DOMINION DAY.

The Events Happening Around Kingston—The Day and Those Who Honored It.

Napanee, July 2.—The demonstration here to-day was a most pronounced success. The attendance of visitors was unprecedented in the history of the town, upwards of 8,000 being present. The programme, with the exception of the balloon ascension, was carried out to the letter.

Gas pipes had been laid to the agricultural grounds where the balloon was to be inflated, but it was found at the last moment that a sufficient quantity of gas, 10,000 ft. could not be put through them in less than 6 hours, and therefore the balloon had to be taken to the gas house to be partially inflated. While the process of inflation was in progress a high wind arose and the balloon was dashed about wildly, and striking stones and rough ground a hole was knocked in one end large enough for a man to crawl in. There was then about 8,000 ft. of gas in the machine, but it speedily emptied. Madame Adele Bennett, of Oswego, the balloonist, was present nearly the whole time, and at one time thought she would be able to mend the tear, but finally she gave up all hope of making the ascension. Speaking from the Judges' stand at the agricultural grounds, about 3 o'clock, she expressed herself as exceedingly sorry at the mishap. She would rather face a thousand dangers than one disappointment. As a partial recompense for the disappointment she promised to attend the fall agricultural show and give a free exhibition. Madame Adele is about 35 years of age, of medium size, intelligent and possessed of considerable nerve. Her address was greeted with loud applause. This was the only disappointing feature of the programme.

Three bands were in attendance—the splendid Oddfellows' band, of Belleville, the Picton and Napanee bands, and they furnished excellent music during the day and evening.

The first event of the day was the trades' procession, which formed on the market square at noon and paraded the principal streets, and thence to the agricultural grounds. It was the best thing of the kind ever seen in this district. There were 26 trades represented. Blacksmith, carriage and machine shops were represented in full running order, presenting a sight seldom witnessed on wheels.

The games and athletic sports took place on the agricultural grounds. The judges were: G. Stirling, ex M.P.P., of Picton; A. H. Roe, M.P.P., and Mr. Kirby, of Brantford. The next interesting event was the bicycle race, two miles, to which there were six entries, and the first and succeeding prizes for which were carried off by Kingston men, George Smith and John Tweddle respectively. The track was very heavy, therefore it was decided not to take the time. Smith led by nearly a third of a mile. W. J. Trimble, of Napanee, took third place. The other sports were of the usual kind and devoid of interest to Kingston readers.

In the evening the three bands were consolidated and gave a pleasing concert at the grounds.

The torch light procession and physique took place about 9 o'clock. It was very pretty indeed. The fireworks, which were managed under the direction of Dr. Rutton, of Napanee, were admirably selected and formed a fitting termination of an excellent day's amusement.

THE DESERONTO EXHIBITION.

Deseronto, July 3.—The celebration here was a gratifying success, and the day's proceedings being in the hands of a competent committee, everything was faithfully carried out to the last. There was scarcely any boisterous conduct noticed until after dark. The Kingsford Band, of Oswego, N.Y., thirty-two strong, was in the village all day, and their excellent playing evoked the highest praise from everyone. This is one of the finest musical organizations in the States, and there can be no doubt but their attendance at Deseronto yesterday had a beneficial effect in making the celebration the success that it proved to be. All of the bay steamers ran in connection with this place so that a great many people who preferred spending the day at Napanee were obliged to remain at Deseronto, in consequence of the poor connection (not purposely of course) made with the boat that ran to the former place. The Belleville excursion arrived at Deseronto on the Alexandria and Tarana about 10 o'clock a.m., a good many of whom had made arrangements to go on to Napanee at 11 o'clock on the steamer Puritan, but as the latter did not leave until after dinner people got tired of waiting and endeavored during the rest of the day to content themselves in Deseronto. The principal feature of the day's programme was the athletic sports, which began at 9 a.m. on the market lot, and continued until after 5 in the afternoon. There must of been in the neighborhood of 2,000 people on the grounds when the games were in progress. The baby show attracted considerable attention, and the prize of $5 was justly awarded to a charming little native born infant. In the evening a liberal amount of fireworks were set off, and the celebration was brought to a close about 9:30 by a physique procession.

An R. C. pic-nic was held in the grove along the railway running into Deseronto, which was attended by about 1,000 people. Of this number about 600 took dinner on the grounds and nearly as many remained for supper. The affair was a grand success, and the amount realized must have been fully $600. Everybody enjoyed themselves. Mr. Wm. Flannigan, of Earnestown, took first prize in putting the heavy stone, and the other prizes were all hotly contested.

AN INTERESTING SPORT MATCH.

