Daily British Whig.

Office per Orton Date.

MONDAY EVENING, JUNE 25, 1883.

The Regina *Leader* (Tory) hopes Mr. Rufus Stephenson and Commission Walsh will soon be on hand and take the settlers out of pain. They will do the best stroke of work they can do for the Government and the country if they give the settler at least his home stead.

It is reported that His Honor Judge Morrison will shortly be superannuated from the Court of Appeal, to be succeeded by Judge Cameron, who in turn will be succeeded in Queen's Bench Division by Judge Ferguson. Messrs. Maclennan and Rose, Q.Cs., will be elevated to the Bench, the former in the Chancery Division and the latter as fifth Judge of the Court of Appeal.

CRYING EVILS.

The marine business to-day is in as unsatisfactory a condition as it has ever been. Rates are low and there seems to be little freight to carry. Under such circumstances, to avoid loss and bankruptcy, vessel men and forwarders must economise and resist extortion. There is no doubt that at this moment crying evils exist, and the greatest of all is the towage tax on the Welland Canal. The tugmen are entitled to fair rates, but when they combine to impose upon those who must employ them, charging ¾ of a cent per bushel upon all the grain coming down and making the up bill such as property owners in even good times might have reason to object to, it is time to create a disturbance. The complaint against the present outrageous tariff does not come from one captain or half a dozen of them; it is general and demands the serious consideration of the Government. The Acting Minister of Railways and Canals can, if he choose, inform the tugmen that he will not allow the existence of a combination which is doing the trade an irreparable injury. It is not to be expected that if the tax can be avoided men will continue to pay it, that traffic will continue upon an expensive route if a cheaper one is available. This fact is quite palpable. Things have reached a condition when prompt action is necessary, and we shall call for that action with all the persistency and vigour we can commend. We came to the relief of the mariners when they suffered by reason of the shortage charges and the obnoxious Customs' regulations, and in that respect we claim to have been largely instrumental in securing a remedy. We hope to be equally successful in our war upon the canal tugmen, and if the St. Catharines papers do their duty they will join us in the onslaught. It is as much to the interest of that city as it is of this that an end should be put to the ring operations. Yesterday the tug Active and her consort arrived here, and their canal towage and toll accounts are said to have amounted to over $800. It does not require extraordinary prescience to see the effect of this heavy assessment upon the trade. It does not require a prophet to predict that unless the canal and tug thrifts are made more moderate in time the lake trade will have dwindled into an insignificant state.

AN UNWISE ACTION.

The Carleton County Council have done that which must add greatly to their own embarrassment. They have reduced the salary of the gaoler to $500 per annum, a drop of $400. This action is unwise and done for a purpose in the accomplishment of which there can be no hope of success. The Ottawa gaol is an important one, and usually contains a large number of prisoners. It is but reasonable that the Government should be anxious that in the changes of officials the interests of justice should be in no wise menaced. It is no secret that, the Sheriffs being agreeable, an exchange was suggested, a new man being sent from Ottawa to Kingston, while Mr. Corbett (who has been pronounced by the Inspector as one of the best gaolers in the Province) was to be despatched to the Capital. The change would not have advantaged Mr. Corbett financially, nor would the new comer suffer a monetary disadvantage. But the Carleton County Council, acting we presume impetuously and without a due regard for the law, cuts down the salary, makes the remuneration of the gaoler less than that of the first turnkey, but with the understanding that if a local man got the local position the by-law will be rescinded at the earliest opportunity. The Municipal Act, Sec. 440, chap. 174, says:

"The Sheriff shall have the care of the county goal, goal offices and Gard and gaoler's apartments, and the appointment of the keepers thereof, whose salaries shall be fixed by the County Council, *subject to the revision or requirement of the Inspector of Prisons and Public Charities.*"

Again, in the Act to amend the Municipal Act, to which assent was given on March 5th, 1880, sec. 27 says:

"Every appointment or dismissal of a gaoler shall be subject to the approval of the Lieutenant Governor."

There is no mistaking the meaning of this law, and now that action has been made necessary the Government cannot hesitate to enforce the statutes. It is not many years ago since the Frontenac County Council committed the mistake of supposing that they could remove a goal official by reducing his salary to a figure which no man of ability would accept and no one of respectibility and honest intentions could live upon. When next they met the Government Inspector requested them to raise the salary, not to what it was before but to $100 above the highest figure which it had ever reached. Resistance was useless, and the Council sensibly abstained from indulging in it. The Hastings Council has had similar experience. Its attempt to drive out a gaoler by refusing him a fair salary was a failure. Under these circumstances the Carleton legislators must see how futile is their attempts to destroy an arrangement which does not saddle an expense upon them and which promises the best results in the interests of justice.

