Eight tenders for the new department buildings at Ottawa for $231,000 was voted last session, have been received. The lowest is of A. Charlebois, of Montreal.

Nihilism in Russia will not down. The chief organ of the nihilists, which the Government has for months tried to suppress, has reappeared, a copy having been found within the walls of the Czar's palace.

Peck, of Peck's Sun, is nobody's fool. He says his mother often asked him why he made such a fool of himself working that bad boy stuff, and his reply was, "because it is the most profitable thing a wise man can do."

W. O. Parker, of the Boston clothing house, Montreal, who entered a suit against the *Star* for $25,000 for exposing the methods of the firm, and who was also charged with bribing one of his employees to take a false oath in the trial, has absconded, leaving his bondsmen to pay the piper.

Two members of the Methodist Church of Evansville, Ind., had a pugilistic encounter in the pastor's study. Professor Blake, of the choir, winked at Mrs. Inglehart, wife of a prominent lawyer. Inglehart knocked Professor Blake down. The professor asks for $5,000 damages.

Horsford's Acid Phosphate

IN ABUSE OF ALCOHOL.

Dr. Jno. P. Wheeler, Hudson, N. Y., says: "I have given it with present decided benefit in a case of constitution of the brain, from abuse of alcohol."

HONOP'S AT WHOLESALE.

While the Rev. James Keene, generally referred to by the boys as Jim Keene, was a resident of the Pacific coast, a rough-looking specimen of the California farmer burst in upon him one day with:

"Say, Kurnel, my wife has got a brand-new baby, and we've named it Jim Keene Thompson."

"Y-e-s," slowly answered the reverend gentleman, as he passed over a $20 gold-piece.

In about an hour another man from the same neighborhood entered with the salutation:

"Say, Keene, what do you think? We have built a church up our way and named it the Jim Keene Chapel. Can't you come down with a shiner or two?"

"Well, I suppose I'll have to," replied the Rev. as he shelled out a $10 piece.

Thirty minutes had scarcely passed when in came a third man with:

"Good morning, Judge. We are building a school house over the creek to be called the Jim Keene School. Want to contribute a few?"

"Y-e-s," was the reply, as a five was passed out.

It wasn't ever twenty minutes before a fourth man bustled in and called out:

"Keene, I discovered a new canyon up the country the other day, and I dedicated it to you."

"Look here," said the reverend gentleman as he turned in his chair; "I want you to go back and beat up all the new babies, school-houses, churches, trotting-horses, canyons, lunatic asylums, burying-grounds and berry patches in your county which are to be Jim Keened, and come back here and give me the lot at wholesale, for I'm blanked if I'm going to keel with the retail business any longer! Good-day, sir!"—*Wall Street News.*

Is it Proof you Want?

No one can doubt the great merit of Polson's Nervoline, for it has been placed in the market in 10 cent bottles, just to give you the opportunity of testing its power over all kind of pain. This is the best evidence of its efficacy, for every person can try for himself. Polson's Nervoline is a positive (it cannot fail) cure for cramps, toothache, colds, neuralgia, and the best of pains that flesh is heir to. Good to take, good to rub. Go to Polson's and King's drug stores and buy a bottle.

Stubbs's Arnica Salve.

The greatest medical wonder of the world, warranted to speedily cure Burns, bruises, cuts, sores, salt rheum, fever sores, tetters, piles, chilblains, corns, felons, chapped hands and all skin eruptions; guaranteed to cure in every instance, or money refunded. 25 cents per box. For sale by J. G. King.

The political contest being over, the popular vote of the people is now cast in favor of Dr. Fowler's Extract of Wild Strawberry, that matchless remedy for Cholera Morbus and all Summer Complaints.

The most miserable mortal in existence is probably the confirmed dyspeptic. Burdock Blood Bitters cure Dyspepsia and all diseases of the Stomach, Blood, Liver and Kidneys. Do not trust our word simply, but address the proprietors for proof.

Dr. McCrimmon, of Lancaster, writes that he has suffered with inflammatory rheumatism, more or less, from childhood, and had tried nearly all advertised remedies with but temporary effect. Burdock Blood Bitters have radically cured him, and he authorizes us to say so.

Dr. Carson's Stomach Bitters are not an Alcoholic Stimulant, but a purely Vegetable Medicine, Cathartic and Tonic in its action and invaluable in all affections of the Stomach, Liver and Bowels.

