A CARD.

To all who are suffering from the premature delusions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. Joseph T. Inman, Station D, New York City.

FACTS AND FANCIES.

Any crank or practical joker who can raise money enough to buy a sheet of paper and envelope and postage stamp can throw any man or union of people into a turmoil of excitement by writing a letter threatening to destroy something or somebody.

To add to the attraction of Shoal's Lake, a beautiful sheet of water near Denver, the company which owns it has discovered that it rises and falls about a foot at certain fixed intervals with a regular tidal movement. It is the only lake on the world that behaves in this way.

A traveling altar may certainly be counted among the most singular requisites—one such has, however, long been in use in the Imperial House of Austria. On all long journeys the Emperor takes with him not only a court chaplain but also his travelling altar.

The exact and confidential Rosa has whispered in the public ear just how much it would cost to blow England to smithereens, namely, $66,257. Of this sum $7 is for matches and $25,000 for agents at $25 apiece. It seems that dynamite bonds come high, but they are necessary in his business.

Port Hope has passed a by-law to abolish such a distinction as market forestalling and establishing absolute free trade. The Act gives gives merchants the right to buy in the market at all hours of the day, relieving them from the restriction of buying only after eleven o'clock. No objection was taken.

A horrible discovery has been made by the Old Testament revisers. The word "rib" in Genesis, used in describing the creation of Eve, ought to be rendered "tail!" This is indeed confirmation strong of the theories of Darwin. Again the "ravens" which fed Elijah were not ravens at all, but "crows," and so another cherished illusion is dispelled.

Like women, lawyers like to have the last word. The Connecticut Legislature has decided to give the defendants in criminal cases whatever advantage attaches to this privilege, and counsel for the defence have the right to the closing argument. This seems in accordance with the fairness which gives the prisoner the benefit of any doubts that may exist.

A very readable, and, to the excursionist, a very valuable book, is one which has reached our table. The writer has aimed at a brief account of the country traversed by the Intercolonial Railway, to give pleasure seekers, the fisherman and the sportsman an idea of the places where their respective wants may be supplied. The illustrations are well executed and plentiful. Kilby Reynolds is the author. It is sent with the "Compliments of the Intercolonial Railway."

In presenting an item of about $4,000 to the Port Hope Council, for school improvements, the Chairman of Finance said: "As to the building of the new school his position was that the School Trustees were elected by the same voters as the Council. They wanted the school; they were responsible to the ratepayers, and he did not think it was the place of the Council to throw obstacles in their way." How different the action of the City Council of Kingston! A demagogue like ex-Mayor Gaskin may at any time awaken its jealousy and delay grants year after year in the most ungenerous and inconsiderate way. It only takes a small match to set the Opposition afloat. A little town like Port Hope can set us a proper lesson.

"Five Doctors, no end of medicine, no relief. Dr. Bonson's Skin Cure has driven away all eruptions and I'm nearly well." Ida C. Young, Hamilton, Ill. Druggists keep it, $1 per package.

Our Children.

Why compel them to take those vile and nauseating medicines, when Puttner's Emulsion is so palpable and sure, and produces better results than any other. Most astonishing reports are daily recorded in favour of its cures where other preparations of the kind have failed, and then been cast aside in disgust.

The sort of blood from which constituents of vigorous bone, brain and muscle are derived is not manufactured by a stomach which is bilious or weak. Uninterrupted, thorough digestion may be assured, the digestive activity of the liver restored, and the system efficiently nourished by the aid of Northrop & Lyman's Vegetable Discovery and Dyspepsia Cure. It is the greatest blood purifier ever introduced into Canada.

Mr. H. F. MacCarthy, Chemist, Ottawa, writes: "I have been dispensing and jobbing Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime, and Soda for the past two years, and consider that there is no better preparation of the same kind in the market. It is very palatable, and or chronic coughs it has no equal."

The Maintenance of a healthy state of the system is the surest protection against disease; experience has shown that by the use of Dr. Carson's Stomach and constipation Bitters, a perfect state of health can be assured. They free the system from all impurities, cleanse and purify the Blood. For sale by all Druggists at 50 cents a bottle.

Davy & Clark, Druggists, Renfrew, date of June 3rd, write:—"Burdock Blood Bitters, though comparatively a new preparation, has taken the lead in this locality as a blood purifier, our sales of it being equal to that of all other medicines used for the purpose during the last year."

