"Opifer per Orbem Dicor."

The new U. S. apportion bill will assign three hundred and twenty members to the House of Representatives and there is a great outcry in some quarters against so large a number, for it is said that the House already is too expensive and unwieldy. If it be so, what must the Canadian House of Commons be, with 206 members to legislate for less than one-tenth the number of people that the 320 are to serve? Just when the speech from the throne foreshadows increased representation, would it not be wise to consider whether, with one member now to every 21,835 of a population, we are not already paying too dearly for our legislative whistle, when the United States is ably governed by a House which draws only one member for 154,281 people on the average?

The trustees mentioned in the deed of conveyance of the Chalmers' Church property from the late Thos. Kirkpatrick were Thos. Drummond, Samuel T. Drennan, James Waddell, John Mackay, Andrew F. Shaw, and Ewan McEwan. The Church is by no means an old one, and yet of these sponsors there is now only one living, Mr. John Mackay, Sr. On behalf of the Church the late Mr. Drennan shewed that energy which made him a conspicuous figure in so many bodies. He was not only active and public-spirited, but most thorough in carrying out details of his plans. This characteristic was most evident during his long service as chairman of the City Property Committee of the Council. He believed that what was worth doing should be done well, and younger men can learn this lesson from his career with advantage.

THE BALLOT PAPERS.

Mr. Creighton, M.P.P., is offering a Bill in the Legislature for the assimilation of the forms of ballot papers in the Provincial and Municipal elections to those used in the Dominion elections. The avowed object, of avoiding the confusion caused by having these separate forms of ballot papers, is lauded by the party press. But where the great confusion comes in is a mystery. The ballots are the same in principle, a cross line being made upon a paper on precisely the same right hand margin, and the shape of the ballot being alike in all cases. The Provincial form, which it is proposed to legislate out of existence, is by far the best, as the varied colors assist the poorly educated voter, while the numbering is protection against stuffed election boxes. The whole truth is that Mr. Creighton wishes to convey the impression that he believes the rascally insinuation that the secrecy of the ballot boxes may be violated by the Government, and does it by means of this Bill. He does not display much faith in the recovery by his party of the Ontario Treasury benches or he would be willing to leave this alleged powerful leverage for their benefit.

THE N.P. AND INDUSTRIES.

The Peterboro *Review* deals with Mr. Gunn's liberal investment in Kingston's industries with such a creative fancy that the N.P. must be credited with the birth of at least one flourishing industry, the manufacturing of "booms" in Tory imagination. The other day our enterprising and popular member was made to bear tribute to the virtues of the tariff in developing Nova Scotia gold mines, because he recently invested some of his dollars in a new mining company. Yet his firm had many investments in that quarter over a dozen years ago. Now the *Review* concludes that he is concerning himself heavily in manufacturing concerns just because the tariff entices him to do so. Will the *Review* be surprised to learn that in spite of his late liberal stock taking he has a much smaller amount invested in manufacturing here and elsewhere to-day than he had throughout the whole of Mr. Mackenzie's rule. Perhaps it will. It may also be astonished to hear that he does not feel sufficiently encouraged by the N.P. to re-build his large tannery burned last April, which never paid him better than throughout the last administration and never paid him worse than since 1878. Mr. Gunn's recent investments can have no trade or political significance, since he has always been public-spirited and generous and has therefore helped every local enterprise for the past fifteen years that could commend itself even moderately well to his liberality. The *Review's* remarkable yarn is but one of many fables, however, that party idolatry of the N.P. is responsible for.

The *Review* asks for an explanation of the greater prosperity of the country, if the N.P. is not doing the work. May it not look at the wide, wide world, and see signal prosperity everywhere upon its surface. It boasts of an overflowing treasury, when it might turn to England, the United States, Germany and almost every other nation and view surpluses of an unusually gratifying order due to this same universal prosperity. It may also look at the statistics and see that $5.10 in duties was wrenched from each man, woman and child in 1881, when $3.12 was Sir Richard Cartwright's moderate draft. Our contemporary also points to heavier lumber exports during the Reform reign than now, but it does not venture to give the more remunerative returns of late, owing to the high prices ruling in the United States. The *Review* speaks of capital that has been attracted to Canada. As it has been taking such a knowing interest in Kingston companies it will perhaps point out a single dollar of European or United States capital that has been invested in Kingston other than in the cotton mill, and this being directly due to the order given to a Boston agency for $75,000 worth of English machinery, in which case we sent abroad fully as much as we brought in.

