Hancock's Inspirator

IS THE MOST ECONOMICAL APPLIANCE KNOWN for feeding boilers or pumping purposes, on account of the great range of steam, and the small expenditure of steam required for working it. It is intended to take the place of Pumps and Injectors and may be used in their stead to great advantage. It differs materially both in its

Construction & Working Qualities

from the class of boiler feeders known as injectors—inasmuch as it has no set of valves for lifting and at other set of valves for forcing water—a combination entirely new, reliable and efficient. They are simple to operate, always ready for use and should be a very reliable feed for boilers.

HIS LOVE

The love of God is deep—
As deep as the ever-roll'd tide, which fathomless sweep
Dip in the chalice of thine heart, and steep
Thy thirsty soul in that unmeasured stream;
Filled to the brim, thine overflowing heart
Shall love and life to all around impart.

The love of God is strong—
So strong, that death, the strong, has vanquished now.
And love, the victor, stands with crowned brow
So strong, that human frailty, human fear
Cannot undo the soul by God held dear

The love of God is wise—
So wise, it gives not unto us the choice
Of life or death, or even of joy or bane
He hides the future from our straining eyes
And leaves our souls content to realize
"He doeth all things well."

FACTS AND FANCIES.

There is no accounting for tastes particularly in calves. A calf in Southern Illinois eats grindstones in preference to clover.

It is said "800 years ago the Indians indulged in Turkish baths." It must have been all of 800 years ago. To judge from those we see here it might have been 1,000 years ago.

In the best school in the State of New York the pupils have been trying to thrash the master. There seems to be a general misunderstanding as to who is boss in the schools of America.

If Mrs. Carter, of Bellair, O., had not applied for a divorce no one would have suspected that her husband compelled her to swallow spools and buttons to punish her for smiling at a railroad man.

During 1882 the loss by fire in the United States was $81,505,024, and in Canada $5,606,940. In the eight years past, beginning with 1875, the losses in the United States were $527,447,609, and in Canada $78,779,593.

The petitions presented to Parliament in favor of the Manchester ship canal measure ten and a half a half miles long, weigh seven hundred weight and contain 200,000 signatures. All that the old and great city of Moscow voted for the forthcoming pageant of the Czar's coronation is $100,000, only about half the cost of the Vanderbilt ball the other night in New York. Mr. Vanderbilt's head cook receives $7,000 a year. Under him are half a dozen other cooks at from $4,000 to $2,000 a year.

Scott, the perfector of the newspaper press which takes paper from the roll and turns out folded and pasted papers, after four years in business as a press builder, retires with a fortune of from $200,000 to $300,000. He reduced the price of perfecting presses at least 33½ per cent. and did three-fourths of the business of late. He has now sold out his patents to R. Hoe & Co.

It is comforting to read that while at the full dress rehearsal in New York on Friday evening of the Passion Play, the theatre building was jammed, hundreds were turned away and the play was much applauded, the greater part of the audience were Hebrews. Such a spectacle of the mockery of our Saviour should no longer cause Christian officials to hesitate about suppression.

The Canadian lad has a lesson to learn in stability and steadiness of aim, the great and indispensable essentials to success. A spirit of restlessness, rambling and desire for change is manifested among young men. Eagerness to make fortunes rapidly, incordinate ambition, desire for a name and place in society, a contempt for honest and remunerative labor characterize the present age too largely. This is the verdict of a Western contemporary.

In the district of St. Laurent, Man., a very virulent type of glanders has caused great loss among the horses. A score of the diseased animals were shot, and double that number quarantined. The disease was imported to that district, and aggravated by badly ventilated stables. The first case occurred among horses purchased in Portage la Prairie from T. W. Lipsett, V.S., and President of the Veterinary Surgeons' Association of the Province. It is a queer commentary upon either his uprightness or his ability.

SAGES IN SESSION.

WHAT THE CITY FATHERS ACCOMPLISHED LAST NIGHT—A VERY PLEASANT TIME FOR THEM.

Discussing a Scheme for Exemptions—Appointing Pound-keepers—The Finance Reports—Writ served by Mrs. Cromley.

Last evening the regular meeting of the City Council was held in their cold Chamber. The following surrounded the Board: Mayor Livingston; Alds. Allen, J. Carson, R. J. Carson, Clements, Crothers, Creeggan, Downing, Dunn, Irving, Law, McGuire, McIntyre, Quigley, Redden, Shaw, Smythe, Whiting, J. Wilson and W. Wilson.

The proofs of the Consolidated By-Laws were distributed though not read, owing to the absence of the City Solicitor.

The Mayor hoped that in future all by-laws would be placed in the hand of the Aldermen previous to the meetings of the Council, so that the members could know what they were to consider.—Agreed to.

EXEMPTION BY-LAW.

Ald. R. J. Carson presented a by-law of proposed conditions for exemptions from taxation, and also a by-law of conditions by which bonuses could be given to manufactories.

