CRISIS IN EGYPT.

No Immediate Settlement Probable—A Dark and Threatening Denouement

A new Egyptian Ministry has been formed, but that has not solved the difficulty. Arabi Pacha is a member of it, and it is believed that he will have entire control over its actions, and that an attempt will be made to dethrone the Khedive. The French and English Consul Generals, it is said, refuse to acknowledge the new Ministry, and will hold no intercourse with them. The Sultan is desirous that Arabi Pacha should proceed to Constantinople, before the conference of Ambassadors meets; but the wary old soldier is not at all likely to put himself voluntarily in the hands of the Sultan, who wishes to sustain the Khedive. The German, Austrian and Italian Ambassadors, not having received any instructions from their Governments, decline to meet the conference with the English and French plenipotentiaries. It is also reported that the new Ministry was formed by Arabi Pacha, under the approval and with the consent of the Austrian and German Consuls-General. This is hardly probable, but if so, then it would indicate some disagreement among the great Powers, as to what course of action should be taken in the matter. England continues to send further iron-clads to Alexandria, as well as large numbers of marines, and she will assume the protection of the Suez Canal. The French and English Governments are in full accord on the Egyptian question, and have given their Ambassadors full instructions, fixing as the basis of the conference the establishment of the rights of the Sultan, the maintenance of the rights of the Khedive, the preservation of the liberties of the Egyptians, the observance of the international engagements of Egypt. The Powers would also sign a protocol forbidding them to seek any advantage outside the basis of the Conference. On the other hand, if England and France interfere actively in Egyptian affairs Arabi Pacha says he will blow up the Suez Canal, cut the railway to Cairo, oppose the landing of European troops at Alexandria, and ultimately retire to the desert, where he has promised the support of Prince Halim with 3,000 Bedouins. Altogether the aspect of affairs in Egypt has assumed a dark and threatening denouement

BRIGHT'S DISEASE CURED.—The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all kinds of skin eruptions, and positively cures Piles. This salve is guaranteed to give perfect satisfaction in every case or money refunded. Price 25 cents per box. For sale by J. G. King.

Sick headache, neuralgia, dyspepsia and constipation relieved and cured by the use of Dr. Carson's Stomach and Constipation Bitters. Try them. They are safe and effectual. Sold by all druggists. H. Wade, agent.

Bright's Disease of the Kidneys, Diabetes

No danger from these diseases if you use Hop Bitters; besides, being the best family medicine ever made. Trust no other

AROUND THE WORLD.—A journey around the world now takes about ninety days, and the cost can be reduced to $900. And in going round in that time and at that expense you can have about as much fun as you'd get in sitting all night in a rain storm on a picket fence, listening to a bull dog bark at a cat in a barrel.—*Boston Post.*

Mandrake Bitters.

J. Werts & Son, Freedomville, Ohio, writes:—

This informs you that we have sold all those BAXTER'S MANDRAKE BITTERS you sent us. We sold the last three bottles to-day. Two of our customers disputed about which should have the last bottle, and we decided the matter by promising to send for more at once. The BITTERS give universal satisfaction to all who have tried them. We want you to send us twelve dozen forthwith.

BAXTER'S MANDRAKE BITTERS never fail to cure all diseases of the stomach, liver and bowels. 25 cents per bottle. Sold by all dealers in medicine.

CATEWAYO'S FUN.—When King Cetewayo wants a good laugh he doesn't purchase a comic weekly or go to the minstrel show. He simply orders his household dentist to pull a couple of teeth of one of his guards. The King is partial to elevating humor, and when the dentist fractures the guard's jawbone his Majesty nearly splits his sides with laughter.

Personal, To Men Only

THE VOLTAIC BELT CO., Marshall, Mich., will send DR. DYE'S CELEBRATED ELECTRO-VOLTAIC BELTS AND ELECTRIC APPLIANCES on trial for thirty days to men (young or old) who are affected with nervous debility, lost vitality and manhood, and kindred troubles, guaranteeing speedy and complete restoration of health and manly vigor. Address as above. N.B.—No risk is incurred, as thirty days trial is allowed

Cost of Legislation.

