CITY AND VICINITY.

ALL wool double breasted shirts and drawers to match, 80c at Hardy & Murray's.

WANTED.—Tailoresses. Steady work and highest wages. Apply to George Creighton, 14 Main Street.

PROBS.—Moderate winds, mostly south and south east, continued fine weather, stationary or higher temperature.

WILL be open on Thursday at No. 288 Princess Street, and will continue to sell at auction prices over the counter, the entire stock of dry goods and millinery which must be closed at once.

IN THE CITY.—Ontario's little Premier, Hon. O. Mowat, is in the city visiting relatives and going over the old scenes of his boyhood. The trip to England has much improved his health. He looks extremely well and hearty.

HAVE AN EXCURSION.—The Kingston Committee, who have charge of the arrangements for the entertainment of the members of the Dominion Medical Convention, have chartered the str. Maud for an excursion and dinner on Thursday, Sept. 6th.

A BIG PARTY.—W. K. Vanderbilt, H. R. Leeds and wife, and two others, from New York, dined at the Barnett House to-day. They came up from Alexandria Bay and left this afternoon for Sharbot Lake where they will fish for several days. On returning to Kingston they will make a short stay.

ADDED A KNITTER.—The Kingston Hosiery Company have added a knitter of American design to their establishment. The knitter will be used for manufacturing fancy goods, a line of which will be turned out in the season of 1884. The samples for next year will soon be on the market.

HOLINESS MEETING.—This evening the salvation holiness meeting occurs in Victoria Hall. The officers intend visiting Toronto on the 3rd, returning in time for Tuesday's services. Miss Ryerson intended going on a short furlough, on the Captain's return, but the latter's continued illness will prevent her doing this.

THE SUFFERING CAPTAIN.—The accident to Capt. Abbie is more serious than at first anticipated. The last heard from her she was quite ill and had to be removed from the Norseman to a hotel. She returns in a few days. She wants to go to Toronto next week, but her friends should insist upon quiet until she is fully recovered. In her present state excitement is dangerous.

CUT BY STONES.—Last night when about three hundred were watching the takers, the Salvation Army and lightning calculator, at work on the Market Square, some young men teased a citizen until he became annoyed, and rushing into the road, picked up and fired several stones at them. Two heads were badly cut, and police court actions may be the result.

YACHT RACING AT BELLEVILLE.—The Ontario says the Garfield sailed a good race at Belleville, but she leaked badly. In regard to the Victoria the *Intelligencer* remarks "that Mr. Offord designed her for pleasure and not for racing, and that he has a safe and comfortable craft is apparent to all who have seen her," while the Ontario says that this being her first race it is probably a poor criterion of her sailing qualities.

ANDREW IN TORONTO.—Andrew Dickson, of Kingston, was the best and only man to attend F. G. Simpson, Toronto, when he was being haltered to Miss Laura E. Scott in Holy Trinity Church. A correspondent adds: The company consisted only of the witness and the grooms parents, and as the man of God in deep solemn voice read out the grand old marriage service of the English Church in the silent chapel we felt deeply impressed with the sacredness of the married state, and glad that it is so carefully guarded in this country.

SALVATION ARMY.

There was a good attendance at last night's meeting of the Salvation Army. Rev. Mr. McKay read the scripture and Dr. Wilson gave a short address, in the course of which he answered several of the objections to the Army's methods. He said he had received a communication from one source which described the army as the devil's work, as a creation of His Satanic Majesty to destroy the Churches. Dr. Wilson regarded the assertion as absurd, and said that if it were true this was the first time he had heard or known of the devil casting out devils.

BAND IN THE PARK.

HOPELESSLY INSANE.

A resident of Napanee visited the Kingston Penitentiary on the civic holiday, says the *Express*, and saw Michael Lee in the prison asylum. He says that Lee has changed considerably in appearance since he left Napanee and is hopelessly insane. When spoken to he seemed to have but a dim recollection of his previous life and wandered off in his conversation to "signs" in the same way that he did when in the Napanee gaol. There is a small square opening in his cell to admit air, and he imagines that it contains his picture and he talks incessantly about it. The guard reported that he was quite refractory some time ago and was put in the dark cell for nearly a month. Usually three days incarceration in this place is sufficient to bring a man to his senses, but it was with the utmost difficulty that they could induce Lee to leave it even at the end of the month. He was then placed in the insane asylum. Some days he seems to be more hazy than others, and the day of the visit of the Napanee man he was better than usual. The guard was convinced that Lee was insane.

DIDN'T KNOW HIMSELF.

Appearing Before the Mayor—Charged With a Larceny—The Man From Ohio.