The Council went into Committee of the Whole, with Ald. Creeggan in the chair.

Ald. Carson gave reasons why the Council should pass the by-law. He entered into a long dissertation as to the manufactures now exempted, and showed the amount to which they were exempted.

Ald. Smythe looked on the bonus system and the exempting of manufacturers as unjust, but in some cases it was expedient. He opposed the by-law as it systematized the granting of exemptions and made it possible for all manufacturers to secure exemption if they desired. The granting of exemptions should be exceptional.

Ald. Clements looked upon the by-law as a farce.

Ald. Carson—Do you, eh!

Ald. Allen endorsed the by-law because there was a clause in it to the effect that after one exemption had been granted applicants could not secure a renewal. He would give exemptions to all new manufactories but only until they became established.

Ald. McIntyre said to pave such a clause as Ald. Allen approved of was illegal. Statutory enactments prevented such being done.

Ald. McGuire urged that there was no argument in Mr. McIntyre's statement. They could curtail the power granted by the statutes if they liked. A little uproar occurred at this time. The clause in the statutes was pointed out, read and discussed. It was held that the Council could pass such a clause if they saw fit.

TALKING FOR FUN.

Ald. Downing said Ald. McIntyre knew that such a clause could be passed, that he was only talking to sustain his argument.

Ald. McIntyre made a red hot address in opposition to the clause.

Ald. McGuire thought Ald. McIntyre was not serious in his argument.

Ald. McIntyre—Yes, I am!

Ald. McGuire said it was a very good joke at their expense. The point advanced by Ald. McIntyre was unsupportable. He supported the principles contained in the by-law. By it every new manufacture would have fair play, pressure would then have no effect in securing exemptions.

A resolution was presented asking that the passage of the by-law be deferred and that copies be printed and distributed to the members of the Council.—Carried.

FINANCE REPORT, NO. 1.

Ald. R. Carson presented the report of the Finance Committee, prepared March 16th. They recommended the payment of the following accounts: Pay Lists, $61.30; James Elliott, $6.87; W. Lemon, $95; J. C. Innes, $1.50; T. Manley, $3.33; W. Pipe, $4; G. N. W. Telegraph Co., $1.68; Detective Sullivan, $23. Polling booths, places for the Local election, were ordered to be paid at the rate of $3 each. The statute labor tax against James McGowan was recommended to be remitted, but they had no jurisdiction as to the fine imposed. James Connolly, recommended, to be allowed $10 for the keep of a destitute child; that W. M. Drennan's communications as to assessment on his cabinet warehouse be not concurred with; that H. Hitchens' taxes on the Bennett property be refunded.

FINANCE REPORT, NO. 2.

Ald. Carson presented the Finance Committee's report prepared March 30th. They recommended the payment of the following accounts: Pay List, $30; M. Virtue, $6.15; John Bigham, $5; A. S. Oliver, $4; Reuben Graves, $27.30; R. H. Tope, $4; Ralph, Smith & Co., $12; James Agnew, $6; T. Manning, $108; Water Works Co., $70.33; that the legal claim of T. L. Snook be disallowed; that the Committee will provide $200 for street cleaning if the Council advise such an expenditure.

There was a discussion regarding the water supplied to the City Registry Buildings. Several members held that the water should be provided free as the registry was a city building. This item, as also that regarding John Bigham's account, as well as that regarding the payment for polling booths, was struck out and referred to the City Solicitor for investigation. The reports were adopted.

The Council appropriated $200 for street cleaning which had been provided by the Finance Committee.

PARK REPORT.

Ald. Smythe presented the Park Committee's report recommending that the grass in the City Park be kept closely cut, and that they be authorized to receive tenders for the same.

Ald. Allen thought the caretaker should do the work.—Report adopted.

Ald. McIntyre presented the report of the Select Committee on re Harriet Ashley's communication, which stated that all the obligations entered into on the part of the city with the Eastern Dairymen's Association had been carried out.—Report adopted.

COMMUNICATIONS.

From Thomas Parkin, asking that the snow and ice be removed from the crossings on Brock Street. It was impossible for him to keep his sidewalk clean. The drain was stopped up.—Referred to Streets Committee.

From the Directors of the Orphans' Home, asking for a fire alarm to be placed in the building.—Referred to Committee on Fire, Water and Gas.

From the Inspector of Asylums, giving instructions as to the way of committing lunatics.—Filed.

A WRIT SERVED.

A writ was read which had been served on the Mayor by Ald. Smythe at the instance of Mrs. Cromley for damages by the overflow of water and nuisance on her premises.—Referred to the City Solicitor.

PETITIONS.

Ald. McIntyre—From Wm. Newman, regarding a drain.—Referred to Streets Committee.

Ald. Creeggan—From James Daly, asking for the use of the land adjacent to the shambles for exhibiting agricultural implements.—Referred to Market Committee.

