KINGSTON: WEDNESDAY EVENING, JULY 18, 1883.

CITY AND VICINITY.

FRIDAY.—Light to moderate westerly winds, fair warm weather.

HANLAN ROSS RACE.—If the Hanlan Ross race is postponed the str. Maud will leave for Ogdensburg to morrow morning at 7 o'clock.

A BREWERY BURNED.—The St. Lawrence Brewery, Cape Vincent, the property of R. S. Scobell, was burned last night. Loss about $25,000; no insurance.

POLICE COURT—WEDNESDAY.—Three drunks appeared, penitent and in distress. Two were fined $1 and costs each, and one was dismissed. John Nolan was summoned to answer a charge of abusing his wife. He did not appear and a warrant was issued for his arrest.

ACCEPTED A CALL.—Rev. G. C. Patterson, of Sammerstown, a graduate of Queen's University and son-in law of J. M. Sherlock, has accepted the call to a charge at Beaverton, on Lake Simcoe. He will be inducted on August 7th. His salary will be $1,100, his expenses to the new field of labour to be paid. Mr. Patterson is an excellent preacher.

A RARE OPPORTUNITY.—The furniture and three years' lease of the City Hotel, Kingston, can be bought on reasonable terms. The proprietor having leased the British American desires to dispose of the former. The City is now doing the largest commercial trade in Kingston, to which the books can testify. Apply to A. McPhail, Kingston.

NO MONOPOLY.—The facilities of the Rathbun Company are such that until further notice they will sell bunch wood on their Grove Inn dock at $1.85 per cord. They will also deliver the same to any part of the city at 30 cents per cord extra. All orders received at their Grove Inn or Queen street yards will receive prompt attention. A. Hoppins, agent, Kingston.

A MUSICAL TOUR.—The leading vocalists of the city, at least of the Presbyterian Church choirs, are arranging for a musical trip to Delta, Morton, Newboro, and Westport. Concerts will be given at each of those places; at one of them two entertainments are announced. The proceeds of the trip go to the funds for the Church at Westport, of which Rev. D. Y. Ross is pastor.

CRICKETERS' TRIP.—The Kingston Cricket Club have arranged for a visit to Syracuse on the 23rd and 24th. They leave here on Monday morning at 6 o'clock, and in the afternoon of that day will play the first innings of a match with the Out Door Amusement Club. On Tuesday the game will be finished and a start made for home. The Syracuse people promise our boys a cordial greeting.

INSPECTION POSTPONED.—The 14th P. W.O. Rifles will be inspected on the 25th a week from to-day. The Major-General is expected, and we hope he will come as the corps is such as we believe will merit his commendation. The Colonel is said to be anxious to resign—having served so well for a number of years—and Major Gordon will, of course, resign in accepting his new Commission as Captain of one of the Infantry Schools. The officers of the 14th Battalion entitled to promotion are: Major Smythe, to the Colonelcy; and Captain Galloway to the Adjutancy. Colonel Kerr is so popular that every effort will be made to induce him to retain the command.

MARRIED TO ORDER.

Judge Price, says the Watertown Times, married a couple from Kingston last week. They expressed themselves as desirous of having the ceremony performed in accordance with the Canadian law, and the squire immediately acceded to their wishes. In conversation with an attache of the office, the Times learns that the Judge, assisted by Attorney Breen, can perform the marriage ceremony in eleven different languages, and in accordance with the laws of any land where the rays of Old Sol do illuminate.

A SHOAL OF THIEVES.

Two detectives, attaches of Pinkerton's force, travel with Barnum's circus. They assist the local police in detecting criminals, and their presence, we believe, has prevented many a robbery. Mr. T. C. Wilson, who saw the show at Montreal yesterday afternoon—being one of the 22,000 under the canvas—testifies to the fact that pickpockets follow the exhibition in shoals. Last night an attempt was made to rob him at the Grand Trunk station. He was about to step upon the train when one, feigning drunkenness fell against the car door in front of him, and another ran his arms around him and held him up while the confederate fumbled about his pockets. He twigged the plan in a moment and shouted "Take your hands out of my pockets!" The thieves speedily made themselves scarce. Fifteen minutes later they were in different as the following telegram will explain:

Montreal, July 18.—C. A. Morris was arrested at Bonaventure depot last night for forcibly robbing a man named Bourgeit, who arrived on the western express. The victim held the bold thief until a policeman came to his aid, but he had then passed the pocket book with the money to a confederate who escaped.

