TUESDAY.

Special Excursion to Manitoba, Dakota and the Far West.

SATURDAY EVENING, JUNE 16, 1883.

CITY AND VICINITY.

PROBS.—Moderate to fresh southeast to southwest winds, fair to cloudy weather with local rains.

GENTLEMEN wanting good fitting fashionable and well made garments should go to the new clothing store, Lamont & Walsh, 226 Princess Street.

SERVICES TO-MORROW.—Rev. Mr. Battery will occupy the pulpit of the Brock Street Presbyterian Church in the morning, and Rev. Prof. Fowler, of Queen's College, in the evening.

OPERA HOUSE.—Before the opening of the next theatrical season Martin will make improvements to the Opera House. It will be repainted, provided with new scenery, and a lot of new stage attractions.

EXTRAS TO VOTE.—At the recent vote in Gananoque for a bonus of $10,000 to the Rathbuns a number of ladies exercised their franchise including a sister of Judge Macdonald, Brockville. The ladies voted in favor of the by-law.

GRAND RE-UNION SOCIAL AND CONCERT.—The 3rd anniversary of re-union social will be held in the Methodist Episcopal Church on Monday evening, June 18th, 1883, commencing at 7 o'clock. Tickets only 25c. for admittance and tea.

SALVATION PIC-NIC.—Captain Abbie, Lieut. Ryerson and several of their corps went by the steamer Princess Louise this morning on a trip, inspecting places suitable for the pic-nic of the Salvation Army, which occurs in July. It is probable that Channel Grove will be selected.

PUBLIC PROCESSION.—A correspondent of the London *Catholic Record*, declared to be a leading gentleman, has written it to urge a public procession in Kingston on Corpus Christi Sunday. The *Record* has declined to publish the letter on the ground that the ecclesiastical authorities are those to whom such question should be submitted.

A LITTLE RASH.—The correspondent of the Picton *Gazette* at Kingston is not as careful as he might be. He changes a resident of Corbyville with being the undcer of Miss Phillips, recently before the court for infanticide. The young woman would not name her betrayer and the correspondent is acting on a supposition that may get him into trouble.

DEATH OVER THE WAY.—Robt. Chisolm of Capt Vincent, died on Tuesday, after an illness of three years, aged 71 years. The deceased was a Canadian, and felt that country for the west on the ill fated steamer Wisconsin, which was burned on Lake Ontario near Grenadier Island, in the month of May, 1868. In this terrible accident he had a wife, two daughters and a son drowned.

STRUCK BY A BALL.—Previous to the cricket match in Napanee a player threw the ball high in the air, and T. Y. Greet, of the Federal Bank, ran to catch it. He was looking up, ready to receive it. It did not touch his hand, but instead struck him on the forehead. Mr. Greet played during the first innings, but felt quite sick afterwards. To-day he was confined to his house.

PRESBYTERIAN CHURCHES.—The congregations of St. Andrew's and Brock Street Churches will shortly meet and prepare to have the pulpits filled. For St. Andrew's Church no names are definitely mentioned. There is, however, no intention of calling Dr. Cochrane, of Brantford. For the Brock St. Church the names of Rev. J. Ferguson, B.D., of Chesley, and Rev. Mr. Ross, of Delta, are spoken of. Both are graduates of Queen's University.

EVENING PARADES.

The Salvation Army had another parade last evening making a round of several blocks, headed by their band. The lines were kept well open, and the step of the young women and men showed the effect of Sergt.-Major T. Farrell's drilling. Dr. Wilson spoke at the meeting. He alluded to a cloud which had been hovering over him for some time, and of his doubt for a while as to how it would break; but, happily, the sun had burst through and peace and calm were enjoyed.

NOT BOUND FOR GLORY.

