JOHNSTON'S SARSAPARILLA FOR LIVER COMPLAINT, DYSPEPSIA, And for Purifying the Blood.

It has been in use for 20 years, and has proved to be the best preparation in the market for SICK HEADACHE, PAIN IN THE SIDE OR BACK, LIVER COMPLAINT, PIMPLES ON THE FACE, DYSPEPSIA, PILES, and all Diseases that arise from a Disordered Liver or an impure blood. Thousands of our best people take it and give it to their children. Physicians prescribe it daily. Those who use it once, recommend it to others.

It is made from Yellow Dock, Honduras Sarsaparilla, Wild Cherry, Stillingia, Dandelion, Sassafras, Wintergreen, and other well known valuable Roots and Herbs. It is strictly vegetable, and cannot hurt the most delicate constitution. It is one of the best medicines in use for Regulating the Bowels.

It is sold by all responsible druggists at one dollar for a quart bottle, or six bottles for five dollars.

Those who cannot obtain a bottle of this medicine from their druggist may send us one dollar, and we will send it to them.

BE WISE

And SECURE YOUR BUILDINGS and contents from the effects of lightning, so prevalent in this country, by erecting thereon the LONDON GLOBE PATENT COPPER LIGHTNING ROD, the safest and best known to scientific men, as shown by the late practical test in London, made by W. McCAIRNS, ELECTRICIAN, LONDON, MANAGER DOMINION TELEGRAPH COMPANY, and also during the month of August last when in one about $6,000 worth of property was destroyed by lightning in the County of Middlesex alone, as well as in many other places throughout the Dominion, yet not one case occurred where these rods were set up although thousands were in use all over this country. The COMPANY HAS OFFERED $500 to any person who can prove otherwise and the DOMINION INSURANCE CO'Y OF HAMILTON, will now insure property where these rods are erected for ONE TENTH LESS when application is made by them or any company or their authorized agents. One or two good reliable agents wanted. Apply to J. BROKENSHIRE, Head Agent for Kingston District.

Ayer's Cherry Pectoral

FOR DISEASES OF THROAT AND LUNGS, SUCH AS COUGHS, COLDS, WHOOPING COUGH, BRONCHITIS, ASTHMA AND CONSUMPTION.

The few compositions which have won the confidence of mankind and become household words, among not only one but many nations, must have extraordinary virtues. Perhaps no one ever secured so wide a reputation or maintained it so long as AYER'S CHERRY PECTORAL. It has been known to the public about forty years, by a long continued series of marvelous cures, that have won for it confidence in its virtues never equalled by any other medicine. It still makes the most effectual cures of Coughs, Colds and Consumption, that can be made by medical skill. Indeed, the Cherry Pectoral has readily robbed these dangerous diseases of their terrors to a great extent, and given a feeling of immunity from their painful effects, that is well founded, if the remedy be taken in reason. Every family should have it in their closet for the ready and prompt relief of its members. Sickness, suffer as it does, even life is saved by this timely protection. The prudent should not neglect it, and the wish will not. Keep it by you for the protection it affords by its early use in sudden attacks.

WILL YOU EXCHANGE a case of Dyspepsia or Biliousness for 75 cents? It is awfully unwise to agonize under the many ailments arising from Dyspepsia, Indigestion, Disordered Stomach and Liver, when this offer is made to you in your own home in all sincerity, with an absolute certainty of curing you.

ZOPESA (from Brazil) cures Dyspepsia and Biliousness. A single dose relieves; a sample bottle convinces; a 75 cent bottle cures.

It acts directly upon the Stomach, Liver, and Kidneys. Cleansing, Correcting, Regulating, Zopesa gives energy and vim to the Brain, Nerve, and Muscle, simply by working wonders upon the Digestion, and giving activity to the Liver.

Cut this out, take it to any dealer in medicines, and get at least one 75 cent bottle of Zopesa, and tell your neighbor how it acts. It is warranted to cure Dyspepsia and Biliousness.

AM LUCKY LOVERS!

Two lovers watched the sunset die
In happy clouds that floated west;
His lips caressed her silken hair,
Her head lay nestling on his breast.

"Ah, Love," he said, "I see that men
Should make no count of hours and days
They live most when their sleepy hearts
Do leap like mine in proud amaze."

"Yes, yes," she whispered, "all in vain
I hear the bells of hollow towers;
But your heart swiftly beating here
Tells all too well the flying hours."