QUOITING VERY POPULAR.

On Saturday the Kingston Quoit Club had a match on the cricket field. The attendance was good, and the interest in the game such as to demonstrate its popularity. The following is the result of the play occuring on the first ballot:

1. Hinds, 17; Hall, 41.
2. Empey, 41; Fraser, 30.
3. Watson, 41; Funnell, 33.
4. Morahan, 41; Little, 23.
5. McCormack, 41; Miller, 13.

The second ballot terminated thus:

1. Hall, 41; Watson, 31.
2. McCormack, 41; Miller, 23.

Hall and Empey play off for the first and second places to-day.

The Club, at a meeting, declined to go to Deseronto on Dominion Day though the inducements were strong. The citizens will be asked, however, to help in getting up a match in connection with which a number of purses will be offered.

After the match on Saturday Mr. Fraser, the President of the Club, presented the quoits donated by the Captain to the winners, P. Morahan and W. Miller. He stated how the quoits came to be given, how they had been played for, and complimented the winners upon their success. He was glad to see the Club in its present efficient condition, and hoped the practices would be continued as they had been conducted so far. He made favourable mention of the interest Mr. Dodds had always taken in the game.

CHANGE OF MAIL. — Owing to the change in the time table of the Grand Trunk RR., the mail for the West closes at 12:30 o'clock, that for the East at 1:30 o'clock; the night mails, as usual, at 9 o'clock p.m. To-day the Western mail was distributed before 2 o'clock. The American, Western and Eastern mails arrive in rapid succession, making the clerks move around rapidly.

GOT A WATCH BACK.—The value of C. Mitchell, a commercial man, of Kingston, stolen at a Western station on the G.T.R., was recovered at Cobourg. It was found under the station platform, empty, of course. One watch, sold for 50c., was recovered. The detectives are now looking for the ten other watches taken from the valise.

CIVIC FINANCES.

What the City Has to Pay This Year — No Increase of Taxation — Little Public Improvement.

The budget of the city corporation for 1883, as mapped out by the Finance Committee for the acceptance of the City Council, was printed and circulated to-day. The taxation is again sixteen mills on the dollar, and once more in order to do this the expenditure is crowded very closely upon the revenue, the estimated surplus being only $128. The assessment in this year $6,016,305, being $298,223 more than last year, but the Committee find that the additional tax on this will produce, as well as the gap left by there being no call for a $3,000 grant to the Provincial Fair this year, is covered by the necessary outlay of the streets, fire and printing departments. It is a question whether, while times are good, it would not be wiser for the Council to add a mill to the taxes for such improvements as will redound to the city's credit, notably the King street esplanade, ornamentation of Victoria Park, and such as are very necessary for sanitary reasons—the completion of large drains north and south, from the Williamsville commons, through Victoria and Frontenac Wards. However, $1,000 is devoted to the latter object a good beginning. When harder times comes it will not be possible to undertake extensive works with satisfaction to tax payers.

THE BALANCE SHEET.

The state of the city's floating assets and liabilities at the end of 1882 was very little changed from the previous year, as the Council is to be commended for living within its means if not for enterprise. There is an apparent surplus of $3,217 42, but it is by no means real, since one of the assets is an "amount due by property owners in respect of Montreal, Grove and Division Streets, $7,264.76," which can never be collected. This would call for a deficit of $2,047, but this again is more apparent than real, as a balance due to public schools of $1,130 has lain for years; $336 is laid at the credit of new Montreal, Division and Grove Streets, though the special appropriation accounts are closed, and there were personal accounts owing of $36.51, liable to reduction. The other items are merely accounts and matters closed up before the new Council's expenditures began. The debenture debt is not stated, but it is being steadily reduced at the rate of $10,000's year.

THE REVENUE.

Rent Market Building	$ 1,086 00
" Market Tolls	3,000 00

Non Resident Tax	600 00
R. & P. R. purchase of lease	750 00
Taxes net	87,664 08
Estimated Revenue	106,531 48

The revenue as estimated will fall short of 1882 in these respects: Rents, $952; fines and fees, $160; frontage, $73; Cataraqui Bridge, $200; Clergy Reserve, $31 36; non Resident Land Tax, $226. Besides the increase on taxes, the amount of which is not stated, the revenues this year are benefitted as compared with 1882, by $340 on licenses, $98 on interest, and $750 from the K. & P. R.

THE EXPENDITURE.