UNITED BRIGADES.

Chief Benoit, of the St. Henri, P.Q. fire and police brigades, in his annual report, shows that there were only two fires within the town during the past year. The damage amounted to only $100, while in 1875, the year before the establishment of the brigade, the loss from fires was $9,103. Those who have predicted that the combination of the Chiefships of the police and firemen in Captain Horsey would be a failure may ponder at leisure over the above evidence of the success of a similar movement elsewhere. If we mistake not also, the policemen and firemen of St. Henri are the same persons, and there are police alarm as well as fire alarm boxes throughout the town. This latter is an improvement which should commend itself to the City Council of Kingston, for our scattered population can never be fully protected by the very few policemen it is possible to keep upon beat at a time. An alarm would, however, bring an officer to the spot "where he was most needed." Who will initiate the project.

PERSONAL MENTION.

Mr. J. H. Metcalfe, M.PP., is in the city.

Missionary meeting in St. Paul's Church to-morrow evening.

Mr. A. Robertson, M.P.P., who has been quite ill in Toronto, is recovering.

Mr. N. Greenwood has been appointed leader of St. Andrew's Church choir at a salary.

Principal Grant has been officiating at the re-opening of the Presbyterian Church at Trenton.

Mr. D. D. Calvin, M.P.P., is improving. He is now able to devote his attention to business affairs.

Dr. Clark, of Olivette Street Church, Montreal, preaches in Queen's College to-morrow afternoon, and in the Baptist Church in the evening.

George Paul, ex-Reeve of Camden, died yesterday morning. He has been connected with the County and Township Councils for the last 20 years. He was about 60 years of age.

Hon. Mr. Mowat says a change has taken place in the public sentiment on the subject of railway grants. Should the public decide in favour of a return to the old policy the N. & T. RR. will be remembered.

Mr. Ormond Jones, Registrar of the county of Leeds, died at Brockville on Tuesday, the 7th inst. We learn from the *Canadian Biographical Dictionary* that the deceased gentleman was born on the 7th November, 1811. He was a son of the Hon. Chas. Jones by his first wife, Mary Stuart, daughter of the Rev. Dr. Stuart, of Kingston.

Troublesome Land Speculation

Mr. Charlebois, M.P., Quebec, applied to Messrs. G. B. Hall & Co., of the same city, some time ago for a tract of land belonging to them in the township of Dorset. The land in question, consisting of 56,000 acres, was purchased by Mr. Charlebois for $2 per acre. It was almost immediately resold to Lord Dunmore's English Colonization Company for $3 per acre. Shortly after concluding the purchase Mr. Charlebois asked the sellers if they would enable him to avoid a double transaction and two sets of deeds by inserting the name of the Company instead of his own, as the purchaser direct from them. He also mentioned that they were to pay for it the sum of $8 per acre. Messrs. G. B. Hall & Co. told Mr. Charlebois that they were perfectly willing to substitute the English Company for himself in the deed, but that it must be at the price which they were themselves to receive for it. Who made the $56,000? is now the question.

It is understood that Mr. Stockwell, the manager of the Colonization Company, has been cabled to go to England and make an explanation of the land transaction.

A Voice from Sydenham.

Messrs. Booth and Woodruff, lumber merchants of this village, intend getting out an extra quantity of logs this winter.

Skating was good here up to Saturday, 2nd inst., and the signs point to more at no distant date.

Trotting races are being arranged for Monday, Feb. 21st. A good purse has already been subscribed and no doubt if the ice is in good condition we shall have some fine trotting.

Phosphate is passing here daily en route for Kingston. It has become quite an important feature in the trade of this village.

The 'Prentice Boys of the village intend holding a concert here some time this month.

The High School is crowded to its utmost capacity, there being some 80 odd pupils. About ten are studying for the matriculation examination.

The anniversary of the Primitive Methodist Church will be held here on Sunday, 20th, and Monday, 21st. On the latter date a tea meeting will be held.

Death on the Rail.

