AGAIN IN CANADA.

The Hon. Alexander Mackenzie Returns from Britain—Canada's Position.

The Hon. Mr. and Mrs. Alexander Mackenzie arrived in Montreal on Monday and proceeded to the residence of the Hon. Donald A. Smith. Mr. Mackenzie has, to appearances, been greatly benefited by his visit to Britain, although the voyage home had been an exceedingly rough and trying one. His carriage is erect, his cheek ruddy, his eye bright and his step firm and vigorous.

He said that his visit to Britain had been made solely as a private citizen, for health's sake, and he could say nothing that would be other than uninteresting.

"Did you meet Lord Lansdowne and do you regard his appointment to the Governor-Generalship a good one?"

"I know very little about him, having only met him once, but I believe him to be an able man who will fill the position satisfactorily?"

"In your speech at Dundee you are reported as having expressed strong disapproval of Sir Alexander Galt's scheme of Imperial confederation. Do you regard our present position in relation to Great Britain as a permanent one?"

"I see no reason why it should not be permanent. I do not think that any large class in the community are dissatisfied with our present position and form of Government, or that any effort will be made to change it."

"Do you think that any progress has been made by free trade in Canada of late?"

"I most certainly believe that it has progressed, and that it will continue to do so until it is once more a fact, as I believe that any cause supported by right and justice must succeed in the end. It may take time. All radical changes do, but it will come. An indication of progress is to be found in the combination of the cotton manufacturers, which has taken place exactly as I said it would. Time and again I pointed out that a policy of protection would create such a system of over-production, that in order to keep up prices the protected manufacturers would be compelled to enter into a species of conspiracy against the public. This has taken place with cotton, and it will take place with every protected industry."

Horsford's Acid Phosphate
IN ABUSE OF ALCOHOL.
Dr. Jno. P. Wheeler, Hudson, N. Y., says: "I have given it with present decided benefit in a case of inanition of the brain, from abuse of alcohol."

The "Myrtle Navy plug" correctly represents the whole plan upon which its manufacture is conducted. There is not a fractional part of a cent expended upon it for mere appearance. It is neither wrapped in tin foil nor worked into fancy shapes, nor put in any fancy cases, nor subjected to any kind of expense merely to please the eye or captivate the fancy. The manufacturers rightly believed that tobacco was not purchased for ornament, but for smoking, and therefore all extraneous expense was avoided and added to the quality of the tobacco. The public have testified in its case that they prefer paying their money for a high quality of article then for ornament out of place.

AN EXCELLENT OPPORTUNITY.

For those in need of order clothing having ordered largely for the Fall trade I have decided to sell Summer suits, "made to order," at the following prices: $15 tweed suits reduced to $13; $18 Scotch tweed suit reduced to $16. All other Summer material reduced in proportion. Those in need of the above will save money by calling on Z. Prevost, New York Clothing Store.

GOOD LIGHT.

With the long evenings before you good light becomes a positive necessity. Every person recognizes this and for this reason Polson & Co., Princess St., the well known druggists have purchased a full season's supply of the celebrated water white American oil. Price same as common Canadian oil sold by other dealers. Remember the name, Polson & Co., the druggist.

For Sore Throat, Sudden Colds and Diphtheria, no remedy has ever been discovered so powerful to cure as Davis' Pain Killer. As a Liniment it has no equal in curing Rheumatism or Neuralgia, Burns and Bruises, and wounds of every description. It is the cheapest and best remedy ever offered to the public.

Samson had his strength with his hair. Thousands of men and women lose their beauty with theirs, and very large numbers restore the ravages of time by using the famous Cingalese Hair Restorer. Sold at 50 cents per bottle by all druggists.

The universal success of the Triangle Dyes is attracting notice throughout the country. They are without question most remarkable dyes, and have given abundant evidence of their reliability in a shadest 10s.

Why don't you try Carter's Little Liver Pills? They are a positive cure for sick headache and all the ills produced by disordered liver. Only one pill a dose.

Backache is almost immediately relieved by wearing one of Carter's Smart weed and Belladonna Backache Plasters. Try one and be free from pain. Price 25c.

"Leaves have their time to fall," says the poet, but Wild Strawberry leaves are on the rise just now, being utilized in such enormous quantities in making Dr. Fowler's Extract of Wild Strawberry—the infallible remedy for Cholera Morbus, diarrhea and other Summer Complaints.

CHALLENGE.—A name well known in connection with the Hair Renewer, which restores grey hair to its natural color by a few weeks use. Sold at 50 cents a bottle by all druggists.