At the General Assembly a memorial was read from the Synod of Toronto and Kingston, asking the General Assembly to express sympathy with the beneficiaries of the Temporalities Fund in the vast amount of cost incurred in getting the legislation needed to secure the fund as well as in the law suits that have been hanging on for some years past, and commend them to the sympathy of the Church as a whole in order that the costs incurred may be reimbursed. The whole cost is something like $15,000. He moved that a Committee be appointed to deal with the matter, and report to the next General Assembly. It trusted that the congregations, irrespective of locality and of previous connection, would join heartily in this matter. The motion passed unanimously.

MEDICINES taken into the stomach in concentrated form, such as pills and powders, are most injurious. The great substitute for these nauseous little calomel pills is Dr. Carson's Stomach and Constipation Bitters. They cleanse the bowels, stimulate the liver and kidneys, and cure all stomach disorders such as dyspepsia and indigestion in large bottles at 50 cents. H. Wade, Agent.

A BEGGAR'S FORTUNE.—Margaret Bethel was for 20 years a pensioner on the charity of St. Mark's Episcopal Church, Philadelphia. She had a pitiful aspect, lived in very humble apartments, and was a persistent beggar. She died a short time ago, and an investigation has shown that Margaret had, by begging, accumulated $10,000.

The Doctor's Last Happy Resort.

Evansville, Ind., Jan. 11, 1882.

I recently had a very difficult case of consumption. I treated it in the most scientific manner possible, but to no effect; patient grew gradually worse. Rather than give up, and as a last resort, I decided, much against my wish, to use a remedy that had cured one of my former patients. Greatly to my surprise, the patient began to gain, and in a much shorter time than I dared to ever expect, she was completely cured. The name of this remarkable remedy is Dr. King's New Discovery for Consumption. I now use it altogether in my practice.—Leading M.D., Evansville. Trial bottles free at King's Drug Store. Large size $1.00.

A physician says alcohol has killed more people than yellow fever. Well, doctor, more people have taken it.

CREMATION REVIVED.

General Garibaldi's Wish—An Idea That Has Become Popular—Description of Furnaces.

The cremation of Garibaldi, which is to be carried out in accordance with his last will and testament, will tend to revive public interest in a controversy of which little has been heard for some time. At present the practice is not popular; for the most of us it is not even possible. Even at Milan the number of cremations does not exceed 100 per annum. The report of M. George Martin on "the Proposition Cadet," submitted to the Municipal Council of Paris, contains the latest and most trustworthy information on the subject of cremation. M. Martin agrees with M. Cadet that cremation in a short time will be regarded as the only possible solution of a problem which in great cities is ever increasing in urgency; but he contents himself with proposing that for the present cremation should be rendered optional. The crematory, however, is as yet but in an early stage of development. Under the stimulus of competition it is probable a much nearer approach to perfection may be made than has yet been attained. The regenerative furnace of M. Siemens at Dresden cost £250, and is one of the best yet invented. Cremation is effected by heated air, and the process is very rapid. The Brunetti crematory is complicated and slow. It takes four hours to consume a body, and necessitates a consumption of a hundred weight of wood. The most ghastly of all the apparatus of cremation is the Kuborn, which is devised for use on the field of battle. In this dreadful machine as many as 12 bodies can be burned at one time, the operation lasting from an hour to an hour and a half. A dozen Kuborns working day and night could dispose of 2,500 corpses in 24 hours. Thirty years ago it proposed to dispose of bodies by passing them into gas retorts, and since then many inventors have sought to use gas as the agent for reducing them to their elements. The apparatus of MM. Pollica and Clericetti, in which many cremations have taken place, is one of those in which gas is used, much on the principle of the ordinary gas oven. The process is complete in an hour and a half, and the charge is 20f. On an altogether different principle is the crematory of Prof. Paolo Gorini, of Lodi. He professes to be able completely to destroy a human body in 20 minutes, at a cost of 8f., by immersing it in a chemical solution heated to a high temperature. The composition of this solution he keeps a strict secret, but chromic acid is believed to be one of its chief ingredients. The best known crematory in Europe is that erected by M. Keller in the cemetery of Milan. In this "monumental crematory" two bodies can be consumed at a time without producing any odour. The process, which is completed in an hour, can be watched through small glazed openings, and at the close the survivors can carry home with them four or five litres of fine ashes weighing about 60 ounces. The cost varies from 16 to 20f.—*Pall Mall Gazette.*

Holloway's Ointment and Pills.

