FOR THE KIDNEYS, LIVER AND URINARY ORGANS

THE BEST BLOOD PURIFIER.

There is only one way by which any disease can be cured, and that is by removing the cause—whatever it may be. The great medical authorities of the day declare that nearly every disease is caused by deranged kidneys or liver. To restore these therefore is the only way by which health can be secured. Here is where WARNER'S SAFE CURE has achieved its great reputation. It acts directly upon the kidneys and liver and by placing them in a healthy condition drives disease and pain from the system. For all Kidney, Liver and Urinary troubles; for the distressing disorders of women; for Malaria, and physical troubles generally, this great remedy has no equal. Beware of impostors, imitations and concoctions said to be just as good.

For Diabetes ask for WARNER'S SAFE DIABETES CURE.

THE LITTLE WHITE HEARSE.

INDIANAPOLIS JOURNAL.

As the little white hearse went glimmering by
The man on the coal-cart jerked his lines,
And snubbed the lid of each eye,
And turned and stared at the business signs;
And the street-car driver stopped and leant
His hands on his shoulders and gazed up street
Till his eyes on the long track reached the sky—
As the little white hearse went glimmering by.

As the little white hearse went glimmering by—
A stranger petted a ragged child
In the crowded walk, and she knew not why,
But he gave her a coin for the day she smiled
And a boot-jack thrilled with a genuine strange
As a customer put back his change
With a kindly hand and a grateful sigh
As the little white hearse went glimmering by.

As the little white hearse went glimmering by
A man looked out of a window dim,
And his cheeks were wet and his heart was dry
Not a dead child even were dear to him
And he thought of his empty life and said
"Love's an alive, and loveless dead—
Nor wife nor child in earth or sky"
As the little white hearse went glimmering by.

RACING JOBBERY.

How Some of the Lat Foot Races Were Fixed Nothing Square About the Matches.

(Toronto Mail.)

"Quirk, the Brantford sprinter," says an exchange, "is worth $18,000." This is very probably true, and it is also probably true that the money has been accumulated mostly by straight rascality. A paragraph was clipped recently from the London *Free Press* to the effect that Boyd, the Napanee sprinter, had thrown his race with Quirk. This was true enough, but the *Free Press* made no reference to Quirk's share in the business. The race between the two, on May 8th, at Brantford, was probably made on the square, but about a week before it came off an arrangement was come to between the men by which Quirk was to win. Quirk told several parties who believed themselves to be his sure friends that the race was fixed for Boyd to win, and induced them to back Boyd. They took the tip, and lost about $1,000. Boyd's backers, who were Woodstock parties, did not put any money up on him, and Quirk's winnings over this match came wholly from the pockets of those who had been "in" with him.

BUTLER-QUIRK CONTEST.

The race between Quirk and Butler in Kingston was another fixed affair, but it is probable that Butler was ignorant of the fact. Butler, who is a coloured man, is only a fair goer, and not within ten yards of Quirk on the 100. The way the match was arranged was this: Some Kingston parties, who knew that Quirk would have a sure thing against Butler, made arrangements with the Quirk party to bring their man to Kingston under an assumed name. They knew that Butler over-estimated his own going, and would readily make a match with any man who had not a very formidable reputation. Quirk went to Kingston under an assumed name of Warwick. The Kingston parties who had got on the match let their friends into the secret of "Warwick's" identity, and plunged heavily on Warwick. Meanwhile Warwick, alias Quirk, and his two or three confidants, had decided to lose the race, and they quietly covered all the money that was offered against Butler. Butler led from start to finish, and the Quirk party went off with their race lost and their bets won. Kingston parties, outside of the ring of would be sharpers who had arranged the match and brought Quirk to Kingston, dropped about $1,000. Quirk got back to Brantford and informed the public there that Butler was the fastest novice he had ever met. There was nothing mean about Quirk. He could afford to give Butler and the public "taffy" as well as indifferent running.

It is doubtful whether Quirk has run a race on the square since he came back from England. There was no end of a fuss raised about his hurting his leg in his race last year with Rogers, of Philadelphia. Quirk received a good deal of sympathy over it. The truth probably was that he did not hurt himself at all, as he appeared in Brantford immediately afterwards as right as a trivet, to use the expression of one of his admirers.

A LITTLE ABOUT BOYD.

