THE PACIFIC NORTHWEST!

Oregon, Washington & Idaho

Offers the best field for Emigrants, for a home, reputation, and healthy climate, cheap lands, great security, productive soil, variety of crops. Fruit and Grasses in wonderful abundance, an inexhaustible supply of timber, vast Coal fields, and other mineral deposits, cheap and quick transportation by railroads and river navigation, direct commerce with all parts of the world, owing to its proximity to the Pacific Ocean.

NO INDUSTRIES NO INSECT PESTS NO BLIZZARDS, WHIRLWINDS, OR OTHER DESTRUCTIVE PHENOMENA.

The market of the Pacific Northwest shows an average yield of wheat per acre larger than any other part of that of any other section of the United States.

No failure of crops has ever occurred.

Oregon wheat realizes a higher price than that of any other country in the Liverpool market.

An immense area of very fertile land and unexpressed Lands within easy reach of the trunk lines of the North Pacific R.R., the Oregon Railway & Navigation, and the Oregon & California R.R. Co's and their numerous branches in the great Valleys of the Columbia and its tributaries, are now offered for sale at Low Prices, and on long Terms, or open to pre-emption and Homestead Entry.

The great development of population in the Columbia region now in progress will be vitally influenced by the completion of the Northern Pacific R.R. and the Oregon Ry. & Navigation Co's systems. This renders certain a rise in values in the value of lands now open to purchase or to entry under the United States land laws.

THE IMPLEMENT BUSINESS.

What the Effect of the Rise in Agricultural Implement Duty Amounts To.

The increase in duty on agricultural implements was designed to secure the Nor' West market to Canadians and the claim is made locally that the price of these articles will not be increased, as Canadian manufactures are now so plentiful and cheap. However, we will allow the Nor' West section to speak for itself, through an interview in a Winnipeg paper:

"What will be the effect of the increase of duty on agricultural implements? asked a Sun reporter of Western Canada.

It will come out of the pockets of the consumers. It won't affect manufacturers, nor will it decrease the importations, but the prices will be increased and the people will have to pay it. The farmers will continue to buy American manufactures and will pay higher for them, as the American is an superior article than the Canadian. It is better material, especially in woodwork and is better finished. The Americans have had years of experience in manufacturing implements for prairie use, while the Canadians are only just beginning the experiment."

Can't Canadians manufacture as cheap as Americans?"

Yes. Cheaper, but they want larger profits. Every fall the Americans meet in convention, fix a uniform price for their goods at a fair profit, then see how good an article they can turn out for the price. The Canadian manufacturer fixes his own price, and his great object is to see how cheap he can make the article, and consequently how much profit he can get out of it. Besides all this the Canadians can't supply this market. Nearly every Canadian manufacturer here handled American goods last season and will have to do so this. We could not get our orders filled in Ontario and consequently were compelled to order 800 mowers and reapers from Chicago. Last year we ordered 600 mowers in Canada, but could only get 300 and this year we could not get our orders filled in Ontario either for mowers, self binders or threshers. We purchased all the plows that Frost & Wood had, and then had to order four times as many in the United states. Out of 10,000 plows that will be sold this season, only 3,000 will come from Ontario. That is all that will be sold there. Of 1,500 binders sold here ... of them were American make. There is not a dealer here but will tell you that he could have sold from 50 to 100 more mowers than he did last year if he had had them. The Ontario manufacturers supply their local market first, then send their surplus here. American goods command higher prices than Canadian, although the commission we get is only about half that given by the Ontario manufacturer. We get $5 more on a plow, $3 on a mower, $5 to $10 on wagons, $10 on binders, and $400 on steam threshers for American than on Canadian goods, and whatever increase is caused by the recent changes in the tariff must be paid by the consumer."

Ottawa, April 7.—Mr. Westbrook, of Messrs. Westbrook & Fairchild, of Winnipeg, arrived today. His firm has purchased $700,000 of goods in the United States for the ensuing year's trade, which will cost an additional duty of $40,000 if the tariff remains as it is now. He is to meet Sir Leonard Tilley and other members of the Government to point out the great hardships that will arise by the changes just made. It is impossible to procure the implements they use in Canada, as makers refused to fill orders owing to inability to turn out the quantity required. Under these circumstances the tariff is a great injustice. Mr. Westbrook is a Conservative, but talks plainly on this subject.

