Ayer's Cherry Pectoral

FOR DISEASES OF THE THROAT AND LUNGS, SUCH AS COUGHS, COLDS, WHOOPING COUGH, BRONCHITIS, ASTHMA AND CONSUMPTION.

The few compositions which have won the confidence of mankind and become household words, among them not only one but many nations must have extraordinary virtues. Perhaps no one ever secured so wide a reputation, or maintained it so long as AYER'S CHERRY PECTORAL. It has been known to the public about forty years, during which time it has been in long continued series of marvelous cures, that have won for it confidence in its virtues never equalled by any other medicine. It will make this or effectual cures of Coughs, Colds, and Consumption, that can be made by medicine. Indeed, the Cherry Pectoral has proved its power over the diseases of the throat and lungs to be great beyond belief, and even a feeling of security from their painful effects that never deserted, if the invalid be taken in season. Every family should have it in their house, ready for prompt relief of the first fearful symptoms of these fatal diseases, for it is only in the early stages that such complaints are controllable by any medicine, and even life is saved by the timely protection. The prudent should never be without it, and the wise will not, because they know the protection it affords by its early use in sudden attacks.

A GRAVE ADVENTURE.

How Two Students are Shocked and Astonished by a Living Corpse—A Good Joke.

"You can bet that grave robbing is nothing new even among students in this city," said a young physician yesterday, in conversation with a Philadelphia *Press* reporter. 'I graduated in this city, you know, and if you'd like to hear it I can tell you a very amusing adventure of a couple of my fellow students. Of course I cannot mention any names, but I can assure you that the story is strictly true. A body-snatching expedition in those days was regarded as a big 'blow out' but only the bolder and more reckless spirits would take part in it. One night a couple of my chums started off for a 'stiff' (as they used to call a corpse in the dissecting room), and selected an out-of-town cemetery as the scene of their operations. It was fully 11 o'clock when they secured the body, and as cold and cheerless a night as you ever saw. They wrapped the corpse up in an overcoat, and, to avert suspicion, propped him up on the seat of the hearse in the waggon, so he looked as if he were one of the company. Then they drove into town. As I said, it was a stingingly cold night, and as they reached a tavern they resolved to enter it, warm up, both outwardly and inwardly. They left the waggon standing on the road, with the propped up body in the centre of the seat.

"An inkling of their errand had been obtained by others of their class, and when they pulled up at the tavern several of the students were on hand, but did not show themselves. The grave robbers, warmed, after a while returned to their waggon. But in the meantime the other students had removed the corpse from the waggon, and substituted in its seat one of their own number. This the robbers had no suspicion of, and taking their seats, one on each side of the corpse, they drove off. In the jolting of the waggon it happened that the hand of one of the students came in contact with that of the corpse. 'By Jove! Smith, it's warm!' he exclaimed. 'Nonsense,' said Smith, and then he touched what should have been a cold and clammy hand. 'My God!' he exclaimed, 'so it is!'

"'Yes,' ejaculated the corpse. 'If you'd been in it—as long as I have you'd be warm too!'

"The affrighted students stood not upon the order of their going, but went at once."

LITERARY NOTES.

Richard K. Fox, of New York, is called "muscle cranks," giving a review of the origin, causes and methods of muscles. It is a ghastly work.

The best literary department in a Canadian publication is undoubtedly that of the *Illustrated Canadian News*.

Belford's Magazine has opened the new year well. Its novelettes are the most readable of all the cheap literary publications.

One of the curiosities of literature in the way of annuals for '83 is "Mansell's Almanac of Planetary Meteorology," a weather guide. The author is located in that pretty spot Rock Island, Illinois. He tells farmers what the weather is to be and what they are to sow, points out the astrologing positions of planets, gives rules for forecasting the weather generally, and generally strives to outrival the Canadian Vennors' and Wigginses'.

The North American Review for January presents a symposium in which three most prominent advocates of the "Revision of Church Creeds," (Rev. Dr. Newman Smyth, Rev. Henry Ward Beecher and Rev. Dr. Lyman Abbott) set forth the grounds upon which such revision is necessary as a defense of revealed religion against the encroachments of skepticism, and as an adjustment of the relations between faith and science. "University Education for Women," a question that just now is being warmly agitated both here and in England, is discussed by Prof. W. Le Conte Stevens, who, though he realously advocates the measure, commands the attention and respect of its opponents by the eminent fairness with which he states the adverse arguments.

Dear Sirs,—I prescribe your Emulsions of Cod Liver Oil with Hypophosphites largely in my practice with most gratifying results.

You may use my opinion in any way you choose. I cannot speak too highly of your preparation. Yours truly, J. F. T. Jenkins, M.D., C.M., etc.

Answer This Question

Why do so many people we see around us seem to prefer to suffer and be made miserable by Indigestion, Constipation, Dizziness, Loss of Appetite, Coming up of Food, Yellow Skin, when, for 75 cts., we will sell them Shiloh's Vitalizer, guaranteed to cure them. J. G. King, Wholesale and Retail Agent.

AN OUNCE of prevention is worth a pound of cure, and a few doses of Dr. Van Buren's Kidney Cure, taken on the first sensation of pain in the region of the kidneys, will effectually ward off Bright's Disease and stone in the kidneys and bladder. All druggists keep it.

Thousands bear witness to the positive curative powers of the GERMAN INVIGORATOR, the only remedy that has proved itself a specific for general debility, seminal weakness, impotency, etc., and all diseases that arise from self-abuse or overtaxed brain, finally ending in consumption, insanity and a premature grave. Sold by all druggists, or will be sent free on receipt of $1 per box, or six boxes for $5. Address F. J. Cheney, Toledo, Ohio, sole agent for the United States. Send for circular and testimonials of genuine cures.

