Poetics.

Tell me not, O fleecy flocks!
That you do never cease again,
Because the wind across the moor, land
On the fold and on the plain.

On the rills, where lies they perished,
For they grew up with by rills,
Through the field and through the churchyard,
Never in vain the world had tried.

Tread them in the mighty margin,
That one moan from day to day;
Where the winds forever falling
Darken, and obscure the way.

Till the winds, grow stark and hoary,
And the brief world drifts after;
Till the unseen gather dungeons,
And this world shuts out one star.

Harrowsmith.

On Friday evening, the 14th inst., a concert, in aid of the prize fund, was held in the Town Hall here. The attendance was good, considering the rough weather. The receipts were $48.10. Miss Burton, of your city, was the great attraction. She sang four pieces in her usual excellent style, and was loudly encored. Miss Dupuis, of your city, was the organist of the evening, and contributed greatly to the success of the entertainment. The following ladies and gentlemen also took part, and were kindly thanked by Mr. Samworby at the close: The Misses Williamson, Burston, Clark, Bakey, Smith, Forsyth, McLean, and Mrs. G. H. Parkin; Messrs. Calder, Williamson, Day, Donnelly, Baker, McClement and G. H. Parkin. Mr. Wm. Thompson was the Chairman, and discharged the duties of his position in his usual excellent style. At the conclusion of the concert, Mr. Samworby thanked the public for the hearty support they had accorded him, and the entertainment closed about 9:30 o'clock by singing the National Anthem.

We were visited on Saturday night by a gang of thieves, who entered Thompson's store at Harrowsmith, carrying off goods amounting to $60 or $70; thence to Cook's Hotel, stealing his buggy and harness; thence coming on to D. IN DYSPEPSIA AND DIGESTIVE TROUBLES.

Asthma.

To increase the weight of the body, improve the spirits, revitalize the whole of and depressed, is the true object of medical science. The digestive organs must be in a healthy condition if we wish to secure this desirable result, and to remedy yet discovered has proved so effectual in accomplishing this as Fort-Green Kerosene Cure. It contains the Phosphorus to build up the nervous system and all the fat producing properties of Cod-liver oil to enrich the blood and supply the animal economy with the elements for reconstruction. STRIKING IT RICH.

Prayers Answered and $213,000 found in one of the Best Outhouses of Places.

Akron, Ohio, Dec. 19.—Harrison Rumen lived for many years in Hinckley, Medina County, Ohio, and amassed considerable cash. He would not trust his money to the keeping of a bank, but had it about his premises. A short time ago he told his wife that he had hidden about $20,000 in money, and that he would inform her so that, in case of his death, she would know where to look for it. About a week ago he died of apoplexy. After his death an examination of his papers showed that he had $253,000 in money hidden about his premises. The most thorough search failed to reveal the hiding place, and the widow began to despair. Then she was impressed with the notion that if she prayed with faith the Lord would direct her to the place where the money was hidden. On Wednesday she prayed all day and all night. On Thursday morning she was impelled to go to the bee hives, which stood on a bench near the house, and in the excitement of expectation she knocked over one of the hives, disclosing to her view the top of a bench with a pile of greenbacks of large denominations upon it. A search under the other hives resulted in finding a total of $13,000. In the afternoon one of the family dropped a bunch of keys through the barn floor, which necessitated taking up a plank to find them, and when the young man put his hand down he struck a half gallon fruit jar, which he pulled out to find partly filled with $50 gold pieces. Other jars and a grain bag were also found containing gold and silver, and when it had all been counted the total amount figured up to over $213,000. The widow was overjoyed and in her statement to to the correspondent said she believed that the discoveries were in direct answer to her prayers.

Testing Its Merits.

So much has been said regarding the wonderful cures made through the aid of the spirometer, the invention of Dr. M. Souvielle of Paris, ex-aide surgeon of the French army, that many eminent physicians have been induced to investigate the instrument, and also the scientific standing of the International Throat and Lung Institute. All who have so investigated express themselves satisfied that the physicians on opening the staff of the institute are thoroughly qualified medical men, that practice upon the latest and most scientific treatment, and that the spirometer is really a valuable addition to medical science.

One very prominent physician said: "If there is anything in inhalation it can be got out of the Spirometer. I am surprised at the powerful effects produced." Any one suffering from Asthma, Bronchitis, Catarrh, Catarrhal Deafness, Consumption in its first stages or Laryngitis should consult the physicians of the Institute personally and be examined, or not write for list of questions and copy of International News published monthly. Physicians and sufferers can try the Spirometer free. Consultations free. Address International Throat and Lung Institute, 173 Church st., Toronto, or 13 Philip square, Montreal, P.Q.