Disease of the bowels.—A remedy, which has been tested and proved in a thousand different ways capable of eradicating poisonous taints from ulcers and healing them up, merits a trial of its capacity for extracting the internal corruptions from the bowels. On rubbing Holloway's Ointment repeatedly on the abdomen, a rash appears, and as it thickens the alvine irritability subsides. Acting as a derivative, this unguent draws to the surface, releases the tender intestines from all acrid matters, and prevents inflammation, dysentery and piles, for which blistering was the old fashioned, though successful treatment, now from its painfulness fallen into disuse, the discovery of this Ointment having proclaimed a remedy possessing equally derivative, yet perfectly painless, powers.

J. Fulton, M.D., Prof. Trinity Medical College, Toronto, says Wheeler's Phosphates and Calisaya is a combination of great reliability and efficacy. It has been very highly recommended by the medical profession, both at home and abroad whenever it has been tried. We have used it in many cases of indigestion, nervous prostration, chlorosis and anæmia; and we have no hesitation in giving it our unqualified recommendation. We have, therefore, great pleasure in calling the attention of the profession to a preparation so worthy of confidence, and so reliable in the treatment of convalescing patients, and all diseases attended with debility of the nervous and muscular system.

Who Dr. Platt is.

Dr. Platt, the candidate elect of Prince Edward County, is a young man, scarcely 40 years of age, but he is one of the best informed and readiest in debate in that or adjoining counties. When quite young he taught school, subsequently attended the Normal School at Toronto, where he obtained a first-class grade A certificate with honours, and afterwards taught for a few years before undertaking the study of medicine. He also entered partnership with his cousin, Mr. G. D. Platt, Public School Inspector for that county, publishing the *New Nation* newspaper at Picton. It was during his connection with the paper that he developed that rare ability to handle political questions. He is a forcible writer, and has the knack of hitting the nail on the head every time he strikes. His service to the Reform party in campaigns previous to that of 1875, when he was a candidate, were most valuable, and his ability marked him as the coming man to represent his native county in Parliament. Dr. Platt will not be a nonentity in Parliament.

Don't be Alarmed

at Bright's disease, diabetes, or any disease of the kidneys, liver or urinary organs, as Hop Bitters will certainly and lastingly cure you, and it is the only thing that will

A Hint.

Ask your druggist, grocer or shopkeeper, for a bottle of Pain-Killer. If he passes it down without ceremony ask him while extracting the quarter dollar from your wallet, if this is the genuine made by Perry Davis & Son.

"The parting gives me pain," as the man said when he had a troublesome tooth extracted.

BRITISH AMERICAN HOTEL,
KINGSTON, ONT.

THE only first-class hotel in the city with all modern improvements combining the finest commercial sample rooms in the Province. Terms moderate. Omnibus attends all Express Passenger Trains. Wilson & Davis' first-class Livery in connection with Hotel. Wm. Davis, Proprietor.

KINGSTON & PEMBROKE R.R.

CITY HOTEL.

THE CITY HOTEL has been refitted and refurnished throughout, possesses superior accommodation for the travelling public. The management of the Proprietor, whose experience has extended several years, will in no small degree add to the comfort and convenience of guests.

The commodious and well lighted Sample Rooms attached afford excellent accommodation for the requirements of Commercial men.

The Bar will at all times be supplied with choicest Liquors and Cigars. The central location of the city, together with the moderate rates charged, will, I trust, secure a large share of public patronage.—ARCH. McFAUL, Proprietor.

SWEETHEART.

There is a little bird that sings—
"Sweetheart!"
I know not what his name may be;
I only know his notes please me
As loud he sings, and thus sings he—
"Sweetheart!"

I've heard him sing on soft spring days—
"Sweetheart!"
And when the sky was dark above,
And wintry winds had stripped the grove,
He still poured forth these words of love—
"Sweetheart!"

And like that bird my heart, too, sings—
"Sweetheart!"
When heaven is dark or bright or blue,
When trees are bare or leaves are new,
It thus sings on, and sings of you—
"Sweetheart!"

Brewers Hills Picnic.