HANLAN-ROSS RACE

THE PREVIOUS PERFORMANCES OF THE OARSMEN—THE RESULTS OF THEIR REGATTA MEETINGS.

Sketch of the Champion—His Success Summarized—The Crowds to See Him—Our Local Delegations—Fast Trip to Ogdensburg.

It may be no exaggeration to say that there will be 30,000 people assembled at Prescott and Ogdensburg to witness the race between Hanlan and Ross. More than usual centres in the contest because it is believed that the best time on record will be made, and that the Halgonian will push the champion as he has never been pushed before. As the correspondent of the Globe remarks Ross has always been considered more or less of a "dark horse," and the idea is prevalent that in none of his four contests with Hanlan in the past, save that at Providence, has he had the chances in his favour. He is at least the second-best oarsman in the arena, and with luck in his favour there are those who predict for him possible success, certainly a race which will extend the Champion as he has never been extended before. There are many circumstances which contribute to the success of an oarsman, and often apparently the men start on even terms, when in fact one of them may be handicapped in a fatal way. The races in which Hanlan and Ross have met in the past have been singularly unsatisfactory. They have contended together only four times, twice in match races and twice in regattas. Hanlan lost the way at the finish three times and Ross once.

SKETCH OF THE CHAMPION.

In connection with the accompanying cut of Hanlan we present a short sketch of his success. Of course it is known that he was born on the island near Toronto, and that he spent his youth in fishing. His first race was in 1871, and in 1872 he won a couple of skiff races. The next year he rowed a race in a scull for the championship of the bay, defeating Williams and McKee. His first professional contest was with Thomas Louden in 1874, whom he defeated. Hanlan beating him again in 1875, in a race for $100 a side. August 19th, 1876, he won the championship belt of Ontario, and in the same year at Philadelphia won the championship of the world in a three mile race, rowed in 21 min. 9½ sec. In May, 1878, he defeated Plaisted in a two mile race for $2,000, having previously disposed of Ross to the astonishment of his friends. His hardest race thus far came off soon after for the championship of America, near Pittsburgh, for five miles with Evan Morris, whom he beat easily. His next victories were won at Brockville, Ont., and Cape Vincent, N.Y., in July, 1878. The great race with Courtney was rowed at Lachine, Canada, Oct. 3d, 1878.

ED. HANLAN, CHAMPION OARSMAN.

This year he has been in practice during the whole season. He has already figured in two important races, (1) against John B. Kennedy, 3 miles, for $3,000, at Point of Pines, on Decoration Day, and (2) in the Pullman regatta. Win or lose in the race to-day he and Lee is matched for a double scull race and $4,000 on the 13th of August next against Hamm and Conley of Halifax. The stakes, by the bye, are not yet deposited on the race, and Hamm and Conley are anxious that there shall, in this respect, be "no further feeling."

HANLAN'S RACES WITH ROSS.

The oarsmen first met in a match race on Toronto Bay, on Oct. 15, 1877. Hanlan at that time was only rising into prominence as a sculler, and his victory over Ross was, indeed, the first event which placed him in the first rank of oarsmen. He defeated Ross on this occasion, in a four mile race, with great ease, winning by between 130 and 200 yards. But it was admitted on all hands that the New Brunswicker was not fit, and those who had backed him in the race were not at all satisfied with the result and became eager for another trial between the men. They did not meet again, however, till July 31st of the following year, when a race was arranged to take place on the Kennebecasis at St. John, N. B. Ross' backers on this occasion were confident of the great powers of their man, and backed him strongly at slight odds in favour of Hanlan. The race terminated most unsatisfactorily, Ross rolling out of his boat when the pair had got a trifle over a mile from the start. Hanlan at the time of accident was about two lengths ahead, and both were going along at a terrific clip.

MEETING AT THE REGATTAS.

