PLUMB ON BECK.

Entertaining the House—A Convenient Party Man—Bound to Talk at All Times and Hazards.

Montreal Star.

Mr. Plumb occupied the House for about three hours in discussing the budget. The member for Niagara is always irrepressible. He sometimes, when interrupting an opponent, which is his forte, makes a debate interesting, but with the floor all to himself Mr. Plumb is not a success. It makes no difference that no one is listening to him; his own good opinion of what he is saying is sufficient. He is a very convenient man for his party to have. He is always ready to speak, only too ready, and is the man who is always put up against time. It being absolutely necessary that he should speak on the budget as well as on every other subject, the House always gives him a certain amount of time, gets him started, and then each individual member goes about some other business. About forty members were, on the average, in their seats during this last long speech, and busied themselves writing letters, reading newspapers, returns, etc. Mr. Plumb started off by referring to the attempted assassination of the Queen, and then suddenly branched out in grandiloquent style, charging misstatements, but unfortunately he struck a rock almost at the outset. Attempting to prove something out of the expenditure of the different Governments, he said Mr. Ross (Middlesex) had said the highest expenditure of the Liberal Government in any one year was $23,000,000. "I did not say it," said Mr. Ross. "Oh, yes, the honorable gentleman did," said Mr. Plumb. "No, I did not." "Oh, yes, you did; it's in the *Hansard*. I'll read it." "Well, find it," replied Mr. Ross. Mr. Plumb took up the *Hansard* and looked for it, looked for some time, and was helped by Mr. Rykert, but could not find it. "Some one help him," cried Mr. Ross, and amid laughter Mr. Plumb proceeded. That was the only interesting point in his speech.

Yankee Editors on Patti

Says a New Orleans chap: "On one side the dark haired Patti, with oceans of flame and flashes of wit in her lustrious eyes, with the agile grace of a panther and the seduction of a siren in the movements of her supple frame. And then her delightful coquetry which belongs by right to the spoiled child of nature and the idol of the second empire, that epoch of all luxuries and fascinating sensalities. In the molten golden and bedamounded notes of her middle register that express in joy or in grief, in hope or despair, in laughter or in tears, all the sensuous feelings that can move the human breast, one dreams of hearing idealized oriental strains issuing from the throne of Allah in the paradise of Houris.

The soulful Cincinnati man lets himself loose in this fashion: "A warm, soft delicacy of tone which breathes a balmy voluptuousness, as if her throat were that sweet south wind of which Shakespeare says it was like music and came freighted with the odors of violets. The tone sent forth by her vocal chords cannot be compared to any other sound which the ear has ever felt. It is softer than the aerial flute; firmer than the orange-toned clarionet; more thrillingly sad than the pastoral oboe."

A Positive Cure for Dyspepsia.

From Abram Mead, of Littleton, Mass.

"I have for several years suffered severely with Dyspepsia, accompanied by weakness and nervous irritability, which made life a burden to me. Nothing but the simplest nutriment could remain in the stomach without pain, sourness and windy eructations, uncomfortable feelings in the head, bad taste in the mouth, catarrhal symptoms, inactivity of the liver and bowels, piles, general debility, and a nervous state of extreme susceptibility, made up a disease so obstinate rebellious to ordinary medical treatment. By advice of an eminent physician of Boston, I commenced taking PERUVIAN SYRUP, at once I began to experience benefit. After taking three bottles all these bad feelings have left, my health is restored, and I enjoy life as well as ever. Most cheerfully do I recommend PERUVIAN SYRUP." Sold by dealers generally.

The Sea of Oblivion

Is a wide ocean since have swallowed up Sozodont in common with so many forgotten tooth pastes and dentifrices, did not the experience of a whole nation prove that it possesses equal advantages. It thoroughly cleans the teeth, dissolving and removing all impurities, it revives their fading brilliancy and strengthens their relaxing fibres upon their sockets; it renders colorless, decorated gums hard and healthy; and besides neutralizing an unsavory breath, imparts with its own fragrance

Guilty of Wrong.

Some people have a fashion of confusing [illegible] ches with the large mass of patent medicines," and in this they are guilty of a wrong. There are some advertised remedies fully worth all that is asked for them, and one at least we know of—Hop Bitters. The writer has had occasion to use the Bitters in just such a climate as we have most of the year in Bay City, and has always found them to be first class and reliable, doing all that is claimed for them. *Tribune.*

A Vexed Clergyman.

Even the patience of Job would become exhausted were he a preacher and endeavoring to interest his audience while they were keeping up an incessant coughing, making it impossible for him to be heard. You know very easy can all this be avoided by simply using Dr. King's New Discovery for consumption, coughs and colds. Trial bottles given away at J. G. King's drug store.

On Thirty Days' Trial.

We will send Dr. Dye's Celebrated Electro Voltaic Belts and other Electric Appliances on trial for thirty days to young men and older persons who are afflicted with Nervous Debility, Loss Vitality, etc., guaranteeing speedy relief and complete restoration of vigor and manhood. Also for Rheumatism, Neuralgia, and many other diseases. Illustrated pamphlet sent free. Address Voltaic Belt Co., Marshall, Mich.