THROUGH RAILWAYS

James Ross, of the C. P. R., says the Ontario and Quebec in the C. P. R. link from Toronto to Ottawa, the western connection being the Credit Valley from Toronto, and the eastern the North Shore road from Ottawa. The work was commenced two years ago, and when the syndicate realized the loss they were sustaining by allowing the Grand Trunk the monopoly, she million dollars was placed last year at the control of Mr. Hugh Ryan, who was appointed superintendent of construction, with instructions to push the work with all possible despatch. Last summer nearly four thousand men where employed and the work originating was prosecuted very rapidly. During the winter months the men worked on the rock cutting and blasting in the country surrounding Harbor Lake, which is very rough. M. Ross states that just as soon as the ground thaws two thousand extra workmen will be employed (two thousand have been working all the winter) and the road will be pushed to completion. He sees that by the end of the season the entire track will be laid, and there will only be a small amount of ballasting to be done. The section between Perth and the junction of the Kingston and Pembroke near Sharbot lake will be in operation in July, so that a considerable local traffic can be done, as the old Canada Central (now the C. P. R.) outlet from Perth will be utilized.

Shiloh's Consumptive Cure.

This is beyond question the most successful cough medicine we have ever sold, a few doses invariably cure the worst cases of cough, croup, bronchitis, while it's wonderful success in the cure of consumption is without a parallel in the history of medicine. Since its first discovery it has been sold on a guarantee, a test which no other medicine can stand. If you have a cough, we earnestly ask you to try it. Price 10 cts., 50 cts. and $1. If your lungs are sore, chest or back lame, use Shiloh's Porous Plaster. J. G. King, wholesale and retail agent.

A Single Trial

Is all that is needed to prove Polson's Nervine is the most rapid and certain remedy for pain in the world. It only costs 10 cents for a trial bottle. A single trial bottle will prove Nerveline to be equally efficacious as an external or internal remedy, and for pain of every description it has no equal. Try a 10 cent sample bottle. Sold by all country dealers and at Polson's Drug Store. Large bottles 25 cents.

HOLLOWAY'S PILLS.—Nervous Irritability.—No part of the human machine requires more constant supervision than the nervous system—for upon it our health—and even life—depends. These Pills strengthen the nerves, and are the safest general purifiers of the blood. Nausea, headache, giddiness, numbness, and mental apathy yield to them. They dispatch in a summary manner those distressing dyspeptic symptoms, stomachic pains, flatus at the pit of the stomach, abdominal distension, and regulate alike capricious appetites and confined bowels—the commonly accompanying signs of defective or of diminished nerve tone. Holloway's Pills are particularly recommended to persons of studious and sedentary habits, who gradually fall into a nervous and irritable state, unless some such restorative be occasionally taken.

WALL PAPER

Selecting Wall Paper — The Title at Hand for the Re-Decorating of the Inner Walls.

SELECTING WALL PAPER.

The time is at hand to select wall paper. The selections should not be left to husbands, who have no taste in such matters, but the wife should take two of her friends and make a tour of the city. There must be nothing rash or hasty about it. The object is to beautify and secure harmony.

There should always be at least three ladies in the party who are selecting, and what pleases one should not please another. This will oblige the dealer to display every sample, and make him feel good. Begin with paper at $2 per roll and run down the scale to paper at seven cents per roll. If you start in the other way the dealer will take you for the wife of a millionaire. The hanging sample should be opened as the respective samples are displayed.

1—"Too dark."
2—"Too light."
3—"No harmony of colors."
4—"Doesn't seem to blend."
5—"Blends too much."
6—"Won't match the carpet."
8—"No sentiment in that."
9—"Too small pattern."

Never buy a roll of wall-paper on your first visit to the store. Paper dealers are subject to heart disease and a sudden shock might prove fatal. After you have examined and criticised and figured and estimated and attempted to beat him down tell him you will call again.

Then go to the next and repeat the programme. After he has shown you seventy-five or eighty samples he may begin to drag, but you must insist upon seeing all and be sure to inquire if he can't reduce the price of fifty cent rolls to fifteen cents and do the hanging for nothing.

A lady of experience and persistency can begin selecting wall paper about the 15th of March and keep it up for six or eight weeks before being compelled to acknowledge that she wants only three cheap rolls for a dark bed room and will try and hang it herself. Paper stores are clean, pleasant places, the clerks civil and patient, and the lady who rashly and hastily falls in love with the 50th pattern shows her will be set down as a person without wealth or taste.

DE MORNY'S EXIT.