Boyd, of Napanee, is quite a bird of a feather, and it would be unkind to pass him over without notice. Some people persist in arguing that Quirk really meant Boyd to win in the race referred to in the opening paragraph of these remarks, but that Boyd near the finish suddenly let up and forced Quirk to go in ahead. It is a question which of the two threw the race, and the known capabilities of the two men does not help any in forming an opinion on the matter. The only thing certain is that the race was fixed one way or the other, and the probability is that it was run just as it had been fixed. It may be argued that Boyd has no record which entitles him to be considered a match for Quirk. This is not quite correct. Boyd made his mark in Winnipeg last year as one of the best jumpers in America, and during the winter he turned his attention more particularly to sprinting, and made some splendid time. Boyd wintered at Elkader, Iowa, and from there got this spring into the hands of John Forbes, of Woodstock, who has been backing him. Forbes has timed the best man in the Dominion, but he never timed a man as fast as he did Boyd. There was an interesting meeting in the *Mail* office when the race between Quirk and Boyd was made. For reasons which it is not necessary to specify these gentlemen were allowed to utilize this office for the making of the match. Boyd came in alone, and shortly afterwards S. F. Caldwell, Quirk's partner and representative, came in accompanied by John Forbes and E. S. Tindale. Tindale came to make a match on his own account with Boyd, and failing in this he took no further share in the proceedings. When Boyd was introduced to the party neither he nor Mr. John Forbes made any sign of recognition, or of either having ever heard of the other before, which was interesting in view of the fact that Boyd had been training under Forbes' eye. During the match making Boyd played the greenhorn to perfection, and acted as if he had never heard of such things as articles of agreement in his life, whereas with the assistance of just such articles he had roped in many a "sucker" in Winnipeg the season before.

In professional events the less we have to do with professional match-making the better, and in future no such matches will be made in this office.

A GOOD SHOWING.

Annual Statement of the Ontario Mutual Life Assurance Company—Increased Prosperity.

The report of the Ontario Mutual Assurance Company contains a very satisfactory account of the business of the past year, and very hopeful promise of future progress. During the year 1,336 new policies, amounting to $1,699,930, were issued, and premiums paid on them by applicants. Ninety five applications were refused by the company, which shows a very cautious mode of doing business. The income for the year was as follows

Premiums	$163,570
Interest	14,255
Total	$177,725

The net assets of the company have increased by $75,081 since last year. The operations of the company have been heretofore confined to the Province of Ontario, but directors indicate a disposition to gradually extend operations to other provinces. The assets of the company have increased from $6,216 in 1870 to $427,329 in 1882, a very remarkable growth for a purely provincial company. The directors point out that after setting apart a reserve higher than the Government standard requires, and making full provisions for unpaid death claims and all other liabilities, they have still a surplus of $32,113 75 to the credit of the policy holders.

The report was adopted with every expression of satisfaction at the meeting, and the company is to be congratulated on the success of its business and on the confidence exhibited by the shareholders in the officers and management.—*Mail, May 17th.*

Oh, What a Cough!

Will you heed the warning? The signal perhaps of the sure approach of that more terrible disease, consumption. Ask your selves if you can afford, for the sake of saving 50 cts., to run the risk and do nothing for it. We know from experience that Shiloh's Cure will cure your cough. It never fails. This explains why more than a million bottles were sold the past year. It relieves croup and whooping cough at once. Mothers, do not be without it. For lame back side, or chest, use Shiloh's Porous Plaster. J. G. King, wholesale and retail agent.

Crying Babies.

Babies cry because they suffer. Their little gums are inflamed, and their bodies are more or less feverish. If you will tie around their necks one of NORMAN'S ELECTRIC TRITHINO NECKLACES you will see a wonderful change for the better, their suffering will cease, and their general health improve. Sole Agent, W. J. Wilson, at "The Pharmacy," 185 Princess Street.

WILLIAM DAVID

is now in business again keeping a broker store in the place formerly occupied by Mr. Dennis, next to Robinson's carriage shop. Wm. David has on hand a large assortment of household goods. All he wants is the people to come in, he is sure to sell. He has a lot of new clothing; tweed suits for $6 75; navy blue and diagonal pants $1.80. 200 doz. watch crystals at 10 cents each.

Bucklen's Arnica Salve.

The greatest medical wonder of the world, warranted to speedily cure Burns, bruises, cuts, ulcers, salt rheum, fever sores, cancers, piles, chilblains, corns, tetter, chapped hands and all skin eruptions, guaranteed to cure in every instance, or money refunded. 25 cents per box. For sale by J G. King.

Convincing Proof.

The attention of readers is respectfully called to the advertisement of the Pattner Emulsion Co., appearing in this paper. Convincing proof is there given of the unbounded popularity of their valuable proprietary medicine which cannot be gainsaid.

A Hearty Recommendation.

Jacob A Empey, of Cannamore, states that he has taken Burdock Blood Bitters with great benefit in a lingering complaint, and adds that he would gladly recommend it to all.

Street Talk.

"How much better you look, Mr. S." "Yes, I have gained 32 pounds on Hall's Catarrh Cure. Have not felt so well in 20 years. It has made a complete cure and is worth $50 a bottle to any one that has the Catarrh."

Indigestion.

This seven headed monster is more easily overcome by the use of NORMAN'S ELECTRIC BELT than by any other remedy and it cannot possibly do any injury.

