DARK DAYS.

Ah, me! ah, me! the years, dark days,
When moments did drag so heavily along
When dismal were its weary waits,
And doubt was never long departing
When Sadness seemed my best half phase,
Impenetrable, hopeless, vain;
And I was longing to let slip
The work that since has brought me gain!

The dark, dark days, when wo-pang shook
And whining winds seemed but to be
The echo of that human woe
Whose deeper meaning was to me.
The days when love had proved untrue,
And friendship but a broken reed—
A broken reed that pierced my heart
And made it ooze, dumbly bleed!

The dark and dreary days in which
The body would not serve the mind
And Painful languors had the power
My will in impotence to bind!
When fairly called me with strong voice,
And heedless both of blame and praise,
I answered her with faltering heart—
Oh, the long, aching years, days!

But then, O soul, then were but one,
Big one in a great company
And each had had some days as dark
As any that had come to thee
For who every life must fall
The solemn rain of human tears,
And love covers life in being
The sombre clouds of drifting fears.

But not in laughter and in song
Was I the noblest lesson taught;
Twas in the struggle of dark hours
My soul to highest uses was wrought.
Then Faith, Endurance, patience, Hope,
Came near, and made me strong for strife
And thus the storm of life's dark hours
Brought me the harvest time of life.

CHURCH STATISTICS.

Facts Elicited at the General Assembly of the Presbyterian Church—Marching On.

At Friday's meeting of the General Assembly the Missionary Committee read an interesting report. The work in certain portions of Ontario and in Quebec were being well sustained, but interest centred in the report for the East and West, thus

There are about 3,000 Presbyterian families within the bounds of the Manitoba Presbytery, and about 2,000 young men living on their homesteads. It will appear that there are 184 stations and congregations embraced in 45 fields. Of these 34 stations are new. The number of families is 1,800, and of young men 2,264. The number of communicants reported is 1,977, of whom 678 were added during the year. The number of baptisms is 368. The average Sabbath attendance returned is 4,404, which is rather better than above the actual average, as in some cases there is no member given for the second service. Thirty-six Sabbath Schools are organized, with an attendance of 1,234. As might have been expected the

NUMBER OF THE MISSIONS

is small. Wherever practicable interim sessions were appointed. Till congregations can elect those who shall undertake their spiritual oversight managers are everywhere appointed. There are 29 churches and four manses, of which eleven churches and three manses were erected during the year. The contributions on salary accounts were $14,397, for schemes of the Church $730, and for all purposes $29,968. The value of Church property is estimated at $35,000, on which there is a debt of $12,418, most of which is due to the Church and Manse building fund. Complete returns would largely increase the value of Church property.

RAPID PROGRESS OF THE CHURCH.

Two years ago there was not a house in Brandon; now there are 4,000 souls. The congregation of last year was estimated at between 40,000 and 50,000, large numbers being members and adherents of the Presbyterian Church. Services have been held in many new places with gratifying success, although the supply of missionaries is very inadequate. An appeal is made for an increase of salary to the missionaries. The Church and Manse Building Fund has now reached $80,000. Eleven churches and three manses were built since the close of 1881-2, and two other churches finished.

THE BRITISH PROVINCES.

During the past year there were ordained ministers employed, 12; probationers, 9; theological students, 32. Licensed missionaries are placed at several places in Newfoundland, New Brunswick and Nova Scotia, such as Little Bay, Newfoundland and New Richmond, New Brunswick. Thirty-six week charges were aided with grants varying from $50 to $200. The money raised and expended on the mission areas and mission stations is $4,644; in aiding weak congregations, $4,000; in removal of the debt and gaining a working balance, $2,300; in aid of Manitoba, all the debt has been removed within the year and a balance left of $800.

SUPPLY OF THE CHURCHES.

Moved by Mr. S. H. Warden, of Montreal, seconded by Mr. McKay, "That with a view to increase the salaries of the ministers of the weaker congregations to $750 per annum and a manse, the Home Mission Committee and the Supplement Committee of the Eastern Section revise the present regulations or frame such additional one as may be necessary and establish conference to the accomplishment of this object."