Cornelius McMahon was arrested yesterday for stealing a watch from John Kalb. The affair, it appears, was the result of a spree. The prisoner contends that he did not steal the watch, that the prosecutor gave it to him and that he turned it over to another person for safe keeping. The watch is now in the possession of the police. The statement of McMahon seems to be sustained, as another man asserts that Kalb tendered him his watch and chain for safe keeping.

Joseph Mead was arrested last night for stealing an overcoat. George Alder, a cattle buyer, drove to Waggoner's hotel last night and placed his horse and buggy under the shed. His overcoat was in the rug. While Alder was in the house it is alleged Mead entered the premises and appropriated the garment. The police were notified and P. C. James Nesbitt arrested Mead with the overcoat in his possession. Alder has gone to Bath to buy cattle, and on his return the prisoner will be tried.

In the absence of the Police Magistrate the Mayor occupied the bench, and after dismissing two drunks, heard what the two alleged thieves had to say. The prisoner McMahon made a statement in accordance with the facts narrated above.

Joseph Mead said he was from Ohio and that for the past three weeks he has been on a terrible spree. "For the past ten days," he said, "I have not known myself. I am a total wreck."

"Where did you get the overcoat?" said the Mayor.

"I don't know anything about it. It was news to me this morning when I heard I had taken the coat."

The prisoner said that he had over $100 in his possession when he started on the spree, but now he had not a cent. He was going to friends in Montreal. Both the prisoners were remanded until to-morrow, when the Magistrate will try their cases.

A FINE CONCERT.

At the grand concert on Wednesday at Grimsby Camp there was a great crowd present. The great tabernacle was literally crammed. The audience was rewarded with a fine musical programme, rendered in a most efficient manner under the leadership of Mr. Rechab Tandy. The concert opened with a chorus from Mozart by the choir of 75 voices, who were in excellent training. Mr. and Mrs. Tandy rendered, with splendid effect, the duet "How Dear to Me the Hour," and Mr. Tandy and Mrs. Tanner combined their voices in a masterly style in the duet of "A Night in Venice." Mrs. Tanner, in response to an encore after her first solo, rendered "Annie Laurie" in a style which displayed the wonderful compass of her voice as well as the clearness of expression for which she is noted. Mrs. Clara Stevenson, of Guelph, and Mr. C. H. Harrington, of Bradford, Minn., also rendered solos. The programme included several choruses, and the closing hallelujah chorus was a most creditable effort. Mr. Tandy, the leader, won for himself many friends.

WEDDING AT OTTAWA.

Yesterday morning Christ Church, Ottawa, was the scene of a very interesting hymeneal ceremony, the contracting parties of whom were Charles Gamble Geddes, son of the late Allan Geddes, of Ottawa, and Miss Lena Sweetland, daughter of Sheriff Sweetland, of Carleton County. The ceremony was performed in the presence of a large number of the relatives and friends of the bridal couple, by the Very Rev. Archdeacon Lauder, assisted by Rev. Mr. Bogart, of St. John's Church. The bride who was elegantly attired, was attended by Miss Henderson, of Kingston, and Miss Sparks, of Ottawa. The groomsmen were A. B. Chaffey, jr., of Montreal, and T. Bate, of Ottawa. The wedding dejeuner was partaken of at the residence of the bride's father. The presents were numerous and some of them very costly. Mr. and Mrs. Geddes left for Boston and other American cities on their wedding tour, carrying with them the kindest regards and best wishes of their very large circle of friends in the capital. Mr. Geddes is now residing at Fort McLeod, North Western Territory.

THE STUDY OF PHONOGRAPHY.

A large number of the pupils of the Collegiate Institute—some of those who were at it before the holidays and some new ones—will, next week enter upon the study of phonography, a knowledge of which most business and professional men see the need of and encourage as much as they possibly can. Shorthand is one of the most important accomplishments of the times, and those who have had experience in the larger cities know the extent to which it is used. It is not monopolized by the sterner sex; on the contrary the ladies become the equals, in some cases the superiors, of the men, and earn a livelihood much more cheerful and remunerative than they can by service in the other walks of life open to them. One of the most successful students in the last class at the Institute was a young lady, who, with a continuation of the devotion and practice she showed during the holidays, will, in a short time, become an expert.

THE OPENING DELAYED.

The repairs that are being made to the Collegiate Institute will not admit of the institution being opened on Monday, but on Tuesday at 10 o'clock studies will be resumed and all new pupils will be received and enrolled. The heating apparatus which has been somewhat defective for several years past has been thoroughly overhauled under Mr. Gage's superintendence and new pipe added, sufficient to make the heating effective. The double windows have also been changed, and the plastering renewed in nearly all the rooms. The repairs will not be completed by Tuesday, but they will be sufficiently advanced to allow the Institute to be re-opened.

