7c Store Novelties

JUST RECEIVED—A LARGE CONSIGNMENT OF ALL KINDS OF GLASSWARE in the very newest patterns. Comports of all sizes, compport-and-plate, dishes and Preserves, sensible patterns at 7c each. Salts, Jelly, Butter and cruets, Sugar Pitcher, very beautiful designs, just what is needed as the rainy season is upon us, Tumblers, Wine Glasses. We also keep a full line of Jap Glassware such we offer. Very cheap. In fact we have 50 Queen ware, Royal Set, Belmont Set, Cottage Chief China Set, which is a beauty at 40 cents in Kaiserinnen China Tea Sets, Decorated Spoonholder and Cream Pitcher. Tea sieve China is warranted first-class in every particular. Customers will do well not to let this opportunity pass.

WHITE AND SMOKED PEARL BUTTONS in all sizes at 7c and 10c per dozen, worth 40c to 60c. Just received, 500 gross.

DAISY BRUSHES IN ALL SIZES at popular prices.

BASKETS—all kinds of Willow Baskets. Shapes and Styles at very popular prices.

A FEW MONTHS AGO one of the largest tin manufacturers in the Dominion failed and the stock was sold at 40c on the dollar. We secured two cases of the goods and are offering them at less than they can be manufactured for.

Two Pie Plates for 5c.
Two Tea Jelly Plates for 7c.
Six large Milk Pans for 25c.
10 quart Stock Pan for 25c.
9 quart Dish Pan for 14c
10 quart Pail, iron hoop and wood handle for 14c
14 Quart Pail, iron hoop and wood handle for 20c

CUTLERY A SPECIALITY. We offer it at from 20 to 25 per cent cheaper than you can get the same goods at the hardware houses for. Don't think we only keep seven cent lines but you can find the best plated goods as well.

BUTCHER KNIVES. Everyone warranted the best of steel, and if broken we will give you a new one for the one broken.

WE are closing out a job lot of Ladies and Gent's HOSIERY at much less than cost, giving you an opportunity of buying best goods at prices of cheap cons.

A LARGE STOCK of all kinds of Combs at popular prices.

BANKRUPT STOCK OF WHIPS which we offer you at much less than it cost to manufacture them. We offer you a 6-foot buggy whip, black and brown, at 10c each, and 7 foot at 6c, and wholesome in proportion.

A LARGE STOCK OF MUSICAL INSTRUMENTS, &c., such as Concertinas, Accordeons, Mouth Organs and a great many more which we are selling very cheap.

CHILDREN'S CARTS and Express Waggons Wheelbarrows, all hardwood at extremely LOW PRICES.

Woods' Canadian Bargain House,
AND 7 CENT STORE.

MASONIC.

The Regular Meetings of the City Lodges will be held as follows:

Ancient St. John's Lodge, No. 1, on Thursday, Aug. 2nd, at 7.30 p.m.

Mission Lodge, No. 434, on Monday, Aug. 6th, at 7.30 p.m.

Cataraqui Lodge, No. 36, on Wednesday, 8th August, at 7.30 p.m.

The Regular Meetings of the Ancient and Accepted Scottish Rite of Freemasonry are held a flight, first corner of Brock and Wellington Streets, Kingston Lodge of Perfection, 14th Friday, and Sons of Silence, 3rd Chap. Rose Croix, first Wednesday in each month.

A.O.F.W.

LIBERTYVILLE LODGE, No. 35, Ancient Order of United Workmen, meets on the second and fourth Tuesday of every month, in Odd-Fellows Hall, over Wilkinson's Store, Princess Street.

REMINDERS.

WEDNESDAY.

The Fleet on the wharf at 8 p.m.

THURSDAY.

MECHANICS Institute Excursion per Steamer Maud at 1 p.m. sharp.

ST. LAWRENCE leaves for Wolfe Island and Alexandria Bay at 11 a.m.

FRIDAY.

The Band in the Park at 8 p.m.

STEAMER Myles leaves Swift's wharf for Port Arthur and Duluth.

