Ayer's Sarsaparilla!

FOR PURIFYING THE BLOOD.

This compound of the vegetable extractives Sarsaparilla, Dock, Stillingia, and Mandrake, with the addition of Potash and Iron, makes a most formal cure of a series of complaints which are very prevalent and obstinate. It purifies the blood, forces out the lurking humors in the system, that otherwise health and settle into troublesome disorders. Eruptions of the skin are the argonauts on the surface of humanity that should be expelled from the blood. Internal derangements are the determination of those same humors to some internal organ or organs, whose action they disorder, and whose substance they impair. AYER'S SARSAPARILLA expels these humors from the blood. When they are gone, the disorders they produce disappear, such as Ulceration of the Lungs, Skin, Stomach, Bowels, Kidneys, and Kindred Diseases of the blood, Salt Rheum, Fever Sores, Blotches, Boils, Pimples, Tetter and Salt Rheum, Scald Head, Ringworm, Shingles, Leucorrhœa, Gravel, Dropsy, Dyspepsia, Constipation and General Debility. With their departure health returns.

PREPARED BY

FOR THE

KIDNEYS, LIVER AND URINARY ORGANS

THE BEST BLOOD PURIFIER.

There is only one way in which any disease can be cured, and that is by removing the cause—whatever it may be. The great medical authorities of the day declare that nearly every disease is caused by deranged kidneys or liver. To restore these therefore is the only way by which health can be secured. Here is where WARNER'S SAFE CURE has achieved its great reputation. It acts directly upon the kidneys and liver and by placing them in a healthy condition drives disease and pain from the system. For all Kidney, Liver and Urinary troubles, for the distressing disorders of women, for Malaria, and physical troubles generally this great remedy has no equal. Beware of imposters, imitations and concoctions said to be just as good.

For Diabetes ask for WARNER'S SAFE DIABETES CURE.

For sale by all dealers.

Aug. 2.

SPRING AND THE FLOWERS.

The spring-time is coming
The brooklet is humming,
As it hastens on to the river
But there's snow on the mountains,
And frozen the fountains, shiver,
While the robins and blue birds still

The snowdrops in armies
Peep out to determine
If winter is really leaving
Not timid and tearful
But charming and cheerful,
They never waste time in grieving.

The south wind blows chilly,
But what cares the lily,
In sheltered she sweetly slumbers,
Secure from intrusion,
She sleeps in seclusion, numbers
While the brook murmurs musical

The spring-time is coming,
The brooklet keeps humming
And winter is nearly over.
Sweet spring flower hides—
A beautiful maiden,
Trips onward to meet her lover

COUNCIL PROCEEDINGS.

Receiving the Reports—Preparing to Make Repairs at the Fire Hall. A Lively Session.

Last evening the regular meeting of the City Council was held in the Council Chamber. There were present:

The Mayor. Alds. Allen, J. Carson, R. J. Carson, Clements, Crothers, Creeggan, Downing, Dunn, Gordon, Gildersleeve, Law, McIntyre, Quigley, Redden, Shaw, Smythe, Whiting, and J. Wilson.

The minutes of the previous meeting were read and confirmed.

There was a discussion as to whether the consolidated by-laws or the exemption by law of Ald. McIntyre should be taken up first. Alds. McIntyre and R. J. Carson has a little fight as to the being of the rules.

Ald. Gildersleeve thought too much time was taken up in considering the consolidated by-laws to the neglect of city business. He moved that the consideration of the consolidated by-laws be treated as new business each evening. The motion was not presented.

It was pointed out that there was a resolution on the books of the Council to the effect that the consolidation of the by-laws be the first business. Special meetings had been called but quorums of members were wanting. The by-laws would probably never be passed through if the consolidation of them were deferred.