This morning Capt. Abbie Thompson, Lieut. Nellie Ryerson, W. H. Godwin, Rev. H. Harris and several soldiers started, not for glory, but for Channel Grove on the Princess Louise. Just before leaving the dock Capt. Rothwell felt that his boat was laden with too much heavenly matter, so he entered on board a worldly banker who acted as a sort of balance weight. A newspaper man was asked to go along, but felt that there was enough good people on board. After making an inspection of the grounds at Channel Grove and Horse Shoe Island the former was approved of, and there the Army will have a big barbecue early in July.

HERE AND THERE.

Laconic Arrangement of Items of Local and General Interest—Gossip that is Readable.

The other of "A Dock Laborer" will appear on Monday.

Frost was felt on the Islands on Wednesday and Thursday nights.

The SS. Cincassia passed inward at Cape Race, Newfoundland, at 9 o'clock on Friday night.

The demand for flowers has been great this Spring. The green houses are nearly stripped.

Boats and fishing tackle and live bait always on hand at H. O. Hitchcock's, Wolfe Island.

Four additional registration districts has been established in the North West Territory.

The Queen's College calendar for 1883-4, just issued, is a piece of printing which Kingston need never blush for.

The Ontario & Quebec Railway Company commenced ballasting the new track from Perth westward yesterday morning.

K. K. Thomas has sold to Mr. S. Carsley the property on Notre Dame street, Montreal, known as Alexander's, for $32,500.

An eminent writer asserts that men are largely creatures of change. Small change some of them; little ones for a cent.

The point has been left undecided as to whether Kingspoint College should have a representative in the Medical Council.

The tickets are going for the Choral Concert on Tuesday evening at the Opera House. It is a full repetition of this week's grand concert.

Opposition to Rev. Dr. Wilson rented itself in Synod greatly. He was dropped from the list of delegates to Provincial Synod. He still lives!

This afternoon there was a match between the Kingston Club and a team from "R. Battery, and as the sound played in the cricket field instead of the park.

Specimens of iron ore from the Calabogie mine have been taken to Perth town and pronounced the purest yet taken out along the line of the K. & P. RR.

Old Horton, an itinerant clock maker, who was serving a term in the Kingston Penitentiary for the murder of Mr Robinson, at Watford, died a few days ago.

During the holding of Conference in Peterboro the *Examiner* is issued as a daily. It is a handsome, readable sheet, and we hope ere long it will become a fixture.

The Picton *Gazette* reports that Assistant Paymaster Fits. Horrigan has returned to Kingston and resumed his position in the Salvation Army. We suppose it is near the door.

Last evening a foot race occurred in the City Park between W. Connors and J. McFaul, workmen in the Locomotive Works. The distance was 100 yards. McFaul won by about four yards.

Messrs. McIntyre and Agnew appeared before Judge Price in Chambers and asked that he appoint a third arbitrator in the case of the Salvation Army band issue. His Honor took the case *out ordem*.

If King Humbert would like to be a reporter and see the world we have no objection to change places with him. If he will give us the perquisites for a week he can take our position on the Whig. We'll risk dynamiters or double barrelled guns for any length of time.

Speaking of his appointment as Collector of London the Belleville *Ontario* says: "The high and valuable position for a man so young as Mr. Alexander has been won by his sterling ability, by thoroughly mastering his duties and faithfully performing them."

We are prepared to bet any amount of money that Capt. Abbie can handle the ribbons better than any school teacher in the city. She headed an animal up street this forenoon at a rapid rate, closely followed by her Lieutenant and a pedagogue in another rig.

PERSONAL MENTION.

T. Phillips, of the Royal Artillery, is at the City Hotel.

R. J. Kilbuck left for his old home at Newcastle to-day for a week's vacation.

Sir Charles Tupper's appointment as High Commissioner for Canada is gazetted.

Dr. Bell, Registrar of Queen's College, will conduct the services on Sunday in Knox Church, Perth.

Major General Laird will close the Military College for the summer vacation on the 29th inst.

Dr. Augustus Jukes, of Regina, has been appointed Inspector of the districts of Touchwoods, Regina and Souris.