Rev. Mr. Warden claimed that by the provisions of the Montreal system not less than $1,000 would be added to the Home Mission Fund. Provision was made that the general funds should not suffer, while the minimum salary of $750 was secured to each minister in the presbytery.

Rev. A. B. McKay said the condition of things which permitted a salary of $4,000 to be paid to some ministers and compelled others to labor for less than $600 a year was scandalous.

PRINCIPAL CAVEN'S SCHEME.

The Moderator supported a proposal of Principal Caven. He said it would require from $20,000 to $25,000 to accomplish the end in view. He could not favor the principle of a contribution fund.

Rev. Robert Campbell, Montreal, said it should be learned from the Montreal Presbytery that an appeal to local sympathies was a very powerful influence, and an extension of the system could scarcely fail to be advantageous.

Principal MacVicar was in favor of the motion.

Rev. R. J. Laidlaw, Hamilton, supported the scheme of Principal Caven.

Rev. Principal Caven asked to be permitted to add the following words to his motion. Except that the extent of the supplement to ministers in the North West shall be regulated by the action of the Assembly on the Home Mission report last year.

The amendment of Mr. McLeod was lost by a very large majority, and the amendment by Mr. Warden was also outvoted.

DR. GRANT MAKES A MOTION.

On Principal Caven's motion, on the question of "Shall the motion now pass" being put by the Moderator, Principal Grant moved in amendment, "That in view of the unanimity of sentiment in the Church on the subject of increased ministerial support, the General Assembly resolves

1. That it is the duty of every Presbytery in the Church to see that no minister settle over a congregation within its bounds receive a smaller stipend than $750 or $700 and a manse;

2. That it is the duty of Synods to see that Presbyteries attend to this important matter and to devise methods by which Presbyteries having resources inadequate to the work shall be assisted by the wealthier Presbyteries within the Province;

3. That the Presbyteries of the Church are hereby enjoined to visit the congregations within their bounds during the year, and by that or in some equally effectual way ascertain what amount of outside aid is required to secure the above named minimum stipend and that they report accordingly to the next meeting of their respective Synods.

That the various Synods take the whole subject into their earnest consideration and report to the ensuing General Assembly, whether it is possible to attain the end desired by this way without aid from the Synod;

The General Assembly agrees to the foregoing resolution with the confident hope that each of its four Synods will take action so that the minimum stipend will be assured independently of and from other Synods, and that the work of home mission proper and the whole of our work in the North West shall be carried on by a general fund contributed by the whole Church, if further the General Assembly instructs its Home Mission and Supplementing Committees to use their utmost efforts during the ensuing year to carry on the work committed to them. To be further considered.

FOREIGN MISSIONS.

Prof. McLaren, Convener of the Foreign Mission Committee of the Western Section, submitted the annual report. The total receipts were $64,111, and the balance on hand $17,000, a balance of $6,000 in excess of that of last year. He referred to the offers of Messrs. John and W. Gooderham, both of Toronto, to pay the expenses of the missionaries to China, and $300 in addition, provided a new field were entered upon. In conclusion, he resigned the convenership of the Foreign Missions Committee, which he had held for sixteen years.

The report of the Eastern Section was then submitted by Dr. McGregor. The expenditure in Trinidad was $17,000, and of this amount $10,000 was raised in Trinidad.

Prof. McLaren begged to acknowledge the valuable work of the woman's foreign missionary organizations, which had raised the large sum of $7,000 in behalf of these missions.

☞ Practice economy by using the Tryanglo Dyes. Perfect in both dark and light shades. Ask for three cornered package 10 cents.