Derangement of the liver, with constipation, injures the complexion, induces pimples, sallow skin, etc. Remove the cause by using Carter's Little Liver Pills. One a dose.

In Dr. Carson's Stomach Bitters will be found a specific for Biliousness, Dyspepsia and Indigestion. You are foolish if you neglect, not to try it. For sale by all druggists.

Headache is almost immediately relieved by wearing one of Carter's Smart weed and Hops Headache Plasters. Try one and be free from pain. Price 25c.

Small Beginnings and Great Endings.

It is a trite remark that it is better to begin in a small way, and enlarge in a steady and healthy manner, than to attempt too much and fail. But trite as the remark is, it bears the impress of truth. No matter how small the beginning, if there is real worth at bottom, the results will be all that can be hoped for. Let the history of Holloway's celebrated Pills and Ointment illustrate this point. In an obscure street in London he commenced the manufacture of his Pills. He mixed the ingredients and rolled the Pills with his own hands. Their sale at first was small, but as their efficacy became known it increased, at first slowly, then more rapidly, until now the demand for them has become so great that the iron muscles of the steam engine are called into requisition to grind up and mix enough to supply the increasing calls for them—calls which come from all parts of the world. This success which has rendered Holloway's famous is well deserved, as thousands of grateful hearts in every nook and corner of the globe will heartily attest.

In no part, however, are they more justly appreciated than in South and Central America, where their comprehensiveness, as well as the strength of their remedial properties, have been most severely tried. When winter sits enthroned among the Andes, where torrid summer evokes disease and death from the marshes near the coast, and where eternal spring beautifies the table lands, they have been administered with equal and invariable success to all classes, colours, and conditions.

To the superficial thinker it seems inexplicable that the same medicine should cure diseases which bear no similarity to each other. We believe, however, that a sound philosophical reason has been given for the phenomenon. Symptoms differ, but they are the effects of disease, not its cause. The cause, it is urged, is a morbid and poisonous principle in the blood, which may be of greater or less intensity, but is always the same in its nature, and therefore always controllable by the same means. The great difficulty was to discover and prepare the true remedy—a difficulty which Holloway has surmounted. If this is not the rationale of the cures accomplished by his Pills and Ointment, let the faculty give us a better. We are indifferent as to what theory may be adopted in explanation, so long as the facts themselves remain unshaken.—*Brooklyn Enumerator.*

AN EXCELLENT OPPORTUNITY.

For those in need of order clothing having ordered largely for the Fall trade I have decided to sell Summer suits, "made to order," at the following prices: $13 tweed suits reduced to $13; $18 Scotch tweed suit reduced to $16. All other Summer material reduced in proportion. Those in need of the above will save money by calling on Z. Prevost, New York Clothing Store.

How for the Cool Nights.

And all their attendant evils. The hot weather brings with it many discomforts, sudden attacks of illness should at this season be provided against. Polson's Nervoline, the great pain cure, is a never-failing remedy for all internal or external pains. Cramps, diarrhoea, dysentery, and spasms are cured as if by magic. Always cure for neuralgia, rheumatism, &c. A 10 cent sample bottle will prove its efficacy. Buy a 10 or 25 cent bottle at Polson's and King's drug stores. Use Polson's Nervilene.

A New Principle.

The principle upon which Putnam's Painless Corn Extractor acts is entirely new. It does not sink deep into the flesh, thereby producing soreness, but acts directly upon the external covering of the corn, separates it from the under layer, removes the direct pressure from the part, and at once effects a radical cure, without any pain or discomfort. Let those who are suffering from corns, yet sceptical of treatment, try it, and by the completeness of the cure they will be ready to recommend Putnam's Painless Corn Extractor to others.

For Sore Throat, Sudden Colds and Diphtheria, no remedy has ever been discovered so powerful to cure as Davis' Pain-Killer. As a Liniment it has no equal in curing Rheumatism or Neuralgia, Burns and Bruises, and wounds of every description. It is the cheapest and best remedy ever offered to the public.

Dr. Fowler's Extract of Wild Strawberry will never fail you when taken to cure Dysentery, Colic, Sick Stomach, or any form of Summer Complaint. Relief is almost instantaneous; a few doses cure when other remedies fail.

Samson lost his strength with his hair. Thousands of men and women lose their beauty with threes, and very large numbers restore the ravages of time by using the famous Cingalese Hair Restorer. Sold at 50 cents per bottle by all druggists.