H. M. Taggart, O. M. Puddick, Leander Soule, F. L. Puddick, of Watertown, are here with a pretty yacht called Zeta.

Col. Mackenzie, in command of the 4th Wentworth Battalion, claims to be the oldest volunteer in Canada. He entered the service in 1835.

His Lordship Bishop Lewis has gone to Picton, where to-morrow he confirms a large number of candidates in St. Mary Magdalene's Church.

Col. Villiers, D.A.G., inspected the 15th Battalion, Belleville, yesterday. Major King, Paymaster, performed the duties of his office agreeably.

Augustus George Boswell, barrister, Cobourg, has been appointed Deputy Registrar of the Maritime Court of Ontario, vice W. H. Weller deceased.

This afternoon Wm. Davis, late proprietor of the British American Hotel, left on an extended trip. He will visit friends at Boston and other places.

Capt. Wass arrived from the west this afternoon and will be with the Salvation Army, giving Capt. Abbie his assistance through the exercises of Sunday.

Drs. Fenwick and Lavell were appointed by the Medical Council members of the Committee to review during the recess the curriculum of study endorsed by the Council.

MARINE NEWS.

A Rush of Arrivals—The New Insurance Rates—Trouble in the Canal Towing.

There was a strong breeze to-day. Who looks after the storm signals?

The tug Perew has cleared for Montreal with two barges carrying 30,000 bush. of corn.

Capt. Sam Fraser is in port again with his craft. He will leave to-night for Lake Michigan to load timber.

The tug Glide has cleared for Montreal with six barges, carrying 80,000 bushels of grain and 1,200 tons of coal.

The steamer Maud took the place of the Hero yesterday and made the run to Picton in less than four hours. The steamer Armenia was beaten on the trip up.

The arrivals at the Kingston and Montreal Company are: Schr. Kate Kelly, Chicago, 17,000 bush. corn; schr. Dundee, Toronto, 16,000 bush. of wheat; prop. Europe, Chicago, 6,000 bush. of corn; Prop. California, Chicago, 7,000 bush. of corn; schr. Scorpio, Toronto, 10,000 bush. of corn.

The arrivals for the Montreal Transportation Company's wharf are: Prop. Chinaman, Duluth, 9,000 bush. of wheat; schr. Nassau, Chicago, 22,011 bush. of corn; schr. Westside, Chicago, 20,273 bush. of corn; tug Glide, from Oswego, with barges Oneida and Seneca having 1,200 tons coal.

The steamer Hastings presents a peculiar appearance, but there is every indication that she will make a powerful wrecking craft. Her after saloon has been cut down to the deck and here the necessary wrecking appliances are kept. She started out yesterday.

The Annie Falconer's Captain is delighted with the way they run the Grey & Bruce elevator at Toronto. He went for 4,000 bushels and when he had 1,000 in the affair broke up, and it is going to take two or three days to fix it, keeping him waiting. The cargo is wheat for Kingston at 1½.

The Richelieu and Ontario Navigation Company are now running a daily line between Montreal and Toronto. At present the boats stop at Gananoque both ways, but it is said that when the season is fairly opened the boats will stop at Clayton instead, but that proper connections will be made from Gananoque.

The Fire Insurance Companies doing business in the Dominion determined some few weeks ago to increase the annual rate on all steamers running in Canadian waters, the new rate being 1½ per cent., whether tugs or passenger boats. The Richelieu & Ontario line, now paying 80c., finding the increase rather excessive, the Directors of the Company determined not to pay it. The Montreal *Herald* learns that the whole risk was taken in New York by one of the most solvent Insurance Companies at one per cent.

TOWMEN'S CHARGES AGAIN.

