he dropped soundly asleep and when he awoke the lovers were beyond hope of recall.

PRISON GOVERNMENT.

The New Bill Respecting the Penitentiaries—How the Convicts are to be Treated—Salaries.

Sir Alexander Campbell, Minister of Justice, has undertaken to reform the law relating to the Penitentiaries. All the Penitentiaries are to be under the control of the Minister of Justice and the Inspector. There is also to be an Accountant, to be charged with the inspection and audit of all the accounts and financial affairs of the Penitentiaries.

THE WARDEN'S DUTIES.

The Warden is to be the chief executive officer of the Penitentiary, subject to the established rules and regulations. He and all the other officers must give bonds for the faithful performance of their duties, and subscribe to the oath of allegiance. No officer may be a contractor for or be directly or indirectly concerned in the furnishing of supplies for the use of the penitentiary, and no officer except the Surgeon or Chaplain may exercise any other calling.

Specific regulations are provided for the conveyance, receipt and removal of convicts. Provision is made for the removal of incorrigible juvenile offenders from a Reformatory to a Penitentiary, and for the transference of convicts, under sixteen years of age and susceptible of reformation, from a Penitentiary to a Reformatory. General rules are laid down for

THE TREATMENT OF CONVICTS

one of which is that every convict must be kept in solitary confinement when not employed. Every convict, except when incapacitated for work, must be employed at hard labor every day, not exceeding ten hours, except on Sundays and holidays. Convicts of exemplary conduct may be allowed to work over hours and be paid for such over-work.

In providing for the construction of penal cells the bill recites the following considerations. "Whereas no system of discipline is a Penitentiary can be effectual for punishment or for reformation of the criminal unless it be combined with strict separate confinement during a portion of the time for which the convict has sentenced him to be imprisoned, it is therefore expedient that provision should be made in all the Penitentiaries for the separate confinement of every convict for a certain period of the time mentioned in the sentence of the Court."

OFFENCES AND PUNISHMENTS.

A prisoner escaping during conveyance to a Penitentiary shall have not less than two years added to his original sentence; breaking prison, or attempting to escape from any officer, not more than three years and forfeiture of the whole period of remission previously earned; attempting to break out of prison or cell, addition of not more than one year and forfeiture of remission; assaulting any officer, forfeiture of remission period earned. Any person who rescues or attempts to rescue, or aids the escape of a convict, will be liable to imprisonment not exceeding five years with or without hard labor or solitary confinement.

Every person having the custody of a convict who carelessly allows any one to escape shall be liable to a fine or imprisonment and every person who wilfully allows a convict to escape shall be liable to be imprisoned for any term not exceeding five years.

MAKING OF INVESTIGATIONS.

Any person conveying to or from a convict money, clothing, provisions, tobacco, spirits, letters, papers or other articles, not allowed by the rules, shall be liable to fine or imprisonment. Corporal punishment or remand to the penal prison shall only be inflicted after thorough investigation being made upon oath into the facts of the case by the Warden, and after the surgeon has given a certificate that the prisoner is in a physical condition to bear such punishment; and no more than sixty lashes shall be inflicted.

No spirituous or fermented liquors are to be allowed in a penitentiary, except for the Warden or Deputy Warden, and any person giving any liquor, tobacco, snuff or cigars to any convict except as under the rules of the institution will be liable to a fine of $40. No convict can be discharged when afflicted with any contagious or infectious disease, nor (except at his own request) during the Winter months, from November to March. Upon his discharge every convict is to be furnished a suit of cloth's and money to pay his travelling expense to the place where he received his sentence, and such other sum (not to exceed $20) as the Warden may deem proper. The body of any convict who dies in the penitentiary is to be given to his relatives if claimed, otherwise it may be delivered to an inspector of anatomy or to a medical college. The Governor-in-Council may at any time direct the Warden of Kingston Penitentiary to set apart a portion of that institution as an insane ward for the treatment of insane convicts, and upon the report of the surgeon any insane convict may be transferred from any other penitentiary to that insane ward. In case of the sanity of a convict being questioned the Minister of Justice is to order an enquiry and report to be made by medical men.

A schedule of salaries is appended to the bill, which is in part as follows:—Warden, from $1,000 to $4,000; Deputy Warden, $800 to $1,400; Chief Keeper, $650 to $900; Chaplain, $400 to $1,200; Surgeon, $400 to $1,800; Accountant, $300 to $1,000; Chief Trade Instructor, $700 to $1,100; Keeper, $400 to $600; Guards, $380 to $600; Matron, $280 to $380, etc.

The Greatest Curative Success of the Age

No medicine introduced to the public has ever met with the success accorded to Hop Bitters. It stands to-day the best known curative article in the world. Its marvellous renown is not due to the advertising it has received. It is famous for reason of its inherent virtues. It does all that is claimed for it. It is the most powerful, speedy and effective agent known for the building up of debilitated systems and general family medicine.