The pair met again, however, the same year, at the Barrie regatta, on Aug. 12th, where Hanlan was again the winner, with Ross a good second. Their next meeting was at the regatta at Providence, R. I., on May, 28, 1880. This time Hanlan was compelled to lower his colours to Ross. After the start Hanlan led for a couple of miles, when he was taken with a stitch in his side, and had to paddle back to his boat house without finishing the race, which Ross won handily. The pair were entered twice again, for the world's regatta on the Thames, England, in 1880, and for the citizens' regatta at Toronto, in September, 1871. Hanlan failed to start, however, in either of these events. In the former event Ross rowed second to Laycock; the Australian, and in the latter was a winner. This record, as affecting the contest of the principals in Wednesday's race, it will be seen, leaves room for speculation in the minds of the speculative as to the result, and that there is doubt in the matter is evidenced by the deep growing interest manifested in the race.

OUTLINING THE COURSE.

The Committee have the course laid out. The starting point will be a short distance above the lighthouse, which is on the American side. The course will be perfectly straight. No craft whatever will be permitted inside the course. Instructions have been issued to all passenger steamboats, and arrangements for positions must be made in advance. So complete are all the arrangements that the multitude will be afforded a complete opportunity for witnessing the race.

ODDSLAYS IN THE CONTEST.

The race is for $1,000 a side, and the winner will receive in addition $2,000 from the citizens of Ogdensburg and Prescott. Hamilton Busby, of the Turf, Field and Farm, is the stakeholder, and John E. Eustis, Referee. Kennedy, of Portland, has promised to act as Judge for Ross, while J. F. Davis, of Windsor, will act in a similar capacity for Hanlan. He has been one of the Champion's closest and best friends.

LAST NIGHT'S NEWS.

Yesterday the oarsmen took their usual spins in the morning and afternoon. Ross, Lee and Hanlan have been photographed in a group. A race has now been arranged between Hanlan, Hosmer and Lee, to take place at Fulton, N.Y., on the 26th. Hanlan told your representative to-day that nothing new had transpired in reference to his license matter. In reply to the question if he seriously contemplated removing to Chicago, he said, "A man must make a living somewhere." There is not much betting.

DEPUTATIONS FROM KINGSTON.

Not so many went from Kingston as we expected. A great many talked of going, but when the hour of departure came they changed their minds, and today consoled themselves with the reflection that there would not be a race. The Swan, with a party of 40, went down the river yesterday and reached Ogdensburg about ten time.

The yacht Candor was piloted to the 'burg by Stephen Tyo. She left the harbour at 12:40 o'clock and reached her destination at 6:45 o'clock—very fast time. Steph. says the yacht is a good one in a blow, and very fast. Hanlan, recognizing her, went aboard during the evening and told the boys that though he might have to use his muscle a little more than usual he was in shape for the task. He said that if any of the yachtsmen, his fellow townsmen, wished to do any gambling they could calculate the finish of the race to be as usual so far as he was concerned.

At 5 o'clock a.m. the yacht Marquis of Lorne, just off the ways and completely overhauled, left with a party of 45, and under the special charge of Commodore Eilbeck. Their programme was to have breakfast at Gananoque and dinner at Brockville. They hoped to arrive at Ogdensburg in time for the race, but after surveying the well filled hampers and lighting a fragrant Havanna W. R. McRae was heard to remark that so far as he was concerned Ross and Hanlan and all the folks that screamed themselves hoarse over the race could go to Van Dueman's Land. Ald. Whitney said he wanted to go to Cape Horne, and Ald. R. J. Carson said if they did he believed he'd go in and take a horn. Captain McArthur seeing the danger of a smash up if they were allowed to continue, threw off the lines, and fifteen minutes past the advertised time the tourists set out on their trip.

The Grand Trunk RR. was not patronized as extensively as the agents anticipated. Only 78 tickets were purchased from Messrs. Folger and Hanley.

The Maud and Hero left about the same time, at 7 o'clock, and steamed around the Point pretty close together. They promised the passengers a beautiful run down the river.

MARINE NEWS.

The prop. Armenia, from Chicago, lightered 6,300 bush. corn at the Montreal Transportation Company.

The schr. Blazing Star, from Detroit, 13,000 bush. corn, is the only arrival for the Kingston & Montreal Forwarding Company.

The steam yacht Rosamond, of Belleville, with a party of gentlemen from the Bay City, and the str. Utica with a party from Napanee, arrived last evening on their way to Ogdensburg.

The Manager of the Ontario & Richelieu Navigation Company reports a very large trade during the past week between Montreal and the lower waters of the St. Lawrence. The number of passengers for the watering places is quite equal to the same period last year.