The annual pic-nic of St. Barnaby's Church was held on Thursday last and was a grand success. Kingston, Loughboro, Leeds, Crosby and Bastard were duly represented. On account of the recent election excitement, and for other reasons, it was feared by many that the pic-nic would not be as well attended as formerly, but all those predictions proved to be wrong. The popularity of the Rev. Father DeShuniac was sufficient to secure a success. Among others we noticed Messrs. Todd, Birmingham, Anglin and our old friend, Mr. Patrick Murphy, Councillor of Delta, and about a thousand others. The ladies supplied a most excellent dinner and plenty of it. There was enough left to supply a thousand more. The proceeds were about $550. Plenty of amusements were furnished. A swing was duly patronized, but the music and dance seemed to be the central attraction. The games, as advertised, were well contested. The first was the running, hop, step and jump: Talent first, Murphy second, and Green third. Standing jump: Murphy first, R. Joyce second, Talent third. Running jump: Murphy first, Talent second, Lloyd third. Throwing stone: Lloyd first, Hogan second, Murphy third. All was enjoyment and life, and when the sun became low all felt glad to meet, were sorry to part, and wished to meet again.—COM.

STYLES IN BEDSTEADS.—The brass bedstead is the proper idea in household art just now. The iron bedstead that hangs up against the cell wall is not reckoned as especially recherche, but a great many modern bankers are trying them.—*New Haven Register.*

Electricity and pneumatic tubes are taking the place of cash boys in various cities. They don't talk back nor hide under the counters to escape calls.

"There is no tyranny in America," an Englishman writes home to his friends. Evidently hasn't got a hired girl yet.

Dr. J. Collis Browne's Chlorodyne.

THE ORIGINAL AND ONLY GENUINE.

ADVICE TO INVALIDS—If you wish to obtain quiet, refreshing sleep, free from headache, relief from pain and anguish, to calm and assuage the weary achings of protracted disease, invigorate the nervous media, and regulate the circulating systems of the body, you will provide yourself with that marvellous remedy discovered by Dr. J. Collis Browne (late Army Medical Staff) to which he gave the name of CHLORODYNE, and which is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for Coughs, Consumption, Bronchitis and Asthma.

CHLORODYNE acts like a charm in Diarrhœa, and is the only specific in Cholera and Dysentery.

CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpitation, and Spasms.

CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Gout, Cancer, Toothache, Meningitis, &c.

From Symes & Co., Pharmaceutical Chemists, Medical Hall, Simla, January 5, 1880. To J. T. Davenport, 33 Great Russell Street, Bloomsbury, London. Dear Sir—We embrace this opportunity of congratulating you upon the wide-spread reputation this justly esteemed medicine, Dr. J. Collis Browne's Chlorodyne, has earned for itself, not only in Hindostan, but all over the East. As a remedy of general utility we cannot question whether a letter is imported into the country, we should be glad to hear of its finding a place in every Anglo-Indian home. The other preparations, we are happy to say, are now relegated to the native bazaars, and judging from their ready sale, we feel that their sojourn there will be but evanescent. We could multiply instances of the extraordinary efficacy of Dr. Collis Browne's Chlorodyne in Diarrhœa and Dysentery, of Spasms, Cramp, Neuralgia, the Vomiting of Pregnancy, and as a general sedative, that have come under our personal observation during many years. In Cholera, Diarrhœa, and even in the more terrible forms of Cholera itself, we have witnessed its surprisingly controlling power. We have never seen any other form of this medicine than Collis Browne's, from a firm conviction that it is decidedly the best, and also from a sense of duty we owe to the profession and the public, as we entertain the opinion that the substitution of any other than Collis Browne's is a culpable act of FALSE FAITH ON THE PART OF THE CHEMIST TO PRESCRIBER AND PATIENT ALIKE. We are, Sir, faithfully yours, Symes & Co., Members of the Pharm. Society of Great Britain, His Excellency's Purveyors, Chemists.

CAUTION.—Vice-Chancellor Sir Page Wood stated that Dr. J. COLLIS BROWNE was undoubtedly the inventor of CHLORODYNE; that the story of the defendant Freeman was deliberately untrue; which he expected to say, had been sworn to.—See *Times*, July 18, 1864.

Sold in Bottles at 1s. 1½d., 2s. 9d., 4s. 6d., and 11s. each. None is genuine without the words "Dr. J. Collis Browne's Chlorodyne" on the Government Stamp. Overwhelming medical testimony accompanies each bottle.

CAUTION—Beware of Piracy and Imitation.

Sole Vendor, J. T. DAVENPORT, 33 Great Russell Street, Bloomsbury, London, Eng.

March 25.

Grand Trunk Railway

Excursion to Manitoba and NORTH-WEST TERRITORIES