SETTLEMENT of claims against the Estate of late Michael Connolly.

WEDNESDAY EVENING, JULY 31, 1889.

CITY AND VICINITY.

WANTED.—A house keeper who can cook, sew and wash. Apply at this office.

A BUSY OFF.—This morning an open switch on Ontario Street caused three Grand Trunk freight cars to run off the track. The necessary appliances were used and the cars put back upon the rails.

KILLED BY POISON.—This morning a man named Arthurs, of Trenton, swallowed a quantity of Paris green and shortly afterwards expired. The poison did its work. It was taken in a quantity of whiskey.

INSANE AGAIN.—A clever painter named Sweeney, of Ottawa, who was in the Kingston Asylum and recovered, has again been arrested. He showed symptoms of returning insanity. He will, no doubt, be sent back to the Asylum.

PASSED EASTWARD.—The steam yacht Rosamond passed Kingston yesterday with Mr. J. W. Campion, her owner, his family and a few friends, all en route to New York. They will be absent about six weeks. The trip will be highly interesting.

REMEMBER the str. Hero's cheap excursion to the Camp Ground and Alexandria Bay leaves Gunn's wharf at 11 o'clock sharp. Excursionists will have one hour and a half at the Camp Ground and fully six hours on the water. By all means go. Tickets, 25c.

CHILDREN AS IMITATORS.—One of the most interesting occurrences of an evening is the parade of the children of King street in imitation of the Salvation Army. One of the little folks has faithfully copied Capt. Abbie, even to the backward walk and swing of the hands.

THAT PECULIAR WHISTLE.—The mocking bird whistle has been imported into Kingston. J. McEwen has made one which he will place on the new steamer now being built for him by Mr. Robinson. The whistle is nearly as good as that on the str. Armstrong. It works on the trombone principle.

MATCH POSSIBLE.—The unknown repeats his challenge to play Capt. Dodds a quoit match. "Georgie" is not anxious to fashion his appointments to suit the whims of every unknown person, but in this case he may be tempted to show just how easily he can drop six pound circles upon a bobbin.

THE DEAD ELEPHANT.—Barnum's favorite elephant "Prince" has been removed to a Hamilton Veterinary Surgeon's premises, where the body will be skinned, the hide preserved and the bones articulated. It took four teams to draw the elephant away. The final disposition of the skeleton is not definitely known.

DEMAND THE AMOUNT.—The Board of Education, by a large majority, have decided to demand from the City Council all they ask in their budget. The placing of heating apparatus in the Model School remains an open question. The Board is becoming notorious for its gerrymandering of the reports of the Committees.

A RARE OPPORTUNITY.—The furniture and three years' lease of the City Hotel, Kingston, can be bought on reasonable terms. The proprietor having leased the British American desires to dispose of the former. The City is now doing the largest commercial trade in Kingston, to which the books can testify. Apply to A. McFaul, Kingston.

RUN THE RAPIDS.—Dr. C. E. Woodman, of New York, who left Cape Vincent on July 11th, to run the rapids in a lapstrake canoe, has successfully accomplished the feat. He ran the Long Sault, Coteau, Cedars, Split Rock and Cascade Rapids, and would have "done" the Lachine Rapids also, but was persuaded on account of the high water and unfavorable wind. He was determined to make the whole trip by water, and went the rest of the way by canal.

BAND ON THE WHARF.

By the kind permission of the Commandant and officers the band of "B" Battery will play on the Queen's Wharf this evening (weather permitting) at 8 o'clock. The following will be the programme:

Quadrille—Pair of the Fair.....Williams
Song—Dust from Trovatore.....Verdi
Valse—Mis Cara.....Bucalossi
Selection—Pirates of Penzance...Sullivan
Valse—Lorgnette.....Wheeler
March—"Camp Life"...By Julius Benedict
Vive la Canadienne...God Save the Queen.

The Str. HERO leaves Gunn's wharf at 11 a.m. on THURSDAY next for Wolfe Island and Alexandria Bay. Tickets 25c.

HERE AND THERE.