Interest on debentures	$ 24,078 00
Redeeming debentures	12,300 00

Insurance	826 00
Lighting streets	2,249 00
Extension Bagot street	900 00
Incidentals	2,076 50
Total expenditure	$106,223 11

The increases in expenses over last year are: Debenture payments, $12; schools, $314, though the High School is decreased; floating interest, $126; parks, $400; printing and stationery, $803; elections, $49; Fire Department, $501, the proposed alterations of engine house costing $618; salaries, $159.80; streets, $3,361, including $1,000 for Victoria Ward drain; $200 for North street drain; $900 for Bagot street, and insurance $826, being every three years.

The decreases in outlay this year are: Incidentals, $2,579; police, $97; markets, $46; and administration of justice, $686. The tendency seems to run into the direction of more expense, the saving being chiefly on two items, jury expenses and fair grant.

INCIDENTAL ITEMS.

Among the incidentals are these appropriations:

Law expenses	$800 00
Pauper passages	150 00
Hospital	300 00
Medical attendance	75 00
Selecting jurors	60 00
Registration	75 00
Revision of Voters' Lists	75 00
Coffins and interments	30 00
Registry Office	140 00
Deputation to Ottawa	60 00
Rent nuisance ground	77 50
Grant to Central Fair	200 00

An increase of $100 is made to the City Solicitor's salary, but $200 is taken from the Tax Collector. This is the most uncalled and unwise action the Finance Committee has ever taken. Because the Collector gets through work within nine months which his predecessors used to spread over the year, and much longer, the value of his three months' freedom is deducted. The policy in mercantile life is to put a premium upon expertness and efficiency; in the city of Kingston corporation the aim appears to be to encourage inefficiency and delay settlements. It is thus freely advertised that the city official who furnishes his work promptly will pay dearly for his folly.

PULLMAN REGATTA.

A New Prodigy — Beating Courtney's Fast Time — Hanlan's Last Performance.

Pullman, Ill., June 23.—The sculling regatta on Lake Calumet to-day developed a prodigy in the person of young Teemer, McKeesport, who won a place in the final struggle yesterday. To-day in the consolation race he covered the three miles in 20m. 14s. thus lowering Courtney's best record of 20m. 40½s. and upon which his reputation has been built.

DOUBLE SKULL RACE.

The starters were in the order given Hanlan and Lee, Plaisted and Parker, Hosmer and McKay, Gaudaur and Kennedy, Weisberger and Clayton. Hanlan and Lee led of at 45 strokes, and were pushed for one mile by Hosmer and McKay. Weisberger and Clayton keeping well up. Plaisted and Parker dropping back early. Hanlan and Lee passed the mile and a half buoy in 8m. 42s., McKay and Hosmer second, Gaudaur and Kennedy third, Weisberger and Clayton fourth, and Plaisted and Parker fifth. After starting for home Hanlan and Lee increased their lead materially, and before passing the two mile buoy ceased rowing for fully ten seconds. They started again, leading by six lengths, and pulled strong to the finish, increasing the gap momentarily, and crossed the line in 19m. 37s., Hosmer and McKay coming 23 sec. later, Weisberger and Clayton 9 sec. after them, Gaudaur and Kennedy fourth, and Plaisted and Parker fifth.

Chicago, June 23. — Hanlan, oarsman, declares his intention to become a resident of this city. He expresses the hope of beating all his records this summer and then stop rowing.

RUMOR NOT CREDITED.

Toronto, June 25.—The report that Hanlan intends making Chicago his home is not credited here. It is looked upon as an attempt to force the License Commissioners to grant a liquor license to the Champion. The same rumour was set afloat last year in regard to Hanlan's proposed residence in New York.

FINANCIAL CRASH.

Confidence Destroyed — Downfall of Some Banks Expected — Arrest of One Manager.

New York, June 23.—A Paris despatch says the Bourse is as a complete stand still. All attempts to stimulate the rise of stocks are utter failures. All credit and public confidence are destroyed. There is an abundance of money, but all faith in the investments seem to have vanished. German banker Erlanger appeared at the Police Correctionelle on Saturday on a charge of unlawful transactions connected with the Credit General Francaise. The Court ordered a criminal investigation. The downfall of the Credit General Francaise is expected, and it will doubtless carry with it several other institutions. The affair creates great excitement on the Bourse. The authorities seem to have received instructions to run down all bankers whose solvability are suspected. A large number of documents were seized at Erlanger's, and the charges must be serious. He is supposed to be Bismarck's agent. It is thought that some arrests will be made. Originally Erlanger's enormous fortune was made by loans contracted during the American war. The Credit Lyonnaise is in a peculiar state, being overwhelmed by enormous expenses. The Societe de Depots et Comptes Courants would have to suspend if called upon to pay what it actually owes the bondholders. The police also visited Banque d'Arriage et de Credit, with which Wilson, son in law of President Grevy, is identified.