A Child's Opinion—A Fact.

SHANLEY —— had recovered from a very serious illness, brought on by too close application to his books, in his earnest endeavors to outstrip his little schoolmates in the race after knowledge.

His little brother, Percy, a youth of three summers, as was quite natural, held a very high opinion of the medicine (Robinson's Phosphorized Emulsion of Cod Liver Oil with Lactic Phosphate of Lime) that had produced such gratifying results,—but, at the same time had a very warm affection for it on his own private account. After having enjoyed sundry "refreshments" from the nearly empty bottle, which by common consent had become to him, by ordinary hints, a sign between his eye and the light, and with the sagacity of a child just remarks,—"Mamma, I like sat ter be bisnin."

Little Percy's just appreciation is a very general one among the children who have once taken "Robinson's Emulsion."

Important.

The Excelsior Rupture Treatment was introduced to the American people several years ago by furnishing the remedy to those afflicted with Hernia in any of its forms and collecting no pay until permanent cure was effected. In this way the treatment gained a world wide reputation on its own merits, never failing to cure any reducible Hernia. The Company has placed the remedy on sale by all druggists in the United States, Canada and England, in this way bringing it within the reach of all classes at a trifling cost. Ask your druggist for a free book or send six cents for one to the Excelsior Rupture Cure Manufacturing Co., Ogdensburg, N.Y.

The Truth and Nothing Else.

Nowadays people want proof. Humbugs are more plentiful than dollars, and it is only by the greatest care that many are kept at convenient point that they are not frauds. Proof is wanted, and that we can supply in connection with the claims of Putnam's Painless Corn Extractor as a safe, safe, and painless remedy for corns. Ask any druggist what he thinks of it. Ask any person who has used it. This will give you all the proof you want. Then buy a bottle, test it, and become a missionary for Putnam's Painless Corn Extractor.

McGregor's Spavin Cure.

From the many remarkable cures wrought by using McGregor's Spavin Cure for Dyspepsia, Indigestion, Constipation and affection of the Liver, and from the immense sale or it without any advertising, we have concluded to place it extensively on the market, so that those who suffer may have a perfect cure. Go to Chown's Drug Store and get a trial bottle free, or the regular size at 50c and $1.

Everybody Suffers Pain.

It is the result of sin and violation of nature's laws. The great Creator of the universe in his infinite mercy has done much to allay the suffering of his people by giving them out of nature's store house a "balm for every wound." Such is the Pain Killer made by Perry Davis & Son; it stops pain almost instantly, is used both internally and externally, and is of all other pain remedies the oldest and best.

Caution.

We advise all who are afflicted with a cough or cold to beware of opiates and all medicines that smother and check a cough suddenly, as serious results surely follow. Sheppard's Pectoral Balsam loosens and breaks up coughs and colds in a safe and effectual manner.

☞ For a 2 cent stamp Wilson Chemical Co., Kingston Ont., will send to any address 27 hand colored samples of Triangle Dyes, with directions for use; how to make colored inks; how to make old colors; and other information valuable to every home.

"Hale" Cough Cure, 25 Cents.

Prescription of a Boston physician, discovered years by a Boston druggist. One dose will cure any ordinary cough. It was almost miraculously. Ask H. Sparrow for a 25 cent bottle of "Hale" Cough Cure.

LETTERS TO THE EDITOR.

Railway Crossings.

The Editor, British Whig.

Sir,—The Life and accidents on the railway at Cataraqui have caused the public to inquire if something could not be done to prevent these occurrences. I remember reading in an English newspaper of an invention by an English mechanic—a gate for railway crossings. The gate had a spring attached to it and when the train came forward and touched the spring the gate closed of itself, and when the train went past the gate opened again of itself. Would it not be worth while to try it.

Out of the Public.

Dec. 19.

Letter From Mr. Cornelier.

The Editor, British Whig.