MANITOBA LETTER.

Pencillings Between Kingston and Winnipeg—A Guide Appreciated—Hard Facts.

A Kingstonian, who has lately travelled from this city to Winnipeg, sends us a long letter anent the condition of the country through which he traversed, and makes a comparison of appearances and results so far as he has been able to judge them by hurried observation. We have condensed his opinions. Briefly expressed he says the crops in the vicinity of St. Thomas and Port Sarnia are further advanced than those of any place along the line from this city to the metropolis of Manitoba. There was great life at St. Thomas, mostly due to the works and head offices of the Canada Southern Railway being located there. The depot buildings are magnificent, far ahead of even the Union station, Toronto.

EXCURSION TRAINS COMMENDED.

He continues: "I advise persons contemplating a visit to this new and great country to travel by the numerous excursions, which pass Kingston. There is great advantage in doing so. All the baggage is checked through, and upon the train travels a guide, whose information is most valuable. On the train on which I came hither the majority of the passengers were women and children, whose purpose it was to join husbands, brothers, and other male friends, who had gone before and in various places prepared the homes in which they are destined to live for many years, perhaps permanently. These people would have been quite bewildered without the guide, especially at Chicago and St. Paul, where the movements of the trains are quite confusing."

After leaving St. Paul the traveller's interest increases, and he is most observant of all that passes. Minnesota, which has a great name as a wheat growing State, looked well, but our correspondent and his friends thought that the crops in Ontario were farther advanced. Minnesota must be a great flouring country, judging it by the large number of mills seen along the line of railway. In Manitoba the soil is much different, being light and sandy with here and there a streak of black earth some six or eight inches deep. As the correspondent passed along a great many of the new settlers were just breaking ground, generally with a team of horses and a yoke of oxen, tandem.

APPEARANCES AT WINNIPEG.

Mr. McMahon's statement in regard to the growth of Winnipeg has been fully corroborated by the writer, that houses are going up in all directions as fast as material and labor can be got, and taken before they are finished at five times the rental similar buildings would command in Kingston. Some 4,800 persons arrived in Winnipeg since March, but most of these pushed westward, and have found lodgment in the finer farming lands beyond Brandon, along the Assiniboine river, and in the vicinity of the Turtle Mountains. Winnipeg, however, is now said to have a resident population of 23,000, and is rapidly increasing, its growth having no parallel, it is said, excepting that of Chicago and San Francisco. Our correspondent continues:

ADVANTAGES OF THE FARMER.

"The farmer does best in this country. He can take up a homestead, and has only a certain amount of work for three years, and then he owns the farm. Although he may have been far away when he went on it, the country is filling up so quickly that at the end of three years he will have a pretty valuable farm. A great deal of dissatisfaction is found with the Government for granting land to the Colonization companies to the disadvantage of the actual settler, and with the heavy duty upon lumber imported from Minnesota, in which it is much cheaper than in Ontario."

A Canadian in Trouble.

The following special despatch has been received from New York: "About a month ago Douglas Oliver, 14 years of age, ran away from his home in Toronto. On his arrival here he assumed the name of Charles Newcombe, wrote several letters of recommendation for himself, and signed them with the names of prominent Toronto merchants. He obtained lodgings in the restaurant of Charles R. Meyer, No. 169 Green street. He asserted that his father was the cashier of a bank at Kingston, Ont., and Mr. Meyer placed implicit confidence in his representations. One of the boy's forged letters procured him a situation as messenger boy at $3.50 a week with Matthews & Co., of 92 Church street. By some unexplained means he possessed himself of blank cheques on the Merchants' National Bank and the Importers' and Traders' Bank. On the former bank he drew cheques for $20 and $5, signing them S. W. Johnson, in favour of C. Newcombe, and on the latter he drew one for $15, and signed it George Newcombe, in favour of C. Newcombe. Meyer cashed the cheques, and deposited them. When he found that they were worthless he had the boy arrested. In the Jefferson Police Court yesterday Oliver was held for trial in default of $300 bail. The boy's father is George Oliver, a bookkeeper, living at No. 166 St. Patrick street, Toronto. Douglas was employed there as an errand boy in a mercantile house. He arrived here with $5 dollars in his pocket, and claimed that he left home because his father treated him harshly. He writes a fine hand, and will prove a dangerous criminal if his career is not cut short."