WITHOUT A FIZZ UP.

A QUIET MEETING OF THE SCHOOL BOARD—A NUMBER OF MINOR CHANGES IN THE TEACHING STAFF.

The Ways and the Wherefores—Professional Services Rather Cheap—Penmanship to be Improved in the Schools—How Public Opinion is Influenced—The Tale of the Folly.

A special meeting of the Board of Education was held last evening in the Board Room, Wilkinson's Block. The following members were present: The Chairman, (Mr. Waldron), and Messrs. Drennan, Dunlop, Fee, Horsey, Irving, Polson, Robinson, Rogers, Savage, Shaw and J. Wilson.

VARIOUS SCHOOL CHANGES.

Mr. Polson, on behalf of the School Management Committee, submitted a report which recommended the following changes in the teaching staff:

Miss Hyssop, from the Model School to the Principalship of the Williamsville School.

Miss A. Davidson to Miss Hyssop's division in the Model School.

Miss M. Givens, from Gordon Street School to Miss Davidson's position in the Model School.

Miss Cunningham, from Queen Street School (temporary appointment) to the Gordon Street School.

Misses Minnes and Hentig to resume their places in the Queen and Model Schools respectfully, their terms of absence having expired.

The salaries of all these teachers to be such as the schedule of the Board attaches to the positions.

Mr. J. B. McKay to be Writing Master at a salary of $800 per annum, he to devote the whole of the school hours to the instruction of the pupils, and in the event of his desiring to terminate the engagement to give three months notice.

EXPLANATION OF COMMITTEE'S HEAD.

Mr. Polson explained that Miss Hyssop was the most eligible for the first in the order of promotions. There were two or three others almost her equals in point of seniority, but she had been most successful as a disciplinarian, and it was thought that her management of the Williamsville School would, on the whole, be the most satisfactory.

Mr. Horsey had thought it possible to secure a male teacher for the Williamsville School.

Dr. Fee—A female teacher is quite capable of managing it.

There was some talk in regard to the "sentimental" opinions of the Board, which suggested the remark from Mr. Polson that the Committee had thought more of fitness than sentiment and that the recommendations embodied what was thought to be best in the interest of the schools.

Mr. Horsey said that had the Committee arriving at filling the Williamsville School with least trouble and fewest changes it would only have recommended the appointment of Miss Davidson. However, he bowed to the decision of the majority.

The first four clauses passed without amendment, the fourth involving the retirement of Miss Barry, whose engagement had not been permanent.

THE WRITING MASTERSHIP.

Mr. Polson intimated that in response to the advertisements inserted in the *Globe* and *Mail* thirteen applications had been received for the writing mastership; that Mr. McKay had the necessary qualifications and was personally known to most of the Trustees, having called upon them. The salary would involve an increase in the expenditure, but only until the end of the year as the feeling of the Board had been favourable to the discontinuance of drawing lessons in the schools at the end of the year. The devotion of more time to penmanship was desired, and hence the appointment of Mr. McKay would meet with popular opinion. If Mr. McKay did not accept they could get one of several first class men.

Mr. Allen thought too much was being exacted of Mr. McKay, that the applicant did not think he ought to be expected to spend more than 25 hours weekly in the public schools.

The Inspector—That's all we want—five hours per day.

Dr. Fee—We want the whole of his time or none of it.

Mr. Polson—If Mr. McKay does not accept others will do so.

Mr. Allen—For $800 a year?

Mr. Polson—Yes.

Mr. Allen—Well, I don't think much of them. If that's all professional men can make I want to be a mechanic.

Mr. Shaw did not see the sense of appointing a man without knowing that he would accept, and Dr. Fee did not believe in importing men for the benefit of the Collegiate Institute, and that was "the little wedge some one wanted in."

Mr. Polson called Mr. McKay from an adjoining room, and he announced that he would accept the appointment according to the terms of the Board. He said a member of the Board had suggested that he could teach a half hour per day in the Collegiate Institute, but if such a matter was not agreeable to them he would not force it.

The report was passed intact.

Dr. Fee—I have never known things to go through so unanimously. We are indeed the happy family (and he leaned back and laughed most heartily.)

INTRODUCTION OF SCHOOL BOOKS.

A communication was read from Messrs. James Campbell & Co. in regard to the introduction of the "Royal Readers," a series of which were submitted for inspection.

Dr. Fee—We can stave off the change of the books until 1885, can't we?

The Chairman—Yes.

Mr. Drennan—We ought to do it, then.

Mr. Horsey—There may be something new by that time.

Mr. Shaw—Something more royal.

Mr. Polson—The change will have to be made sooner or later. It should be gradual and conflict as little as possible with public interests and parents' convenience. On a motion by him, seconded by Mr. Drennan, the question was referred to the School Management Committee to report during the year.