Winston, Forsythe Co., N.C., March 18, '80.

Gents—I desire to express to you my thanks for your wonderful Hop Bitters. I was troubled with Dyspepsia for five years previous to commencing the use of your Hop Bitters some six months ago. My cure has been wonderful. I am pastor of the First Methodist Church of this place, and my whole congregation can testify to the great value of your Bitters.

Very Respectfully, Rev. H. Pfohenz.

Rochester, N.Y., March 11, 1880.

Hop Bitters Co.—Please accept our grateful acknowledgment for the Hop Bitters you were so kind to send us, and which were such a boon to us. We are so built up with it we feel young again.

OLD LADIES OF THE HOME OF THE FRIENDLESS.

Delevan, Wis., Sept. 16, 1880.

Gents—I have taken not quite two bottles of the Hop Bitters. I was a feeble old man of 75 when I got it. To-day I am as active and feel as well as I did at 30. I see a great many that need such a medicine. D. Boyce.

Monroe, Mich., Sept. 20, 1876.

Sirs—I have been taking Hop Bitters for 14 months past for a lame back and kidneys. It has done me more good than four doctors have failed to do. I recommend it. The effect of the others seemed like magic. W. L. Carpenter.

If you have a sick friend, whose life is a burden, one bottle of Hop Bitters will restore that friend to perfect health and happiness.

Bradford, Pa., May 8, 1881.

It has cured me of several diseases, such as nervousness, of kidneys at the stomach, monthly troubles, &c. I have not seen a sick day since I took Hop Bitters. Mrs. Fannie Gardner.

Evansville, Wis., June 16, 1879.

Gentlemen—No medicine has had ore half the sale here and given such universal satisfaction as your Hop Bitters have. We take pleasure in speaking for their welfare, as everyone who tries them is well satisfied with their results. Several such remarkable cures have been made with them here that there are a number of earnest workers in the Hop Bitters cause. One person gained seven pounds from taking only a few bottles. Smith & Dye.

Bay City, Mich., Feb. 4, 1880.

Hop Bitters Company: I think it my duty to send you a testimonial for the benefit of any one not knowing if I know of any good in using Hop Bitters. I know they are good for general debility and indigestion, strengthen the nervous system and make new life. I recommend my patients to use them.

Dr. A. Platt, Treasurer of Chronic Diseases.

Superior, Wis., Jan. 1880.

I heard in my neighborhood that Hop Bitters was doing such a great deal of good among the sick and afflicted with most every kind of disease, and as I had been troubled for fifteen years with rheumatic and all kinds of rheumatic complaints and kidney trouble, I took one bottle according to directions. It at once did me a great deal of good, and I used four bottles more. I am old man, but am now as well as I can wish. There are scores or more families in our place using Hop Bitters for their family medicine, and are so well satisfied they will use no other. One lady here has been bedridden for years, is well and doing her work from the use of three bottles. Leonard Whitney.

What it Did for an Old Lady.

Cohoctah Station, N.Y., Dec. 20, 1878.

Gents—A number of people had been using your Bitters here, and with marked effect. A lady of over seventy years had been sick for the past ten years, she had not been able to be around. Six months ago she was helpless. Her old remedies or physicians being of no avail I sent forty-five miles, and got a bottle of Hop Bitters. It had such an effect on her that she was able to dress herself and walk about the house. After taking two bottles more she was able to take care of her own room and walk out to her neighbor's, and has improved all the time since. My wife and children also have derived great benefit from their use.

W. B. Hathway, Agt. U.S. Ex. Co.

Honest Old Tim.

Gorham, N.H., July 14, 1879.

Gents—Whoever you are, I don't know, but I thank the Lord and feel grateful to you to know that in this world of adulterated medicines there is one compound that proves and does all it advertises to do, and more. Four years ago I had a slight shock of palsy, which unnerved me to such an extent that the least excitement would make me shake like the agent of a Patent Medicine. In May I was induced to try Hop Bitters. I used one bottle but did not see any change, another did so change my nerves that they are now as steady as they ever were. It good to take both hands to write, but now my good right hand writes this. We wish you success to an art that gives an honest and good an artist as you do you will accumulate an honest fortune, and confer the greatest blessing on your fellow-men that was ever conferred on mankind.

Tim Bunce.

Anna Maria Krider, Wife of Tobias K.

Chambersburg, July 20, 1881.

This is to let the people know that I, Anna Maria Krider, wife of Tobias Krider, am now past twenty-four years of age. My health has been very bad for many years past. I was troubled with weakness, bad cough, dyspepsia, great debility and constipation of the bowels. I was so miserable I could eat nothing. I heard of Hop Bitters and was resolved to try them. I have only used three bottles, and I feel wonderful good, well and strong again. My bowels are regular, my appetite good and cough gone. I think it my duty to let the people know how bad I was and what the medicine has done for me, so they can cure themselves with it.