The Rev. Chas. E. Piper, formerly of Pittsfield, N. H., but now of Wakefield, R. I., writes: "I have used Baxter's Mandrake Bitters in my family for over two years, and as a result have not called a physician in the whole time. My wife had been an invalid for two years, but these Bitters have cured her.

FINE EQUINE STOCK.

What the "Canadian Sportsman" has to say About the Horses in this Vicinity—A Horse'un.

Mr. John Donnelly, of Harrowsmith, has some very promising stock on his large farm near that place. At the head of the list is an Ethan Allen stallion, 6 years old, a rich dark bay in colors, standing over 16 hands. This fellow traces back to the old Black Tippoo horse, and judged by his appearance and way of going he is likely to prove a very descendant. This chap will be travelled a little this fall just to develop his latent ability. Mr. Donnelly has six other Ethan Allens, a four year old, one three year old, one ten year old, a yearling and two suckers. The four year fellow is a lively mover, and is likely to be heard from at no distant day.

Potter and Williams, of Napanee, are getting a liberal return for the money they invested in the thoroughbred horse War Cry. His *debut* in Canada was made at Barrie in 1878, when, after being for six days knocked around on the way from New York, owing to the groom in charge becoming insane, he landed at the track two hours before the flag was hoisted and won the first Canadian Derby. He immediately afterwards won the Carleton Club purse at Carleton Park, beating such good ones as Jim Connor, Lottie B., and Frank Ross. On the following day he also captured a two mile dash, piloting the way for such good 'uns as Lord Byron, War Girl, Rufe Hunt and Edenton. At Montreal he followed up his successes by winning the Sapling Stakes and a mile heat race, defeating The Moor, Frank Swift, and others. He also, at Whitby, the same season, won a mile heat race from such clippers as Carleton, Major Macon, Montreal and Calogram. He also won many other fine races, but enough have been mentioned to show the stuff he was made of, and we are not surprised the breeders of Lennox and Addington are anxious for his services. It is satisfactory to know that the two staunch horsemen who own War Cry are receiving a fair return for their energy in securing so good a sire for that neighborhood.

SPORTING NOTES.

At the Detroit regatta the Beavers, of Windsor, won the ten oared barge by about 100 yards.

Holmes, the American sculler, who defeated Laing on Wednesday last, has entered for the single scull at the Lachine regatta next week.

The final competition for the McCuaig cup will take place at the annual rifle matches of the Prince Edward County Rifle Association, which is to be held on Thursday, Aug. 17.

A new and truly representative amateur Rowing Association has been formed in England, and the Hillsdales will get fair play from them.

The *Mail* says Tom King never knocked a man senseless in the ring. In one of his fights with Mace, King, when nearly beaten, knocked Mace out of time.

At a meeting of the Royal Canadian Yacht Club on the 11th, a communication was received from Messrs. Weir and Adam Anderson, offering a cup of the value of $400 to the club, to be the property of any club yacht winning the same three successive seasons.

On July 25th the Australians defeated the Gentlemen of Scotland at Edinburgh by an inning and 18 runs, the score standing 159 for the visitors to 67 and 74 by the Gentlemen. The best individual score was Murdoch's 58.

The lacrosse match between the Shamrocks and the Montrealsons Saturday, was a grand exhibition of the beauties of the game. The Shamrocks won the first game in 26 m. 30 s., and the second in 2½ minutes. The Montreals won the third game in 7 minutes and the fourth in 14 minutes. The fifth game—and the match—was won by the Shamrocks, who thus retain the championship.

Harrowsmith Gleanings.

That which was long looked for and greatly needed came at last; a most precious downfall of rain on Tuesday, supplemented by a grand shower on Wednesday morning, has made the heart of the husbandman glad and greatly revived the face of vegetable nature. The barley crop was pretty generally secured before the rain fall and all later crops will be greatly benefitted.

Yesterday another of the remarkable landmarks of this locality was carried to her last resting place, Mrs. Cyrus Burley. She had witnessed very many of the changes and improvements of Portland and the surrounding townships, and well supplied a valuable niche in the community for the extended term of 81 years.

The early settlers of this locality must have been a pretty hardy run, for there have probably been as many if not more persons buried in the grave yard here who had attained to the full age of 75 and expired, in proportion to the whole number interred, as in any other place our entire country can boast of.
