Ayer's Sarsaparilla!

FOR PURIFYING THE BLOOD.

This compound of the vegetable alteratives Sarsaparilla, Yellow Dock, Stillingia, and Mandrake, with the Iodides of Potash and Iron, makes a most effectual cure of a score of complaints which are very prevalent and difficult. It purifies the blood, purges out the lurking humors in the system, that undermine health and settle into troublesome disorders. Eruptions of the skin are the appearance on the surface of humors that should be expelled from the blood. Internal derangements are the determination of these same humors to some internal organ or organs, whose action they derange, and whose substance they disease and destroy. AYER'S SARSAPARILLA expels these humors from the blood. When they are gone, the disorders they produce disappear, such as Dyspepsia or the Liver, Stomach, Kidneys, Lungs, Kraptions and Eruptive Diseases of the Skin, St. Anthony's Fire, Blotches, Pimples, Pustules, Boils, Tumors, Tetter and Salt Rheum, Scald Head, Scrofula, Ulcers and Sores, Rheumatism, Neuralgia, Pain in the Bone, Side and Head, Female Weakness, Sterility, Leucorrhœa and Irregularities, Dropsy, Dyspepsia, Constipation and General Debility, which their departure benefits and relieves.

FOR THE

KIDNEYS, LIVER AND URINARY ORGANS

THE BEST BLOOD PURIFIER.

There is only one way by which any disease can be cured, and that is by removing the cause—whatever it may be. The great medical authorities of to-day declare that nearly every disease is caused by deranged kidneys or liver. To restore these therefore is the only way to which health can be secured. Here is where WARNER'S SAFE CURE has achieved its great reputation. It acts directly upon the kidneys and liver and by putting them in a healthy condition drives disease and pain from the system. For all Kidney, Liver and Urinary troubles, for the distressing disorders of women, for Malaria, and physical troubles generally, this great remedy has no equal. Beware of counterfeits, imitations and concoctions said to be just as good.

VOL. LII. KINGSTON, CANADA, THURSDAY, APRIL 19, 1883. NO. 92.

AT THE BOX OFFICE.

We stood within the corridor;
I had just stepped inside the rail
To get my ticket, when I saw
The state of matters and turned pale
I had put on new clothes throughout
Upon this point with her to cope,
I'd brought this heavenly creature out
Leaving my pocket-book at home.

I stood there, vexed and mortified
'Twas cruel as it was absurd;
Then did a little gloved hand slide
Straight into mine, without a word,
Leaving a dainty portmonnaie,
Of gold and pearl most quaintly made,
From which, source knowing what to say
I for the evening's tickets paid.

When I sat down along with her—
"Now, don't look so annoyed," said she;
"Of course, mistakes sometimes occur;
And people lose their property."
Confused, I answered: "I agree,
But must feel vexed about it though;
What's yours does not belong to me—
Said she: "Why shouldn't it be so?"

She spoke unthinkingly, then blushed,
"Oh, do you mean it?" straight I cried.
My wild delight she would have hushed
A feeble "No" in vain she tried;
But I'd not hear it, so at last
"Yes—just to keep you still," she said
"There, there, don't hold my hand so fast
The usher will be sure to see."

If Shakespeare could have looked forward into the nineteenth century he might have added four lines to his epitaph, to protest against his grave being an institution for nourishing starved curates. The Vicar of the Stratford-on-Avon is an ingenious and saving man. Instead of paying his curate out of his own stipend he promises them the sixpences obtained by the exhibition of Shakespeare's grave. Here we see the mind of a great man. He is a mine of wealth to posterity. Shakespeare has furnished a means of subsistence to "ingenious" actors, to publishers, to public readers, and to mild curates in perpetuity.

TARIFF CHANGES.

What the House of Commons did in Committee of the Whole—Items in Detail.

The House then went into Committee of Ways and Means on Tuesday.

On the item imposing a duty of 6c. a pack on playing cards, Sir Leonard said the object was to encourage the manufacture of playing cards in Canada.

On the item concerning the duty on carriages and agricultural implements, Sir Leonard said that, with a view to the requirements of the North West, it would remain 25 per cent. until May 10th next, but after that date the duty would be 35 per cent.

Resolutions 14 to 19, imposing specific and *ad valorem* duty on children's carriages of all kinds shall be 35 per cent. *ad valorem*, and that parts of carriages or other manufactured articles shall be charged with the same rate of duty on a proportionate valuation as that charged upon the finished article.

On item 21, which provides that the importer of cotton duck used for sails of ships or fishing boats or other vessels shall be entitled to drawback equal to 20 per cent. *ad valorem* on furnishing proof that the duck had been so used, under regulations to be made by the Minister of Customs, Sir Leonard moved that the "20 per cent. *ad valorem*" be struck out and the words "the duty paid thereon, less 5 per cent. of the amount so paid," be substituted.

After considerable discussion, the resolution was amended so as to make it read that the drawback shall be the duty paid less 5 per cent. of the value of the article.