Dear Sir,—I desire to thank his Worship the Mayor and the Aldermen of the Right Honorable Body of the City Council of the City of Kingston for their cordial support of Woman's Rights. I was astonished to learn by his speech that Ald. McIntyre made fictitious opposition to that momentous question. Two learned and talented lawyers, Ald. McGuire, made a very eloquent speech on behalf of the ladies, one of the ablest that was delivered that evening. He is a gentleman possessing great oratorical powers and is an honor to the Kingston bar. In 1877 I delivered my lecture on Woman's Rights. Ald. McIntyre presided at the meeting and said the women ought to have their legal and lawful rights, now monopolized by selfish men, and, sir, I would scarcely have believed that he opposed the ladies in the obnoxious manner he did, because, sir, what renders woman's advancement farthest every other mortal, the morning stars of our youth, and the day stars of our manhood, and evening stars of old age. God bless our stars.

I remain, yours truly,

C. A. Cornelier.

Hochelebrake, Dec. 19.

Those Two Letters.

The Editor, British Whig.

Sir,—I notice in your issue of Dec. 15th a letter signed "Joseph Quinn" with a solemn declaration denying my letter wholly and partly, and denying a letter signed "Joseph Quinn" in the Wigs of Nov. 29th. Allow me to compare letters. Mr. Quinn's on Nov. 29th, said, "I approached him and made a proposition that if he would leave the room (County Council chamber) when the vote was about to be taken Howe Island would be sure of $50 road grant" and that he refused to make any such arrangements. Then in my letter appearing Dec. 6th I clearly showed I approached Quinn, hence in that we agree. Then again I say: "Why not vote with us. We intend to carry bill if we can." Therefore Quinn's letter claimed that Howe Island would be sure of $50. Then we partly agree. Then again I told Quinn he had better get out of that altogether, which Quinn's letter says he refused to do: here we again agree, if not in words in substance. But Mr. Quinn says in his solemn declaration that my letter, appearing Dec. 6th, is a pure fabrication, such conversation never having taken place between Robert Flynn and himself. Apparently the misunderstanding on Mr. Quinn's part is as great as ever, from the fact that his own letter on Nov. 29th partly corroborated my letter in the issue of Dec. 6th. Then in the issue of Dec. 13th, Quinn appears and says he could not find in way clear to support me in a road grant and a poor school grant. There he is astray again, from the fact that the proposition for school grant belonged to another member of the Council, and I had nothing to do with it till it came before the Council. He thinks I should at least allow him to exercise his own opinion as freely as I did mine, and vote accordingly. Thanks to Mr. Quinn for that part of his confession, but I am sorry I cannot return Mr. Quinn the compliment.

I am yours, Sir,

Robert Flynn.

Township Olden, Dec. 19.

A Western Voice

Henry Knight, lately of Westbrook, has been spending some time in the West near Salem, Iowa, and writes his impressions of this country there. The land is fine, without stone or thistle, but with plenty of other weeds. It has been quite warm, without snow, and farmers were still plowing, there being only night frosts. He has lately encountered many evidences of longevity of life in Iowa, and sends this list of men living within a circle of seven miles of Salem: Jacob Rogers, aged 100; Allen Hiatt, aged 89; Joseph Thatcher, aged 89; Harvey Dorlanbier, aged 86; Thos. Sivetor, aged 86; Jas. Arnold, aged 86; Jonathan Mosier, aged 84; Ira Mitchell, aged 83; John R. Smith, aged 82; Geo. Hughes, aged 81, and Henry Wilcoxon, aged 70, with nearly as many women about the same age, and a great many people over 70 years.

Jacob Rogers has a daughter of over 80 years, and yet he moves about with upright gate and without the aid of a cane. He was in the battle of Lundy's Lane and has one of its vagrant bullets in his arm still.

Everybody Has Sick

Read this carefully. If you or any friend are suffering from any kind of pain, internal, local or external, try Polson's Nervoline, the sure pain cure. Pleasant to take, powerful in effect, sure in results, and cheap because the strongest, safest and most certain pain remedy in the world. You can test this great remedy by going to Polson's and King's drug stores and buying a 10 cent sample bottle. Try it at once.

Honest and True.

This is emphatically the case with Polson's Nervoline, the "great pain cure." Nasmith's Washing Compound.

In many way of the ordinary crystal preparations in composition and action. It is the only Compound, we believe, that will without any injurious effects thoroughly cleanse all fabrics. The little girl's fur a coat she from Cork

She got it a size
To know what to do
But Galloway came to her aid
He said her no goods
With furs and Hoods
Could vie for all that she got!

She went a way crossed
And passed on her home
But she made not her mope of a stock
For the goods that he sold
Were up to snuff
The woman who had a large flock

The same is true
To his gents wear
The people go back who new buy
Their clothes ready made
And all go to
