To-day's Probabilities.

Moderate winds, fair weather with light local falls of snow and not much change in temperature.

The Reduced Assessment.

The Court of Revision has completed its work for the year. The assessment of 1884 has not been largely reduced by it. The change will not be more than $50,000 or 100,000. The Court sustained the City Assessor in nearly every particular.

Entrance Examination.

The examination for entrance to the Collegiate Institute began this morning in the City Hall; Inspector Kidd presiding. There were 55 candidates present. To-day the subjects for consideration were: Geography, Composition, Drawing, Grammar and Reading. To-morrow the pupils will write on Arithmetic, Dictation, History and Spelling.

He Takes Another School.

John Hume, B.A., a graduate of Queen's University, has resigned his position as headmaster of Brampton High School and accepted the Principalship of the Danville High School, the change bringing a large increase in salary. A few days ago Mr. Hume was surprised by his Brampton friends, who presented him with an address and a handsome present.

The Rainer Grounded.

To-day there were rumors to the effect that a man named Barry had last night been killed at Collinsby crossing on the Grand Trunk Railway. The one who gave currency to the statement claimed that he heard it at the depot. Telegrams to Collinsby elicited the fact that the report was erroneous. The originator of the report evidently believed in the triple accident theory.

The Richelieu and G. T. R.

There was a rumor yesterday in Montreal that the Richelieu & Ontario Navigation Company will shortly seek closer relations with the Grand Trunk Railway, and that several gentlemen of the Railway Company will be placed on the Board of Directors at the next annual meeting. The story has been denied at the Richelieu Company's office.

Proving About for Fowls.

There was quite a large market this morning and fowls were offered for sale in profusion. The prices asked were somewhat high, but the purchasers were many and the demand good. One man, with a seal skin hat, raced from one market to another in his search for "a tender gobbler." He got something, but from the appearance of the article we doubt its genuineness.

Election of Officers.

At a meeting of the Young Irishmen's Catholic Benevolent Association, held on Monday evening, the following officers were elected for the ensuing year:

President—John Collins.
First Vice-President—J. J. Buggee.
Second Vice-President—Wm. Towers.
Secretary—P. J. Lawless.
Financial Secretary—D. Egan.
Treasurer—J. J. Behan.
Sergeant-at-Arms—J. P. Linaugh.
Marshal—Jas. Walsh.

A High Honor.

Colonel A. D. Shaw, U. S. Consul at Manchester, (formerly of Cape Vincent, N.Y., and well known here) was chosen to fill the place of the Earl of Aberdeen at the celebration of St. Andrew's Day by the St. Andrew's Society of that city. Mr. Shaw is not exactly a Scotchman, but he is of Scotch descent. He has all the enthusiasm necessary to the wearing of "the garb of old Gaul," or to the ceremonious drinking of a "wille waugh."

Foster the Guilty Fellow.

Foster, arrested in Belleville, proves to be the man who stole G. Denison's horse at Harrowsmith. Last Monday he stabled the stolen dark iron grey, worth probably about $125, with John Miller, of Indian Reserve, for an animal not valued at more than $60. When Foster expressed himself so anxious to trade horses at this sacrifice the neighbors had a suspicion that all was not right, but Miller knew he was getting a good bargain and went ahead. The horse has been recovered by Mr. Denison.

Ontario Tree Planters.

The Rev. Rural Dean Lewis, the clergyman appointed by the Executive Committee to collect funds to build a Sea home in Kingston, has entered on his work in the city. The churchmen in the several congregations will, no doubt, respond liberally to the appeal made, and we shall soon see another handsome residence added to the many adorning this city. Ten or twelve thousand dollars will be spent among the laboring population. A country clergyman has offered to contribute $200 to this fund, but we hope that some of our wealthy and liberal churchmen will contribute yet larger sums when they understand that they will have three years to pay the amount in.

A fine variety performance, in which civil and vocal talent is mingled, will be given in the City Hall on Saturday afternoon and evening. "The Tragedy in Seven Dials" will be represented. The school children will attend in great numbers.

Retirement from the Board.

Alf. J. Wilson purposes, at the end of this year, retiring from the Board of Education, with which he has been so long connected.