The items to 24 were passed without amendment.

After recess the Committee of Ways and Means resumed.

Item 33, referring to glove leathers, was amended by striking out the words "lamb and sheep," so that the item now reads "buck, doe, elk and antelope, tanned or dressed, coloured or not coloured, 10 per cent. *ad valorem*.

Item 34, which imposed an *ad valorem* duty of 15 per cent. on [illegible] or dressed hides, was dropped.

Item 49 was amended so that the finest worsted yarns are made to pay a higher duty, on account of their now being manufactured in this country; that is, they will now pay 7½c. per pound, and 20 per cent. *ad valorem* duty, hosiery, not elsewhere specified, to come under this class.

Item 50, concerning clothing, ready made, was amended so that knitted goods, viz., socks and stockings, would come under this class.

Item 23, which provided that printed or dyed cottons, should on and after the first day of January, 1884, be charged with a duty of 27½ per cent. *ad valorem*, and item 51, providing that dress or costume clothes, serges and similar fabrics, under 25 inches wide and weighing not over 3 ounces per square yard, either or both, should pay 35 per cent. *ad valorem*, were taken up together, item 23 being amended by inserting after the word "cottons" the words "except jeans, coutilles, cambrics, silesias and casbans," these latter five articles to pay 20 per cent.

Item 53, concerning fancy yarns of wool or worsted, in two or more plies, when the same are combined in different colors, and mohair yarns in white or any color, when the same are imported by woolen manufacturers for their own use in making fancy tweeds, was struck out.

Items 56 to 73, relating to agricultural implements, were amended to read as follows:—Mowing machines, self-binding harvester, harvesters without binders, binding attachments, reapers, sulky and walking ploughs and parts of the same, harrows, scythes, horse and hand hay rakes, garden rakes of any material, grain seed drills, spades and shovels, hoes, hay, straw, manure, spading and mining forks, and all similar articles and parts thereof, 35 per cent. *ad valorem*.

The item relating to portable machines was also amended to the effect that portable steam engines, threshers and separators, horse powers, portable saw mills and fanning mills, and parts thereof should pay 35 per cent. *ad valorem*.

The item relating to the 10 per cent *ad valorem* duty on buckram was struck out.

The item relating to jellies and jams was also amended to provide that the duty on these articles should be 5 per cent. *ad valorem*.

The item concerning the duty on oil cloth or enamelled cloth, &c., when imported by trunk, valise or hand bag manufacturers for use in their factories, was struck off.

The duty on pumps, iron pitchers, spouts, cisterns, well and force pumps was altered from 30 cents specific and 25 per cent. *ad valorem* to 35 per cent. *ad valorem*.

The duty on vaseline in bulk, etc., was fixed at 4 cents per pound, and the duty on files and rasps at 35 per cent. *ad valorem*.

The following provision was added to the item concerning proprietary medicines: All medicinal preparations, whether chemical or otherwise, usually imported with the name of the manufacturer, shall have the true name of such manufacturer and the place where they are prepared permanently and legibly affixed to each parcel by stamp, label or otherwise, and all medicinal preparations imported without such names so affixed shall be forfeited.

The Committee rose and reported that they had passed several resolutions.

A FAITH CURE.

Another Story of a Wonderful Recovery Healing from God! A Prophecy Verified.

(*Augusta, Me., Journal.*)

Almost everybody in Augusta has heard of Elder Frank Ward, a minister of the Christian Church, residing on the Togus road, a distance of two miles from the city. On the 25th of October last he cut a terrible gash in his left ankle while chopping wood. He was a great sufferer the entire winter. At times Mr. Ward would be irrational. So weak was he that all winter he sat up but two half hours, excepting to have his bed made. Shortly before the healing his appetite failed him, and he slept but six hours during the week. To make the case worse neuralgia set in. Nearly every one had given him over to die. On March 14th he had trouble around the heart and convulsions. On coming out of them Mr. Ward stated that he had received

A DISPATCH FROM GOD

which said that he should be healed on March 15th, at 4 o'clock p.m., being just five months to a day and an hour from the time that the cut was received; also that at the same hour he should arise from his couch and walk from the same to the kitchen door, a distance of eight feet. He told the attendants to take the medicine away, that the Lord Jesus Christ had taken his case in hand, and it was for God's glory. Sunday, March 25th, came. He could only take half a teaspoonful of water at a time, his extremities were cold. About 3.30 p.m. people began to gather, until 28 were present. Shortly before 4 o'clock Elder Wild requested several of the brethren

TO PRAY ON HIS CONTRACT,

which was done. Then the hymn, "The Great Physician now is near," was sung, and the eighteenth chapter of First Kings, commencing with the twenty first verse, was read. Following this Minister Phoebe Wadsworth offered prayer, also Mrs. Stewart. On his request he was raised from his reclining position by brothers present. Before leaving the bed his breath became natural, and he became perfectly calm. Then, at precisely 4 o'clock, Mr. Ward arose from his bed, stood up the first time for five months, and walked to the door but very little lame. Here, he says, the Lord told him to walk back to bed. Again, at the same command, he walked to the door and back again. On returning the last time he took hold of one corner of the bed and lifted it bodily from the floor, so that a cruder dropped out. Then sitting down on the couch the heretofore bedridden man shouted