Accurate Arrangement of Items of Local and General Interest—Gossip that is Readable.

This is St. James' Day.

The choice of a minister for St. Andrew's Church has not yet been made.

Mr. B. M. Britton, Q.C., was in Ottawa yesterday, en route to L'Original.

The British American Hotel is being painted a "gaslit green" on the outside.

The Mechanics' Institute excursion occurs to-morrow afternoon on the Maud.

The 14th P. W. O. Rifles were inspected this afternoon. Chaplain Carey was there, and so were his spurs.

Mrs. Grimason has erected a beautiful and costly monument in the family burial lot at Cataraqui Cemetery.

The believers' meeting in season at the Thousand Island Park during the past week has not been largely attended.

Over one-eighth of the unsuccessful candidates at the late professional examination at Ottawa were educated at Sydenham High School.

An absurd paragraph appears in the Watertown Times that Pinkerton had sent two detectives to Kingston to watch the Salvation Army.

The members of the School Board are becoming as windy as the City Council. Mr. R. Shaw, as an obstructionist, can eclipse "Stonewall."

Several Kingston families are now summering at the Thousand Island camp ground, members of which come to the city each morning and return to the camp in the evening.

Although there was a large number of Sons present in connection with Monday's pic-nic, there is a steady demand for them yet. The Committee will have more by to-morrow and they can be had of Thos. McAuley.

A lady left her baby in care of the editor of the Goderich Signal while she did some shopping, and now he thinks seriously of converting his office into a day nursery. Macdillbody would make a great nurse.

D. McEwen, who has been warmly welcomed home, spent four weeks in Europe, and yet the time and the passage to and fro occupied a week's less time than did his first passage out to this country in a sailing vessel.

The str. Hero brought another large private party this morning from Belleville to the Sand Banks via Picton, also the Separate School excursion from Picton to Indian Point. About 300 persons attended the latter and a large number came through to Kingston. The Saved Army excursion was met half way up the Bay of Quinte.

PERSONAL MENTION.

Rev. A. J. Ryan, the poet priest of the South, is in Montreal on a lecturing tour.

Hon. P. Mitchell arrived in the city this afternoon and registered at the Frontenac House.

Rev. Canon Mulock has gone to Muskoka to officiate at the marriage of his son, Mr. W. R. Mulock, barrister, of Winnipeg, Man.

Lieut. Maggie Stevenson left this morning for Ingersoll where she will resume her labours in connection with the Salvation Army.

The Grand Master of the Grand Lodge A. F. & A. M. yesterday appointed V. W. Bro. W. D. Gordon, of Kingston, Grand Senior Deacon for the term of 1889-90.

Hon. Wm. Elder, Provincial Secretary of the Province of New Brunswick, editor and proprietor of the *Daily Telegraph*, died suddenly at his home in St. John yesterday.

John Twohill has been off on a bicycling tour. He is now homeward bound, having called at Belleville yesterday. A. E. Forchlen, of Springfield, Mass., accompanies him eastward.

Rev. Thomas Hall, of Kingston, Ont., Superintendent of missions in connection with the Congregational Union of Ontario and Quebec, is making a tour of the churches in the Lower Provinces.

The Brantford *Expositor* says Miss Mary Fisher has left for Kingston to reside for a time with her brother, the Rev. Sylvester Fisher, who is in charge of a mission of the P. M. Church in this district.

J. A. Henderson, Q.C., and Mrs. Henderson, of this city are among the campers at Fiddler's Elbow. There are also there Rev. E. P. Crawford, and wife, Brockville; Judge Sankler, wife and family, Perth; Judge Sankler and family St. Catharines; Miss Worlin, Perth; Mr. Clark, Toronto; and Master Ryhert, Toronto.

DEATH AT LAST.

