JUSTIFIABLE SENTENCES.

Why Two Are in Prison for the Theft of One Horse—Both Parties to the Larceny.

We have been given the facts in the case of which a correspondent recently wrote at length, claiming that two men were convicted of the same offence, and that one or the other should be released. The retention of both is justified as the statements of facts will shew. The two men formed acquaintance in Brantford shortly after Collingwood had been discharged from gaol, where he had been serving a term for some minor offence. They spent their time in drinking and in idling about the streets. One day they came across a horse and buggy, left at the side of the road during the temporary absence of the driver. Appropriating the vehicle they drove off toward Hamilton. The Brantford Chief of Police, being informed of the theft, telegraphed to Hamilton a description, with a request that they should be arrested. On the outskirts of Hamilton Collingwood left the vehicle and walked into the city, where he was arrested. His companion drove through the back streets of Hamilton and managed to elude the authorities until he reached the village of Jordan, in Lincoln, where he also was arrested with the horse and buggy in his possession. Collingwood was tried in Hamilton. The evidence against him was perfectly clear, among the witnesses being a schoolboy, whom the men had picked up on their way to Hamilton, and who swore that when he asked why they drove so fast one said his uncle was sick in Hamilton and the other was the doctor who was going to attend him, showing that both men were implicated in the crime. Collingwood's record being a very bad one, the judge sentenced him to seven years in the penitentiary. His companion was tried in Brantford before Judge Jones. Because his record was better, or for some other reason, the lighter sentence of five years' imprisonment was inflicted upon him. On petition to the Minister of Justice, Collingwood's sentence was, as stated, reduced to five years. We agree with a contemporary that in view of these facts it is quite clear Collingwood has nothing to complain of. If he did not steal the horse and buggy he aided and abetted the thief, and that crime, together with his bad record, quite justified the sentence. He is said to be a clever rogue, and it is probable that the shortening of his term of imprisonment which he secured would have been denied to one less shrewd in presenting his case.

Sea Serpent in Lake Ontario.

Capt. Bennett, proprietor of a river steamer, is a man acknowledged to carry a pretty level head, says the Rochester *Post-Express*, and is not given to illusions or eccentricities of any sort. On Thursday, while at the wheel of the steamer City of Rochester, on the lake, he claims to have seen a sea serpent, one hundred yards ahead of his boat. The neck and body seemed to be about six inches in diameter, and the reptile rose up out of the water, showing its body to be the length of ten or twelve feet. The head was large. The color was that of an eel, and when it sank in the water, after being in view for an instant, it did so with a splash, making the water boil for six feet on each side. Captain Bennett told what he saw to an old Lake Ontario navigator, and he advised him not to repeat the story, or he would be laughed at and told that he had the tremens, or something of that sort, as he (the navigator) was, a short time since, when he told he had seen the serpent. Captain Bennett is not a man who drinks, and he knows just what he saw, and that was a sea serpent.

ELECTRICITY is nature's own remedy for disease. It cures easily and simply. No nauseous medicines to take; no bitter pills; no, the belts are to be used as directed, and new vigor, new life pervades the exhausted system. A cure guaranteed in 99 cases out of a hundred. Only obtained at the Pharmacy, Heath & Gunn's old stand. See advt. in another column.

C. Britton, Lindsay, Ont., writes:—I have much pleasure in recommending Baxter's Mandrake Bitters in all cases of jaundice, biliousness, sick headache and liver complaint, for they have given universal satisfaction, and I have sold more of them the past season than any other one patent medicine.

Personal, To Men Only.

The VOLTAIC BELT CO., Marshall, Mich., will send DR. DYE'S CELEBRATED ELECTRO-VOLTAIC BELTS AND ELECTRIC APPLIANCES on trial for thirty days to men (young or old) who are afflicted with nervous debility, lost vitality and manhood, and kindred troubles, guaranteeing speedy and complete restoration of health and manly vigor. Address as above. N.B.—No risk is incurred, as thirty days' trial is allowed.

An Ohio Romance.