"VICTORY TO GOD!"

again and again, a little remarkable from the fact that he had not spoken above a whisper for two months and a half. At supper time our friend walked to the table, sat down and ate a hearty meal, and in the evening sang a hymn. At night he lay down to slumber and slept perfectly sound all night long, the first natural sleep for five months. In the morning Mr. Ward arose, dressed himself, went to the door and shouted praise to God, so that the neighbours were aroused across the street. Since March 25—the day of the miraculous healing—the Elder has been up and walking about seemingly as smart as ever, and repeatedly offering thanks to God.

Mr. R. Cuthbertson Toronto, writes "My wife had a very severe attack of pleurisy and inflammation of the lungs about three years ago and ever since has been subject to severe colds on the slightest exposure, in fact they were so frequent that her system was quite reduced. She tried several remedies but without any permanent effect, until she was induced to try Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda and I am happy to say it has exceeded our anticipations. I have no hesitation in recommending it as a Royal Remedy for all affections of the Lungs and Chest, and for all classes of Wasting Diseases, and building up of Weak Constitutions."

Jas. Shannon of Lombdale, writes: For many years my wife was troubled with chillblains, and could get no relief until about two years ago, she was then not able to walk, and the pain was then so excruciating that she could not sleep at night. Your agent was then on his regular trip and she asked him if could cure her. He told her Dr. Thomas' Eclectric Oil was sure cure. She tried it and judge of her astonishment when in a few days the pain was all allayed and the foot restored to its natural condition. It is also the best remedy for burns and bruises I ever used.

Mr. H. McCaw Custom House, Toronto, writes: "My wife was troubled with Dyspepsia and Rheumatism for a long time; she tried many different medicines, but did not get any relief until she used Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure. She has taken two bottles of it, and now finds herself in better health than she has been for years.

THE MAINTENANCE of a healthy state of the system is the surest protection against disease; experience has shown that by the use of Dr. Carson's Stomach and constipation Bitters, a perfect state of health can be assured. They free the system from all impurities, cleanse and purify the Blood. For sale by all Druggists at 50 cents a bottle.

We have a speedy and positive cure, for catarrh, diphtheria, canker mouth and headache, in Sutton's Catarrh Remedy. A nasal injector free with each bottle. Use it if you desire health and sweet breath. Price 50 cents. J. G. King, wholesale and retail agent.

Davy & Clark, Druggists, Renfrew, date of June 3rd, write:—"Burdock Blood Bitters, though comparatively a new preparation, has taken the lead in this locality as a blood purifier, our sales of it being equal to that of all other medicines used for the purpose during the last year."

No person can enjoy health while suffering Constipation of the Bowels. Harsh purgatives always do harm. Burdock Blood Bitters is Nature's own Cathartic; it unlocks the secretions, regulates, purifies and strengthens the system.

The injurious effects of alcohol on the brain and nervous system relieved and cured by the use of Dr. E. C. West's Nerve and Brain Treatment. Sold by W. J. Wilson.

Know

That SULPHUR AND IRON BITTERS will make the weak strong and gives the feeble, nerve.

Will increase the muscular force and double the staying power.

Will insure a hearty appetite and increased digestion.

Will give a deep sound and refreshing sleep.

Builds up the constitution and makes the weakest rugged.

Strengthens feeble women and makes puny children strong.

Cures General Debility and gives a new lease of life.

Will infuse with new life the weakest invalid.

The Habits, occupations, even not unnatural habits and long which seem to fix with excessive have the effect of depriving the human system of its necessary supply of iron, and leaves it having exercised but little used to that metallic tonic only. Test that supply. Iron is the potent and difficult tonic. But it has been strongly prejudiced by its bulky and ill-tasting preparations. Sulphur Bitters, in the form of a pleasant cordial, combines the iron with the sulphur, which is the great blood purifier, and the combination is the most powerful tonic and invigorator known to medicine. Test it and be convinced. Sulphur Bitters are sold by all Druggists and Dealers in Medicine.

IMPORTANT TO STEAM USERS AND ENGINEERS.

How to Keep Boilers Clean.

FORBES'S PATENT AUTOMATIC BOILER CLEANER, when properly applied to any steam boiler, never fails to remove all

MUDDY DEPOSITS AND SEDIMENTS

from water before they become baked and crusty. The Cleaner is unbreakable and certain in its action, and will outwear a new boiler. A boiler has been known to last twenty or more years, but built as a reputed boiler to be replaced.

Having the agency for this section of the country, we are prepared to fit them up and contracting them to be all the patent has claimed for them.