An exciting game of quoits was played at Deseronto on Monday between Belleville and Kingston, and was a prominent feature of the day's proceedings. The players from Kingston were all good men, but they were defeated by 14 points. Mr. Wilson played remarkably well—beating Capt. Dodds, of Kingston, by one point. The game began at 10 o'clock, and was not finished until 5 in the evening. The Kingston team will be in Belleville sometime in August, when they will have an opportunity of again testing their skill with the club against whom they played on Monday. The following is the score:

Belleville.		Kingston.	
Geo. W. Wilson	41	Geo. Dodds	40
E. Hayes	41	T. McCormick	40
S. C. Edwards	33	J. Fleming	41
J. Taylor	30	P. Meehan	41
S.C. Culverston	41	W. J. Watson	14
W. Mundell	41	John Hall	17
Total	207	Total	193

THE DAY AT DELTA.

Delta, July 4.—Dominion Day was celebrated here on Saturday. The various games advertised were participated in. The greatest interest seemed to be centred in the regatta. The single scull race was won by H. Warner, who was closely pushed by George Hazleton. The double skull race was the most exciting one of the day. Four boats started, but from the first it was plain that Andrew Seaman and Henry Warner, in one boat, and Wm. Meethese and Allan Thomas in another, would have to fight the matter themselves. There was scarcely a length's difference in the first half of the race, and even this was reduced to nothing in turning around the buoy. On the home stretch Seaman and Warner were shoved by their opponents so closely that they only won by about a length. After the day's sports a large number remained to attend the entertainment given by the band.

TWO GREAT REVOLUTIONS

This is the 4th of July, the national birthday of our American cousins and the anniversary of a gigantic strife in the progress of human freedom. However, much we, as loyal subjects of the British crown, must regret the civil strife which despoiled the mother land of one of her choicest jewels, yet we cannot shut our eyes to the fact that it decided forever the long claimed English right to pay taxes only at the bidding of the people's representatives and broke the last chain which fettered individual liberty.

Still more recently another great revolution has occurred. Skilled and experienced physicians and surgeons have dared to break every lack which fettered their usefulness and to defy every coils which denied them professional freedom. Aided by the latest discoveries in medical and surgical science, which their disregard for the "fathers" permits them to constantly adopt, and devoting themselves to the exclusive treatment of Chronic Diseases and Deformities, they have met with phenomenal success. Known throughout the States and Canada Drs. K. & K's U. S. Medical and Surgical Association, their practice extends with their fame and is already the largest in the world, as will be believed when it is remembered that the number of cases which they discharged cured in 1882 was over 12,500. Members of their consulting staff are now at the Burnett House, this city, where they may be consulted free of charge. As they leave Kingston to-night, all who suffer from Chronic Diseases and Deformities should call upon them at once or, if unable to do so, should write to Drs. K. & K., Detroit, Mich.

SACRILEGIOUS ACTS.

Christ Church, Hillier, has again been entered and sacrilegious acts performed. The Bible, prayer book and communion service book were stolen and the organ badly damaged. It is said these acts are done to intimidate Rev. Mr. Hallwell and drive him from the parish, but it will not succeed. It is not a new practice. Some years ago, when Rev. Mr. Baker was on the parish, they not only tore down some decorations, but the minister's drive house was burnt down and the parsonage set on fire several times, and then, to complete their malicious designs, they actually charged Mrs. Baker with the acts and sought to convict her before a Coroner. Mr. Baker finally left the parish.

FORT WALSH GONE.

Fort Walsh, in the North West Territories, for a long time a chief station for the Mounted Police, has been demolished and the police removed to Maple Creek, on the line of the Canadian Pacific Railway, further north. Fort Walsh has been the rendezvous of the Indians for both sides of the international boundary line, and fears have been entertained that conflicts would take place between the Indians from the United States and our own Indians. The change from Fort Walsh is part of the general policy to remove the Indians to the North West to the region north of the Canadian Pacific, and thus lessen the danger of a conflict.

Do You Expect a Cure?
If so, don't delay too long. We have cured hundreds of patients suffering from Consumption, Bronchitis, Laryngitis, Asthma, Catarrh and Catarrhal deafness, who could not have been helped had they delayed one month longer. And we have refused treatment to over 100 cases during the last year who delayed one month too long. By the use of cold inhalations conveyed to the diseased parts by the Spirometer, the wonderful invention of Dr. M. Sourbie, of Paris, ex-Aide Surgeon of the French Army, and other proper local and constitutional treatment, we are curing thousands of cases of the above named diseases every year. Write, enclosing stamp for list of questions and copy of *International News*, published monthly, which will give you full information and reliable references. Address, International Throat and Lung Institute, 179 Church Street, Toronto; 12 Phillips Square, Montreal, P.Q.; 31 Lafayette avenue, Detroit, Mich.; or 106 Alexander Street, Winnipeg, Man.