The Canadian Pacific RR. are now shipping their railway iron via. New York and Buffalo to Prince Arthur's Landing. This is hardly the treatment the Canadian vessel and steamboat men expected from a syndicate which was so handsomely subsidized at the expense of the whole people.

The prop. Walter L. Frost delivered to a bushel 30,000 of corn which she brought from Toledo, and left for Ogdensburg to load up freight. Henceforth she will run on the Ogdensburg route and in connection with the monster Whitney and consort. It is somewhat remarkable that the American vessel men have so far all the up freight they can carry, while the Canadian mariners are in distress, losing often instead of making money, and depressed in regard to the future. The out-look is not a bit promising.

Toronto, July 18.—The marine outlook is very depressing. Rates are very low, being quoted at 1½c. to lake ports, for grain, with propeller figures of 4c. to Montreal. Lumber is at a deadlock, and the shipments of coal are very irregular.

ENTRANCE PAPERS.

A Very Large Class Successful—Failures on One Subject—An Unusually Clever Boy.

We submit the result of the entrance examination. The candidates numbered 70, of whom 39 passed. We are informed that many were well up in general subjects, but that they failed on one. There is no help for these, and they must bide their time for the promotion which they have sought. Master Willie Tandy, son of the late editor of this paper, heads the list, who have, in city and county, written in the examination, and some of the candidates were young men and women. He is an extraordinary promising boy and promises, in a musical and literary sense, to follow closely in the footsteps of his lamented father.

BACK TO THE RACE COURSE.

The Government would not lease the Circus Company its land between the city and Williamsville, and for a time the agents of P. T. Barnum were in a funk. They looked about them and found that excepting the cricket field there was not a spot within the corporation where they could locate conveniently and have all the room which the great tented show required, and so Mr. T. C. Wilson's terms were agreeable—a rental and a guarantee, in writing, that any damages to the race track will be made good.

Had the show taken place in the city it would have been subject to a license of $200. Now it is exempt from such a tax, but we believe that a demand will be made upon the Company for the payment of $100 or $150 before the parade can take place. Barnum may not accede to it. He may conclude to abandon the street display, being imposing and attractive in itself but wholly unprofitable to him. We question if it will add to or take away from the attendance, but if it is stopped thousands of children will be denied a squint, gratuitously, at what they have not the means of paying to see.

N. & T. RR.

On Friday Mr. White, Peterborough, engineer for Mr. Cox, went over the line of railway so as to see what prospects there was for traffic being furnished to the railroad by the various villages and the farming community. He was accompanied by Mr. A. Henry, President of the road, Joseph Connelly and E. W. Benjamin, Directors. He was favorably impressed with the route and the facilities for traffic. He said the prospects were good for the railroad, and that a paying traffic would be developed. He left for Peterborough on Saturday morning. In a few days Mr. Cox will give an answer; at any rate the road will be proceeded with.

☞ The most incredulous are forced to admit that for perfection in colors the Triangle Dyes have no equal. Ask for three cornered package, and see that you get it. 100.

☞ In this present age, when the life battle is so fiercely fought, and when upon even the strongest the tug and stress of it toll so heavily, how necessary it becomes for us to provide for the keeping up of our reserve stock of our mental and physical stamina by the use of such a nervous tonic and vitalizing agent as Robinson's Phosphorized Emulsion of Cod Liver Oil with Lacto-Phosphate of Lime.

Its gentle stimulating and nutritive tonic properties supply the materials, and assist nature in her efforts to keep up with the exhaustive demands upon her reserve.

Prepared only by HARMON RUSS, Chemists, St. John, N.B., and for sale by druggists generally. Price $1 per bottle, or six bottles for $5.

☞ No matter what may be the name, or how long standing the trouble, Dr. Benson's Skin Cure will always cure skin disease. Grateful hundreds of cured patients attest this fact.

INSIST Prof. Squire's Acid Phosphates when you want a drink. It is a splendid nervous tonic, is strongly recommended to dyspeptics and the debilitated. It is not a patent medicine, the composition is printed on the label. Sample 25c; large bottles 50c, 75c, and $100. Sold at W. J. Wilson's drug store.

CONSUMERS.—Pay your Gas account by the 20th and save the discount.