Captains of American and Canadian craft, trading between Chicago and Kingston, are greatly agitated over the extremely high charges demanded by the towmen on the Welland Canal. The ring will be broken up, as there is a probability of the tugs Perew and Jessie Hall being placed in a pool of eight to do the canal service. The towage charges are at present enormous, and equal to three-eighths of a cent per bushel. The charges are driving trade away. The people of St. Catharines have long been fighting against tolls on the canals and harbor dues in Montreal, yet they permit the outrage on the Welland to continue in the shape of excessive tow bills. If Canada is to have its share of trade, now that there are no tolls on the Erie Canal, the Government must take the matter in hand and arrange a tariff of charges. For the great expense they have incurred they only ask one-half a cent per bushel in tolls, and the grain goes free to Montreal. For the little outlay of the tugmen they secure all. The thing must cease in the interest of trade. Western and Eastern men will combine and place tugs in the canal to do towing at a reasonable rate.

FASHIONABLE WEDDING.

At Trinity Church, Shannonville, on Thursday, a most interesting ceremony took place, being the celebration of the nuptials of Dr. D. W. Houston, of Cobourg, N.Y., with Miss Mary A. Roberts, daughter of A. L. Roberts, one of the oldest residents of the county. Rev. E. H. M. Baker, of Deseronto, officiated, assisted by the Rev. Mr. Eckhin, of Shannonville. The bride was handsomely attired in white satin, with lace trimming, and decked with a wreath of orange blossoms, while the bridesmaids, Miss Carrie Baker, daughter of the Rector, Miss Annie Roberts, of Port Perry, niece of the bride, and Miss Jennie Williams, of Shannonville, were elegant dresses of pale pink silk. The groom was assisted by W. L. Roberts, of Toronto, A. Roberts, of Shannonville, (brother of the bride) and F. E. Redick, of Belleville.

CAPT. LUDGATE HURT.

On Thursday night, in Toronto, while the members of the Salvation Army were engaged at service in their new barracks on Richmond Street the Captain went to the door to order away some loafers who were trying to create a disturbance and was struck on the leg with a stone. He was so badly injured that he had to be assisted home. A policeman was called but was unable to capture the party who threw the missile.

A STANDARD WORK.

Mr. A. P. Knight, the writer of a little book on Chemistry for Intermediates, has been informed that its sale is greater than the publishers anticipated, that the science masters and others to whom copies were submitted have spoken favorably of it. The publishers say that there is no doubt the book will become a standard work, being superior to anything now known to the profession.

THEN AND NOW.

A Sketch of the Salvation Army a Hundred Years Ago—First Attack on Kingston.

Mr. G. W. Andrews sends us the following contribution on the original work of the Salvation Army:

1783 is memorable on this continent for the close of the American Revolution, the declaration of independence, and the proclamation of peace. This year also was marked by the removal of a large number of emigrants from Great Britain and United Empire Loyalists from the United States. The first Salvation Army soldier in Canada was a Mr. Tuffey, a commissary of the 44th Regiment, and quartered in Quebec. He opened fire on the soldiery and inhabitants of that ancient city, being commissioned by the Holy Ghost and furnished with an abundance of ammunition. By his constant sharp shooting many were slain of the Lord. About the same time another soldier, Major Neil, of a Cavalry Regiment (which, at the close of the war was disbanded) crossed the Niagara River at Queenstown. He immediately attacked the settlers with the sword of the spirit. Scores were cut to the heart, sought and found salvation. Major Neil was a valiant soldier of the Lord Jesus Christ.

ARRIVAL IN KINGSTON.