Consumption.
From H. R. Smith, Esq., a prominent Merchant of Bowmanville, Ont. county, N. B., under date June 8th, 1877:
Dear Sir,—I have suffered for some years past with Cough from Affection of the Lungs, Spitting of Blood, Weakness of the Chest, and Want of Appetite, and have tried many so called remedies but without any effect whatever until I commenced using Sherman's Pneumatic Emulsion. I have now taken 3 bottles, and find this quite equal to what it is represented to be, for it has WORKED LIKE A CHARM, and I cordially recommend it to all who are affected as I have been, as I feel it is going to make a perfect cure of me. I still continue it, and I must say I never took anything equal to it. If you wish to make any use of this for the benefit of yourself and the world at large you can do so, for I think it should be known. I remain, yours truly,
(Signed) H. R. SMITH.

ENCAMPMENT PIC-NIC.

Channel Grove Crowded With Pleasure-Seekers—A Splendid Time—Result of Games.

Monday morning the Kingston Uniformed Encampment, under the able Captaincy of W. J. Barns, paraded. Headed by the band of "B" Battery they proceeded to the ferry wharf and at once embarked for Channel Grove; there the pic-nic to be held under their management was inaugurated. The event was successful. The steamer Pierrepont made the trips between the city and the grove, carrying each time great crowds. The streets of the city were about deserted and the business of the confectioner, the saloonists and the ice cream vendors was at a standstill. The grounds were much improved. The young people betook themselves to the dancing stand where they heartily enjoyed themselves, Staley's quadrille band supplying the music. The swings were greatly patronized by the little folks and the refreshment stands occupied the attention of many young men, but as the beverages dealt out were of a temperate character no one became disagreeable. There were many foot races and the competitors numerous. The 100 yards race was a peculiar one. There were many entries and after considerable trouble in getting the space clear the contestants got off. Fralick, who had been put back four yards owing to his reputation, went to the front. He was impeded on the upward run, and after turning the pole to go home was molested and finally thrown to the ground by those who did not desire to see him win. There were other laterous tumbles, indeed all but two were stomed and these went to the stake. There was much dissatisfaction over the result. It was held to be no race by many, the obstacles placed in the way of the runner being in contravention of all well established rules. The judges, after some deliberation, decided the race off. The results of the sports are then summarized:

Tub Race—T. McKee, H. Holder.
Oddfellows' Race—Six entries—Wm. Healy, Thomas Healy.
Boys' Race—Twenty entries—Lovett, Sim.
Prize Waltz—G. Millane and Miss Fowler.
Irish Jig—G. Millane.
Three Legged Race—M. Lovett and H. Cambridge.
Girls' Race—G. Leadbeater, L. Sims.
Hurdle Race—J. Purtell, F. Thompson.

The boats coming homeward were crowded, and the 1,600 in attendance were landed without an accident. The Encampment acted as a Committee of the Whole, and are entitled to much praise for the manner in which they conducted this their first pic-nic.

The Algoma Electio

This election is now on the tapis. It may perhaps be a useful hint to intimate that an absolute lead at the polls may be obtained by the judicious distribution to the electors of Putnam's Corn Extractor, the great remedy for corns. Every sufferer would be made happy, and would certainly vote for the person affording him relief. Safe, sure, painless. Beware of dangerous substitutes. They are now being offered as "just as good." Use only Putnam's. For sale at N. C. Polan's drug store.

Street Talk.

"How much better you look, Mr. S." "Yes, I have gained 22 pounds on Hall's Catarrh Cure. Have not felt so well in 20 years. It has made a complete cure and is worth $50 a bottle to any one that has the Catarrh."

Be Aware in time, and do not allow what may appear to you as a simple back ache now, to run into a disease of the kidneys, which invariably proves fatal in the end. Dr. Van Buren's Kidney Cure will at once ease your pain and positively prevent these unfortunate results. Take it at once. Any druggist will have it.

The Most frightful scourge of humanity is Bright's Disease of the Kidneys. Commencing with a little pain in the back, it harrows the sufferer to a premature grave. Dr. Van Buren's Kidney Cure is the only known remedy that prevents the fatal result. Take it in time.

Samson lost his strength with his hair. Thousands of men and women lose their beauty with theirs, and very large numbers restore the ravages of time by using the famous Cingalese Hair Restorer. Sold at 50 cents per bottle by all druggists.

Impaired vigor of mind and body, in both male or female, old or young, cured by the timely use of Dr. E. C. West's Nerve and Brain Treatment. Sold by W. J. Wilson.

Cosmetine.—A name well known in connection with the Hair Renewer, which restores grey hair to its natural color by a few weeks use. Sold at 50 cents a bottle by all druggists.