At the ripe old age of 83 Cornelius Ryder died in the County Gaol yesterday afternoon about 3 o'clock. Ten years ago the writer met Ryder at the entrance of the police station, stooped, crippled, weak and wizened, and to all appearances tottering to the grave. He was not then a stranger to the police, but to his sinkers it must not be inferred that he was an offender against law and morality. He had, he said, in his matter-of-fact and candid style, seen better days, but he had not taken thought of the morrow and when he was no longer able to toil he found himself upon the street, unthought of and uncared for by his nearest of kin, and without a shelter from the weather's inclemency save the police cells. Since then he has passed his time mostly in gaol. For a short time he was an inmate of the House of Industry, but he had not a liking for the place; he certainly did not like it as well as the gaol in which he was treated with more than the usual kindness. The Gaoler informs us that within six years the old man spent 1,830 days in his custody. He had not been out of the gaol for two years, and during that time had been confined to bed, almost helpless and slowly approaching the end. An inquest was held by Coroner Stewart, a verdict being returned that Ryder died from old age.

WILL TAKE THE TIX.

THE BOARD OF EDUCATION WILL ISSUE DEBENTURES FOR $8,000 AS ALLOWED TO DO BY THE COUNCIL.

A Long-Winded Discussion Arising out the City Council's Attempting to Bribe the Board—The Full Amount of the Budget to be Asked For—Some "High Falutin Talk" on Both Sides.

A special meeting of the Board of Education occurred last evening in the Board Room. There were present Messrs. G. R. Waldron (Chairman), Allen, Anglin, Drennan, Dunlop, Fee, Horsey, Polson, Robinson, Rogers, Savage, Shaw and Wilson.

SINKING SINKS.

The Committee on Finance recommended that the authority of the City Council to this Board to issue debentures to the extent of $8,000 for school purposes be accepted, and that debentures to the said extent, bearing interest at the rate of six per cent. per annum, payable in twenty years, be issued and sold to the highest bidder, and that the proceeds be applied to the several purposes stated in the report of the 12th of October, 1888, made by the Committee on School Property. The Committee are of the opinion that there is no urgent necessity for the payment this year of the $400 debt on the Williamsville school lot, therefore they recommend that payment be deferred for at least another year. With reference to the budget, as presented by the Board to the City Council for the current year, the Committee are obliged to make a continuous report, viz., that should the Board determine to adopt the proposed new heating apparatus for the Model School then it will be necessary to insist upon the full amount asked for from the City Council, but should the Board defer for another year the adoption of the heating scheme the amount asked for be reduced by the sum of $1,000.

READING CLAUSE BY CLAUSE.

It was moved that the report be taken up clause by clause.—Carried.

Dr. Fee asked if the Board had made application for the $8,000 from the City Council. He thought there had been some wire pulling in order to have the matter brought before the Council and passed at the present time.

Mr. N. C. Polson thought the matter should be sent to the School Property Committee. The Board was not aware that increased accommodation was required. He moved that the report be referred to the Committee on School Property. The Board as now constituted knew nothing of the school requirements. He was not prepared to see such a large amount of money expended unless he had ample evidence that the expenditure was necessary.

BEGINNING TO TALK BACK.

Mr. Horsey asked if the Board of this year had anything to do with the affairs of the Board of last year?

The Chairman said this Board had the right to carry out the schemes of a majority of the Board of last year.

Mr. Wilson thought the members who had drawn the programme last year had not changed their views. He saw the same necessity now for a new school as when the matter first came up. The Board should avail themselves of the opportunity of wiping out the disgrace that had existed in the way of school accommodation. None of the school rooms were what the law demanded.

Dr. Fee said the school rooms were not crowded. He had the Inspector's statement for this.

Mr. Wilson reiterated his opinion.

Dr. Fee accused Mr. Wilson of "high falutin talk." He supposed Mr. Wilson acquired this style in consequence of his having to respond to so many toasts. In his opinion the schools were not crowded. Mr. Horsey he said was a good fellow—to spend other people's money. He thought the Board should act with the caution they would exercise were the money their own.

Mr. Horsey desired Dr. Fee to know that he paid taxes, that he paid $1 to the Doctor's 10 cents.

DOUBTING THE COUNCIL'S GENEROSITY.

