WARNER'S SAFE CURE
THE BEST BLOOD PURIFIER.
KIDNEYS, LIVER AND URINARY ORGANS
There is only one way by which any disease can be cured, and that is by removing the cause whatever it may be. The great medical authorities of the day believe that nearly every disease is caused by decayed refuse or from which health can be restored. How is whether WARNER'S SAFE CURE has adjusted the great reputation. It acts directly upon the kidneys and liver and by purging them in a healthy condition driven disease and pain from the system. For all Kidney, Liver and Urinary troubles, for the distressing disorders of women, for Malaria, and physical troubles generally, this great remedy has no equal. Beware of imitations, substitutes and concoctions said to be just as good.
For Diabetes ask for WARNER'S SAFE DIABETES CURE.
For sale by all dealers.

GOOD BYE.

Good-by! I take your hand in mine
Oh, friend and comrade true and true
And in my being's inmost shrine
I carry your image fair and true.

And when, though many a weary mile
May lie between our sun-lined ways,
I know the glory of thy smile
Through all the little vexing days

The memory of the love I keep,
Nor can its sweetness fade or die
Its blossoms shall—as the deep
Almost—never fade or lie.

Good-by! Now my soul hand in mine
I shall in faithful, tender fear
Leave words no heart, weak or sage
Only a look and all is clear!

Good-by! And oh! be true to me,
And keep me, sweet, with all thy heart
For though I go, I leave with thee
Of all I am the better part.

Good-by! The shores are falling fast
The sails are risen, the vessel free
The old familiar scenes by past
Friend, leave home, adieu to thee!

A SECOND VERIFICATION.

A second verification of the weights and measures in the Kingston district is about to be completed. The rear part of Frontenac and Lennox have yet to be done. The verification of scales is done every two years, and the owners of those that are correct are relieved of 25 per cent. of the original fee imposed. The cost of keeping the scales and measures correct, therefore is materially lightened. The Kingston District Weights and Measures Department comprises nine counties, extending from Deseronto to the Province line. It is in charge of Capt. Chrysler, head office in this city, with W. W. Giffen, of Brockville, and W. Whittaker, of Morrisburg, as Deputies. The genial Captain informed us this morning that there are a great many new scales in Kingston and the country. All the old ones have been about abandoned. He referred to the magnificent scales in the Golden Lion Grocery and said that in most of the stores on Princess Street new balances had taken the places of those previously in use. The old wine measure have been done away with, the people have became convenant with the law, and know the consequences of disobeying it. The measure factory of Benjamin & Connolly, at Yarker, has been doing a flourishing business. When Captain Chrysler was appointed the firm only manufactured on a small scale. In 1880 the output was 2,000 measures, this year it will probably be 12,000. They ship to all parts of Canada. W. Young, of Batterson, is opening up a measure factory and promises to do a good business. He turns out 2,500 cheese boxes a year.

DESERONTO DOINGS.

Among the many attractions on Dominion day will be a yacht race. We may expect some fine racing. Purse not yet decided upon.

Mr. James Dryden, harness maker, has launched out in the hardware business. A good display of farm implements can be seen at his shop on Front Street.

Mr. George Stewart, the popular proprietor of the Deseronto House, has decided to enlarge his house at once. Hotel business in this town is at a premium.

A R.C. picnic will also be held at Deseronto Junction on the same day. The Bay of Quinte Railway will run excursion trains all day, giving guests a splendid opportunity of visiting the grove and enjoying a ride over the finest road bed in Canada.

Deseronto will be the centre of attraction on Dominion Day. July 2nd. The Cricket Committee will spare no pains nor expense to make the proposed demonstration a success. The programme, which will shortly be issued, comprises a full list of games, &c., and prizes amounting to nearly five hundred dollars.

CLARK v. ALLEN.

Action of ejectment brought by a married woman against her husband, tried at Napanee before Armour, J., and verdict for plaintiff with costs. J. Reeve for the defendant moved before Chancellor Boyd to set aside the verdict and enter a verdict for defendant. Burdett (Belleville) showed cause. The wife acquired the property since her marriage, which was in 1871, by deed from the heirs of her father, who was a grantee from her husband. The defendant claims that the land was not granted to her for her sole and separate use, and therefore she has not absolute control over it, and cannot eject him. The plaintiff on the other hand claims that she is the absolute owner, and is entitled to the rent and profits, which are in effect controlled by the husband if he is allowed possession; she therefore claims the right of ejectment, and the power to deal with her property as if she were a feme sole and the husband a stranger. Motion dismissed with costs.