VISIT TO KINGSTON SPECIALISTS

From the International Throat and Lung Institute, 173 Church St., Toronto, will be at the City Hotel, Kingston, two days, June 22nd, 23rd. The Surgeons will have a supply of Spirometers, the invention of M. Scarulle, of Paris, an aide surgeon of the French Army, for the cure of Catarrh, Catarrhal Deafness, Bronchitis, Asthma and Consumption. Consultation and trial of the Spirometer free. Don't fail to see the surgeons while here, as they make a specialty of diseases of the Head, Throat and Lungs, and are curing thousands of cases every year that have been given up to die by doctors in general practice. Crowds are visiting them in every town and city. As proof of our wonderful cures we would refer you to Mrs. Spike, Harrowsmith P.O., near here, Consumption; H. Miller, Kingston, Asthma; Mr. Delloucherville, Ottawa, Catarrh; Eli Caverly, Antrim Out., Consumption; J. D. Armstrong, Toronto, Catarrhal Deafness; Geo. Agar, New Edinburgh, Bronchitis and Lung Disease; and thousands of just as wonderful cures which we could refer to. For particulars write to 173 Church Street, Toronto or 13 Phillips Square, Montreal.

Wait a Minute

And read this. You may be troubled with corns and if not at present they may take root in the near future. Therefore want to tell you what to use in order to make a perfect cure, and especially what to avoid. Of course like the majority of people you will want to use the best that is to be had. That is Putnam's Painless Corn Extractor. Sure, safe, painless. Avoid, then, the article "just as good" or the something else "as good deal better." You will regret using anything else than Putnam's, for it don't hurt, and you can't tell what the others will do until you try. Don't live to be sorry when you can so easily prevent it. Polson & Co. props

William David

is now in business again keeping a broker store in the place formerly occupied by Mr. Dennis, next to Robinson's carriage shop. Wm. David has on hand a large assortment of household goods. All he wants is the people to come in; he is sure to sell. He has a lot of new clothing; tweed suits for $6.75; navy blue and diagonal pants $1.85, 200 dos watch crystals at 10 cents each.

Mr. Thos. Glen, carpenter, St. Thomas, says my wife has long been troubled with Constipation, she has used a great many so-called cures, but without doing her any lasting good. Dr. Carson's Stomach Bitters cured her and she thinks it the best medicine ever made. For sale by all druggists everywhere, in large bottles at 50c.

Tea Most frightful scourge of humanity is Bright's Disease of the Kidneys. Commencing with a little pain in the back, it harries the sufferer to a premature grave. Dr. Van Buren's Kidney Cure is the only known remedy that prevents the fatal result. Take it in time.

Nervous Neuralgia, of no matter how long standing or how severe, will readily yield to the curative power of Dr. E. C. West's Nerve and Brain Treatment. Sold by W. J. Wilson.

☞ The colors of the Triangle Dyes are so beautiful, and their use so simple, they shed the dye market of the country. 10c.

2. Paroxor has great success this year in fine coloured worsted and Scotch tweeds for suitings. His expectations have been more than realized; he having been obliged to re-order the above. Anyone in need of a suit would do well to call on him as he guarantees a good fit and uses first-class trimmings.

Know

That SULPHUR AND IRON BITTERS will make the weak strong and gives the feeble, nerve.

Will increase the muscular force and double the staying power.

Will insure a hearty appetite and increased digestion.

Will give sleep, sound and refreshing in due season.

Builds up the constitution and makes the weakest rugged.

Strengthens feeble women and makes puny children strong.

Cures General Debility and gives a new lease of life.

Will infuse with new life the weakest invalid.

The Habits, occupations, vices and unnatural modes of living which seem to follow civilization have the effect of depleting the human system of its necessary supply of iron, and science having discovered this, was bound to find means to re-establish that supply. It was an important, and difficult task! But it has been accomplished. In the SULPHUR AND IRON BITTERS which have so quickly secured the endorsement of medical men as well as the public generally.

Iron in combination with other vital Tonics is found in a proper form for quick assimilation, and the opinion of the ablest medical men who have examined this preparation is that it is the best thing of the kind ever invented.

SULPHUR AND IRON BITTERS Sold by all Druggists and at Depot 150 St. James St. West, Montreal, Price 50c.