Ald. Whiting—From R. Barney and others, asking for a refund of fines imposed on them under the Junk By-law.—Referred to the Finance Committee.

Ald. Allen—From John Doolan and many others, asking for free trade in fresh meats.—Referred to Ald. Allen.

Ald. Allen gave notice that he would introduce a by-law amending the present by-law regarding the sale of fresh meats.

Ald. Dunn—Petition of Miss Swain, asking for damages owing to the overflow of water in her cellar.—Referred to Committee on Streets.

Ald. Creeggan—From Miss Menary asking for a remission of taxes.—Referred to the Court of Revision.

NEW POUND KEEPERS.

Samuel Self applied again for the position of pound keeper at the same rate as last year.

John Patterson asked for the position offering to do the work for $12 a month and the fees.

Both pound keepers were appointed their duties to commence on April 15th. They were placed under the jurisdiction of the Chairman of Streets and Parks.

Ald. Creeggan objected to the re-appointment of Samuel Self. It was rewarding him for neglect during last year.

The Chairman were given authority to discharge the men if they did not perform their duties satisfactorily.

The Council adjourned at 10:30 o'clock.

THE PUREST AND BEST

Remedy Ever Made—It is Compounded From Hops, Malt, Buchu, Mandrake and Dandelion.

The oldest, best, most renowned and valuable medicine in the world, and in addition it contains all the best and most effective curative properties of all other remedies, being the greatest liver regulator, blood purifier and life and health restoring agent on earth.

It gives new life and vigour to the aged and infirm. To clergymen, lawyers, literary men, ladies and all whose sedentary employments cause irregularities of the blood, stomach, bowels or kidneys, or who require an appetizer, tonic and mild stimulant, it is invaluable, being a highly curative tonic, and stimulating without being intoxicating.

No matter what your feelings or symptoms are, or what the disease or ailment is, use Hop Bitters. Don't wait until you are sick, but if you only feel bad or miserable use the bitters at once. It may save your life. Hundreds have been saved by so doing, at a moderate cost. Ask your druggist or physician. Do not suffer, but use and urge them to use Hop Bitters.

If you have lameness in the loins, with frequent pains and aches; numbness of the thigh; a voracious appetite and unquenchable thirst; harsh and dry skin; clammy tongue, often darkly furred; swollen and inflamed gums; dropsical swelling of the limbs; frequent attacks of hiccough,—you are suffering from some form of kidney or urinary complaint, such as Bright's disease of the kidneys, stone or inflammation of the bladder, gravel and renal calculi, diabetes, and Hop Bitters is the only remedy that will permanently cure you.

Remember, Hop Bitters is no vile, drugged, drunken nostrum, but the purest and best medicine ever made, and no person or family should be without it.

Don't risk any of the highly landed stuff with testimonials of great cures, but ask your neighbour, druggist, pastor or physicians what Hop Bitters has and can do for you and test it.

Shiloh's Consumptive Cure.

This is beyond question the most successful cough medicine we have ever sold, a few doses invariably cure the worst cases of cough, croup, bronchitis, while it's wonderful success in the cure of consumption is without a parallel in the history of medicine. Since its first discovery it has been sold on a guarantee, a test which no other medicine can stand. If you have a cough we earnestly ask you to try it. Price 10 cts., 50 cts. and $1. If your lungs are sore, chest or back lame, use Shiloh's Porous Plaster. J. G. King, wholesale and retail agent.

A Single Trial

Is all that is needed to prove Polson's Nervoline to the most rapid and certain remedy for pain in the world. It only costs 10 cents for a trial bottle. A single trial but will prove Nervoline to be equally efficacious as an external or internal remedy, and for pain of every description it has no equal. Try a 10 cent sample bottle. Sold by all country dealers and at Polson's Drug Store. Large bottles 25 cents.

Answer this Question.

Why do so many people we see around us seem to prefer to suffer and be made miserable by Indigestion, Constipation, Dizziness, Loss of Appetite, Coming up of Food, Yellow Skin, when for 75 cts., we will sell them Shiloh's Vitalizer, guaranteed to cure them. J. G. King, Wholesale and Retail Agent.

Now that there is a reliable remedy for kidney trouble half the terrors attached to these complaints have been removed. For this let all be thankful, and to Dr. Van Buren's Kidney Cure a word all praise for having thus removed a hitherto unnatural disease from our path. It was never known to fail. Sold by all druggists.

G. W. Mussey, Parkdale, Toronto, writes: "My wife had several very severe attacks of cramps in the stomach. Hearing of Dr. Ayer's Pineapple and its pleasantness to take, I gave her two bottles, and she has not had an attack since, and her health is much improved." For sale by all druggists.

Sanford's Catarrh Remedy.—A marvellous cure for catarrh, diphtheria, canker mouth and headache. With each bottle there is an ingenious nasal injector for the more successful treatment of these complaints without extra charge. Price 50 cts. J. Geo. King, wholesale and retail agent.