Kingston at this time was a small village of some 250 or 300 inhabitants, who resided near the Tete de Pont Barracks and along Ontario (then and for many years after called Water) Street, to where the Grand Trunk depot is. The only known clergymen in Canada at that time were Revs. Mr. Bethune, of the Scotch Church, Lancaster; Langhorn, of the English Church, Bath; Addison, of Niagara, and Stuart, of Kingston. But a Gideon was on his way to Central Canada, Mr. William Losee, who received his commission at Albany, N.Y. He traversed the trackless forests on foot (the Captain of his salvation being his comrade) and crossed the St. Lawrence at or near St. Regis. He marched up the north shore to the village of Kingston, took his stand and fired his first shot very near the spot where Capt. Wass, Capt. Abbie and Lieut. Little opened their campaign on the Market Square. He was an intrepid soldier, having put on the whole armor of God, having his loins girt about with truth, and the breastplate of righteousness. His feet were shod with the preparation of the gospel peace. He had also the shield of faith, the helmet of salvation and the sword of the spirit, which is the word of God. He was a fearless horseman, usually riding upon the gallop, was impassioned, voluble, fearless and denunciatory, cutting deep and close. He frequently called on God to smite the sinner. Religion was not very much attended to in those days. Indeed for some time, during and after the American war, it appeared there was neither law nor religion in the country. But the Lord soon made an inroad upon the enemy's camp, and soldiers came marching along and barracks were erected on Rear, now Bagot St., which many will remember.

ELEMENTS OF SUCCESS.

One of the main elements of success, then as now, was the facility with which the soldiers adopted any method or agency which seemed to be destined to promote the salvation of men and the glory of God. They were great innovators then as now on church work, being not at all satisfied to let things run in the old rats—singing revival hymns (no tambourines though or band,) catching up popular song tunes, adopting these to the hymns, open air meetings, every new convert a Recruiting Sergeant, "all at it and always at it." Since then they have grown to an immense army and have spread themselves from east to west, from ocean to ocean, and north and south, from the great chain of Lakes to the Hudson Bay, and they are going on to conquer.

WOMEN'S MEDICAL COLLEGE.

Last evening the adjourned meeting of the Committee who have been interested in the financial feature of the scheme was held in the Council Chamber. There were present A. P. Knight, Convener; J. Carruthers, G. S. and Mrs. Hobart, Dr. and Mrs. Skinner, Miss Dickson, Dr. Bell, J. Middleton, R. M. Horsey and others. Mr. Knight reported that he had received promises of contributions to the extent of $1,140 per annum for five years, that the promise of additions to the list was promising enough, but that he could not find the time for the balance of the month to prosecute the work of canvassing. The matter was then discussed, and the decision reached that the canvass should be conducted systematically, by gentlemen going in pairs over certain districts. Mr. J. Carruthers was given the list of Committees, and he has undertaken to see that they do the service for which they have been selected. The feeling of the meeting was that the Kingston scheme would not be affected by that launched in Toronto, that here the medical education of women was commenced and here it should be continued under a change of circumstances. There does not seem to be ground for doubt about the success of the College, or about the finances required to fairly establish it.

IN A FUNNY MOOD.

Just before the adjournment of the Synod of Ontario the clergy became exceedingly good humored, and the different speakers had to stand a perfect fusillade of comic comments. One young man suffered a complete break down in consequence of the unkind suggestion of a venerable brother. The speaker was detailing the effect of a Canon to empower the clergymen to appoint an agent to make collections towards the Mission Fund. He had a fear that the change would not work well, that if the people stored their hearts against the attacks of the young women they would steal them against the men. It was at this point that the interruption occurred. "So long as they don't steal the collections the Synod will be satisfied," a remark which has pleased the ladies' advocate and caused him to sit down with a look of ineffable contempt.

CRICKET MATCH.

Kingston vs. Napanee—Our Club Play Their First Foreign Match and Score a Victory.

The match which took place at Napanee yesterday was the first foreign game that the K. C. C. has played this season, and we congratulate them on the success that attended their first effort. Kingston went first to the bat and to their great disappointment only succeeded in scoring 33 runs, and this being the case the only thing to be done was to keep the Napanee team from scoring. This was effected by the unerring bowling of Messrs. Galloway and Ireland, whose efforts were heartily seconded by the other members of the team. Their fielding showed that they were alive to the requirements of the situation. The score shows that they were tolerably successful. In Kingston's second innings the batting of Ireland, Jones, Galloway and J. Shannon was good, more particularly that of the first mentioned whose off play was much admired. Napanee's first batter did not seem to "come off" yesterday, and the ground was somewhat against scoring. In both innings Dudley bowled well for Napanee, and in the second innings Smith, Galloway, Kilbeck and Betts did good execution for the Kingstonians. Subjoined we give the score. We had almost omitted to mention the excellent long stopping of Kilbeck, who is a young cricketer of much promise; and if he continues to wield the willow he will in time rank with the Graces, the New halls and others.