The Council went into Committee of the Whole on the consolidation of a new batch of the by-laws; Ald. Downing in the chair. At 9.20 o'clock there was a desire to rise and report, although only one division had been reached. Then there was a kick. Some of the Aldermen wanted the Council to continue in Committee of the Whole, others wanted the other business to come on. The motion to rise and report was carried. A recorded vote was taken and the by-law, so far as read, was adopted by 11 to 8.

THE EXEMPTION BY LAW.

The by-law of Ald. R. J. Carson regarding exemptions and bonuses was next brought up as unfinished business, and there was an attempt to burk it. A motion was made that the Council go into Committee of the Whole, but it was lost on the following division:

Yeas—Alds. Allen, John Carson, R. J. Carson, Downing, Dunn, Law, and W. Wilson—7.

Nays—Alds. Clements, Crothers, Creeggan, Gildersleeve, Gordon, McIntyre, Quigley, Redden, Shaw, Smythe, Whiting, and J. Wilson—12.

Ald. McIntyre then wanted to bring up his exemption by law, but the Mayor held that it could not be treated as unfinished business.

The Auditors' Report was presented and adopted.

FINANCE REPORT.

Ald. R. J. Carson presented the report of the Finance Committee recommending the payment of the following accounts: Pay list, $197.55; John Bigham, M.D., $5; James Quigley, $1.50; City Registrar, $14.70; J. J. Toms, $116.68. The Committee recommended that the sums paid by Joseph Salter and others for last year's junk licenses be refunded with the exception of one dollar for each license in accordance with the amended by-law; that the Council having no jurisdiction in the matter your Committee cannot recommend the remission of the Police Court fines to B. Barney and others; that the Committee will provide $2 for streets and $1 for the market.

The clause referring to the remission of fines was held over, and the report then passed.

MARKET REPORT.

Ald. Creeggan presented the report of the Market Committee which recommended that the market grounds on the north side of the shambles be rented to James Daley, on which to show agricultural implements, at $3 per month; that Livingston Bros. be allowed to place a sign on the weigh house on payment of $2 per month, during the pleasure of the Council; that owing to the inconvenience caused by the weigh house being too small for public requirements it be increased in size by at least one half; that the drains and crossings of the markets be placed in order and repaired; that $150 be appropriated for markets out of the general appropriation are fixed—Adopted.

STREETS COMMITTEE REPORT.

Ald. W. Wilson presented the report of the Committee on Streets, recommending that on the petition of Wm. Newlands, for the construction of a drain on Barrie Street, no action be taken as there is already a drain there; that the Council cannot hold itself responsible for damages to the vegetables of Mrs. Eliza Swain, but they have requested the chairman of the ward to examine the construction of the drain; that $200 be appropriated for general purposes until the appropriations are made—Adopted.

FIRE, WATER AND GAS.

Ald. John Carson presented the report of the Committee on Fire, Water and Gas, stating that they had purchased a screw hydrant for $45 and placed it on the corner of Earl and Barrie streets, in lieu of one that could not be repaired; that a telephone should be placed in the Fire Hall; that repairs and improvements in the Fire Hall, amounting to $200, be made at once.

The report was passed and the Finance Committee asked to provide the necessary funds.

The condition of the cells in the city buildings was spoken of and the necessity of a change in them admitted. There was talk of the Fire Hall being utilized as a police station. It was the unanimous opinion of the Council that this building was too far down town. The whole question will come up in the Finance Committee's meeting. The larger part of the $500 will be required to drain the stables.

The exemption question then came up and the Council did not adjourn until midnight.

PATRICK Q. TYNAN

A Description of "Number 1"—Where he Was Born and How he Achieved Eminence.

