Dr. J. Collis Browne's Chlorodyne

THE ORIGINAL AND ONLY GENUINE.

ADVICE TO INVALIDS.—If you wish to obtain quiet, refreshing sleep, free from headache or bad dreams, and to awaken in health and energy, the weary victims of protracted disease, to repair the nervous media, and regulate the circulating systems of the body, you will provide yourself with that meritorious remedy, prepared by Dr. Collis Browne, late Army Medical Staff, to which he gave the name of CHLORODYNE, and which is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for Coughs, Consumption, Bronchitis and Asthma.

CHLORODYNE acts like a charm in Diarrhœa, and is the only specific in Cholera.

CHLORODYNE effectually cuts short all attacks of Hysteria, Hysteria, Palpitation, and Spasms.

CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Gout, Cancer, Toothache, Menralgia, &c.

From Sigmund & Co., Pharmaceutical Chemists, Medical Hall, Sligo, January 5, 1866. To J. T. Davenport, Esq., 33 Great Russell Street, Bloomsbury, London. Dear Sir, We continue this repeatedly of congratulating you upon the wide spread reputation the justly esteemed medicine, Dr. J. Collis Brown's Chlorodyne, has earned for itself, not only in Ballinrobe, but all over the East. As a remedy of general utility we must question whether a better is imported into the country, and we shall be glad to hear of its finding a place in every Anglo-Indian home. The other benefits, we are happy to say, are now relinquished by the native bazaars, and judging from their sales, we are happy to say, are now relinquished by the native bazaars, and judging from their sales, we have reason to hope that their esteem there will be had evanescent. We could multiply instances of the excellence of the extraordinary efficacy of Dr Collis Browne's Chlorodyne in Diarrhœa and Dysentery, Spasms, Cramps, Neuralgia, the Vomiting of Pregnancy and as a general sedative, that have received similar testimonies to our personal observation during many years. In Cholera, Diarrhœa, and even in the more terrible forms of Cholera itself, we have witnessed its surprisingly soothing power. We have never found any other form of this medicine than Collis Browne's from a firm a conviction that it is decidedly the best, and also from a sense of duty we owe to the profession and to the public, as we are of the opinion that the substitution of any other than Collis Browne's is a positive injury, unless or PATIENT ON THE PART OF THE CHEMIST to THOROUGHLY AND PATIENTLY ATTEND TO ALL THE DETAILS. We remain, &c. Sigmund & Co. Members of the Pharmaceutical Society of Great Britain, Sole Proprietors the Chlorodyne Chemists.

CAUTION.—The Chlorodyne Sir Page Wood stated that the Dr J Collis Browne was undoubtedly the inventor of Chlorodyne, that the story of the Dublin and Prussian was fabricated by an unknown person, which he regretted to say, had been sworn to. See Times, July 13, 1864.

Sold in bottles at 1s. 1½d., 2s. 9d., 4s. 6d., and 11s. each. None is genuine without the signature of Dr J. Collis Browne's Chlorodyne on the Government Stamp. Overwhelming testimony accompanies each bottle.

CAUTION.—Beware of Poisons and Imitations.

Sole Manufacturers, J. T. DAVENPORT, 33 Gt. Russell Street, Bloomsbury, London, W.C. Eng.