His work as an educationist will be kindly remembered. Than him no man has worked longer and more earnestly to improve the schools and add to their efficiency.

Now he will devote all his time to municipal affairs, and as a representative of Victoria Ward, if again elected, of which there is every probability, he will do the city an appreciative service.

Account of a Bitterer Crime.

Geo. H. Amey was arrested on Tuesday last Gananoque, on a warrant issued by the Police Magistrate of Napanee, at the instance of his daughter, charging him with having attempted to induce her to commit an unnatural offence upon him. The case will be investigated by the Magistrate to-morrow.

MINISTERS' MOVEMENTS.

What the Kingston Presbytery did at its Session in Belleville—Calling a Pastor.

The Kingston Presbytery meeting was concluded yesterday in Belleville.

Rev. Robert Neill, D.D., of Seymour, tendered his resignation. The old congregation agreed to give him, as a retiring allowance, $300 a year, and the use of the manse during his lifetime. The resignation dates from Dec. 31st.

Rev. Joseph Gandier, of Fort Coulonge, received a call from the congregation of St. Columba, and St. Paul, Melbo, which was sustained. The salary will be $800 annually and a manse, this sum to be supplemented by $400 a year from the Home Mission fund.

Professor Ross, of Queen's University, was received as a member of the Presbytery.

HOME MISSION WORK.

Rev. M. W. Mackay, Convener of the Home Mission Committee for the Presbytery, reported. He recommended the supplies for the mission field during the winter. The thanks of the Presbytery were tendered to the Kingston & Pembroke Railway, for granting free passes to ministers and students while performing mission work. The request of the Brockville Presbytery, to transfer Sand Bay to the bounds of their Presbytery, was not acceded to, but instead Rockport was asked from them. About $400 has been expended by the Home Missions Committee since May last for the support of ordinances throughout this field. The report was adopted.

Rev. Mr. Young resigned the Moderatorship of Ernestown and Millhaven, and Rev. Mr. Cumberland was appointed in his place. He will seek to have a minister appointed to the charge.

APPOINTED COMMITTEES.

The following Committees were appointed, to report before March:

State of Religion—Rev. D. Mitchell; Messrs. Campbell and Wilkins.

Sabbath Schools—Rev. Messrs. McCraig, Houston, Messrs. J. Robinson and A. Macalister.

Temperance — Rev. Messrs. Young and Craig, Messrs. Runciman and R. Bell.

The following Committee was appointed to report on the carrying out of the augmentation scheme for increasing the stipends of ministers: Revs. Maclean, McCraig, Houston, Gracey, Shore, Chambers and Mr. Campbell.

STUDENTS IN THE COLLEGE.

Rev. Mr. McCraig stated that the Examining Committee of this Presbytery had been habitually ignored in the matter of admitting students to Queen's College. It was absolutely necessary, he thought, to examine these candidates as to their spiritual and moral attainments as well to their literary knowledge.

MARRIAGE WITH DECEASED WIFE'S SISTER.

Rev. Mr. Chambers tendered his resignation as Moderator of the Kirk session of Glenvale, Harrowsmith and Wilton for the reason that the performance of some of his duties has been received unpleasant by Rev. Mr. Gallagher, who united a man in marriage to his deceased wife's sister, both of whom were members of this Church in full communion. The candidates for marriage applied to Rev. Mr. Chambers to perform the ceremony, which he refused to do. The parties then appealed to Rev. Mr. Gallagher, of Pittsburg, who tied the nuptial knot. Rev. Mr. Grace moved that the resignation of Mr. Chambers, which was accepted at the last meeting of the Presbytery, be reconsidered, and that for the reason stated his resignation be not accepted.

This motion was carried unanimously.

Rev. Mr. Chambers then gave notice that he would move against Mr. Gallagher for a violation of the rules of Church discipline.

It was decided to hold the next meeting of the Presbytery in St. Andrew's Hall, Kingston, on the third Monday in March next at 3 p.m.

BELLEVILLE A BUZZING.

The Flying Rumors about a coming Wedding—Sally Rinches but Remains Silent.