PERRY DAVIS' Pain Killer taken internally, it relieves instantly the most acute pain. Used externally, it is the best Liniment in the world. Its effect is almost instantaneous, affording relief from the most intense pain. It soothes the irritated or inflamed part, and gives quiet and rest to the sufferer. It is eminently the people's friend, and every one should have it with them, or where they can put their hands on in the dark if need be.

THE MAINTENANCE of a healthy state of the system is the surest protection against disease; experience has shown that by the use of Dr. Carson's Stomach and constipation Bitters, a perfect state of health can be assured. They free the system from all impurities, cleanse and purify the Blood. For sale by all Druggists at 50 cents a bottle.

JOHN MYLES, Druggist, Bothwell, says: I have a very large sale for Dr. Carson's Bitters. It is one of the few medicines that does all it is recommended to do. We use them as our "Family Medicine." My experience is that they will cure Headache, Biliousness and Indigestion. For sale by all Druggists at 50 cents a bottle.

BE ADVISED in time, and do not allow what may appear to you as a simple back ache now, to run into a disease of the kidneys, which invariably proves fatal in the end. Dr. Van Buren's Kidney Cure will at once ease your pain and positively prevent these unfortunate results. Take it at once. Any druggist will have it.

THE MONTH of April is the time that the wise man takes a blood purifier. You cannot get a better or safer medicine than Dr Carson's Stomach and Constipation Bitters. Price 50 cents a bottle. Ask your Druggist about it.

SHILOH'S CATARRH REMEDY.—A marvellous cure for catarrh, diphtheria, canker mouth and headache. With each bottle there is an ingenious nasal injector for the more successful treatment of these complaints without extra charge. Price 50 cts. J. Geo. King, wholesale and retail agent.

DRESSER'S SALAD DRESSING, a ready-made, rich and delicious dressing for all salads of meat, fish or vegetables. Cheaper and infinitely better than home-made. No sauce equal to it.

DO NOT SUFFER from such headaches as moment longer. It is not necessary. Carter's Little Liver Pills will cure you. Does, one little pill. All druggists sell them.

THE QUEEN AND THE LAMB.

There is great excitement in Britain at present because of the Queen having for herself and the Royal Household resolved to eat no lamb this season. The reason assigned for it is, "in consequence of the mortality amongst sheep and lambs, and the low point to which the sheep stock in the country generally has been reduced." Of course the whole of Cockneydom has followed suit, and the result is that lamb is a perfect drug in the market, and has fallen one-half in price, to the great loss of the breeders, and without any one being benefitted except those who hitherto found lamb beyond the reach of their purse, and who now find it much cheaper than beef or mutton.

We fear Her Majesty is not very versant in agricultural pursuits, or she never would have come to the conclusion that if lambs were not killed and eaten they would certainly grow up into sheep, and in turn produce more lambs; and so replenish the sheep stock which is presently depleted. The argument looks sound and natural like, but a little consideration shows its falsity. If there was not such a demand for lamb in the season there would not be the supply that there is. It is simply to meet that demand that induces breeders to retain many old ewes that otherwise would have fell under the butcher's knife years before.—*Scottish American.*

Dyspepsia & Liver Complaint.

Is it not worth the small price of 75 cents to free yourself of every symptom of those distressing complaints. If you think so call at our store and get a bottle of Shiloh's Vitalizer, every bottle has a printed guarantee on it. Use accordingly and if it does you no good it will cost you nothing. J. G. King, wholesale and retail agent.

MR. C. P. BROWN, Crown Land Agent Sault Ste. Marie, writes: "Two or three of my friends and myself were recommended to try Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda, in preference to Compound Syrup of Hypophosphites. We prefer your Emulsion, and think it better for the system than the Syrup. &c.

P. M. MARELL, West Jeddore, N S, writes: I wish to inform you of the wonderful qualities of Dr. Thomas' Eclectric Oil. I had a horse so lame that he could scarcely walk, the trouble was in the knee, and two or three applicats as completely cured him.

We have a speedy and positive cure, for catarrh, diphtheria, canker mouth and headache, in SNIDER'S CATARRH REMEDY. A nasal injector free with each bottle. Use it if you desire health and sweet breath. Price 50 cents. J. G. King, wholesale and retail agent.

The finest mayonaise dressing for all kinds of salads, cold meats, raw tomatoes, pickled salmon, cabbage, etc., is DRESSER'S SALAD DRESSING. Better and more economical than home-made.

The sunken eye, the pallid complexion, the disfiguring eruptions on the face, indicate that there is something wrong going on within. Expel the lurking foe to health. Ayer's Sarsaparilla was devised for that purpose, and does it.

Mental depression and all nervous diseases of whatever nature or cause, in old or young, male or female, cured by Dr. C. West's Nerve and Brain Treatment. Sold by W. J. Wilson.