OPERATING IN BRANDON.

Mr. Beecham and Alex. Trotter, of Brandon, in company with F. A. Wight have purchased the livery barn and two lots on Sixth street belonging to Molesworth for $4,000. They intend to put up a new building capable of holding 60 pairs of horses, and running a livery, feed and sale stable. The members of the firm are known to many in this County.

Burdett's Anti Dyspeptic.
IN DYSPEPSIA.
Dr. A. Jenkins, Great Falls, N.H., says: "I have prescribed it and can testify to its seemingly almost specific virtues in cases of dyspepsia, constipation and morbid vagrisms or wakefulness."

Every household is liable to be visited by sudden sickness. Often it occurs in the night, distant from the city, nothing in the house to give relief, the patient in care to get worse. A box of Ayers Pills, in such an emergency, would arrest disorders which, if not taken in season, may become deadly.

STOKERINGTON COUNCIL.

Decisions in Regard to Road Labour—The Canal Overflow—Renewal of Fences.

The Council met in Sunbury on May 28th, all the members present.

Moved by Mr. Shannon, seconded by Mr. Knapp, that James Toner, James Gascoyne and John Patterson be appointed pound keepers, and Henry Jerrolls, Patrick Linton, Patrick Gorman, Hugh West and Henry Clark road masters.—Carried.

Moved by Mr. Dougherty, that Joshua Gordon perform his statute labour on the allowance for road between lots No. 6 and 7 in the 7th concession.—Carried.

The Treasurer's report was read, showing a balance on hand of $3,361 94.

Mr. Shannon presented the petition of James Bennett and others for a grant to repair a bridge north of Batterson.—Carried.

Moved by Mr. Shannon, seconded by Mr. Knapp, that Alvin Dolan be paid $12 for covering a bridge near Crosby line.—Carried.

On motion of Mr. Hodgson Thomas Clark was allowed to perform three days statute labour under Mr. Bennett, overseer, and John M. Hodgson was allowed to perform half of his statute labour in division No. 14. Erwin Makin was allowed to perform half of his statute labour, and Daniel Wilham and James Dowlin do all their labour in division No. 15. Alex. Ritchie was allowed to do half his statute labour in division No. 7, and John Thorn his labour from the saw mill to the main road under John Miller, overseer.

Moved by Mr. Shannon, that Mr. Knapp be appointed to get the culvert repaired near Isiwun Clark's.

Moved by Mr. Dougherty, that James Bennett be paid $5 for repairing culvert north of Batterson.

Moved by Mr. Hodgson, that Joshua Knight be allowed to perform his statute labour under the overseer and No. 1 division from his place to the Sydenham road.

Moved by Mr. Shannon, that the amount charged for taxes against the west part of lot 31 in the 12th concession of Storrington for 1882 be refunded by $1 87.—Carried.

Moved by Mr. Hodgson, that William Walker's name be struck off the Road List of division No. 8, he having left the Province.—Carried.

Moved by Mr. Hodgson, that Mr. Samuel Knapp be paid $23 43 for repairing Maynard's bridge.—Carried.

Moved by Mr. Dougherty, that the Clerk communicate with Geo. A. Kirkpatrick, M.P., and request him to bring to the notice of the Minister of Railways and Canals the great injustice done to a number of farmers in this Township, by reason of the water in the Rideau Canal being kept to an unusual height. The water above Brewer's Mills is not required for canal purposes, but to satisfy the mill owners of Lanarkque the water above Brewer's Mills is now 9 ft. 8 in., and the Council calls upon the member for the County of Frontenac to use his powerful influence that justice may be rendered to the people.—Carried.

Mr. Shannon introduced a by-law to confirm the appointment of Township officers, which was passed.

Moved by Mr. Shannon, that James Toner, James Gascoyne and John Patterson be paid $5 each for building pounds.

Moved by Mr. Shannon, that $40 be laid out on the Washburn road, on the marsh between lots 11 and 12 in the 6th concession, and 11 and 12 in the 7th concession, under the supervision of John M. Hodgson, as the road is in a dangerous condition for public travel.—Carried.

Moved by Mr. Shannon, that the Clerk notify Mr. Hiram Jackson and Andrew Jackson to remove all brushes and other obstructions from the concession line between the 12th and 13th concessions, crossing lot No. 24 in the 12th concession Storrington, forthwith.

Moved by Mr. Dougherty, that Mr. Hodgson be authorized to sell a pair to repair a culvert south of Michael Kennedy's.

Moved by Mr. Shannon, that the Clerk call for tenders to repair the Court House outside.