☞ The universal success of the Trium in Dyes is attracting notice throughout the country. They are without question most remarkable dyes, and have given abundant evidence of their reliability in a student life.

Why don't you try Carter's Little Liver Pills? They are a positive cure for sick headache and all the ills produced by disordered liver. Only one pill a dose.

A CARD.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in S. South America. Send a self-addressed envelope to the Rev. Joseph T. Inman, Station D, Bible House, New York City.

SAILORS' YARNS.

Killing a Cat on a Vessel—A Sad Crew—An Immense Fish—Engulfing Mariners.

The killing of a cat on board a vessel is thought to be extremely unlucky, and woe to the person who should be found guilty. A naval vessel from Peru to New York had an ill-tempered and generally disreputable cat which no one had any love for. This animal mysteriously disappeared one night after the vessel left Valparaiso, and, though one of the firemen was suspected, the proof could not be obtained. For the remainder of the voyage the captain and several of the officers and sailors predicted that the vessel would be lost. They daily watched for the king of the mighty deep to appear and demand satisfaction for the crime. Yet the vessel reached the New York navy yard after a remarkably pleasant voyage throughout. In this case the wives and sweethearts who had longingly waited for three years for the ship's return were given the credit of hauling on her (imaginary) line and bringing her safely past Davy Jones' mansion. There is scarcely a sailor who does not vaguely believe that it is unlucky to go to sea on Friday, and this can be seen by anybody in the ship column of Saturday's papers. Only two weeks ago one of the large ocean steamships steamed away from her pier on Friday, and anchored in Gravesend bay until the following day before she went to sea. The captain's excuse was "to make repairs," but he really had a strong aversion to starting on Friday. This superstition seems to prevail in yachting circles as well. Regattas do sometimes occur on that day, but it is seldom. A story is told of a captain who tried to prove that Friday was not an unlucky day. He laid the keel of a new ship at Hyannis, Cape Cod, on Friday, launched her on Friday, named her Friday and set sail on Friday. Her record was made complete when she was wrecked on Friday and every body on board lost.

The dolphin and porpoise are unwelcome to the sailor when they suddenly appear during a calm, and if they skip about a severe gale is expected. If sharks follow a ship for several days it means that a death is to occur. Any one who has seen the haddock must have noticed a mark on each side of the gills. This, sailors assert, was made by St. Peter with his finger and thumb when he took the tribute money out of the mouth of the fish. This, perhaps, accounts for the belief of Scotchmen that it is the "richest" fish that was ever put on the table. The most superstitious sailors are the Scandinavians, who believe in the existence of Neck, a merman, having the head of a man and the flowing ringlets of a girl. Neck, wearing a red cap, sits upon the waves and plays upon a harp. His melody is so attractive that sailors become charmed by it, and in this way many have perished. The Norwegians are firm believers in the "kraken," a monster devil fish whose body is over a mile long, and only to be found in the deepest water. It feeds upon fishes, and devours whole schools at a time. Fishermen who have mistaken it for an island and taken refuge on its back have been drowned in the whirlpool made by the sudden sinking of the monster.

O'DONNELL'S ARRIVAL.

The South African steamer with O'Donnell, the slayer of James Carey, arrived at Madeira yesterday. O'Donnell is in charge of two colonial detectives. His manner is quiet and reserved, and there is no sign that he feels any anxiety for the future. A correspondent who was permitted to go on board and converse with O'Donnell found him quietly smoking his pipe. He was utterly indifferent as to the result of his his trial, yet he was perfectly sure that he would never be hanged. When told of the manifestations of sympathy for him and delight at Carey's death exhibited by Irishmen all over the world he laughed and said that he had no doubt of it. He expressed himself as being more than grateful to the Americans for the manner in which they upheld him, and for the light in which they looked upon the impulse which compelled him to rid the earth of such a thing as James Carey. On hearing the news of Marwood's death O'Donnell smiled and said that had Marwood lived he would never have had the pleasure of exhibiting his ghastly skill on him. He reiterated that he would never hang. Every possible step has been taken by the officials of Madeira to prevent a surprise. Soldiers patrol the shore, and all persons communicating with the ship are closely questioned.

Dr. Van Buren's Kidney Cure will at once ease your pain and positively prevent these unfortunate results. Take it at once, any druggist will have it.