A Dublin correspondent says that the following information respecting the antecedents of Patrick Q. Tynan, or "Number One," who has escaped to Mexico, is authentic. Tynan was born in or about the year 1838 in the town of Wexford. His father, who was a respectable gunsmith, met some reverses, and young Patrick was still young he left the district and settled in Youngstown, where he set up a shooting gallery and fairly got into comfortable circumstances, though unable to give his children anything more than the rudiments of an education. Patrick was a bright boy, and before he was fairly advanced in his teens was commissioned by the proprietor of one of the Dublin morning papers to act as Kingstown correspondent, and at the same time to look after the circulation of the paper in that district, a wooden box being built for him outside Kingstown railroad station. Some years after Patrick secured a stop in Kingstown where he commenced the sale of newspapers and stationery, and after wards added a circulating library. At this time there lived in Kingstown a Mr Byrne, who kept a school. He had often bought papers from Tynan, and finding him an intelligent lad devoted some time to his instruction. Tynan, besides getting an English education, was also taught French and German, both which languages he spoke fluently. Besides teaching Tynan Byrne took every opportunity of relating the doings and sufferings of the young Irish party and warming the pupil's heart to the cause of Stephens, the teachings in this direction were so far successful as to make Tynan, in 1867, one of Stephen's most active Lieutenants. Byrne left Ireland for America, where he is now proprietor of a newspaper in San Francisco, and Tynan pursued his studies in Kingstown. He had, in the meantime, his eyes opened, and a family was growing up around him. In the year 1879 Tynan gave up his business in Kingstown, and afterwards entered the service of Sir John Causton & Sons, the well known stationers. When he removed to London he visited Paris on a number of times. In all these visits it is now remembered he displayed the most business like manner. His neighbors in Kingstown and friends generally never suspected that he was engaged in any business than that of travelling for Causton & Sons.

New Life For Functions Weakened by Disease, Debility and Dissipation.

The Great German Invigorator is the only specific for impotency, nervous debility, universal lassitude, forgetfulness, pain in the back or sides, no matter how shattered the system may be from excesses of any kind, the Great German Remedy will restore the lost functions and secure health and happiness. $1 per box, six boxes for $5. Sold by all druggists. Sent on receipt of price, postage paid, by F. J. Cheney, Toledo, Ohio, sole agent for United States. Circulars and testimonials sent free. J. G. King, agent, Kingston.

A Secret.

The secret of beauty lies in pure blood and good health. Burdock Blood Bitters is the grand key that unlocks all the secretions. It cures all Scrofulous Diseases, acts on the Blood, Liver, Kidneys, Skin and Bowels, and brings the bloom of health to the pale cheek.

Puttner's Emulsion.

In cases of prostration and emaciation its restorative powers have been manifested in the most remarkable manner both in children and adults, its peculiar tonic and nutritive properties having restored health to the most enfeebled constitution.

Mr. H. McCaw, Custom House, Toronto, writes: "My wife was troubled with Dyspepsia and Rheumatism for a long time, she tried many different medicines, but did not get any relief until she used Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure. She has taken two bottles of it, and now finds herself in better health than she has been for years.

We have a speedy and positive cure, for catarrh, diphtheria, canker mouth and headache, in Sutcliffe's Catarrah Remedy. A nasal injector free with each bottle. Use it if you desire health and sweet breath. Price 50 cents. J. G. King, wholesale and retail agent.

Davy & Clark, Druggists, Bentreo, date of June 3rd, write:—"Burdock Blood Bitters, though comparatively a new preparation, has taken the lead in this locality as a blood purifier, our sales of it being equal to that of all other medicines used for the purpose during the last year."

Nervousness.

Nervousness may be entirely cured in a short time by using one of Norman's Electric Belts, without any fear of injury. Try one and be convinced.

Mrs. Bodman, of Bothwell, says: My daughter was very ill with Bilious Fever until Dr. Carson's Stomach and Constipation Bitters with wonderful results; one bottle entirely subdued the fever and thoroughly restored her to health and vigor.

Samson lost his strength with his hair. Thousands of men and women lose their hair, with them, and very large numbers resort to the ravages of time by using the famous Cingalese Hair Restorer. Sold at 50 cents per bottle by all druggists.