Mr. Shaw did not approve of the scheme proposed. It could not be carried out. The whole matter should be referred to the School Property Committee for consideration. If the amount asked for was not required the Trustees like men, should tell the Council that in expending the city's money they intended to act as judiciously as possible. He declared that before any amount could be granted by the Council a by-law would have to be passed on it, and could get no light on the subject at all from the city officials. The resolution did not bind the Council to do any thing. The grant of the permission to issue debentures was a scheme on the city's part to get the Board to reduce their budget, then the Council would repudiate the $8,000 altogether.

Mr. Wilson—What nonsense! They can't do that.

Mr. R. Shaw deprecatingly alluded to the legal ability of Mr. Wilson and then proceeded to declare that the amount stated was not required, at any rate the School Property Committee should decide as to the want of accommodation.

A DISPARAGER OF COUNCIL.

Mr. Dunlop could not endorse the expenditure of such a large amount as $8,000. He approved of an addition to Louise School and thought that when this addition was made there would be no demand for another school in Frontenac Ward.

Mr. Robinson thought the 105 petitioners of his Ward should be remembered in consideration of this matter. There was a need for more school accommodation in Frontenac Ward, and he endorsed the expenditure of the $8,000.

Mr. Horsey held that more school accommodation was required in Frontenac Ward. The law was nothing complied with.

Dr. Fee said the city papers had "definitely declared" that they did not want the Archbishop's Folly by pointing out T. C. Wilson and electing Mr. Shaw.

Mr. Robinson said that was not so. Mr. Shaw had pronounced himself in favor of such a school.

Mr. Shaw stated that if another school were required he favored the purchase of the Folly, provided it could be purchased as cheaply as any property in the vicinity.

Dr. Fee was here called to the chair and the Chairman, Mr. G. R. Waldron, pointed to the way in which this Board had been governed by the action of previous Boards. He went over the grounds leading up to the resolution of the resolution to the City Council, asking for the $8,000. He discussed the

CONDITION OF THE ARCHBISHOP'S FOLLY

for a school, and contended that a fine property could not be procured. From a sanitary point of view it was the best in the city. No schemes would be approved of by the citizens if the Council were to trifle with them. The Aldermen could not make the Trustees believe that they would give the money and repudiate the recommendation. The citizens would not endorse such a course. The $8,000 could be issued in debentures during 20 years and used as needed.

Mr. Rogers approved of taking the $8,000. It was in the Board's power to issue the debentures whenever necessary.

Mr. Polson closed the debate. In the expenditure of such a large amount he said they should be cautious, at the same time the claims of the future should be well considered. He believed that there was not a respectable school in Kingston. Nothing definite with regard to the purchase of the Folly was before the Board, and they knew nothing as to adaptability of the property. A school in its locality could not be filled unless the classes were mixed. He approved of a central school for which the Government would give a site. He thought the action of the Board should not be bound by the action of the Board of last year.

The members being in touchy humour a half dozen of them seemed to be anxious to discuss questions of privilege, and they were given the opportunity to do so, but the grievances when aired were not very serious.

GIVING SOME TELLING STATISTICS.

Inspector Kidd said that the report he submitted showed what the attendance was at the schools. In January there were 1,634 pupils on the rolls, in February 1,690, in March 1,698, in April 1,687. During the three months the attendance was smaller than in any previous year, through illness. In May there were 1,684 in attendance. June could not be given as one teacher had not reported. According to law Kingston should have 33 suitable rooms. There were 30 school rooms in the city but all of these would not accommodate 30 pupils.

Mr. Shaw began to catechise the Inspector, and then hinted that information had been given by him regarding school accommodation that had not been offered to the Committee on School Property. Mr. Kidd took exception to the statement and several members of the Committee observed that they had heard Mr. Kidd state before what he stated at the present time.

REACHING A VOTE.

The amendment was put and lost on the following division:

Yeas—W. Dunlop, N. H. Fee, N. C. Polson, R. Shaw—4.