A CARD.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a receipt that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. Joseph T. Inman, Station D, New York City.

KINGS AND CROWNS.

A Loud Call for a Change in Fashion of Headgear.

Can any of us, debarred from associating with emperors and kings, think of those rulers as human beings whose livers get out of order so do the livers of ordinary mortals, and who have the same trouble with dandruff in their hair that we have? We must reply, "assuredly not."

We cannot imagine a king on a linen duster. We cannot picture an Emperor with a sore toe, neither can we think of the heir apparent to a throne with his suspenders tied together with a string, and a sample of his hair sticking out through a hole in his hat. When we think of kings we immediately associate them with crowns and royal sceptres. We picture a magnificent, stern to admittance-except-on-business specimen of humanity with a crown on his head, sitting bolt upright in a gorgeous gold and pearl inlaid dentist's chair, a jewelled sceptre in his hand and a row of noble dukes bowing to the ground before him.

We have kings in this country—the cattle king for instance—but they have none of the traditional style of Eastern royalty about them. We regret this, because, although we believe in simplicity, yet in some things it is carried entirely too far. We do not expect a cattle king to wear his crown when he is pursuing a steer across the boundless prairie, nor when he comes to town and goes around with the boys. It would be inconvenient, but nevertheless he should have a crown for special occasions.

Then there are our merchant princes. It won't do for them to wear crowns in every day life. It would attract too much attention and perhaps excite remark if Charley Livingston should wear a crown on his royal clothing store brow while trying on a hand-me-down coat on a colored barber. Yet if we must have cattle kings, railroad kings and merchant princes the only way for these potentates to uphold the dignity of their ranks is to have diadems.

They will not, of course, be required to wear them on the street. The kings of the eastern hemisphere do not. Then if a king at a circus put his crown under the seat some one might put his foot on it, and if he should wear it on his head the people in the seats behind might shout, "shoot the crown," and that would make the king angry, and he would go out and demand his money back at the door.

Editors do not wear crowns, although the temptation is great, for crowns are really cheaper than hats. The crown that the Czar of Russia wears has been in use over six hundred years; it has never had to be repaired and is yet good for many years service. The number of hats that a man has to buy costs him in six hundred years more than two diamond encrusted diadems. Hats are apt to take unto themselves wings and fly down the dusty street, with the owner in swift pursuit, an object of melancholy derision. When a king, however, loses his crown it is a much more serious matter, for it not unfrequently happens that his head flies off simultaneously, and it is much easier to regain a lost hat or procure a new one than it is to recapture a lost crown.—*Siftings.*

Prompt Action.

This is just what every sufferer wants—prompt action and rapid relief from pain. The grandest discovery of the age, "the great pain cure," is Polson's Nervoline—prompt, powerful, pleasant to the taste and yet so pure that it may be given to the youngest infant. Try a 10 cent sample bottle, which you can purchase at King's drug store. Nervoline the great, sure, and prompt pain cure. The large bottles are only 25 cents.

Bucklin's Arnica Salve.

The greatest medical wonder of the world, warranted to speedily cure Burns, bruises, cuts, ulcers, salt rheum, fever sores, cancers, piles, chilblains, corns, tetter, chapped hands and all skin eruptions, guaranteed to cure in every instance, or money refunded. 25 cents per box. For sale by J. G. King.

Visit to Kingston.—Specialists.

From the International Throat and Lung Institute 173 Church St., Toronto, will be at the City Hotel, Kingston, two days, Sept 3 and 4.

The surgeons will have with them a supply of Spirometers, the invention of M. Souvielle of Paris, ex-aide surgeon of the French Army, for the cure of Catarrhal Deafness, Bronchitis, Asthma, and Consumption, Constitution and a trial of Spirometer free. Don't fail to see the surgeons while here, as they make a specialty of diseases of the Head, Throat and Lungs, and are curing thousands of cases every year that have been given up to die by the doctors in general practice. Crowds are visiting them in every town and city. For information write 173 Church St., Toronto, or 13 Philips' Square, Montreal.

Holloway's Pills.—Health or Wealth. No sane person would hesitate an instant in the choice between these two conditions. Now is the season to secure the former either by restoring or confirming it. These Pills expel all impurities from the system which fogs, foul vapors, and variable temperatures engender during winter, this medicine also acts most wholesomely upon the skin by disgorging the river of its accumulated bile, and by exciting the kidneys to more energetic action; it increases the appetite for food and strengthens the digestive process. The stomach and liver, with which most disorders originate, are fully under the control of these regulative Pills, which act very kindly yet most efficiently on the tardiest bowels.