ESTABLISHING A PRECEDENT.

Mr. Polson moved that one of the lady teachers receive salary to the 1st of September. The intention was to pay her for three weeks over and above the vacation and month which the law allows in case of sickness. The opposition was led by Dr. Fee, and it was so vigorous as to lead Mr. Drennan to remark, "It is quite evident that Miss Holmes is not one of the Dr's. patients."

Dr. Fee—No she is not.

Mr. Polson—If she had there would have been a fatal issue long ago and no need of this resolution.

Dr. Fee hesitated a moment, then repeated his former arguments and added, "I don't know why Mr. Polson presses the motion. I guess Miss —— buys her perfumery from him."

The motion was withdrawn.

SCHOOL READY—A TITLE.

In reply to a question by the Chairman the Secretary said the schools would be ready for the re-opening on Monday.

Mr. Robinson—Is there any information to be given in regard to the title of that property? (presumably the Archdeacon's Folly).

The Chairman—None.

Mr. Polson—The Board has not asked for any.

At 9 o'clock sharp the adjournment occurred.

A WRITING MASTER APPOINTED.

The Board of Education, at its meeting last evening, appointed a teacher of writing, and no act of the year should be more popularly regarded. The tendency of the age is to scrawl, and those whose early training with the pen is indifferent find it difficult to improve their style when they have grown to be men and women. Young people often find themselves unfitted for positions because they write wretchedly, and it must be remembered that the valuable service now-a-days is that which is neat as well as rapid. Penmanship should be carefully taught in the schools; it is an essential that has been, unfortunately, too long neglected. Mr McKay is a beautiful writer. He is a graduate of the Rochester Business University, and for two years has been connected with Albert College, Belleville, first as teacher of penmanship, and last year of acting business. Specimens of his work were laid before the Trustees and bore the most critical inspection. Mr McKay is not a stranger in the city. He had charge of one of the writing departments at the Provincial Exhibition, and brought himself to the front in a critique upon the manner in which the prizes were awarded. He is fair haired, boyish faced, agreeable young man, full of vigour and devoted to his occupation. We predict for him great success.

LATE ALEXANDER SMEATON.

The late Alexander Smeaton, whose death occurred yesterday morning from bronchial consumption, was a young man whose departure will be deeply regretted by many friends. He was a quiet, upright and gentle natured man whose unostentatious manner won the friendship of many people. His illness was caused primarily by a severe cold contracted while acting as a steamboat engineer on Lake Superior some three years ago, which gradually worked upon him until it ultimately proved fatal. He leaves a widow, his aged mother, one sister and four brothers surviving. It is somewhat of a coincidence that his father, the late John Smeaton, died in the same week in August five years ago. Mr. Smeaton's funeral will take place on Sunday afternoon at 2:30 o'clock from his late residence on Queen Street.

BETHESDA
Mineral Waters
For Liver and Bilious Affections.

THE BETHESDA WATER acts immediately on the Liver, restoring it to healthy action in five days. Bethesda Water will cure Biliousness by the use of it. The water cannot be recommended too strongly. It eradicates the bad blood. It can be readily seen that it is a very efficient, safe and natural remedy to correct the bilious condition of the system. It separates the bile from the blood, allowing the blood to become pure and healthful. I have seen hundreds of these cases cured.

FOR DYSPEPSIA

With the formidable list of dyspeptics brought to my notice we find this Bethesda Water the most efficient remedy ever used for it even if it is of many years standing.

WHAT WE CLAIM.

To all who desire to increase their flesh and strong health, enrich and purify their blood, invigorate their mind and body, revel in the fresh genuine and enthusiastic energies, we confidently assert that the two combined properties of FLAX SEED combined with PHOSPHORUS, the best Nerve Tonic ever used, will more speedily and perfectly accomplish these important results than any other combination ever used. For hundreds of years it has been known that Flax Seed (or even crude oil cake) is the best fat producer ever employed in the animal economy. In Flax Seed Emulsion Comp. of the PACIFIC EMULSION CO. (Olive and Healing properties of Flax Seed and Cod Liver Oil) the most easily digested form and united with the three most active nutritive compounds of Phosphorus making a most elegant and reliable preparation, even the most sensitive and delicate can take it, and at the same time be assured it contains just the elements that nature requires when it is used for a prompt and efficient restorative. Ask your druggists for particulars. Read the following testimonial:

Flax Seed Emulsion Comp. Co.

Gentlemen,—Having bought many different kinds of medicine for my sick daughter, we are satisfied nothing has done her so much good as Flax Seed Emulsion Compound.

Yours &c. JOHN HOLLY.