Nays—W. Allen, S. Anglin, W. M. Drennan, R. M. Horsey, W. Robinson, R. V. Rogers, H. R. Savage, G. R. Waldron, J. Wilson—9.

The clause passed on the same division. Those voting nay on the above motion voted yea for the passage of the clause.

The second clause was ruled out of order.

On the third clause being read Mr. Shaw rose to a point of order. He held that it and the resolution in Committee were not similar. He intimated that there had been some jobbery. He moved in amendment that no action be taken on the communication of the City Council, and that the Secretary so notify the City Clerk.

A VERY PERTINENT QUESTION.

Mr. Wilson wanted to know what the Board intended to do in regard to the heating of the Model School. Until then they could not decide what amount they required from the Council.

The amendment was put to the Board and passed as follows:

Yeas—Dunlop, Fee, Polson, Robinson, Rogers, Savage, Shaw, Waldron—8.

Nays—Allen, Anglin, Drennan, Horsey, Wilson—5.

The report passed as amended.

The School Property Committee's report was taken up where it had been abandoned at the last meeting when the fire occurred. The clause had reference to the heating of the Model School.

Mr. Wilson moved that the matter of heating the school be deferred for a year.

Another member moved the adjournment of the Board, but the resolution was defeated.

Messrs. Wilson and Horsey spoke for half-an-hour a year's hoist and Mr. Shaw replied. He was favorable to the postponement of the debate until Mr. Irving was present. It was finally decided to adjourn at 11 o'clock.

CANAL TO GANANOQUE.

The sum of $3,000 having been appropriated towards an improvement of the waters leading to Gananoque from the east, making it navigable, work has been begun at Morton. The scheme includes the building of a lock at Marble Rock, a lock at the outlet of Charleston Lake, and a lock at or near Morton; also some dredging and deepening of the channel at Black Rapids. Should all this be accomplished boats of considerable tonnage could be navigated from Gananoque by way of Wilkie Creek to the head of Charleston Lake, and also by way of Gananoque and Stoneybroken Lakes to Lyndhurst. Then from Lyndhurst, boats could run to Delta, or westward by Morton to the Canal, and so on to numerous lakes in the Croslyn, Bedford and other townships. The natural flow of water from all these lakes was by way of Beverely Lake to Gananoque, but the dam at Morton cut off most of it for use of the Canal. It is thought, however, that means can be employed to harvest the water sufficiently to give all that is needed in the Canal, and at more time allow a greatly increased flow through the dam at Morton.

WOMEN'S MEDICAL COLLEGE.

The Staff Appointed—Definite Work Projected Opening in October—Plans for the Furnishing.

Last evening the Board of Trustees of the Women's Medical College again met at the Council Chamber.

The Committee appointed to secure suitable rooms reported that the following "round robin" had been signed by two-thirds of the Aldermen, thus securing handsome, light, commodious and well ventilated quarters for the College:

"In view of there having been no meeting of the City Council last evening, and that the decision upon the petition of the Trustees of the Ladies' Medical College will have an important bearing upon the plans for its opening which are to be made this evening, we are agreeable to recommend that a lease of Ontario Hall and one room above it be made to the College Board for five years upon the understanding expressed in the lease that if the hall be required by the Corporation it will be vacated upon three months' notice, and if the dissecting room should prove to be or become a nuisance the same shall be removable within twenty-four hours after due notice to that effect."

THE NEW FACULTY.

Upon the report of Dr. Lavell, founded upon his own judgment and conferences with the medical men of this city, the Faculty was appointed as under in order of seniority in the profession:

Obstetrics—Dr. M. Lavell.
Surgery—Dr. M. Sullivan.
Anatomy—Dr. C. Irwin.
Materia Medica—Dr. A. S. Oliver.
Practice of Medicine—Dr. H. Sanders.
Medical Jurisprudence and Sanitary Science—Dr. T. M. Fenwick.

To Dr. Henderson, by precedence, was allotted the chair of Institutes of Medicine and Histology, but he felt compelled to decline owing to preoccupation. The vacancy will be filled to-day.