My wife was troubled for years with blotches upon her face, which nearly covered the life out of her. She spent many dollars on the thousand infallible clearers with nothing but injurious effects. A lady friend of Syracuse, N.Y., who had had similar experience and had been cured with Hop Bitters, induced her to try it. One bottle has made her face as smooth, fair and soft as a child's and given her such health that it seems almost a miracle.

A MEMBER OF CANADIAN PARLIAMENT

A Rich Lady's Experience.

I travelled all over Europe and other foreign countries at a cost of thousands of dollars in search of health and found it not. I returned discouraged and ill, hear dead and was restored to real robust health and spirits with less than two bottles of Hop Bitters. I hope others may profit by my experience and stay at home.

A Lady, Augusta, Me.

I had been sick and miserable so long, cost me my husband so much trouble and expense no one knowing what ailed me. I was so painfully disheartened and discouraged that I got a bottle of Hop Bitters and used them unknown to my family. I soon began to improve and claimed to have that my husband and family thought it strange and unnatural, but when I told them what had helped me, they said, "Wait for Hop Bitters! Long may they prosper, for they have made mother well and happy."

Tim Murphy.

My mother says Hop Bitters is the only thing that will keep her from her old and severe attacks of paralysis and headache.—Ed. Gazette, Buffalo.

I have sold Hop Bitters for four years and have to say that they surpass all others. They are a household necessity, curing complaints and many diseases important to this malarial climate.

H. P. Alexander.

Never Give Up.

If you are suffering with low and depressed spirits, loss of appetite, general debility, disordered blood, weak constitution, headache, or any disease of a bilious nature, by all means procure a bottle of Electric Bitters. You will be surprised to see the rapid improvement that will follow; you will be inspired with new life; strength and activity will return; pain and misery will cease, and henceforth you will rejoice in the praise of Electric Bitters. Sold at 50c. a bottle by J. George King.

Shiloh's Consumptive Cure.

This is beyond question the most successful cough medicine we have ever sold, a few doses invariably cure the worst cases of cough, croup, bronchitis, while it's wonderful success in the cure of consumption is without a parallel in the history of medicine. Since its first discovery it has been sold on a guarantee, a test which no other medicine can stand. If you have a cough, we earnestly ask you to try it. Price 10 cts., 50 cts. and $1. If your lungs are sore, chest or back lame, use Shiloh's Porous Plaster. J. G. King, wholesale and retail agent.

Plain Truths!

The blood is the foundation of life. It circulates through every part of the body and unless it is pure and rich, good health is impossible, if disease has entered the system the only sure and quick way to drive it out is to purify and enrich the blood.

These simple facts are well known and the highest medical authorities agree that nothing but iron will restore the blood to its natural condition; and also that all the Iron preparations hitherto made blacken the teeth, cause headache, and are otherwise injurious.

SULPHUR AND IRON BITTERS will thoroughly and quickly assimulate with the blood, purifying and strengthening it and thus cure of every disease any part of the system, and it will not blacken the teeth nor cause headache or constipation and is positively not injurious.

St. Johnsbury, Vermont, Oct. 21st, 1882.

For six years I have been a great sufferer from Dyspepsia, Liver and Kidney Complaint, and between doctors bills and medicine I could have earned, on my account, to be full as much money. I became a cripple, and could hardly walk across the room. Your Sulphur and Iron Bitters have cured me. I am now doing my own housework, and I do not feel as well and strong for years as I do now. I can go anywhere. I cannot say too much in favor of your Bitters. Mrs. Ellen M. Jones.

Sulphur and Iron Bitters are a efficacious diuretic, cures dyspepsia, constipation, kidney complaints, loss of appetite, nervous debility, sleeplessness, lost vitality, female weakness, general debility, disorders of the liver and all kidney complaints of every description, indigestion, etc.

Sold by all Druggists at Depot 171 Queen St. West, Toronto. Price 50c.

SEASONABLE POETRY

Galloway's Hats have all arrived and opened out to view.

Presents a spectacle unsurpassed for style and cheapness too.

They're bombarded by the thousand, as anyone may see

Who chooses to avail himself of this opportunity.

His Hats are all the fashion, the latest come to town,

From the high stiff hat in English to the Alexandra with low crown.

He has them boxed and raw edge, with cord and ribbon too,

In fur and wool, in light and dark, in almost every hue.

His Glove Department also when opened out to view,

Contains a good range of Gloves from Kid to Kangaroo.

To those who may be strangers he'd say just one word more,

His Store is down on Princess Street, and his name is Jim Galloway.