THE GREAT SOURCE of consumption and many wasting forms of disease, is scrofula lurking in the system. The true specific for this condition is found in Burdock Blood Bitters. That medicine purifies the blood and builds up the enfeebled frame.

SHILOH'S CATARRH REMEDY.—A marvellous cure for catarrh, diphtheria, canker mouth and headache. With each bottle there is an ingenious nasal injector for the more successful treatment of these complaints without extra charge. Price 50 cts. J. Geo. King, wholesale and retail agent.

Mr. J. W. Guppy, of Newbury, has used Burdock Blood Bitters in his family with with good effect, and says that Rev. J. R. Smith has used it, and speaks of it in high terms of praise. It is the great blood purifying tonic that acts upon the bowels, the liver, the kidneys, the skin and the blood.

THOUSANDS have used Dr. Van Buren's Kidney Cure and willingly have testified to the immediate relief it gives after a few doses in kidney troubles, and how a few bottles always effect a permanent cure. No one can afford to be without it.

A. M. Hamilton, Warkworth, writes: 'For weeks I was troubled with a swelled ankle, which caused me much pain and annoyance. Mr. Maybee, of this place, recommended Dr. Thomas' Eclectric Oil for it. I tried it, and before one bottle was used I was cured. It is an article of great value.'

S. Chadwick, of Arcadia, Wayne Co., writes: 'I had severe attacks of asthma for several years. I commenced taking Dr. Thomas' Eclectric Oil. The first dose relieved me in one hour. I continued taking it in teaspoonful doses for a few days, and have not had an attack of it since, now nearly one year.'

THE LAST RITES.

Funeral of the Rev. R. Garrett—Masonic and Church Honors.

(*From Yesterday's Second Edition.*)

The last respects were to-day paid to the remains of a devoted Soldier of the Faith, literally worn out in the service, the Rev. R. Garrett, of Barriefield. The brethren of the city Lodges drove over in a body and accorded him the honors of masonic burial, the deceased having been chaplain of Ancient St. John's Lodge. R.W. Bro. Walkem, D.D.G.M., officiated, and was assisted by many past masters, including R. W. Bro. Gallagher, of Pittsburg. V. W. Bro. Creegan acted as Director of Ceremonies.

The Masonic service was said at the house and the brethren then proceeded to St. Mark's Church. The clergy acting as mourners were: Very Rev. Dean Lyster, Revs. F. W. Kirkpatrick, W. B. Carey, H. Wilson, R. V. Rogers, C. E. Cartwright, A. Spencer, of Kingston; Stanton, of Barriefield; Crawford, of Brockville, and Godfrey, of Wolfe Island. Mr. Stanton read the psalms, Mr. Kirkpatrick the lessons and Dean Lyster the prayers. Mr. Kirkpatrick, as Rural Dean, spoke impressively, not in eulogy of the dead, for that was not the time for it, upon the life that passeth away so quickly, expressing the prayer that all before him would follow the example of his virtues and abiding faith. The presence of so many in the church from the country and the city told of the respect he won, and attested that the generous impulses of his kind Christian heart had left them a wide impression.

The hymns "Rock of Ages" and "Thy will be done" were sung, and the procession was reformed and passed through the city en route to Cataraqui Cemetery, where the beautiful Masonic ritual was completed, and there was left nothing of the late pastor to his brethren but the memory of a truly good man.

The pallbearers were the following members of the order: Col. Montizambert, Major Fairtlough, Col. Hewitt, Messrs. J. A. Henderson, G. M. Wilkinson, Jas. Shannon.

A friend in need is a friend indeed. This none can deny, especially when assistance is rendered when one is sorely afflicted with disease more particularly those complaints and weaknesses so common to our female population. Every woman should know that Eclectric Bitters are woman's true friend, and will positively restore her to health when all other remedies fail. A single trial always proves our assertion. They are pleasant to the taste and only cost fifty cents a bottle. Sold by J. Geo. King.

Dr. W. Armstrong, Toronto, writes, "I have been using Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda for chronic bronchitis with the best results. I believe it is the best Emulsion in the market. Having tested the different kinds, I unhesitatingly give it the preference when prescribing for my consumptive patients, or or throat and lung affections.

Horsford's Acid Phosphate.

(FOR OVERWORKED PROFESSIONAL MEN.)

Dr. Chas. T. Mitchell, of Canandaigua, N.Y., says: "I think it a grand restorer of brain force or nervous energy."

IT is unnecessary to ask whether WHELER'S PHOSPHATES AND CALISAYA may be used safely in your special case. Since being an agreeable cordial, acceptable to the most irritable conditions of the stomach, it is the one preparation in existence that may be taken without repugnance by the most fastidious child or adult for a long period in all forms of debility with positive benefit and absolute freedom from harm. Its action is purely constructive, without driving or over-stimulating.

Jacob A. Empey, of Cannamore, states that he has taken Burdock Blood Bitters with great benefit in a lingering complaint and adds that he would recommend it to all.

MR. T. C. [illegible], public school teacher, Norland, writes: "During the fall of 1881, I was much troubled with biliousness and dyspepsia, and part of the time was unable to attend to the duties of my profession. Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure was recommended to me, and I have much pleasure in stating that I was entirely cured by using one bottle. I have not had an attack of my old complaint since, and I have gained fifteen pounds in weight."