A curious and somewhat romantic case, involving a case of identity, has recently come before the Ohio courts for adjudication. Thirty years ago James Woolbridge and his wife were residing at Mt. Vernon, Ohio, and though abundantly blessed with wordly goes, were childless. They therefore determined to adopt the illegitimate child of a woman living in a neighboring village. The transaction was effected and the Woolbridges promised to rear and educate the child as their own, and upon their death to make it their sole heir. The mother, on her part, was to give up all claims upon the girl, and especially was never to inform her as to her true parentage. The conditions of this contract were carried out on both sides. The little girl grew to maturity without a suspicion of her real origin. In 1870 she was married a Dr. Swan, and still the secret was kept. Four years later Woolbridge died at Beaver Dam, Wis., and then his widow told Mrs. Swan that she was only an adopted child. Mrs. Woolbridge took possession of her husband's estate, valued at $500,000, and at her death willed it to her brother, R. W. Shannon, of Tiffin, Ohio. The Swans having visited Mt. Vernon and learned the true facts of the case and of the agreement made at the time of the adoption, have brought suit to recover the whole of the estate.

A TERRIBLE CRIME.

A Canadian Captain who Sank His Vessel in Lake Huron and Murdered Two of His Crew.

(*Milwaukee Sentinel.*)

In 1867 Captain John Waddell, of Chatham, having insured his schooner "Explorer" for $5,000, set out for Goderich. She was never seen again. Capt. Waddel reached the shore after a desperate struggle. The cargo had shifted, he said, and she had gone down. He collected his $5,000 insurance. In 1870 the Captain was drowned and his body was buried in Goderich cemetery. In 1877 some fishermen entering Tobermorey harbor, near Cape Hurd, saw a sunken vessel at the bottom. The water was about 100 feet deep and very clear. It was suspected that this vessel might be the "Explorer," but Captain Waddel being dead there was no way of ascertaining. Previous to this, however, and before the drowning of Capt. Waddel, a vague rumor was current among seamen that he had sunk the "Explorer" for the sake of the insurance. The position that he occupied in society, having been Sheriff of Kent county, and once a candidate for Parliament, caused the rumor to be frowned upon. In fact, it was one of the unclefined suspicions that got into the air, but are apparently so impossible that men prefer to frown upon the suggestion rather than believe it. Mr. Ira Lewis, of Goderich, bought the "Explorer" of the insurance company, and this present month engaged Captain H. N. Jex, of Port Huron, to raise the sunken craft at Tobermorey or Cape Hurd. In this he was successful and just reached Detroit. After safely docking the schr. at Goderich a few days ago it was found that the schr. was the Explorer. All her canvass had been taken off, her cargo removed and replaced with some 15 tons of stone. The cabin was found locked. Lying preserved in its narrow precints and overgrown with rank water-moss, the body of one of the seaman was was discovered. The other body is supposed to have drifted out through the skylight that was accidently broken. An examination of the schooner showed that she had been deliberately and purposely sunk. Along the centre board box near the keel were found twelve inch-and-a-half augur holes. The supposition is that Capt. Waddell planned to save the cargo and collect the insurance. After the two sailors had helped him to put it ashore he was afraid to trust them with the secret. By craft, perhaps the use of liquor and drugs, they were enticed into the cabin, the doors locked and the Explorer sent to the bottom. The vessel is found to be in good condition, and will soon again be sailing the waters of Lake Huron.

$100 Reward

is offered for any case of Catarrh that can't be cured with Hall's Catarrh Cure. Taken internally. Price 75 cents.

AFTER many years of patient investigation Dr. Van Buren, of Germany, finally succeeded in perfecting a Kidney Cure that would permanently relieve all cases of Kidney Disease. Be sure and ask your Druggist for Dr. Van Buren's Kidney Cure.

THE experiments of Profs. Dusart and Ralfe, of Paris, and Dr. Anderson of London, and other eminent physiologists, demonstrating the function of PHOSPHATES as excitants of nutrition and nerve power having brought these agents into general use, it ought not to be necessary to call the attention of invalids to WHESLER'S Phosphates and Calisaya, the best combination of these food elements, with Wild Cherry Bark, in existence. Its value in prostrate conditions of the system is obvious, and its prolonged use in obstinate cases that have resisted all ordinary treatment, will clearly demonstrate its extraordinary merits.