A man supposed to be George Everts, from near Lyn, while on his way to Lyn from parts unknown, was put off No. 3 express at Gananoque this morning by the conductor in an intoxicated state, and told to go in and sleep, but he started on down the track with the supposed intention of walking to Lyn. He was struck on the track a short distance from the station by a freight train at 5 o'clock this morning, in an insensible condition. His right leg was torn off above the knee, and there was a cut on the back of his head. He was conveyed to the American Hotel at Gananoque immediately, where he died a short time afterwards.

Penitentiary Statistics.

The annual report of the Minister of Justice gives the following statistics of the penitentiaries of the Dominion:

Kingston Penitentiary—In custody on 30th June, 1880—Males, 711; females, 21; total, 732. Received during the year—Males, 205; females, 11; total, 216. Released on expiration of sentence, etc.—Males, 235; females, 8; total, 243. Remaining in custody on 30th June, 1881—Males, 681; females, 24; total, 705—a decrease of 27 during the year.

MARKET FEES.

Text of the New Bill Respecting Market Fees—Nature of the Restrictions.

Toronto, Feb. 11.—The following is the text of the Bill introduced into the Ontario Legislature respecting market fees:

1. Notwithstanding anything in The Municipal Act, or the amendments thereto, or any by-law, rule, or regulation of any municipality, or any usage or custom, it shall not after the first of day of April be lawful for any municipality, or the officers or servants thereof, to impose or collect a market fee upon any grain, hay, seed, wool, lumber, lath, shingles, or firewood, or upon dressed hogs, poultry, or cheese that may be brought to market for sale, or the vehicle in which the same shall be brought; nor shall any fee be charged levied, or imposed upon butter or eggs, unless a fit place in which to offer the same for sale shall be provided.

2. When the vender of any article, brought to market for sale, in respect of which a fee may be imposed, proceeds directly to the place of delivery, without hawking the same upon the streets, and without proceeding upon the market place, it shall not be lawful for any municipality, to impose, levy, or collect a fee, if such articles or merchandise shall be so brought to market in pursuance of a prior or existing contract, or if the same shall not be brought into the municipality until after 9 o'clock between the first days of April and November in any year, and after 10 o'clock between the first days of November and April in any year.

3. Nothing herein contained shall prevent a purchaser of hay or other fodder before the delivery at his option, to require that the same shall be weighed, and the purchaser of wood may require the same to be measured when the municipality appoints a person to act as measurer.

4. No person who proceeds to the market place shall by any by law, or regulation, be required to remain with the same upon the market before proceeding to sell elsewhere between the 1st of April and the 1st November in any year, later than 9 o'clock, and between the 1st of November and the 1st of April in any year later than 10 o'clock.

5. No market fees shall be imposed by any municipality higher than those contained in the following scale:

Upon articles brought to the market in a vehicle drawn by two horses, not more than	Ten cents
Upon articles brought to the market in a vehicle drawn by one horse, not more than	Five cents
Upon articles brought to the market in basket or vessel, not more than	Two cents
Upon live stock, every horse mare, or gelding, not more than	Ten cents
Upon horned cattle, not more than	Five cents
Sheep, calf, or swine, not more than	Two cents
No fee shall be imposed or levied by any municipality for weighing or measuring greater than as follows:	
A load of hay	Ten cents
For weighing meat, grain, or other articles under 100 lbs.	Two cents
Over 100 lbs. and up to 1,000 lbs	Five cents
Over 1,000 lbs	Ten cents
Live animals, other than sheep or pigs, per head	Three cts
Sheep or pigs, more than five per head	One cent
Less than five, for the lot	Four cents
Measuring a load of wood	Three cts

6. Nothing herein contained shall prevent any city from regulating the sale by retail in the public streets, or on vacant lots adjacent thereto, of any articles herein before mentioned, or for regulating traffic in the streets, and preventing the blocking up of the same by vehicles or otherwise.

7. So much of any Act or Acts, law or laws, as are contrary to or as conflict with this Act, are hereby repealed.

Fatal Fire in Huntingdon.