BUILDING A BIG CHARIOT.

At the London Salvation "tea fight" Major Moore said he was having a chariot, which was built for Napoleon I., refitted in New York, and on the 4th of July they intended to roll along and kill a fatted calf and celebrate the return of many prodigals. The means employed by the Army attracted attention and induced sinners to return to the Lord.

Capt. Abbo remarked that they had succeeded in saving 1,000 persons in Kingston in five months, and the work still went bravely on. They had turned hundreds of hells into heavens, and hundreds of miserable women, who had only rags to their backs had now four clean dresses and a uniform (cheers) and their formerly drunken husbands were kind, sober, and industrious.

Major Moore and Capt. Shirley have been ordered by General Booth to return to England for a rest.

ROYAL MILITARY COLLEGE.

The following is the programme connected with the inspection at the College on Tuesday next:

Inspection of riding class, 10 to 10:45 a.m.

Gun signalling with heliograph, 11 to 11.30 a.m.

Gymnastics, 12 to 12:30 p.m.

Artillery exercise, shifting of heavy ordnance, 3 p.m.

Inspection of military engineer works, 3:15 to 3:30 p.m.

Inspection of drawings, plans, etc., executed by the Cadets during the term, 3:30 to 4:45 p.m.

Infantry parade and inspection, 4:15 to 4:45 p.m.

Assault of defensive works, 5 to 6 p.m.

Presentation of diplomas and prizes, 6:15 p.m.

During the attack shelter trenches will be thrown up, the advanced stockades of the assaulted work will be destroyed by gun cotton, and a lodgment formed in the parapet within by the attacking party.

SATURDAY'S CRICKET MATCH.

A large company witnessed the cricket match on Saturday, between teams from "B" Battery and the Royal Military College. The band was present and enlivened the occasion by its excellent music. "B" Battery team made 30 runs and the Royal Military College 67, with three wickets to fall.

Major-General Luard and his A.D.C. arrived this afternoon and will be present at the closing ceremonies of the Royal Military College.

H. D. Baker, Hamilton, Rev. F. R. Tate, Bath, W. H. Jogger, Toronto, are at the Windsor Hotel.

Col. Gzowski, Toronto, A.D.C. to Her Majesty, and Major Von Hugel, of Port Hope, have arrived to take part in the closing exercises of the Royal Military College.

PAUPER IMMIGRATION.

It is to be Stopped — Action of the New York Commissioners — Landing Prohibited.

New York, June 25.—The steamer Turnessa arrived yesterday with 300 assisted emigrants. The Emigration Commissioners questioned them and ascertained that many had been in the work house of the County Kerry and were destitute. The Commissioners hold a meeting this morning and will probably insist that the Steamship Company shall take these people back to Ireland.

New York, June 25.—The Commissioners of Emigration to-day instructed the Secretary of the Board to detain all immigrants proved to have been sent here by funds furnished by the British Government. Committee was appointed to wait on the collector of the port and present affidavits made by some of the pauper immigrants and asked that the Steamship Companies that brought them be compelled to return them whence they came. While the meeting was in progress the Commissioners were informed that the str Ancloria had arrived with a number of immigrants whose passages had been paid by the British Government and were doubtless paupers. It was resolved not to allow the Ancloria's passengers to land until the Inspector made a thorough investigation. The Commissioners are determined to stop the landing of pauper emigrants at this port.

THE QUEEN'S HEALTH

London, June 25.—The Queen's condition is greatly improved. She was able to walk from the train to the carriage on arrival at Windsor. The Queen has invited the painter Angeli to come to England and take a life sized portrait of her which she will present to Emperor William on the 25th anniversary of his assumption of the regency of Prussia.

Grand Celebration at Brockville.

THE STEAMER "HERO"

Will leave Gunn's wharf for Brockville on Monday, July 2nd, at 8.30 a.m., arriving at 11 a.m. Returning will leave Brockville at 5 p.m. arriving at Kingston at 10 p.m. The above will give the opportunity of witnessing the Grand Review of the Volunteers in Camp at Brockville assisted by our own P.W.O. Rifles, the Gananoque Field Battery and other visiting Regiments. The expected presence of the Governor General and the Princess L. along with the Adjutant General, together with the other attractions will cause this to be the great celebration of Central Canada.

The steadiness of the Hero, her acknowledged speed, the comfort of her accommodation and excellence of her cuisine, render her in every way most attractive as an excursion steamer.
