PUBLIC ACCOUNTS.

When, two years ago, inquiry was made into some particular charges under the head of Pacific Railway surveys in British Columbia it was found that the expenditure had not been for that purpose at all, but was in reality the travelling expenses of Sir John A. Macdonald. The amount, if we remember rightly, was $4,000. The other day, in the Public Accounts Committee a bill charge of $1,500 for "surveys" was inquired into, and turned out to be Sir Alexander Galt's travelling expenses to Manitoba, last summer. Then there was $2,100 charged to Pacific Railway which, on investigation, proved to be expenses of Sir Charles Tupper's journeys to England and British Columbia. Then there was a sum of $2,750 charged to "Eagle River Section, C.P.R." On investigation it turned out to be Pullman car hire for Mr. Cornwall's visit to Manitoba, amounting to $900, and repairs to the car, $1,850. The Pullman car had never been near Eagle river, for the very good reason that that section was not then open to travel. These are specimens of a number of false and fraudulent charges which, when called upon to explain, the clerks in the different departments say they were instructed by the Ministers to make.

Was there ever such an exhibition of flagrant dishonesty and fraud in high places?—*Montreal Transcript.*

The Opinion of All

Who have tried Polson's Nerveine, the great pain remedy is that it is never failing in pain of every description. Nervoline stands at the very front rank of remedies of this class. A trial bottle may be purchased for 10 cents, a very small amount in any case but the best expenditure you can make, if a sufferer from any kind of pain, is a 10 or 20 cent bottle of Nervoline at Polson's or King's Drug Stores.