The Most frightful scourge of humanity is Bright's Disease of the Kidneys. Commencing with a little pain in the back, it hurries the sufferer to a premature grave. Dr. Van Buren's Kidney Cure is the only known remedy that prevents the fatal result. Take it in time.

If you are broken down in constitution and wasting away by sickness, dissipation, too great nervous taxation, or suffer from any chronic disease, do not abandon hope until you have tried Burdock Blood Bitters. What it is doing daily towards restoring others, it might do for you.

Do not delay, if suffering any form of Bowel Complaint, however mild apparently may be the attack, but use Dr. Fowler's Extract of Wild Strawberry. It is old reliable cure for all forms of Summer Complaints that require prompt treatment. Ask your druggist and all dealers in patent medicines.

Reader, if you suffer from any disorder of the Liver, Stomach, Bowels, Kidneys, Skin, or Blood, try Burdock Blood Bitters. Nature's specific medicine for acting on these organs for the cutest of disease. 50,000 bottles sold in the last three months.

There are many forms of nervous debility in men, that yield to the use of Carter's Iron Pills. Those who are troubled with nervous weakness, nightsweats, &c., should try them.

There is no preparation before the people to-day that commands their confidence more, or meets with a better sale than does Dr. Fowler's Extract of Wild Strawberry—the infallible remedy for all forms of Summer Complaint.

Dr. Carson's Stomach Bitters are not an Alcoholic Stimulant, but a purely Vegetable Medicine, Cathartic and Tonic in its action and invaluable in all affections of the Stomach, Liver and Bowels.

Derangement of the liver, with constipation, injures the complexion, induces pimples, sallow skin, etc. Remove the cause by using Carter's Little Liver Pills. One a dose.

Dr. J. Collis Browne's Chlorodyne
THE ORIGINAL AND ONLY GENUINE.
ADVICE TO INVALIDS—If you wish to obtain quiet, refreshing sleep, free from headache, and from pain and anxiety, to calm and assuage the weary activity of protracted disease, to repose the nervous system, and regulate the circulating system of the body, you will providently embrace with that marvellous remedy discovered by Dr. J. Collis Browne, from Army Medical Staff, which has given the name of CHLORODYNE, and which is universally by the profession to be the most wonderful and valuable remedy ever discovered.
CHLORODYNE is the best remedy known for Coughs, Consumption, Bronchitis and Asthma.
CHLORODYNE acts like a charm in Diarrhœa, and is the only specific in Cholera.
CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpitation, and Spasms.
CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Gout, Cancer, Toothache, Menningitis, &c.
From Syson J. Ch. Pharmaceutical Chemist, Sheffield, Feb. 6th, January 5, 1864. To J. T. Davenport, Esq., 33 Great Russell Street, Bloomsbury, London. Dear Sir, We enclose the opinion of congratulating you upon the widespread reputation this justly esteemed medicine, Dr. J. Collis Browne's Chlorodyne, has earned for itself not only in Sheffield, but all over the kingdom, and we think it due to the medical profession to state that we have never had any cause to complain of its effects, but, on the contrary, have had the satisfaction of hearing from many of our customers that it has afforded them great relief in cases of Spasms, Cramps, Neuralgia, the Vomiting of Pregnancy and in a general sedative, that we have received under your personal observation during many years. In Cholera, Diarrhœa, and even in the more terrible forms of Cholera itself, we have witnessed its surprisingly restorative power. We have never used any other form of opiate medicine than Collis Browne's, it is a fact, we believe, that the Chlorodyne is the best, and also from a sense of duty we owe to the profession and public, we feel it our duty to state that the substitution of any other than Collis Browne's is a fraud, and we remain, Dear Sir, Yours faithfully, SYSON & CO. Members of the Pharmaceutical Society of Great Britain.
CAUTION—Vice Chancellor Sir Page Wood stated that Dr. J. Collis Browne was undoubtedly the inventor of Chlorodyne; that the story of the defendant Freeman was deliberately untrue, which he expressed to me, and he so stated in his decree.—See Times, July 13, 1864.
Sold in bottles at 1s. 1½d., 2s. 9d., 4s. 6d., and 1lb. each. None is genuine without the words "Dr. J. Collis Browne's" on the Government Stamp. Overbearing medical testimony is in every pamphlet each bottle.
CAUTION—Beware of Piracy and Imitation.
Sole Manufacturer, J. T. DAVENPORT, 33 Sq. 33 Russell Street, Bloomsbury, London. Keep March 25.