The most wonderful curative remedies of the present day, are those that come from Germany or at least originate there. The most recent preparation placed upon the market in this country, is the GREAT GERMAN INVIGORATOR, which has never been known to fail in curing a single case of impotency, spermatorrhœa, weakness and all diseases resulting from self-abuse, as nervous debility, inability, mental anxiety, languor, lassitude, depression of spirits and functional derangements of the nervous system. For sale by druggists, or sent free by mail on receipt of the price, $1.00 per box, or six boxes for $5.00. Address J. G. King, Sole Agent for Kingston, Ont. Send for circular.

Provide yourselves with a bottle of *PAIN-KILLER* at this season of the year, when summer complaints are so prevalent; it is a prompt, safe, and sure cure. It may save you days of sickness, and you will find it is more valuable than gold. Be sure you buy the genuine *PERRY DAVIS' PAIN-KILLER*, and take no other mixture.

COBOURG, Ont., March 3, 1880.

I have been selling Perry Davis' Pain-Killer for the past six years, and have much pleasure in stating that its sale in that time has been larger than any other patent medicine that I have on my shelves, and in those years I have never heard a customer say aught but words of the highest praise in its favor. It is an article that seems to have combined in it all that goes to make a *first-class family medicine*, and as long as I have a house and store, Perry Davis Pain-Killer will be found in both.

Yours, &c., J. E. KENNEDY.

Dr. J. Collis Browne's Chlorodyne.

THE ORIGINAL AND ONLY GENUINE.

ADVICE TO INVALIDS—If you wish to obtain quiet, refreshing sleep, free from headache, relief from pain and anguish, to calm and assuage the weary aching of protracted disease, invigorate the nervous media, and regulate the circulating systems of the body, you will provide yourself with that marvellous remedy discovered by Dr. J. Collis Browne (late Army Medical Staff) to which he gave the name of CHLORODYNE, and which is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for Coughs, Consumption, Bronchitis and Asthma.

CHLORODYNE acts like a charm in Diarrhœa, and is the only specific in Cholera and Dysentery.

CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpitation, and Spasms.

CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Gout, Cancer, Toothache, Meningitis, &c.

From Symes & Co., Pharmaceutical Chemists, Medical Hall, Simla, January 5, 1880. To J. T. Davenport, Esq., 33 Great Russell Street, Bloomsbury, London. Dear Sir,—We embrace this opportunity of congratulating you upon the wide-spread reputation this justly esteemed medicine by J. Collis Browne, Chlorodyne, has earned for itself, not only in Hindostan, but all over the East. As a remedy of general utility we must question whether a better is imported into the country, and we shall be glad to hear of its finding a place in every Anglo-Indian house. The other brands, we are happy to say, are now relegated to the native bazaars, and judging from their sale, we fancy that their sojourn there will be but evanescent. We could multiply instances *ad infinitum* of the extraordinary efficacy of Dr. Collis Browne's Chlorodyne in Diarrhœa, and Dysentery, Spasms, Cramps, Neuralgia, the Vomiting of Pregnancy and as a general sedative, that have occurred under our personal observation during many years. In Cholera, Diarrhœa, and even in the incipient forms of Cholera itself, we have witnessed its surprisingly controlling power. We have never used any other form of this medicine than Collis Browne's, from a firm conviction that it is decidedly the best, and also from a sense of duty we owe to the profession and the public, as we are of the opinion that the substitution of any other than Collis Browne's is a DELIBERATE BREACH OF FAITH ON THE PART OF THE CHEMIST TO PRESCRIBER AND PATIENT ALIKE. We are, Sir, faithfully yours, Symes & Co., Members of the Pharm. Society of Great Britain. His Excellency the Viceroy's Chemists.

CAUTION.—Vice Chancellor Sir Page Wood stated that that Dr. J. COLLIS BROWNE was undoubtedly the inventor of CHLORODYNE; that the story of the defend