Rheumatism

The widespread affliction, and all kindred ailments, are at once arrested by HERRICK'S SUGAR-COATED VEGETABLE PILLS, and, through their continued use, finally eradicated out of the system. This fact is known all the world over. They contain no mineral substance of any kind.

THE only source of Nerve force in the system is the phosphorus in our food combined with lime and iron as phosphates. When there is a deficient supply of these elements, owing to feeble digestion and assimilation, there is a falling off of vital energy and a failure of the nutrition of the tissues. Dr. Wheeler's Compound Elixir of Phosphates and Calisaya combines these agents in a very acceptable form, which speedily secures the balance of supply and waste, and restores the machinery of the body to its normal working power.

FRANCHISE QUESTION.

An Attempt to Make it Uniform—Differences in the Provinces—Debate Shut Off.

(Montreal Star.)

The franchise question came up in the House of Commons on Wednesday and attracted much attention for a quarter of an hour, and then was shut down upon by Sir Leonard, the Ministry evidently wanting to avoid a discussion pending proposed legislation on the subject in connection with the coming redistribution Bill. Mr. Wallace (Norfolk) moved his resolution to the effect the Dominion members should be elected under a uniform franchise created by Dominion legislation and having a reference to any provincial franchise. He made a short speech containing a good deal of information. He gave the franchise laws of various provinces under which Dominion members were elected. In Ontario the voter's qualification is $400 in real estate in cities, $300 in towns, $200 in municipalities and villages, or $400 income; also farmer's sons of age living at home could vote without property. In Quebec it is $300 real estate in cities, $200 in other municipalities, or $30 rental in the case of householders. In Nova Scotia it is $150 real estate, or $300 personal property. In New Brunswick it is $100 real estate, or $400 personal property or $400 income. In Prince Edward Island it is practically manhood suffrage between 21 and 60 years. After sixty the voter must possess property paying $6.40 taxes. In Manitoba it is residence for a short time and $150 property. In British Columbia it is practically manhood suffrage. Mr. Wallace pointed out the anomalous position in which members stood who were elected under these different franchises, and yet had the same rights and powers of legislation. He advocated at length the adoption of manhood suffrage for the Dominion. Among his arguments for its adoption he urged the intelligence of the Canadian people, the general distribution of property in Canada, the unreasonableness of having mature men obey laws with the making of which they had nothing to do, the incentive to patriotism which it would give, the constant disputes between parties under the present system as to who were entitled to vote, and the anomaly of calling men out to fight in times of war for a Government and for laws which they had nothing to do in establishing. After the motion was read by the Speaker, and numerous cries of "lost" and "carried," Sir Leonard rose and moved an adjournment of the debate on the subject, which was carried, and a discussion thus avoided.

Take Care of the Little Ones

Children are the mother's idol, the father's pride; they are entrusted to your care to guide and protect, to fill positions of honor and trust. If you truly feel the responsibility of your trust, and want to make the duties of your office as light and pleasant as possible, don't allow a slight cold to prey upon the little ones, for even a single day or night may reveal the dreaded destroyer, Croup, but a few doses of Down's Elixir, if taken in season, will banish it, as well as Whooping Cough, Bronchitis, and all throat and lung affections. For sale by all dealers in medicine. Price 25 cents and $1 per bottle.

To Messrs Puttner's Emulsion Company, Halifax, N. S.

Montreal, Jan. 16th, 1882

Last summer my little girl was weak, delicate and nervous, and did not rest well at night. I gave her less than two bottles of your Emulsion, according to directions, and soon after she began to take it she improved very fast in strength, slept well at night and lost much of that nervousness with which she had been troubled, and gained in flesh as well as strength, and has never been so well as since she took a course of your Emulsion.

Yours truly,
C. A. Humphrey,
Head Master Royal Arthur School.

Farmers and Mechanics.

If you wish to avoid great danger and trouble, besides a no small bill of expense at this season of the year, you should take prompt steps to keep disease from your household. The system should be cleansed, blood purified, stomach and bowels regulated, and prevent and cure diseases arising from Spring malaria. We know of nothing that will so perfectly and surely do this as Electric Bitters, and at the trifling cost of fifty cents a bottle.—*Ex.* Sold by J. G. King.

The new treatment for rapidly conditioning Horses Zocks Tonic Compound and Blood Mixture. SULPHOLINE LOTION.

An External Means of Curing Skin Diseases.

THERE is scarcely any eruption but will yield to "Sulpholine" in a few days, and fade away even if it seems pes curs. Ordinary pimples, redness, blotches, sore and roughness, vanish as if by magic, whilst old enduring skin disorders, that have plagued the sufferers for years, however deeply rooted they may be, "Sulpholine" will successfully attack them. It destroys the animacule which cause these unsightly, irritable, painful affections, and always produces a clear, healthy, natural condition of the skin.