THE COMING EXAMINATIONS.

Next week the Matriculation examinations occur, and in the week following the Intermediates. Later on there will be the usual reviews and promotion tests prior to the midsummer holidays. The latter part of June is usually brim full of anxiety to those engaged in the educational struggle.

Z. Parvoir has great success this year in fine coloured worsted and Scotch tweeds for suitings. His expectations have been more than realized; he having been obliged to re-order the above. Anyone in need of a suit would do well to call on him as he guarantees a good fit and uses first-class trimmings.

VISIT TO KINGSTON—SPECIALISTS

From the International Throat and Lung Institute, 173 Church St., Toronto, will be at the City Hotel, Kingston, two days, June 22nd, 23rd. The Surgeons will have a supply of Spirometers, the invention of M. Souvielle, of Paris, ex aide surgeon of the French Army, for the cure of Catarrh, Catarrhal Deafness, Bronchitis, Asthma and Consumption. Consultation and trial of the Spirometer free. Don't fail to see the surgeons while here, as they make a specialty of diseases of the Head, Throat and Lungs, and are curing thousands of cases every year that have been given up to die by doctors in general practice. Crowds are visiting them in every town and city. As proof of our wonderful cures we would refer you to Mrs. Spike, Harrowsmith P.O., near here, Consumption; H. Milne, Kingston, Asthma; Mr. Dillomberlle, Ottawa, Catarrh; Eli Caverly, Aylmer, Que., Consumption; J. D. Armstrong, Toronto, Catarrhal Deafness; Geo. Agar, New Edinburgh, Bronchitis and Lung Disease; and thousands of just as wonderful cures which we could refer to. For particulars write to 173 Church Street, Toronto or 13 Phillips Square, Montreal.

Consumption.

From H. B. Smith, Esq., a prominent Merchant of Bonetouche, Kent county, N. B., under date June 8th, 1877.

Dear Sir,—I have suffered for some years past with Cough from Affection of the Lungs, Spitting of Blood, Weakness of the Chest, and Want of Appetite, and have tried many so called remedies but without any effect whatever until I commenced using Benson's Processed Emulsion. I have now taken 6 bottles, and find this quite equal to what it is represented to be, for it has worked like a charm, and I can cordially recommend it to all who are affected as I have been, as I feel it is going to make a perfect cure of me. I still continue it, and I must say I never took anything equal to it. If you wish to make any use of this for the benefit of yourself and the world at large you can do so, for I think it should be known. I remain, yours truly.

(Signed) H. B. SMITH

These are Solid Facts.

The great blood purifier and system regulator ever placed within the reach of suffering humanity, truly is Electric Bitters. Inactivity of the Liver, Biliousness, Jaundice, Constipation, Weak Kidneys, or any disease of the urinary organs, or wherever requires an appetizer, tonic or mild stimulant, will always find Electric Bitters the best and only certain cure known. They act surely and quickly, every bottle guaranteed to give entire satisfaction or money refunded. Sold at fifty cents a bottle by J. George King.

An Answer Wanted.

Can any one bring us a case of kidney or liver complaint that Electric Bitters will not speedily cure? We say they can not, as thousands of cases of already permanently cured and who are daily recommending Electric Bitters will prove. Bright's Disease, Diabetes, Weak Back, or any kindred complaint quickly cured. They purify the blood, regulate the bowels and act directly on the diseased parts. Every bottle guaranteed. For sale at 50c. a bottle by J. George King's.