W. J. Gupsy, druggist, of Newbury writes:—"Dr. Fowler's Wild Strawberry is just the thing for Summer Sickness. I sold out my stock three times last summer. There was a good demand for it." Dr. Fowler's Extract of Wild Strawberry is infallible for Dysentery, Colic, Sick Stomach and Bowel Complaint.

The Most frightful scourge of humanity is Bright's Disease of the Kidneys. Commencing with a little pain in the back, it leaves the sufferer to a premature grave. Dr. Van Buren's Kidney Cure is the only known remedy that prevents the fatal result. Take it in time.

There is no form of nervous debility in man, that yields to the use of Carter's Iron Pills. Those who are troubled with nervous weakness, night sweats, &c., should try them.

FOR THE

KIDNEYS, LIVER AND URINARY ORGANS

THE BEST BLOOD PURIFIER.

There is only one way by which any disease can be cured, and that is by removing the cause—whatever it may be. The great medical authorities of the day declare that nearly every disease is caused by deranged kidneys or liver. To restore these therefore is the only way by which health can be secured. Here is where WARNER'S SAFE CURE has achieved its great reputation. It acts directly upon the kidneys and liver and by placing them in a healthy condition drives disease and pain from the system. For all Kidneys, Liver and Urinary troubles; for the distressing disorders of women; for Malaria, and physical troubles generally, this great remedy has no equal. Beware of imposters, imitations and concoctions said to be just as good.

Dr. J. Collis Browne's Chlorodyne

THE ORIGINAL AND ONLY GENUINE.

ADVICE TO INVALIDS—If you wish to obtain quiet, refreshing sleep, free from headache, relief from pain and anguish to nerve and assuage the weary sickness of protracted disease, invigorate the nervous media, and regulate the circulating system of the body, you will provide yourself with that marvellous remedy discovered by Dr. J. Collis Browne's Late Army Medical Staff to which he gave the name of CHLORODYNE and which is admitted by the profession to be the most remarkable and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for Coughs, Consumption, Bronchitis and Asthma.

CHLORODYNE acts like a charm in Diarrhœa, and is the only specific in Cholera Diarrhœa.

CHLORODYNE effectually cuts short all attacks of Hysterics, Hysteria, Palpitation, and Spasms.

CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Gout, Cancer, Toothache, Meningitis, &c.

From Symes & Co., Pharmaceutical Chemists, Medical Hall, Sidcup, January 3, 1864. To J. T. Davenport, Esq., 33 Great Russell Street, Bloomsbury, London. Dear Sir,—We embrace this opportunity of congratulating you upon the ever-spread reputation the justly esteemed medicine Dr. J. Collis Browne's Chlorodyne has earned for itself, not only in Kingston, but all over this East. As a remedy of general utility we never question whenever a letter is imported into the country, and we shall be glad to hear of its finding a place in every Anglo-Indian home. The other branch, we are happy to say, are now relegated to the native bazaars, and judging from the daily sale, we fancy that their imports there will be but evanescent. We equally unanimously bear testimony to the extraordinary efficacy of Dr. Collis Browne's Chlorodyne in Diarrhœa, and have received under our personal observation during many years. In Cholera, Diarrhœa, and even in the more terrible forms of Cholera itself, we have witnessed its astonishingly controlling power. We have never tried any other form of this medicine than Collis Browne's, from a firm conviction that it is decidedly the best, and also from a sense of duty to a we to the profession, and the public, lest we are of the opinion that the substitution of any other than Collis Browne's in a case of DIARRHŒA OR RAPID ON THE CHANGE TO EMBARRASS AND PATIENT ALIKE. We are, Sir, faithfully yours, Symes & Co. Members of the Pharmacy Society of Great Britain; Hippocrates the Visitor's Chemists.

CAUTION.—Vice Chancellor Sir Page Wood stated that Dr. J. COLLIS BROWNE was undoubtedly the inventor of CHLORODYNE, that the story of the defendant Freeman was deliberately untrue, which, he regretted to say, had to be sworn to.—See Times, July 13, 1864.

Sold in bottles at 1s. 1½d., 2s. 9d., and 4s. each. None is genuine without the word "Dr. J. Collis Browne's Chlorodyne" on the Government Stamp. Overbalming medical testimony accompanies each bottle.

CAUTION—Beware of Piracy and Imitation.