Madoc, Feb. 10.—A most disastrous fire occurred yesterday evening near Pringle's Mills, Huntingdon. The house of John Morland was burned to the ground, and his wife, his stepdaughter and three children were burned to death before they could make their escape. Two young men named Simeon Rombough and Minard Huff, who were stopping at the house, were so badly burned that they are not expected to recover. It would seem a large vessel of coal oil had just been brought home and was leaking on the floor, when a man named Peter VanAllen, to remove the oil from the floor, put a light to it and in a few minutes the whole thing was in a blaze and the disastrous consequences above recorded were the results. The man VanAllen, whose carelessness caused the disaster, escaped without any harm.

Irish Events.

London, Feb, 10.—Gladstone's speech in the Commons last evening, on Smyth's amendment, declaring it impracticable as long as the Irish are unable to define clearly where local affairs end and Imperial affairs begin, has created a sensation. The *Times* considers this manner of meeting the demand of the Home Rulers showed an unfortunate departure from the settled practices of responsible politicians.

There seems to be a very general impression that the Government will have the utmost difficulty in securing a majority for Gladstone's *cloture* proposal.

One Experience from Many

"I had been sick and miserable so long and had caused my husband so much trouble and expense, no one seemed to know what ailed me, that I was completely disheartened and discouraged. In this frame of mind I got a bottle of Hop Bitters and used them unknown to my family. I soon began to improve and gained so fast that my husband and family thought it strange and unnatural, but when I told them what had helped me, they said "Hurrah for Hop Bitters! long may they prosper, for they have made mother well and us happy."—The Mother.—*Home Journal.*

Parliamentary Proceedings

The debate on the Address yesterday, in the House of Commons, was quite brief and unexciting. Mr. Bergeon moved, and Mr. Guillett seconded, it in speeches rather below than above the average of first speeches in point of merit.

Mr. Blake gave a general review of the points in the speech, and dweit on some things conspicuous in it by their absence.

Sir John then occupied the remainder of the time till six o'clock, at which time the House adjourned after passing the Address.

In the Senate the proceedings were very solemn and dry.

Among others referred to in a recent issue of the Norristown (Pa.) *Herald*, were the following cases of special interest. They are their own commentary: Mr. Samuel C. Nyce, resides at 308 Marshall st., and holds the responsible position of journal clerk in the Provincial Legislature, at Harrisburg. While Mr. Nyce and family were in the country recently, his boy, aged three years, fell and broke the limb. He recovered but a very troublesome stiffness set in and he could scarcely use the leg. The injured limb was rubbed several times with St. Jacobs Oil, and the stiffness was so much reduced that the boy was able to use his leg freely. Dr. Knipe said it was the use of St. Jacobs Oil that cured the stiffness. Mr. Nyce himself used the Great German Remedy for toothache with good effect, and also for a sprain and pains of rheumatic nature, and always with good effect. Mrs. Nyce also says she thinks the Oil is a splendid thing, and she always keeps it on hand.

REMOVING CHURCH DEBT.

A Series of Successful Entertainments—Commendable Object in View.

Church debts have been regarded as a great drawback to this circuit's spiritual prosperity. Recently efforts have been made to liquidate them. Mr. R. Anglin and others lately succeeded in getting enough subscribed, in a reliable form, to relieve the Pine Grove Church of more than $200 debt. The Springfield Church tea-meeting, held on 30th ult., was addressed in a pleasing manner, by Rev. S. Bond and others and $75 realized, which is in advance of the past. Another attempt is soon to be made further lessen the sum owing on that edifice. Wesley Church tea-meeting held on the 2nd inst. towards paying the debt on that structure was fully up to expectations. The chairman, Mr. E. J. B. Pense, and Rev. J. Gallagher favored us with good speeches. Suitable readings were given by Mr. Crumley and other gentlemen of Kingston, and St. Paul's Church choir supplied superior music. The New Year's Gift Tree at the same was all that could be desired. On the 8th inst., a most successful tea-meeting was held at Woodburn. Revds. Messrs. Ellery and Lawson gave excellent speeches. The choir, under the judicious management of Mr. Hugh Cowan, furnished us with choice music. The chairman, Mr. J. Hughes, did well, and $80 were raised, which, with the $70 obtained by our last festival, and the amounts being collected of old subscriptions, will diminish the debt considerably. Friends of Zion Church have made one movement to pay its creditors and are about to make another. We fully expect to report progress in Missionary and Superannuation Funds. Special sermons are being held at St. Lawrence Church with encouraging prospects.—COM.