The salary was named for the various chairs, but at such a figure, compared with the fees received at the Royal College, as to make the work of the Professors one of sacrifice amounting to devotion to the new project. The citizens have done well in providing $1,300 a year, and as that amount affords but a small outlay in each department, the Professors have shown themselves still more generous than the public.

The Faculty will be called together at once to ascertain what appliances are required for the lecture rooms, to make out a requisition for fittings and necessaries in the college rooms, while the Board will meanwhile proceed with the issue of prospectus and the spreading of advertisements judiciously over the Province.

The College opening will take place early in October, the date to be decided on by the Faculty, and in all probability it will be attended by an interesting public meeting.

THE DEVIL AT WORK.

"The devil hates that flag," said a Salvationist, when he saw the big streamer all rolled up on the top of the Salvation Tent, with the halyards out. If there's any flag on earth the devil hates, it's one with the motto 'One Lord, One Faith, one Baptism.' He can't stand that, so he puts some of his imps up to do what they could to pull it down. Any other flag the devil might allow to stand, but not a flag with that motto on it which means the destruction of his kingdom."

Be sure and go to Alexandria Bay on Thursday next. HERO leaves Gunn's Wharf at 11 a.m. sharp. Six hours visit for 25c.

☞ Five doctors, to end of moderate no relief. Dr. Benson's Skin Cure has driven away all eruptions and I'm nearly well." John C. Young, Hamilton, Ills.

Well Rewarded.

A liberal reward will be paid to any party who will produce a case of Liver, Kidney or Stomach Complaint that Electric Bitters will not speedily cure. Trying them along, it will cost you nothing for the medicine if it fails to cure, and you will be well rewarded for your trouble besides. All blood diseases, Biliousness, Jaundice, Constipation, and general debility are quickly cured. Satisfaction guaranteed or money refunded. Price only fifty cents a bottle. For sale by J. George King.

A Great Discovery.

This is daily bringing joy to the homes of thousands by saving many of their dear ones from an early grave. Trial's in Dr. King's New Discovery for Consumption, Coughs, Colds, Asthma, Bronchitis, Hay Fever, Loss of Voice, Troubling in the Throat, Pain in the Side and Chest, or any disease of the Throat and Lungs, a positive cure! Guaranteed. Trial Bottles free at J. George King's Drug Store. Large size $1.00.

PURITY AND FRESHNESS.

Pure Dalmatian Insect Powder.
Insect Guns.
Shoo Fly Paper.

The careful housekeeper may get rid of all summer pests by the timely use of the above.

W. A. WILSON,
The Pharmacy, 36 Princess Street.
July 19.

WHAT WE CLAIM.

To all who desire to increase their **flesh and strength**, enrich and purify their **blood**, invigorate their mind and **body**, revitalize their impaired and exhausted energies, we confidently assert that the fat-producing properties of FLAX SEED combined with PHOSPHORUS—the best **Nerve Tonic** ever used, will more speedily and perfectly accomplish these important results than any other combination ever used. For hundreds of years it has been known that **Flax Seed** for even crude oil value is the best fat-producer ever employed in the animal economy. In **Flax Seed Emulsion Comp.** all the FAT-PRODUCING, SOOTHING and HEALING properties of **Flax Seed** are obtained in the most easily digested form and united with the most easily assimilated compounds of **Phosphorus** making a most elegant and reliable preparation; even the most sensitive and and delicate can take it, and at the same time be assured it contains just the elements the debilitated system demands when it calls for a prompt and efficient restorative. Ask your druggists for particulars. Read the following testimonials:

Bath, Ont., Feb. 16th, 1887.

The Oriental Manufacturing Co.

Gentlemen,—Having taken many different kinds of medicine for my daughter, who was in a very delicate state of health, I am happy to say that the use of your Flax Seed Emulsion Compound, has done her good. Yours &c. JOHN BROWN.

For sale at Wade's drug store, corner King and Brock Streets, and the Pharmacy, W. A. Wilson, successor to Smith & Gunn, 136 Princess Street.

F. X. COUSINEAU & CO.