Adjourned until the last Monday in March.

MONTREAL CONFERENCE.

At the Conference yesterday the report of the Board of Examiners was presented by Rev. J. W. Sparling, M.A., and adopted.

The report of the Temperance Committee was presented by Rev. Mr. Chipman and adopted. The Committee recommended that the ministers of the Conference preach a temperance sermon to their congregations on the third Sabbath in October.

Rev. S. Langley presented the Sabbath School report. After some conversation on the Sabbath School work the report of the Committee was adopted.

The discussion on the basis of Union was resumed. Revs. G. H. Davis, Forsyth, Hooker and Knowles addressed the Conference on this question until the hour for adjournment arrived. Before closing the President was presented by the young men composing the ordination class with a beautiful picture frame, containing their own photographs, with the President in the centre, accompanied by an address to which the President made a suitable reply.

The Conference adjourned.

In the afternoon session the report of the Children's Fund Committee was presented by Rev. D. Rogers, and after some discussion adopted.

The debate on Union was continued. The discussion was ably contested by Revs. S. Rond, W. Galbraith, Prof. Shaw, A. Campbell, Constable and Kinsman. The speeches on both sides were able and eloquent. The Conference adjourned at 5.30 o'clock.

The Stationing Committee meets this evening.

Many people are not aware that it is the wrapper of tobacco which gives the color to the plug, and are, therefore, often deceived by a handsome outside appearance. The wrapper is a single film of leaf wrapped around the plug, and is never good smoking tobacco. It is costly only because of its fine color. In the "Myrtle Navy" brand the chief attention is paid to the "filler," that is the inside of the plug. It is this which determines the smoking tobacco. A tobacco can be made to look as well as the "Myrtle Navy" without much trouble or expense, but at the same time be a very inferior article.

CONSUMPTIVES.—A name well known in connection with the Halo Remedy, which is above gray hair to its natural color by a few weeks use. Sold at 50 cents a bottle by all druggists.

CANADA PACIFIC RR.

Great Increase in Receipts—Deal With the G.T.R.—Extensive Tour of Inspection.

The receipts of the Canadian Pacific Railway for the last week in May show a most gratifying increase, being in fact $9,000 in advance of the same period last year and amounting to nearly $140,000 in round numbers. The road is now doing a rushing business and is drawing more freight than it can conveniently handle. Mr. George Stephen, the President of the Company, arrived from England yesterday. "Immigration from Europe to this country this year, he said, 'will be unprecedentedly high, and our prospects were never better than just now.

"Is there anything fresh regarding the famous negotiations between your road and the Grand Trunk?

"No, nothing; we are at peace with all the world.

"How with the G.T.R.

"Yes, and all we want is to be left alone to prosecute the large undertaking we have on hand.

Archer Baker, General Superintendent of the Canadian Pacific Railway, accompanied by Chief Engineer Smellie and a number of friends, have left on a trip of inspection to the Maitawa. Some time ago, the rapid progress made in the construction of the Road was noted, and since that date the progress has been still more rapid, the track now being laid over 20 miles past Big Sturgeon Falls. From a gentleman who recently visited the scene of operations it was learned that there was every probability of the railway being completed to Algoma before September next. Between this point and Prince Arthur's Landing the Company have secured a number of boats to run weekly trips until the remainder of the Road is completed. The distance in miles between Big Sturgeon Falls and Montreal is about 418, the track between these two points being at present in excellent working order.

SUNBURY MATTERS.

To the Editor, Daily Whig.

SIR,—In your contemporary a few days ago appeared an article, "Sunbury Invaded." I regret to find a respectable member of a religious organization held up to derision in a vein finding existence alone in the imagination of the writer. Apart from the falsity and the indelicacy of satirizing a personal friend it has a tendency to have an influence upon the organization to which its subject belongs—the Salvation Army, as it would deter many of a sensitive disposition from coming in the ranks for fear of being made a subject of a like paragraph. That this offensive was written to prejudice the Army's cause may be seen by referring to the Sunbury Shots, published in the same paper last week, where the same pen betrays hostility to the movement. With regard to the Army as an organization or movement which promulgates the Christian religion and preaches Christ and Him crucified, and which is calculated by its peculiar ceremonies to stray to its ranks those whom the more orthodox services and efforts of the Churches have failed to reach, must and will meet with a hearty God speed from every person who pretends to any concern for the religious and moral welfare of the community, and I earnestly hope that the Sunbury branch of the Army may continue the good work unopposedly begun regardless of the open scoffing of professed atheism or puerile effusions.—Yours,

A STORRINGTONIAN.