The good people of Belleville are not a little excited over an approaching "hallelujah wedding" that Dame Rumor says will take place in that city some time in January. The non-public event that induced the dedication of "Abbie Temple" in this city has excited their curiosity and increased their interest. We may be mistaken, but the knowing ones seem to intimate that the popular Captain of Belleville corps will link his fortunes once with those of a fellow soldier who holds a similar position in the Army further west. There are many people in Belleville, as elsewhere, who do not endorse the work of the Army in its entirety, but there are few, if any, who do not admire the zeal and humility, the grace and the ability, of the little woman who has led the Salvation forces during the siege there. Captain Nellie has made many friends and few enemies. The public would like, therefore, to see her nuptials duly celebrated, but the want of a suitable building to accommodate the crowd that would pay a reasonable fee to witness such a ceremony militates somewhat against the success of the show. It is proposed, we understand, to apply for the use of the new Opera House, which is expected to be completed early next month. This fine hall would answer the purpose admirably, but it is doubtful whether the management would allow such a performance so soon after the opening, as the order might not be just what they desire. One thing is certain, however, when Captain Nellie gets married in Belleville she will have a big crowd to wish her joy, and we hope she will be able to accommodate all who apply for admission.

The brave Captain has been ill for a week or two, the result of overwork and much exposure, and everybody has sympathized with her. Her intended, we believe, left his post of duty to minister to her comforts and assist in the work that she was unable to do. His presence in the city attracted attention, and it was not long before the secret was out. Perhaps two or three young men who had been conspicuous for the attention they bestowed upon the Captain were a little disappointed, but they have not gone into a decline yet.

COURT OF REVISION.

Concluding the Business of the Year—Reducing the Assessment on Vessels.

Yesterday afternoon the Court of Revision concluded the hearing of appeals against the assessment of 1884. Their work was as follows:

Fife Fowler, St. Lawrence Ward; Mrs. Catharine Murphy, Ontario Ward; R. M. Britton, Sydenham Ward; J. M. Machar, Ontario Ward, allowed a reduction of one-third for vacancies in their properties.

McKelvey & Birch, assessment on storehouse reduced by $200.

H. Hayden's name placed on roll instead of the late M. Morrison.

Remission of taxes was given to the owners of the property secured by the city for the extension of Bagot Street.

Capt. T. F. Taylor appeared on behalf of the vessel owners, and said that vessel property yielded no profit during the past year. His vessel was frequently laid up for want of freight to carry. There might be a few vessels that made money, but they were very few. Geo. Oldrieve also appeared in the same interest and made a statement. Forty per cent. of the assessment was allowed off all vessels, steamers and yachts. The Committee will be asked to confirm this motion.

G. F. Cameron's income assessment was confirmed.

T. H. McGuire was placed on the roll as leaseholder of a property in Ontario Ward.

S. J. Kilpatrick was placed on the roll as leaseholder of a property in St. Lawrence Ward.

The assessment of all the insurance companies was confirmed.

Presentation to Major Gordon.

Last evening a large number of gentlemen assembled in the British American Hotel to do honor to Major Gordon, who is about to remove to Fredericton, N.B. The assemblage was largely military, the various branches of the profession being fully represented. The presentation to Major Gordon consisted of a magnificent silver water pitcher. This piece of plate is about the finest of the kind seen in Kingston. The Major was also given a field officer's sword and belt. The sword has been ordered from England, and will arrive in a few days. After the presentation the company sat down to luncheon. Regrets were spoken at the departure of Major Gordon from the city and especially at his departure from the ranks of the 14th P.W.O. Rifles, he having done much to bring the regiment to its present enviable position. The company dispersed about 11:30 o'clock.

Entertainment at Cataraqui.

An entertainment was given last evening at Cataraqui by the Children's Guild in aid of the Indian Home for Girls at the Sault Ste. Marie. A sale of work was held at the same time for the same object. Miss Northmore, under whose charge the work was carried on, deserves a great deal of praise for her zeal and industry. Quite a display of work was shown and fair sales made. The entertainment was also very successful. Songs were contributed by Miss Wallet, Miss Cooke, Miss Caldwell and Mr. Sutherland and also the children. An amusing dialogue on matrimonial contracts was given by Mrs. Lancaster, Miss Caldwell and Messrs. Lancaster and Colclough. Judging by the applause given and the encores demanded the audience were thoroughly pleased with the entertainment.