Dunkin's Sarsaparilla is the best thing of the kind ever sold. With its superb solubility any head can be made without delay or trouble. It is also one of the best unions for cold meats.

The injurious effects of alcohol on the brain and nervous system, relieved and cured by the use of Dr. E. C. West's Nerve and Brain Treatment. Sold by W. J. Wilson.

No person can enjoy health while suffering Constipation of the Bowels. Hawk's pills are a sure cure for this. Burdock Blood Bitters is Nature's own Cathartic; it unlocks the secretions, regulates, purifies and strengthens the system.

DYNAMITE GOSPEL.

A Grand Scheme for the Freedom of Ireland—Destruction of the British Fleet.

Prof. Monnoroff, of the dynamite school of New York, has issued what he styles "Series No. 1" of a manifesto endeavoring to show that the use of this article as a weapon of warfare is entirely legitimate, in the course of which he says:—"The only way that Ireland can ever teach England is for Irishmen to learn the science and use of explosives. The war ship "Invincible" cost over $7,000,000, and $40 worth of gunpowder can sink her in a minute. England war ships have cost over $1,000,000,000, and $12,000 worth of dynamite can destroy the whole English fleet. Every Irishman should subscribe not less than $1 but as much more as they please, and every man subscribing $5 or upwards should receive a bond, the interest and principle of which, should be repaid from the taxation of Irish land. If all Irishmen would unite, as there are probably ten million Irishmen who would subscribe from $1 to $50, payable in six months, in this means $500,000,000 to $1,000,000,000 could be raised in that time; then each bondholder would have an interest in the welfare of Ireland's freedom. This council should also appoint a council of war, whose names should be known to no one but to the council. While a committee is collecting the money the war council should get six small vessels built that could run at least at the rate of twenty-four knots per hour. I will submit to the council plans by which vessels can be built so that they cannot be sunk by any man-of-war, three of these should follow the example of the Alabama, while the other three should be carrying necessary material to Ireland. Each vessel should carry at least thirty spar torpedoes and several hundred throwing torpedoes, so there would be no difficulty in disposing of every man-of-war that wishes to try her strength on the battle ground. These six vessels can be built and equipped for a half million of dollars. According to inter national laws these vessels can be built here as merchant ships, they don't require any cannon to do the work that out for them. While there are in process of construction 1,000 of the most intelligent, honest and brave men which can be so selected could to be educated how to manufacture and use pure to wipe. By the time these vessels are built these men will be educated for the performance of special work. If Irishmen unite and determine as one man that Ireland shall be free, then chemical science can furnish them with weapons infinitely more powerful than all the iron clads and magazines of war that exist. What it was right and moral for Washington and Lincoln to do in the cause of American independence is surely right for Irishmen to do in the cause of Irish independence."

A Family Medicine. Fountain of Health is a wonderful tonic invigorator and blood cleanser. It regulates to healthy action the Liver, Stomach, Bowels and Kidneys. One bottle contains sufficient for one month's medication, and costs one dollar.

Natural Remedies for diseases, as old as the hills, and has been the faith of the people in all ages and countries. A potent combination of herbs, roots and barks, called Fountain of Health, put up in dollar bottles, by cleansing the blood cures almost all diseases.

Chronic Rheumatism. The acrid poisons of impure blood resulting from Torpid Liver, Bowels or Kidneys, is deposited by circulation, in the muscles and joints. This causes inflammation and intense suffering. We guarantee four bottles of Fountain of Health to cure the worst case in existence.

A Vital Organ. The vast amount of fluids taken into the human organism must all be strained and purged of all matter not needed to supply the growth and wastes of the body. If the kidneys fail in their office there is nothing like Fountain of Health to restore them. Cost $1.00.

Weak Feeling Nervous. A Blood Cleanser Medicine in the spring of the year. If one bottle of that great Herbal Tonic, Fountain of Health is taken at this season danger of Inflammation of the Bowels, Stomach or Kidneys may be entirely avoided.

Mrs. Gray 69 Maier Street, Toronto, says: My trouble was Inflammatory Rheumatism and Nasal Catarrh of long standing. I am cured of both, and have only used two bottles of Fountain of Health.