The Duke de Morny, whose attendance at the Vanderbilt ball was the most noticeable event in his career since a French actress whom he had ruined committed suicide in his Paris hotel, has suddenly taken ship from New York to France again. The Graphic indulges these speculations on the movement: "Why did the Duke de Morny start for home so suddenly and unexpectedly last Wednesday? It was rumored that he didn't come over here so much to escape the disagreeable notoriety of the latest tragedy scandal in which he was one of the principals in Paris, as to marry a beautiful and wealthy New York girl he had previously met and whose fascinations favored the ill assorted alliance. Color was given to the story from the fact that following the arrival of the Duke was the clandestine marriage of the young lady to the man of her own choice. Nothing daunted by this little fiasco, it is now positively asserted that M. le Duc offered his rank, his ancient name and his diminished fortunes to the youngest of the millionaire widows in New York society, whose husband died at Saratoga three seasons ago. Whether she looked with favorable eyes on the ducal coronet is not known, but a male relative appeared on the scene, told his distasteful story in very plain and no less disagreeable truths, and metaphorically "fired" him. Hence the hasty taking of ship for France, and the breaking of DeMorny's engagements to fish with the Balmonds on Long Island next week, and the ignoring of other sports and diversions for which he had accepted invitations."

THE first real skin cure ever discovered was Dr. Benson's Skin Cure. It cures all rough and scaly skin disease and makes the skin smooth and healthy. It is an ornament to any lady's toilet.

Medical Testimony

Has proved that Puttner's Emulsion of Cod Liver Oil with Hypophosphites, &c., has produced more cures and given permanent relief in more cases of consumption than any other remedy. In diseases of women and children it is having remarkably good results. Puttner's Emulsion is sold by all druggists. Price 50c.

Our Children.

Why compel them to take those vile and nauseating medicines when Puttner's Emulsion is so palpable and nice, and produces better results than any other. Most astonishing reports are daily recorded in favour of its cures where other preparations of the kind have failed, and then been cast aside in disgust.

Answer this Question.

Why do so many people we see around us seem to prefer to suffer and be made miserable by Indigestion, Constipation, Dizziness, Loss of Appetite, Coming up of Food, Yellow Skin, when for 75 cts., we will sell them Shiloh's Vitalizer guaranteed to cure them. J. G. King, Wholesale and Retail Agent.

Bucklen's Arnica Salve.

The greatest medical wonder of the world, warranted to speedily cure Burns, Bruises, Cuts, Ulcers, Salt Rheum, Fever sores, cancers, piles, chilblains, corns, tetter, chapped hands and all skin eruptions, guaranteed to cure in every instance, or money refunded. 25 cents per box. For sale by J. G. King.

The Agony Over.

Pain banished as if by magic. Polson's Nervetine is a positive and almost instantaneous remedy for external, internal, or local pains. The most active remedy hitherto known falls far short of Nerveline for potent power in the relief of nerve pain. Good for external or internal use. Buy a 10 cent sample bottle at Polson's Drug Store. Large bottles 25 cents, at all druggists.

Failure Impossible

When Polson's Nervetine is used for pain. It matters not of how long standing it may be, or how often other remedies have failed to afford relief, Nerveline, the great pain cure, does its work promptly. Buy a 10 cent sample bottle, and try it for internal or external pains. You will be convinced of its extraordinary power in relieving pain. Ten cent sample bottles at Polson's Drug Store. Large bottles 25 cents, at all druggists.

Personal, to Men Only.

The VOLTAIC BELT Co., Marshall, Mich., will send Dr. Dye's CELEBRATED ELECTRO-VOLTAIC BELTS AND ELECTRIC APPLIANCES on trial for thirty days to men (young or old) who are afflicted with nervous debility, lost vitality and manhood, and kindred troubles, guaranteeing speedy and complete restoration of health and manly vigor. Address as above. N.B.—No risk is incurred, as thirty days' trial is allowed.

A Secret.

The secret of beauty lies in pure blood and good health. Burdock Blood Bitters is the grand key that unlocks all the secret. It cures all Scrofulous Diseases, acts on the Blood, Liver, Kidneys, Skin and Bowels, and brings the bloom of health to the pale cheek.

Edison's Electric Light is a wonderful discovery, but not as wonderful as Hall's Catarrh Cure. Sold by all druggists.

Davy & Clark, Druggists, Renfrew, date of June 3rd, write:—"Burdock Blood Bitters, though comparatively a new preparation, has taken the lead in this locality as a blood purifier, our sales of it being equal to that of all other medicines used for the purpose during the last year."

CARD.

To all who are suffering from the unnatural indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. JOSEPH T. INMAN, Station D, New York City.