Consumers.—A name well known in connection with the Hair Renewer, which restores grey hair to its natural color by a few weeks use. Sold at 50 cents a bottle by all druggists.

The injurious effects of alcohol on the brain and nervous system relieved and cured by the use of Dr. E. C. West's Nerve and Brain Treatment. Sold by W. J. Wilson.

Edison's Electric Light was a wonderful discovery, but not as wonderful as Hall's Catarrh Cure. Sold by all druggists.

Do not scream, you can't have inches a moment longer. It is not necessary, Carter's little Liver Pills will cure you. Don, one little pill. All druggists sell them.

INSANE IN THE DOCK.

James Alexander Sent for Seven Years to Kingston—Result of the Gananoque Robbery.

On Saturday last James Alexander was tried in Cobourg on a charge of stealing a horse, democrat, and harness from Joseph Bogart, a hotel keeper living at Gananoque. When brought into court Alexander gave cranky performances, walking around the dock, looking around the court room with a vacant stare, and keeping up the while a low monotonous chant of "Yes you did, yes you did, you stole my harness, yes you did." He wore a long overcoat which had been ripped from top to bottom behind and patched. After a while he reached out and tried to knock over a stove pipe which is near the dock. Then he commenced to tear the skirts of his overcoat in front. After several ineffectual efforts to restrain him the handcuffs were brought, and he was seized and his hands handcuffed behind him. He struggled, and his monotonous chant rose into a loud querulous protesting repetition of the same words. Then he yelled several times, and when the handcuffs were on he blubbered, sobbed, and cried loudly. The handcuffs were taken off in a few minutes and the prisoner rubbed his wrists indignantly and vociferously as though to wipe away the contamination of the shame of wearing them. He then, in a few minutes, disappeared from the sight behind the woodwork which forms the front of the dock. The trial went on, but all the while could be heard from the inside of the dock the subdued, monotonous iteration of "Yes you did." During the rest of the trial he remained seated on the floor of the dock, industriously occupied in tearing the skirts of his overcoat into long narrow strips, and then pulling the strips into fragments, which he deposited in a little pile by his side. He paid little or no attention to any one who spoke to him. The case was clearly proved against the prisoner, and he was found guilty. He had committed many other depredations in the way of stealing sheep, cows, etc., and there are six other indictments against him. Chief Justice Wilson sentenced the prisoner to seven years in the Kingston Penitentiary, but remarked at the same time that he believed the man insane, and would so report that he might be sent to the Asylum. The preponderance of medical testimony was in favour of the view that Alexander is not shewing. If he is he is a wonderful actor, for he had all the appearance of a crazy man. Some persons hold the opinion that he commenced by shamming insanity and has ended by becoming insane in reality.

"Dr. Beason's Celery and Chamomile Pills for the cure of neuralgia are a success." Dr. G. P. Holman, Christiansburg, Va. 50 cts. at the Druggists.

Nervous Debility.

This dreaded and miserable disease is immediately relieved by the use of Norman's Vitalia. Ask for them, take no others. Every Belt guaranteed. Circular and consultation free.

Would you avoid the biliary complaints incidental to spring and summer? Cleanse the system with Burdock Blood Bitters. It regulates the liver, bowels, kidneys and blood, and is the purest tonic in the world. Trial bottles 10 cents.

The Most frightful scourge of humanity is Bright's Disease of the Kidneys. Commencing with a little pain in the back, it hurries the sufferer to a premature grave. Dr. Van Buren's Kidney Cure is the only known remedy that prevents the fatal result. Take it in time.

No person can enjoy health while suffering from Constipation of the Bowels. Harsh purgatives always do harm. Burdock Blood Bitters is Nature's own cathartic; it unlocks the secretions, regulates, purifies and strengthens the system.

It is more economical to buy Seaver's Salad Dressing than it is to make a dressing; besides this, it is made of better materials than you can buy at the stores. Everybody likes it.