The Provincial University.

At a meeting of graduates and alumni of Queen's University, held in the Mechanics' Institute, Belleville, on Tuesday afternoon, the following resolution was unanimously passed:

"That the income of the University of Toronto being $70,000, inclusive of fees, the application for aid from the Legislature was unnecessary."

Dr. Carson's Pulmonary Gough Drops, the prescription of an old Canadian Practitioner. Put up ready for the lungs, in large bottles at 50 cents. For sale everywhere.

LIST OF PROMOTIONS.

Miss Henzig's class in the Model School takes the lead. The Inspector says it was the best sent up. Every member of it passed.

Just How the Matter Stands.

We have been asked by local purchasers of tickets in the Guelph lottery when the names of the winners will be known. Our only information on the subject is embodied in the following paragraph, taken from a Western exchange:

"Mr. J. L. Murphy, charged with promoting and carrying on a lottery at Guelph Ont., was fined $20 and costs. The drawing was to have taken place in the City Hall on the 19th, but the Council refused to rent it for that purpose, and at present nobody appears to know when or where it will come off."

DR. WILSON'S GREETING.

He Will Not be Home for Christmas—The Peculiar Position of His Flock.

To-day the following document, which explains itself, was forwarded to the Diocese of Ontario. His reply will be awaited with interest.

VERY REV. AND DEAR SIR:—We, the undersigned members of St. George's Cathedral Bible Class, entertaining strong feelings of affection for our Curate, the Rev. Henry Wilson, D.D., desire to express our earnest appreciation of the sincerity of his motives and of the benefits which, we, through his active ministration, have received in the past. Learning that a doubt has arisen as to the advisability of his return after the expiration of his present leave of absence, we most respectfully request and trust that you will use your influence and take such steps as will secure his return to the parish in which he has so long and faithfully laboured.

Why Not More Signers?

The Editor, Herald, Whig.

Dear Sir,—I would like (with your kind permission) to intimate to those scholars of the Bible Class whose names are not on the petition that it was impossible for me to see each member of of our large class as I had not Dr. Wilson's roll, an I I trust they will not be offended. I can safely say that if all had been canvassed there would at least have been 120 or 200 names on the petition.—I remain, yours respectfully,

HAROLD I. HORSEY,
Treasurer.

Kingston, Dec. 20th, 1883.

Letter From Dr. Wilson.

We, this afternoon, received a letter from Dr. Wilson from which we extract:

"In answer to inquiries will you kindly state that I do not expect to be in Kingston for Christmas, but have with Rev. Mr. Bousfield, and at the same time give my kindest Christmas greetings to all my dear people and friends in Kingston and Cataraqui.

"To my beloved Bible Class please remember me most kindly, and tell them I hope to see them and you all face to face by and bye."

An Attractive Number.

The WEEKLY WHIG of to-day contains ten pages, 60 columns, and is brimful of interesting news, including the late railway accidents, St. Paul's Church bazaar and other local events, besides all the more striking letters upon the dismissal of Dr. Wilson.

Another Church Bazaar.

The annual sale in connection with St. James' Church occurs this evening when a pleasant time is expected. No lotteries or raffles are even allowed. There will be a fine programme of music. All are welcomed to the sale.

HOLLOWAY'S PILLS.—Testimony of Experience.—The united testimony of thousands, extending over more than forty years, most strongly recommends these Pills as the best purifiers, the mildest aperients, and the surest restoratives. They never prove delusive, or give merely temporary relief, but attack all ailments of the stomach, lungs, heart, head and bowels in the only safe and legitimate way, by depurating the blood and so eradicating those impurities which are the source and constituent of almost every disease. Their medicinal efficacy is wonderful in removing enfeebled constitutions. Their action embraces all that is desirable in a household medicine. They expel every noxious and effete matter, and thus the strength is nurtured and the energies stimulated.
